SOUTHERN ASSOCIATION OF COLLEGES AND SCHOOLS
Fayetteville Technical Community College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate degrees, diplomas, and certificates. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Fayetteville Technical Community College. The Commission is to be contacted only if there is evidence that appears to support an institution’s significant non-compliance with a requirement or standard.
DEAR PROSPECTIVE FTCC STUDENT:

Thank you for considering Fayetteville Technical Community College as your source for high-quality education at an affordable price. Because students are the reason FTCC exists, you are very important—our most valued customer, and my commitment to you is to offer well-qualified faculty and staff to support your needs during the admission, registration, and learning process. FTCC offers over 150 associate degree, diploma, and certificate programs at places and times convenient for everyone.

We encourage lifelong learning and strive to prepare students for the workforce. We offer extensive academic support services to help students achieve their goals while studying at FTCC. Whether you're interested in achieving a diploma, certificate, or an associate degree, our goal is your academic success. This catalog has been designed to provide you with a description of each course and program, as well as information about the school and the various services provided.

I encourage you to visit our campus and our Web site www.faytechcc.edu and talk with our academic advisors who will work hard to help you chart your academic course of study. I extend my sincerest best wishes to you for great success.

Sincerely,

J. Larry Keen
President

PURPOSE OF THE CATALOG

Fayetteville Technical Community College provides this catalog with information about the College and its programs. The information provided is up-to-date as of May 2009. Changes subsequent to publication of this catalog are posted to the catalog on our website. For current information, visit our website at www.faytechcc.edu.

The provisions of this catalog are not to be regarded as an irrevocable contract between students and Fayetteville Technical Community College. The College reserves the right to change any provisions, requirements, or schedules at any time or to add or withdraw courses or program offerings. Every effort will be made to minimize the inconvenience such changes create for students.

Students having questions not answered by this catalog may receive additional information from their Department Chair or academic advisor. Applicants are encouraged to contact the Admissions Office, Fayetteville Technical Community College, PO Box 35236, Fayetteville, NC 28303-0236; telephone (910) 678-8473 or E-mail to: prospect@faytechcc.edu.

NONDISCRIMINATION STATEMENT

The Board of Trustees and the administration of Fayetteville Technical Community College are fully committed to the principles and practice of equal employment and educational opportunities. Accordingly, Fayetteville Technical Community College does not practice or condone discrimination, in any form, against students, employees, or applicants on the grounds of race, color, national origin, religion, sex, age, disability or political affiliation. Fayetteville Technical Community College commits itself to positive action to secure equal opportunity regardless of those characteristics.

Fayetteville Technical Community College supports the protection available to members of its community under all applicable Federal Laws, including Title VI and VII of the Civil Rights Act of 1964 and 1991, Title IX of the Education Amendments of 1972, Sections 799A and 845 of the Public Health Service Act, the Equal Pay and Age Discrimination Acts, the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and Executive Order 11375.

For information concerning these provisions, contact:
Vice President for Human Resources
Fayetteville Technical Community College
P.O. Box 35236
Fayetteville, NC 28303-0236

GENERAL INFORMATION

Fayetteville Technical Community College, as a comprehensive community college, adheres to an “Open Door” admissions policy. High school graduates, persons achieving a North Carolina equivalency certificate (GED), and adults who show potential for post high school education may be admitted to courses which are appropriate to their educational potential. Successful implementation of an “Open Door” admissions policy requires an emphasis on admissions counseling services. As part of the admissions counseling process, Fayetteville Technical Community College utilizes an initial placement assessment and an evaluation of the applicant’s prior school record to determine potential for success. When the admissions counseling process indicates that an applicant lacks sufficient academic background to pursue credit courses, he or she will be directed to the Developmental Studies program prior to entry into a diploma or degree curriculum. If the applicant lacks a high school diploma, he or she will be given the opportunity to pursue studies to achieve an Adult High School Diploma or a North Carolina equivalency certificate (GED) prior to entering a regular curriculum. Admissions to curricula are open to applicants without regard to race, color, national origin, religion, age, sex, disability, or political affiliation.

A BRIEF HISTORY OF FAYETTEVILLE TECHNICAL COMMUNITY COLLEGE

Fayetteville Technical Community College has an impressive and remarkable history. Cumberland County visionaries in 1961, recognizing the need for a local institution to offer further job training and educational opportunities for high school graduates and adult learners, opened the Fayetteville Area Industrial Education Center (IEC) in the old Central Elementary School under the leadership of John Standridge. The institution attracted new industry and provided technical education to a seven-county area serving Cumberland, Bladen, Harnett, Hoke, Robeson, Sampson, and Scotland counties, including Fort Bragg and Pope Air Force Base.

In 1963, the NC General Assembly passed a bill creating the statewide Community College System, allowing Fayetteville Area IEC to officially become Fayetteville Technical Institute (FTI) in July 1963, with Howard Boudreau installed as its first president.

The College quickly grew from its humble beginnings in the LaFayette Hall and Horace Sisk buildings to a position as the third largest community college out of 58 colleges in North Carolina, serving over 34,000 students annually by providing 150 affordable vocational, technical, general education, college transfer and continuing education program, within the Cumberland County, Fort Bragg, and Pope Air Force Base region.

A major academic step for FTI came with the accreditation of the college by the Southern Association of Colleges and Schools (SACS) in 1967. This important accreditation provided the opportunity for reciprocal course credits with other accredited institutions and federal government assistance.

Dr. Robert Craig Allen was selected as the second president of the institution in 1983, following 18 years as the president of Robeson Technical Institute. Dr. Allen began his community college career teaching at FTI.

Fayetteville Technical Institute became Fayetteville Technical Community College (FTCC) in January 1988, when the North Carolina Department of Community Colleges and the North Carolina General Assembly encouraged all the technical colleges and institutes in the state to become community colleges.

Following Dr. Allen’s retirement in 1996, Dr. Linwood W. Powell was appointed as interim president for the College. Dr. Larry B. Norris began his tenure as president of FTCC in 1997, following 28 years as an instructor and administrator at the College.

The College continued to expand its accessibility within the Cumberland County region with the opening of the Spring Lake Campus and Horticulture Educational Center in 2004 and 2006, respectively.

Dr. J. Larry Keen was installed as the fourth president of FTCC in August 2007. Dr. Keen came to FTCC following a six-year tenure with the North Carolina Community College System (NCCCS) as vice president for economic and workforce development. Dr. Keen is devoted to the mission of FTCC and to serving its students and the needs of the Cumberland County region through workforce development.

(A complete history of Fayetteville Technical Community College can be located at www.faytechcc.edu/newweb2/inst_effect/FTCCInformation.asp.)

FTCC MISSION STATEMENT

“Serve our community as a learning-centered institution to build a globally competitive workforce supporting economic development.”

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
FTCC PURPOSE STATEMENT

The purpose of Fayetteville Technical Community College is to provide affordable vocational-technical, business and industry, general education, college transfer, and continuing education programs, which meet the needs and desires of its diverse students and economic development needs for the community. To improve the educational base of society, FTCC encourages lifelong learning and strives to prepare students for further workforce and educational experiences.

FTCC identifies the educational needs of applicants and assists students in satisfying these needs at a minimal expense. Each adult who applies will be admitted to a program appropriate to his/her abilities and interests. The College is in partnership with the public school system through College Tech Prep and other programs. Further, agreements with four-year colleges and universities support the educational continuum from high school through the baccalaureate degree.

Curricular programs reflect the changing technical, commercial, industrial, and health needs of Fayetteville, Cumberland County, and surrounding areas. Various curricula offer certificates, diplomas, and associate degrees. As a learning-centered college, FTCC offers courses and programs at times and places convenient to students in a variety of delivery modes. Courses are also available for high school graduates who need additional academic preparation before attempting college work.

