WELCOME !

Welcome to the official site for the BRAC Regional Task Force programs, projects and events. The BRAC RTF is a partnership of governments working with the 11 counties and 73 municipalities surrounding Fort Bragg and Pope AFB. Our mission is to coordinate the planning and identify community impacts as U.S. Forces Command and U.S. Army Reserve Command move to Fort Bragg by 2011.

WHAT'S HOT!

Presentations from the Jan. 28 board meeting including the Defense Cluster Analysis, and the BRAC Impact on the Economically Disadvantaged Population are now online.

PipelineNC.com now online. Search for jobs, education and more!

The Schoolhouse Promise video provides a glimpse of how technology and teaching are merging in the region's classrooms.

A new Education Resources map is online.

We want your input! Access the STEM Community Collaborative Web page and tell us your thoughts on this important initiative for our schools. Learn more about NC STEM and the region initiative.