FTCC provides instruction in the basic life skills needed to contribute effectively to society. Continuing Education programs are designed to meet specific needs in basic educational competencies, high school completion, upgrading occupational skills, and other avocational or practical skills required for the rapidly changing technological advances in the community.

Adopted: April 27, 1992
Approved: FTCC Board of Trustees, February 16, 2009

Note: The Administrative Procedures Manual publishes the most current official Purpose Statement for FTCC. Any reprint of the FTCC Purpose Statement must use this source, verbatim and in its entirety. It may be found on the FTCC Website at http://www.faytechcc.edu/research/HM/APM2000.pdf.

INSTITUTIONAL CHARTER AND ACCREDITATIONS

SOUTHERN ASSOCIATION OF COLLEGES AND SCHOOLS
Fayetteville Technical Community College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097, telephone 404-679-4501) to award associate degrees, diplomas, and certificates.

UNITED STATES DEPARTMENT OF EDUCATION
Fayetteville Technical Community College is recognized by the U.S. Department of Education as an institution of higher learning and is qualified to receive federal assistance in its higher education programs.

NORTH CAROLINA DEPARTMENT OF PUBLIC INSTRUCTION
Fayetteville Technical Community College’s High School Diploma Program meets the standards required by the North Carolina Department of Public Instruction for the purpose of awarding high school diplomas.

PROGRAM ACCREDITATIONS AND ASSOCIATIONS

ACCREDITATION BOARD FOR ENGINEERING AND TECHNOLOGY, INC. (ABET)
The following curricula offered by Fayetteville Technical Community College are accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology, Inc.
1. Civil Engineering Technology
2. Electronics Engineering Technology

AIR CONDITIONING CONTRACTORS OF AMERICA
The Air Conditioning, Heating, and Refrigeration Technology program at Fayetteville Technical Community College is a member of the Air Conditioning Contractors of America.

AMERICAN BAR ASSOCIATION
Fayetteville Technical Community College’s Paralegal Technology program is approved by the American Bar Association.

AMERICAN BOARD OF FUNERAL SERVICE EDUCATION
Fayetteville Technical Community College’s Funeral Service Associate Degree program is accredited by the American Board of Funeral Service Education, 3432 Ashland Avenue, Suite U, St. Joseph, MO 64506. (816) 233-3747.

AMERICAN DENTAL ASSOCIATION
The programs in Dental Assisting and Dental Hygiene are accredited by the Commission on Dental Accreditation and have been granted the accreditation of approval. The Commission is a specialized accrediting body recognized by the United States Department of Education. The Commission on Dental Accreditation can be contacted at (312) 440-4653 or at 211 East Chicago Avenue, Chicago IL, 60611-2678.

NORTH CAROLINA COMMUNITY COLLEGE SYSTEM
Fayetteville Technical Community College is chartered by the North Carolina State Department of Community Colleges, as specified in Chapter 115D of the General Statutes of North Carolina.

INSTITUTIONAL CHARTER AND ACCREDITATIONS
AMERICAN SOCIETY FOR ENGINEERING EDUCATION (SOUTHEASTERN SECTION)
FTCC’s Civil and Electronics Engineering Technology programs are assisted through institutional membership in the American Society for Engineering Education, Southeastern Section.

COMMISSION ON ACCREDITATION IN PHYSICAL THERAPY EDUCATION, AMERICAN PHYSICAL THERAPY ASSOCIATION
The Physical Therapist Assistant Program at Fayetteville Technical Community College is accredited by the Commission on Accreditation in Physical Therapy Education, American Physical Therapy Association, 1111 North Fairfax Street, Alexandria, VA 22314, (703) 684-2782 or 1-800-999-2782.

COMMISSION ON ACCREDITATION FOR RESPIRATORY CARE (CoARC)
Fayetteville Technical Community College’s Respiratory Therapy Program is accredited by the Commission on Accreditation for Respiratory Care (CoARC), 1248 Hardwood Road, Bedford, TX 76021, Phone (817) 283-2835, Fax (817) 354-8519.

JOINT REVIEW COMMISSION ON ACCREDITATION OF ALLIED HEALTH EDUCATION PROGRAMS (CAAHEP)
The Surgical Technology Program at Fayetteville Technical Community College is accredited by the commission on Accreditation of Allied Health Education Programs (CAAHEP), 1261 Park Street, Clearwater, FL 33756 (727) 210-2350. This accreditation decision was made upon the recommendation of the Accreditation Review Committee on Education for the Surgical Technologist (ARC-ST), 6 West Dry Creek Circle, Suite 110, Littleton, CO 80120 (313) 694-9262, which is sponsored by the American College of Surgeons and the Association of Surgical Technologists.

JOINT REVIEW COMMITTEE ON EDUCATION IN RADIOLOGIC TECHNOLOGY
Fayetteville Technical Community College’s Radiography Program is accredited by the Joint Review Committee on Education in Radiologic Technology, 20 North Wacker Drive, Suite 2901, Chicago, IL 60606-2901, (312) 704-5300, E-mail: jrcert@mail.idt.net.

NATIONAL LEAGUE FOR NURSING ACCREDITING COMMISSION (NLNAC)
The Associate Degree Nursing Program of Fayetteville Technical Community College is accredited by the National League for Nursing Accrediting Commission, 61 Broadway, New York, New York 10006, (212) 812-0390. This type of approval is national in scope and voluntary rather than required by law. The standards set by the accrediting body are uniform throughout the United States. The achievement of NLN accreditation by a program signifies that it has met the national standards of excellence for programs in nursing of its type.

NORTH CAROLINA BOARD OF NURSING
Fayetteville Technical Community College is approved by the Board of Nursing to offer a two-year associate degree program with a major in nursing and a one-year diploma practical nursing program. Both programs qualify the graduates to write the National Council Licensure Examination for the respective levels of preparation. Candidates who successfully complete these examinations are licensed to practice nursing.

NORTH CAROLINA DEPARTMENT OF INSURANCE
Fayetteville Technical Community College is approved by the North Carolina Department of Insurance for the purpose of pre-licensing education.

NORTH CAROLINA STATE BOARD OF FUNERAL SERVICE
Fayetteville Technical Community College’s Funeral Service and NC Funeral Directors programs are approved by the North Carolina Board of Funeral Service.

NORTH CAROLINA REAL ESTATE COMMISSION
The North Carolina Real Estate Commission approves and certifies all fundamental and advanced real estate instructors and approves the following courses:
1. Fundamentals of Real Estate
2. Real Estate Law
3. Real Estate Finance
4. Real estate Brokerage

NORTH CAROLINA STATE BOARD OF CERTIFIED PUBLIC ACCOUNTANT EXAMINERS
Fayetteville Technical Community College is approved by the North Carolina State Board of Certified Public Accountant Examiners for the purpose of mandatory Certified Professional Education credits.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
THE NCCCS’ ACCOUNTABILITY MEASURES

End-of-Year Report
On
NCCCS Critical Success Factors – Performance Measures and Standards
Reported June 2008 (for 2006-2007)

A. Progress of Basic Skills Students

FTCC MET this standard.

NCCCS Standard: At least seventy-five percent (75%) of all students will have progressed within the level, completed the level, and advanced to a higher level. (Continuing Education)

B. Passing Rates on Licensure and Certification Exams

FTCC MET this standard.

NCCCS Standard: The aggregate institutional passing rate for first-time test takers on all licensure and certification exams will be at least eighty percent (80) and the rate on all specific exams will be at least seventy percent (70%). (Curriculum Programs and Continuing Education)

C. Performance of College Transfer Students

FTCC MET this standard.

NCCCS Standard: Eighty-three percent (83%) of students in both associate degrees and students who transferred with 24 or more semester hours must have a GPA equal to or greater than 2.0 after two semesters at a university. To be rated Superior must be equivalent to UNC natives (87% in 2006-2007). (Curriculum Programs)

D. Passing Rates of Students in Developmental Courses

FTCC MET this standard.

NCCCS Standard: Seventy-five percent (75%) of students who complete a developmental course in English, Reading or Math will have a grade of “C” or better (Curriculum Programs and Student Services)

E. Success of Developmental Students in Subsequent College Level Courses

No Data Available.

NCCCS Standard: Eighty percent (80%) of students who completed a developmental course in 2005-2006 and completed subsequent college level course in 2006-2007 will have a passing grade for the college level courses. (Curriculum Programs and Student Services)

F. Satisfaction of Program Completers and Non-Completers

FTCC MET this standard.

NCCCS Standard: At least ninety percent (90%) of responding completers (graduates) and non-completers will indicate satisfaction with the quality of college programs and services. (Institutional Effectiveness and Assessment)

G. Curriculum Student Retention and Graduation

FTCC MET this standard.

NCCCS Standard: At least sixty-five percent (65%) of the students who enrolled in a curriculum program in the fall will have completed their program, still be enrolled the following fall, or transferred to another community college or university. (Institutional Effectiveness and Assessment)

H. Client Satisfaction with Customized Training

FTCC MET this standard.

NCCCS Standard: At least ninety percent (90%) of businesses/industries surveyed will report satisfaction with customized training. (Continuing Education)

Prepared by Carl Mitchell
ADMISSIONS INFORMATION

ASSESSMENT AND EVALUATION OF STUDENTS

Fayetteville Technical Community College wants each student to be successful in meeting his or her educational goals. To evaluate the level of preparation and to place students in appropriate courses, the College requires entry assessment in the skill areas of English, reading, and mathematics. To satisfy assessment requirements for most programs, the student needs to take the ACCUPLACER (or other North Carolina Community College System approved assessments) unless eligible for a waiver.

Entry assessment scores will be used for course-level placement. Each of the three skill areas of English, reading and mathematics is independent of each other. A student may place at the college level in one or more areas and at the college preparatory level in other areas(s). The College may limit the student to college-preparatory courses and any other instruction for which he or she is adequately prepared.

REQUIREMENTS FOR TAKING ENTRY ASSESSMENT

Whether the student is seeking full-time or part-time enrollment, unless he or she is qualified for an exception, the student must complete a state-approved assessment as indicated:

1. Prior to participating in registration if the student is seeking a degree.
2. Prior to registration for any course which has a specific entry assessment score as a prerequisite.
   
   Entry assessment scores may not be more than three years old.

ENTRY ASSESSMENT EXEMPTIONS

Students will be exempt from taking the entry assessment for registration in courses for which they are qualified if they provide an official transcript or other written documentation for one of the following exceptions:

1. The student has attended a regionally accredited institution (RAI) in which English was the language of instruction and has successfully completed with a grade of “C” or higher a transferable college-level English and/or mathematics course.
2. The student holds an associate’s or bachelor’s degree from a RAI in which English was the language of instruction and has successfully completed with a grade of “C” or higher a transferable college-level English and/or mathematics course.
3. The student’s official college transcript is evaluated for select courses to substantiate completion of prerequisites when the student is enrolled in another college or university and has applied to Fayetteville Tech for “special credit” status.
4. The student’s official FTCC record indicates that he or she is enrolled for job improvement or in selected courses with no intent for an FTCC degree.
5. The student has taken the SAT with verbal and math scores at or above 500 each or ACT composite score of 20 or higher within the last five years. Based on the score of each SAT or ACT section, specific sections of the Accuplacer may be waived.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
FTCC administers the ACCUPLACER Computerized Placement Tests and Companion from the College Board. The assessments are Reading Comprehension, Sentence Skills, Computation/Arithmetic, Elementary Algebra, and College-Level Mathematics. There is no charge for the ACCUPLACER. The assessment takes approximately two to two and one-half hours and is available days and evenings.

Other Assessments
Other tests approved by the North Carolina Community College System are the ASSET and COMPASS.

Retest Policy
Students who wish to take a retest of the entry assessment should make the request through an FTCC counselor to retest 15-days after initial test, then 30-days thereafter.

Test scores remain current for a period not to exceed three years.

NORTH CAROLINA COMMUNITY COLLEGE SYSTEM APPROVED ENTRY ASSESSMENTS

ADMISSIONS POLICIES AND PROCEDURES

Fayetteville Technical Community College adheres to an “Open Door” admissions policy. For general admission to the College, however, various curricular programs may have specific requirements for admission beyond the regular requirements to enter FTCC.

1. The college accepts only official transcripts, which are received by the Admissions Office in a sealed envelope and bear the sender’s raised seal or printed imbedded watermarks. Official transcripts verifying secondary school completion must be sent to the Director of Admissions FTCC P.O. Box 35236 Fayetteville, NC 28303-0236.

2. Applicants must submit an application form, including a residency statement.

3. Applicants must be high school graduates as verified on an official high school transcript. Note the following:
   a. A state equivalency certificate or GED test results which meet North Carolina equivalency standards are acceptable in lieu of a high school diploma.
b. A high school transcript is not required if the applicant submits an official college/university transcript showing the award of associate’s degree or higher from a regionally accredited institution(s). Exception: Health program applicants and military veterans are required to submit an official high school transcript.

c. High school students who are concurrently enrolled in college courses must submit an official yet partial high school transcript in lieu of the final high school transcript. Upon high school graduation, an official final high school transcript is required.

4. Transcripts from a regionally accredited college or university are required if an applicant wishes to:
   - apply for veterans’ benefits*
   - apply for financial aid
   - apply for health programs
   - have previous college credits evaluated for transfer credit or validation of prerequisites at Fayetteville Technical Community College
   - be exempt from the College’s mathematics, English, and computer assessment requirements.

* Students requesting approval for certification of VA educational benefits must provide copies of form DD214 for evaluation of military experience.

5. Each applicant is scheduled for the FTCC placement assessment. Previous school records and placement assessment results will be used in conjunction with the student’s personal aspirations to help plan a workable educational program.

6. Certain programs have prerequisite course requirements. In addition to published program requirements, the college reserves the right to identify and require specific prerequisites before allowing students to enroll in certain courses. The identification of prerequisite requirements will be through normal test results and/or transcript evaluation.

7. Disposition of Applications for Admissions Files. Generally, the staff will destroy incomplete applications and college/university transcripts. Upon high school graduation, an official final high school transcript is required. Applications for students not enrolling after one (1) year will be considered incomplete.

8. Communicable Disease Policy. Under the FTCC Communicable Disease Policy, students who enter a health program or other program with potential exposure to blood or other body fluids will be required to have begun or completed all immunizations as specified in the pre-entrance medical record prior to admission. Those students who do not receive immunizations could jeopardize their ability to fulfill clinical requirements. The prospective student will also be required to sign a statement releasing FTCC from any liability related to the failure to have the immunizations.

9. Health Programs Area Admission Requirements. Priority consideration for admission to health programs will be given to individuals completing the following by January 30. Applications received after this date will be considered based on space availability.
   a. Submit a completed “Application for Admissions” to the Admissions Office.
   b. Request official transcripts are sent to the Admissions Office from high school and each college previously attended. It is the responsibility of the applicant to ensure the transcripts are received by the Admissions Office before the deadline.
   c. Complete all program prerequisites.*
   d. Complete the entrance assessment with the required minimum scores, or achieve a grade of “C” or better in all recommended developmental courses. Developmental courses may be attempted only twice to satisfy the prerequisite requirements.** Exceptions may be approved by the appropriate health program chairperson.

* Courses taken after high school to satisfy prerequisite requirements for health programs may be attempted only twice.

** The current admissions policy allows for certain exemptions from taking the entry assessment. (See “Entry Assessments”)

10. Selection Criteria
Applications will be ranked and selected on a competitive basis. The number of points awarded in the following areas will determine ranking.

   a. Quality Points will be determined by one of the two below processes:
      1. College Students: Grade points based on previously completed course credits applicable to the program. A minimum grade point average (GPA) of 2.5 is required on all previously completed related course work for Associate Degree Nursing, Dental Hygiene, Emergency Medical Science, Nuclear Medicine Technology, Physical Therapist Assistant, Radiography, Respiratory Care, Speech Language Pathology Assistant and Surgical Technology. A minimum GPA of 2.0 is required on all previously completed course work for all other health-related programs. A cumulative GPA of 2.0 on all courses is required.
      2. Current High School Students: Grade points for Algebra, Biology, Chemistry, and Sociology or Psychology courses will be awarded based on their unweighted GPA at the end of the first semester of the senior year. A crosswalk or “GPA scale” based on the GPA range for each program will be used.
   
   b. Participation in a departmental information session is required. Sessions will be scheduled by the College. A maximum of 15 points may be awarded based on departmental criteria.

Whether selected or not, applicants completing the departmental information session will be notified by the Admissions Office of their status by letter on or about May 1.

NOTE: An applicant applying for more than one program must indicate his or her order of preference on the application. Upon approval for admission to a program, an applicant’s name will be removed from the applicant pool for all other programs. Applicants not selected for admission and those processed after published deadlines may reapply for the following year and be considered with all other applicants for the next class.

11. ADN Advanced Placement Option
Licensed Practical Nurses may be granted advanced placement into the Associate Degree Nursing Program under the...
conditions set forth below. Candidates will be admitted based on space availability. The criteria for advanced placement include the following:

a. have a current unrestricted LPN license.
b. meet the requirements for admission into the FTCC ADN Program.
c. Complete all related courses for ADN with an overall GPA of 2.50 or better for the previous semester(s) of entry. A grade of “C” or better is required in related courses.
d. Pass the Accelerated Challenge Exam (ACE) according to one of the following criteria:
   For advanced placement into NUR 189 and NUR 210, the candidate must pass the Foundations of Nursing, Pediatrics, and OB sections with at least a score of 70 on each test.
   For advanced placement into NUR 189 and NUR 130, the candidate
      (a) must pass the Foundations of Nursing and Pediatrics sections with at least a score of 70 on each test, and
      (b) must pass the OB section with at least a score of 60. For advanced placement into NUR 189 and NUR 120, the candidate
      (a) must pass the Foundations of Nursing section with at least a score of 70, and
      (b) must pass the Pediatrics and OB sections with at least a score of 60.
   (c) Candidates are responsible for all costs of the exam.
   (d) Candidates may attempt the exam only twice. Attend an interview with the chairperson of the nursing department. The candidate’s score on the Accelerated Challenge Exam (ACE) and the overall GPA will be used for selection.
   The candidate must pass with 100 percent mastery nursing skills as set forth by the nursing department.

ADMISSION OF INTERNATIONAL STUDENTS

International applicants who apply from outside the United States and have not previously attended an American college or university will be processed as entering freshman. If you are a qualified applicant who wishes to attend the College, please apply by sending your request to:

Director of Admissions
Fayetteville Technical Community College
P.O. Box 35236
Fayetteville, NC 28303-0236 USA

Applicants are responsible for requesting that the school principal or headmaster send official copies of high school (secondary) transcripts directly to FTCC. If applicants have attended an American or foreign college/university, applicants must have an official transcript sent directly from that college or university.

Student Visa Applicants
International applicants holding an F-1 or M-1 Visa are ONLY admitted to begin their studies for the FALL SEMESTER. All paperwork must be completed no later than March 1 of the year you plan to begin classes at Fayetteville Technical Community College.

Applications will not be considered until all of the following items have been received:
- FTCC Application
- Preliminary Application (Form A)
- Completed financial certificate (Form B)
- Test of English as a Foreign Language (TOEFL) results
- Official high school (secondary) transcript
- Official college or university transcripts, if applicable
- Completed Pre-entrance Medical Record
- Deposit of 5,000 US Dollars in your FTCC Student Account

Getting a Student Visa (F-1 or M-1)
In order to apply for an F-1 or M-1 (student visa), applicants must first apply and be admitted to a school in the U.S. After admission to Fayetteville Technical Community College (FTCC), a Form I-20, which authorizes your study period, will be issued. A $100.00 Student and Exchange Visitor Information System (SEVIS) I-20 fee must be paid. The Form I-20 must be submitted to the U.S. Consulate in the applicant’s country to apply for a visa. To obtain a non-immigrant student visa, applicants must be able to prove the following:

- That they have strong ties to their home country by demonstrating their intention to return home (in other words, applicants do not plan to immigrate permanently to the U.S.)
- That they have sufficient funds to pay for their financial needs while studying in the U.S., including tuition, health insurance, housing, travel expenses, etc.
- That they have legitimate intentions to study full time and gain education and training which will be useful in their home country. After receiving an F-1 or M-1 Visa from the U.S. consulate, applicants are eligible to come to the U.S. and “apply” for entry. An Immigration Inspector at the border (usually the airport) will decide if applicants may enter by looking for proof of the above criteria once again. Therefore, applicants may be asked to show financial documentation again, or to prove study plans. Applicants must show their I-20.

English Proficiency
Proficiency in the use of the English Language and past academic record will be important factors in the admission decision. The Test of English as a Foreign Language (TOEFL) is required of all foreign applicants. To obtain materials and information regarding the TOEFL, write to:

Test of English as a Foreign Language
Box 899
Princeton, New Jersey 08540 USA

Please specify code number 5208 when requesting TOEFL scores to be reported to Fayetteville Technical Community College.

Financial Information
As part of the admission process to Fayetteville Technical Community College and before F-1 or M-1 Visa approval is granted, applicants must show evidence of official financial support (Form B) for each year of study in the United States. The college cannot provide financial aid to students applying from other nations. Applicants must certify their financial support.

Many international students receive financial help from sources outside the United States. Therefore, it is suggested that applicants consult the excellent publications about study abroad, which may

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
be available through local educational institutions or the United States Consulate. Applicants should also investigate financial assistance that may be available through their government or home university.

Fayetteville Technical Community College is tax supported by the people of North Carolina. Legal residents of North Carolina and the United States are given preference in the admission process. Therefore, applications of international students are accepted only on a space-availability basis.

Employment

ON-CAMPUS. F-1 and M-1 students are allowed to work part-time on the campus of the school they are attending (and whose I-20 they have). They may work up to 20 hours per week while attending full-time classes. They can work full-time during summer vacations and between terms, provided they continue at that school the following term.

OFF-CAMPUS. Students holding F-1 or M-1 Visas are not authorized to work except under extraordinary circumstances. There are two ways to get permission for off-campus work: practical training and severe economic hardship. The United States Immigration Services must grant permission.

Period of Authorized Stay

Admission to the U.S. on an F-1 or M-1 Visa is for “duration of status” (D/S). This is the time estimated for program completion. During that time, students are required to make satisfactory progress each term, keep a current passport that is valid for at least six months into the future, and maintain a valid I-20.

Housing

Fayetteville Technical Community College serves entirely a commuting student body. Housing is not available on campus. International students must seek housing in the community and commute daily by public transportation. Arrangements for housing must be made between the landlord and the student.

Transportation

International students must provide their own transportation or use public transportation to travel between the campus and their housing accommodations.

Full-time Requirement

International students holding an F-1 or M-1 Visa must enroll as a full-time student. College students must pass a minimum of 12 credits per term. The student should make satisfactory progress in his/her approved program each term. Otherwise, the continuation of study on a student visa may be jeopardized and the Form I-20 rescinded.

Non-Student Visa and Resident Alien Applicants

Foreign applicants holding either (a) a visa other than an F1 or M-1 or (b) a Resident Alien card may be admitted on a rolling basis. Your application will not be considered until all of the following items have been received:

- FTCC Application
- Presentation of either a valid Passport & Visa or a Resident Alien Card
- FTCC Entrance Assessment Results
- Official high school (secondary) transcript
- Official college or university transcripts, if applicable

NOTE: People who hold a visitor’s visa (B-1) are NOT eligible to enroll in FTCC’s college-level classes.

ADMISSION OF SPECIAL CREDIT STUDENTS

Special credit (non-matriculating) students may take 16 semester hours prior to taking the placement assessment. Special credit students must comply with the regular Admissions policy when they decide to pursue a degree, certificate, or diploma.

ADMISSION OF TRANSFER STUDENTS

Students who have attempted course work at other colleges and universities must submit official transcripts of all postsecondary work. Major courses with technical/skill content have time limitations in terms of their relevance to the curriculum program and to the occupational field. Courses in the technical or major area taken more than seven years prior to the current semester, either at other institutions or at FTCC, may not be considered for transfer purposes. Some technology-based programs may have stricter limitations on the transfer of grades, depending on changes in technology and competencies required for jobs in the field. The final decision of the acceptance of transfer credit for major courses will be made by the Department Chairperson. Transcripts will be reviewed during the admissions process and transfer credit awarded according to the following criteria:

1. Prior course work must be equivalent to FTCC courses required in the degree or diploma program being sought.

2. Course work must have been completed at a regionally accredited college (i.e., Southern Association of Colleges and Schools or regional counterpart) or an institution holding professional area accreditation status (ABET, ABA, ADA, AMA, etc.).

3. Course work must have been completed with a grade of “C” or better.

4. Transfer students must complete a minimum of 25 percent of resident credit at FTCC to be eligible to receive an associate degree or diploma.

5. Official FTCC transcripts will not be provided until the student has completed the first term of enrollment at the college.

INTERCURRICULAR TRANSFER OF CREDITS

Students who change curriculums may be awarded transfer credit for applicable courses taken and passed in the previous curriculum. All credits considered must be applicable to the instructional field and approved by the Department Chair or appropriate Academic Dean.

CREDIT FOR NON-TRADITIONAL LEARNING

FTCC will evaluate non-traditional educational records for the possible transfer of credits. Full documentation must be provided before an evaluation can be made. Transfer of credit for non-traditional work is limited to no more than 75 percent of the AAS degree or diploma requirements.

Advanced Placement Examinations

Applicants to the college may request transfer credit for subjects

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
covered under advanced placement examinations. CLEP and DANTES General Exams and Subject Area Exams are evaluated for transfer credit. Test scores must meet ACE (American Council on Education) recommendations. Advanced credit awarded at prior colleges must be supported by official test score reports to be considered for transfer credit.

Military Service Training
Military service school records may be submitted for transfer credit evaluations. The service member is encouraged to submit a “Request for Evaluation of Military Experience” (form DD295) or the AARTS (Army/ACE Registry System) transcripts for evaluation purposes. Service school diplomas and MOS (Military Occupational Specialty) Evaluation Score Reports are acceptable in lieu of the AARTS Transcript. Military service experiences are evaluated using ACE Guide recommendations.

Independent Study
Independent Study may be conducted through (1) regularly scheduled TV transmissions/cable educational programming and/ or (2) modem-based instruction.

A student who wishes to enroll in an approved Independent Study course(s) must: (1) be an approved curriculum student, (2) have a cumulative grade point average of 2.00 or higher, (3) need the requested course for graduation, and (4) submit a “Request for Independent Study” to the office of the appropriate Academic Area Dean.

Students participating in Independent Study course work will be evaluated by the assigned faculty in accordance with established grading policies. Students will be required to maintain satisfactory progress and to maintain regular contact with the instructor. Students who withdraw or otherwise fail to complete an independent study course within the scheduled term will be dropped as of the last date of contact with the instructor.

A list of courses approved for independent study through television programming is printed in the current class Schedule(s).

Industrial and Professional Training
FTCC will consider the evaluation of credit for documented professional training and certification. Transfer of credits is considered using The National Guide to Educational Credit for Training Programs.

Experiential Learning
FTCC does not consider experiential or life experiences for transfer credit evaluation.

Proficiency Tests
FTCC students who plan to challenge a curriculum-level course must contact the department chairperson of the appropriate department to request a proficiency examination. Proficiency tests are given under the following conditions.

a. Students who have passed a preliminary screening test given by the department chairperson may take a proficiency exam.

b. Students must be registered for the course in order to take a proficiency exam.

c. Proficiency exams must be taken within the first four class days of the term.

d. Students who pass a proficiency exam at the “C” grade level or above will be assigned a “P” grade and will not be required to attend further class sessions.

e. Veteran students and other third party recipients may not use courses passed by proficiency for the purposes of educational entitlement. Students who pass a proficiency test are encouraged to add additional curriculum courses in order to maintain full-time status.

*CLEP examinations will be the required proficiency test where available. Students will be referred to area CLEP examination sites for testing when appropriate.

Tech Prep Advanced Placement
Cumberland County high school graduates who participated in the Tech Prep Program may be awarded proficiency credit based upon the recommendations of the Cumberland County Tech Prep Curriculum Development Committee.

SOCAD
Fayetteville Technical Community College is a Serviceman’s Opportunity College (SOC) and supports the concept that military personnel should be encouraged to begin their post-secondary education while serving their country. FTCC also participates in the SOCAD network with many degree programs available. For further information on SOC/SOCAD policies, contact the FTCC Ft. Bragg Office, 678-1070.

RE-ADMISSION OF FORMER STUDENTS
Any student who withdraws from the College and wishes to return must contact the Admissions Office to reactivate his/her application for admission.

1. A student who withdrew for unavoidable reasons may be eligible for re-admission at the beginning of the next term.

2. A student who was suspended for unsatisfactory academic progress is required to re-apply for re-entrance through the Director of Admissions. He or she must complete the Admissions Application and the Appeal of Suspension Form. Re-admissions decisions will then be based upon a review of previous grades, consultation with instructors and Department Chairpersons involved, additional achievement and/or interest testing, and interviews to determine the reasons for unsatisfactory progress. In cases where the probable causes of unsatisfactory progress while previously enrolled have not been removed, re-entry to curricular studies may be denied or re-entry approved under specific conditions which can include change of curriculum, remedial course work, and probationary status.

3. A student who was dismissed from the College by disciplinary action may re-enter only upon approval by the Program Area Dean.

4. A student who withdraws from the institution and reenters at a later term, including students who have completed at least one or more terms, will be subject to curricular requirements in effect at the time of re-entry.

5. Any student indebted to the College is ineligible to re-enter until all financial obligations to the institution have been satisfied.

NEW STUDENT ORIENTATION
All students who are admitted to an academic program at Fayetteville Technical Community College are required to attend an orientation session. The purpose of this session is to review the regulations, policies and privileges of the College.

ACCOUNTING A25100

The Accounting curriculum is designed to provide students with the knowledge and the skills necessary for employment and growth in the accounting profession. Using the “language of business,” accountants assemble and analyze, process, and communicate essential information about financial operations.

In addition to course work in accounting principles, theories, and practice, students will study business law, finance, management, and economics. Related skills are developed through the study of communications, computer applications, financial analysis, critical thinking skills, and ethics.

Graduates should qualify for entry-level accounting positions in many types of organizations including accounting firms, small businesses, manufacturing firms, banks, hospitals, school systems, and governmental agencies. With work experience and additional education, an individual may advance in the accounting profession.

Awards

Associate Degree: Accounting (A25100)
Length of Program: 5 Semesters
Prerequisite: 2 units of Algebra

Diploma: Not Applicable
Length of Program:
Prerequisite:

Certificate: Not Applicable
Length of Program:
Prerequisite:

Cooperative Education Requirements/Opportunities: For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

License or Certification Information: None Required

Program Information Contact:
Curriculum Chairperson: Ron O’Brien
Telephone Number: (910) 678-8512
Office Location: Cumberland Hall, Room 377V
Email: obrienr@faytechcc.edu
Department Office: Cumberland Hall, Room 377
Telephone: (910) 678-8292
FTCC Web Site: www.faytechcc.edu

Application Deadlines: The program is designed for a student to enter during the fall semester. A student may enter at other times with approval of the Department Chairperson.

Scholarship/Financial Aid Information: Scholarships are available. Financial Aid Office, Student Center, Room 126; Telephone: (910) 678-8448

Child Care Financial Assistance Information: See Child Care Associate, Student Center, Room 142; Telephone: (910) 678-8486/8387

Employment Statistics:
For employment statistics please see the FTCC Job Placement page at: www.faytechcc.edu/job_placement

ATTENTION: If you have missed a fall or spring semester, you must see a counselor to be readmitted into your program.

ADVERTISING AND GRAPHIC DESIGN A30100
The Advertising and Graphic Design curriculum is designed to provide students with knowledge and skills necessary for employment in the graphic design profession, which emphasizes design, advertising, illustration, and digital and multimedia preparation of printed and electronic promotional materials.

Students will be trained in the development of concept and design for promotional materials such as newspaper and magazine advertisements, posters, folders, letterheads, corporate symbols, brochures, booklets, preparation of art for printing, lettering and typography, photography, and electronic media.

Graduates should qualify for employment opportunities with graphic design studios, advertising agencies, printing companies, department stores, a wide variety of manufacturing industries, newspapers, and businesses with in-house graphics operations.

Awards:

**A/C, HEATING AND REFRIGERATION TECHNOLOGY A35100**

The Air Conditioning, Heating, and Refrigeration Technology curriculum provides the basic knowledge to develop skills necessary to work with residential and light commercial systems.

Topics include mechanical refrigeration, heating and cooling theory, electricity, controls and safety. The diploma program covers air conditioning, furnaces, heat pumps, tools and instruments. In addition, the AAS degree covers residential building codes, residential system sizing, and advanced comfort systems.

Diploma graduates should be able to assist in the start up, preventative maintenance, service, repair, and/or installation of residential and light commercial systems. AAS degree graduates should be able to demonstrate an understanding of system selection and balance and advanced systems.

**Awards**

**Associate Degree:** A/C, Heating & Refrigeration Technology (A35100)
**Length of Program:** 5 Semesters
**Prerequisite:** High School Diploma

A/C, HEATING & REFRIGERATION (D35100)  
Evening/Weekend Program  
Effective: Fall 2008  
Revised Date: 10/22/07

This two-year evening diploma program is designed to prepare individuals for entry-level positions in the air conditioning, heating, and refrigeration field. Courses include basic hands-on training in the installation, maintenance, and repair of residential heating and air conditioning equipment.

Numerous opportunities for employment as A/C, Heating and Refrigeration assistants exist throughout the area.

**TOTAL REQUIRED CREDITS.... 38**

Co-op Option: N/A

This evening program is designed to prepare individuals for entry-level positions in the air conditioning, heating & refrigeration field. Courses include basic hands-on training in the installation, maintenance and repair of residential heating and air conditioning equipment.

Opportunities for employment as A/C, Heating & Refrigeration assistants exist throughout the area.

Courses in this program can be transferred directly into the A/C, Heating & Refrigeration Technology associate degree curriculum.

**Length:** 4 Semesters

**Prerequisite:** High School Diploma

**Award:** Certificate

### ARCHITECTURAL TECHNOLOGY A40100

The Architectural Technology curriculum provides individuals with knowledge and skills that can lead to employment in the field of architecture or one of the associated professions.

Students receive instruction in construction document preparation, materials and methods, environmental and structural systems, building codes and specifications, and computer applications as well as complete a design project. Optional courses may be provided to suit specific career needs.

Upon completion, graduates have career opportunities within the architectural, engineering, and construction professions as well as positions in industry and government.

**Awards**

**Associate Degree:** Architectural Technology (A40100)

**Length of Program:** 5 Semesters

**Prerequisite:** High School Diploma
Diploma: Not Applicable  
Length of Program:  
Prerequisite:  

Certificate: Architectural Engineering Construction CAD (C40100C1)  
Length of Program: 2 Semesters  
Prerequisite: High School Diploma  

Cooperative Education Requirements/Opportunities: For co-operative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.  

License or Certification Information: None Required  

Program Information Contact:  
Curriculum Chairperson: Phyllis Bell

ASSOCIATE DEGREE NURSING (INTEGRATED) (A45100)
Effective: Fall 2006
Revised: 10/03/05

The Associate Degree Nursing curriculum provides individuals with the knowledge and skills necessary to provide nursing care to clients throughout the life span in a variety of settings.

Courses will include content related to the nurse’s role as provider of nursing care, as manager of care, as a member of the discipline of nursing, and a member of the interdisciplinary team.

Graduates of this program are eligible to apply to take the National Council Licensure Examination (NCLEX-RN), which is required for practice as a Registered Nurse. Employment opportunities include hospitals, long term care facilities, clinics, physicians’ offices, industry, and community agencies.

Awards

Associate Degree: Associate Degree Nursing (A45100)
Length of Program: 5 Semesters
Prerequisite: 1 Unit of Algebra
1 Unit of Biology
1 Unit of Chemistry

Diploma: Not Applicable
Length of Program: Prerequisite:

Certificate: Not Applicable
Length of Program:
Prerequisite:

Cooperative Education Requirements/Opportunities: For co-operative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

License or Certification Information: Graduates are eligible to apply to take the National Council Licensure Examination (NCLEX-RN), which is required to practice as a Registered Nurse.

Programmatic Accreditation:
Accredited by: National League for Nursing, 61 Broadway, P.O. Box 2129, New York, NY 10006, 1 (800) 669-1656
Approved by: North Carolina Board of Nursing, P.O. Box 2129, Raleigh, NC 27602, 1 (919) 782-3211

ASSOCIATE IN ARTS  

A10100

The College Transfer program is designed for students who intend to transfer to a four-year college or university to pursue a baccalaureate degree. Students in this program are responsible for examining the requirements of the four-year college or university to which they plan to transfer for completion of their degree. Counselors and advisors are available to assist students in planning their program.

The course work in the program includes humanities/fine arts, social/behavioral sciences, mathematics, physical education, English, communications and the sciences. The Associate in Arts program concentrates heavily on the humanities and social sciences and is recommended for those who plan to continue in a Bachelor of Arts degree program. The Associate in Science program leans more toward mathematics and the physical and life sciences and is intended for those pursuing the Bachelor of Science degree.

Upon completion of the program, the student will receive an associate in arts degree.

Awards

**Associate Degree:** Associate in Arts (A10100)

**Length of Program:** 4 Semesters

**Prerequisite:** High School Diploma, Algebra I, Algebra II

**Diploma:** Associate in Arts Diploma (D10100)

**Length of Program:** 4 Semesters

**Prerequisite:** High School Diploma, Algebra I, Algebra II

**Certificate:** Not Applicable

**Length of Program:**

**Prerequisite:**

**Associate in Arts – Pre-Majors**

Fayetteville Technical Community College has 14 pre-majors available in the area of Associate in Arts.

- Pre-major in Business Administration (A1010B)
- Pre-major in Business Education and Marketing Education (A1010C)
- Pre-major in Criminal Justice (A1010D)
- Pre-major in English (A1010E)
- Pre-major in English Education (A1010F)

Co-op Option: NA

ASSOCIATE IN FINE ARTS A10200

The course work in the Associate in Fine Arts program includes literature, humanities, social/behavioral science, mathematics, and natural science. Graduates should have a sound basic knowledge of the fine arts. The Associate in Fine Arts program concentrates heavily on the fine arts and is recommended for those who plan to continue a Bachelor of fine Arts degree program. The Associate in Fine Arts program is part of the Comprehensive Articulation Agreement, which allows graduates of this program to transfer to one of the constituent institutions of the University of North Carolina system. Graduates completing the Associate of Fine Arts degree will have demonstrated the ability to achieve academic and other learning goals in their study area enhancing employment opportunities.

Upon completion of the program, the student will receive an Associate in Fine Arts degree.

Awards

Associate Degree: Associate in Fine Arts (A10200)
Length of Program: 5 Semesters
Prerequisite: High School Diploma, Algebra I, Algebra II

Diploma: Not Applicable
Length of Program: 
Prerequisite: 

Certificate: Not Applicable
Length of Program: 
Prerequisite: 

Cooperative Education Requirements/Opportunities: For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

License or Certification Information: None Required

### ASSOCIATE IN SCIENCE A10400

The College Transfer program is designed for students who intend to transfer to a four-year college or university to pursue a baccalaureate degree. Students in this program are responsible for examining the requirements of the four-year college or university to which they plan to transfer for completion of their degree. Counselors and advisors are available to assist students in planning their program.

The course work in the program includes literature, humanities, mathematics, physical education, and the sciences. The Associate in Science program leans more toward mathematics and the physical and life sciences and is intended for those pursuing the Bachelor of Science degree. The Associate in Arts program concentrates heavily on the humanities and social sciences and is recommended for those who plan to continue in a Bachelor of Arts degree program.

Upon completion of the program, the student will receive an associate in science degree.

### Awards

**Associate Degree**: Associate in Science (A10400)

**Length of Program**: 4 Semesters

**Prerequisite**: High School Diploma, Algebra I, Algebra II

**AUTOBODY REPAIR**  
**D60100**

The Autobody Repair curriculum provides training in the use of equipment and materials of the autobody repair trade. The student studies the construction of the automobile body and techniques of autobody repairing, rebuilding, and refinishing.

The course work includes autobody fundamentals, industry overview, and safety. Students will perform hands-on repairs in the areas of non-structural and structural repairs, MIG welding, plastics and adhesives, refinishing, and other related areas.

Graduates of the curriculum should qualify for entry-level employment opportunities in the automotive body and refinishing industry. Graduates may find employment with franchised independent garages, or they may become self-employed.

**Awards**

- **Diploma:** Autobody Repair (D60100)
- **Length of Program:** 3 semesters
- **Prerequisite:** High School Diploma

- **Certificate:** Basic Autobody Repair (C60100C1)
- **Length of Program:** 2 Semesters
- **Prerequisite:** High School Diploma

**Cooperative Education Requirements/Opportunities:** For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

**License or Certification Information:** None Required

**Program Information Contact:**
- Curriculum Chairperson: Arthur Hall
- Telephone Number: (910) 678-8213
- Office Location: Autobody Shop, Room 101B
- Email: halla@faytechcc.edu
- Department Office: Autobody Shop, Room 101B
- Telephone: (910) 678-8213
- FTCC Web Site: www.faytechcc.edu

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Application Deadlines: The program is designed for a student to enter during the fall semester. A student may enter at other times with approval of the Department Chairperson.

Scholarship/Financial Aid Information: Scholarships are available. Financial Aid Office, Student Center, Room 126; Telephone: (910) 678-8448

Child Care Financial Assistance Information: See Child Care Associate, Student Center, Room 142; Telephone: (910) 678-8486/8387

Employment Statistics: For employment statistics please see the FTCC Job Placement page at: www.faytechcc.edu/job_placement

ATTENTION: If you have missed a fall or spring semester, you must see a counselor to be readmitted into your program.

**AUTOBODY REPAIR (D60100)**

Effective: Fall 2008
Revised: 09/24/07

Length: 3 Semesters

*ENG-101 and MAT-101 will not transfer to Associate Degree program.

BASIC AUTOBODY REPAIR CERTIFICATE (C60100C1)

Evening/Weekend Program
Effective: Fall 2006
Revised: 07/18/06

This evening certificate program is designed to prepare individuals for entry-level positions as helpers in the auto body repair industry. Instruction will include hands-on repairs in the areas of non-structural and structural repairs, plastics and adhesives, refinishing.

Completers will be prepared for employment as entry-level helpers in the auto body repair industry.

Courses in this program can be transferred directly into the Auto-body Repair diploma curriculum.

Length: 2 Semesters
Prerequisite: High School Diploma
Award: Certificate

AUTOMOTIVE SYSTEMS TECHNOLOGY  A60160
The Automotive Systems Technology program prepares individuals for employment as automotive service technicians. It provides an introduction to automotive careers and increases student awareness of the challenge associated with this fast and ever-changing field.

Classroom and lab experiences integrate technical and academic course work. Emphasis is placed on theory, servicing and operation of brakes, electrical/electronic systems, engine performance, steering/suspension, automatic transmission/transaxles, engine repair, climate control, and manual drive trains.

After completion of this curriculum, students should be prepared to take the ASE exam and be ready for full-time employment in dealerships and repair shops in the automotive service industry.

Awards

Associate Degree: Automotive Systems Technology (A60160)
Length of Program: 5 Semesters
Prerequisite: High School Diploma

Diploma: Not Applicable
Length of Program:
Prerequisite:

Certificate: Automotive Suspension, Brakes, & Heating/Air Conditioning (C60160C1)
Length of Program: 2 Semesters
Prerequisite: High School Diploma

Certificate: Automotive Engine Performance Certificate (C60160C2)
Length of Program: 2 Semesters
Prerequisite: High School Diploma

Certificate: Automotive Power Trains Certificate (C60160C3)
Length of Program: 2 Semesters
Prerequisite: High School Diploma

Certificate: Automotive Electrical/Electronics Systems Certificate (C60160C4)
Length of Program: 2 Semesters
Prerequisite: High School Diploma

Certificate: Medium/Heavy Truck Maintenance Certificate (C60160C5)
Length of Program: 3 Semesters
Prerequisite: High School Diploma

Cooperative Education Requirements/Opportunities: For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

AUTOMOTIVE POWER TRAINS
CERTIFICATE (C60160C3)
Effective: Fall 2008
Revised: 10/22/07

This evening certificate program is designed to prepare moderately-experienced automotive mechanics to take ASE certification exams in three areas. The certification areas include: A1-Engine Repair; A2-Automatic Trans/Transaxle; and A3-Manual Drive Train/Axles. The courses focus on the certificate-related competencies.

Courses in this program can be transferred directly into the Automotive Systems Technology associate degree curriculum.

Length: 2 Semesters
Prerequisite: High School Diploma
Award: Certificate

**BASIC LAW ENFORCEMENT TRAINING  C55120**

Basic Law Enforcement Training (BLET) is designed to give students essential skills required for employment as a law enforcement officer with state, county, or municipal governments, or with private enterprise.

This program utilizes State commission-mandated topics and methods of instruction. General subjects include, but are not limited to, criminal, juvenile, civil, traffic, and alcoholic beverage laws, investigative, patrol, custody, and court procedures, emergency responses, ethics and community relations.

Successful graduates receive a curriculum certificate and are qualified to take the certification examinations mandated by the North Carolina Criminal Justice Education and Training Standards Commission.

**Awards**

**Associate Degree:** Not Applicable  
**Length of Program:**  
**Prerequisite:**

**Diploma:** Not Applicable  
**Length of Program:**  
**Prerequisite:**

**Certificate:** Basic Law Enforcement Training (C55120)  
**Length of Program:** 1 Semester  
**Prerequisite:** High School Diploma

**Cooperative Education Requirements/Opportunities:** For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

**License or Certification Information:** Graduates are eligible to take the North Carolina Criminal Justice Education and Training Standards Commission exam.

**Program Information Contact:**

**BIOTECHNOLOGY  A20100**

The Biotechnology curriculum, which has emerged from molecular biology and chemical engineering, is designed to meet the increasing demands for skilled laboratory technicians in various fields of biological and chemical technology.

Course work emphasizes biology, chemistry, mathematics, and technical communications. The curriculum objectives are designed to prepare graduates to serve in three distinct capacities: research assistant to a biologist or chemist; laboratory technician/instrumentation technician; and quality control/quality assurance technician.

Graduates may find employment in various areas of industry and government, including research and development, manufacturing, sales, and customer service.

**Awards**

BUILDING CONSTRUCTION TECHNOLOGY A35140

The Building Construction Technology curriculum is designed to provide students with an overview of the building construction industry. Construction labs/lecture courses and other related classes, provide students with up-to-date knowledge on materials, trends, and techniques of the ever-changing construction industry.

Course work includes basic construction concepts such as general construction, blueprint reading, construction estimating, and project management. Students will also diversify their knowledge of construction in other areas like electrical wiring, construction surveying, plumbing, statics/strength of materials, and HVAC.

Graduates should qualify for entry-level jobs in any general construction setting and be able to advance quickly to management positions such as supervisors, superintendents, project coordinators, project planners, estimators, and inspectors.
Awards

Associate Degree: Building Construction Technology (A35140)
Length of Program: 5 Semesters
Prerequisite: High School Diploma

Diploma: NA

BUILDING CONSTRUCTION TECHNOLOGY (A35140)
Effective Date: Fall 2009
Revised: 11/20/08

Length: 5 Semesters
Prerequisite: High School Diploma
Award: Associate in Applied Science
Business Administration (A25120)
The Business Administration curriculum is designed to introduce students to the various aspects of the free enterprise system. Students will be provided with a fundamental knowledge of business functions, processes, and an understanding of business organizations in today’s global economy.

Course work includes business concepts such as accounting, business law, economics, management, and marketing. Skills related to the application of these concepts are developed through the study of computer applications, communication, team building, and decision making.

Through these skills, students will have a sound business education base for lifelong learning. Graduates are prepared for employment opportunities in government agencies, financial institutions, and large to small businesses or industries.

BUSINESS ADMINISTRATION/ PUBLIC ADMINISTRATION A2512H

Public Administration is a concentration under the curriculum title of Business Administration. This curriculum prepares students for entry into management positions in state/local governments and not-for-profit organizations, provides education for current employees, and informs citizens of governmental functions.

Course work includes study and practical application to personnel administration, decision-making, ethics, organizational theories, and budgetary, and other governmental issues. Emphasis is placed on building analytical skills, stimulating moral imagination, and recognizing the discretionary power of the administrator’s role.

Through acquisition of knowledge and skills, individuals should be able to perform governmental activities. By developing personal competencies and qualities, graduates will be eligible for employment in the public administration profession.

**BUSINESS ADMINISTRATION/ PUBLIC ADMINISTRATION/ COMMUNITY LEADERSHIP CERTIFICATE (C2512HC1)**

Effective: Fall 2009
Revised: 12/16/08

The Community Leadership certificate is designed to prepare individuals to understand the fundamental skills needed to actively participate in local governmental leadership activities.

This certificate program covers coursework in oral communication, urban planning, public finance and budgeting, organizational behavior, and ethics.

Upon completion of this program, students should be prepared to work with and hold leadership positions in local government to include, but not limited to, community committees, task forces, commissions, and elected public office.

Length: 2 Semesters
Prerequisite: High School Diploma
Award: Certificate

### CARPENTRY (D35180)

The Carpentry program is designed to train students to construct residential structures using standard building materials and hand and power tools. Carpentry skills and a general knowledge of residential construction will also be taught.

Course work includes footings and foundations, framing, interior and exterior trim, cabinetry, blueprint reading, residential planning and estimating, and other related topics. Students will develop skill through hands-on participation. Graduates should qualify for employment in the residential building construction field as rough carpenters, framing carpenters, roofers, maintenance carpenters, and other related job titles.

**Awards**

**Diploma:** Carpentry (D35180)

**Length of Programs:** 3 Semesters

**Prerequisite:** High School Diploma

**Certificate:** General Contractor’s License Preparation (C35180C1)

**Length of Program:** 2 Semesters

**Prerequisite:** High School Diploma

**Cooperative Education Requirements/Opportunities:** For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

**License or Certification Information:** None Required

**Program Information Contact:**
- Curriculum Chairperson: Keith Carter
- Telephone Number: (910) 678-8475
- Office Location: Cumberland Hall Room 319

CIVIL ENGINEERING TECHNOLOGY (A40140)
The Civil Engineering Technology curriculum program provides the application of relevant theory of engineering needed by technicians to carry out planning and supervisory tasks in the construction of transportation systems, residential and commercial buildings, bridges, dams, and water and wastewater treatment systems.

Course work includes the communication and computational skills required to support the fields such as materials testing, structures, estimating, project management, hydraulics, environmental technology, and surveying. Additional course work will cover the operation of computers and application software including computer-aided drafting.

Graduates should qualify for technician-level jobs with both public and private engineering, construction, and surveying agencies.

### COMMUNITY SPANISH INTERPRETER A55370

The Community Spanish Interpreter curriculum prepares individuals to work as entry-level bilingual professionals who will provide communication access in interview and interactive settings. In addition, this curriculum provides educational training for working professionals who want to acquire Spanish language skills.

Course work includes the acquisition of Spanish: grammar, structure, and sociolinguistic properties, cognitive processes associated with interpretation between Spanish and English; the structure and character of the Hispanic community; and acquisition of communication skills.

Graduates should qualify for entry-level jobs as para-professional bilingual employees in educational systems or a variety of community settings. Individuals may choose from part-time, full-time, or self-employment/free-lance positions, or apply language skills to other human service related areas.

### Awards

**Associate Degree:** Associate in Applied Science Community Spanish Interpreter (A55370)

**Length of Program:** 5 Semesters

**Prerequisite:** High School Diploma

**Diploma:** Not Applicable

**Length of Program:**

**Prerequisite:**

**Certificate:** Community Spanish Interpreter/Facilitator Certificate (C55370C1)

**Length of Program:** 2 Semesters

**Prerequisite:** High School Diploma. Students must demonstrate language proficiency to the satisfaction of the Department Chair either through appropriate course work or the appropriate level CLEP test. Students are expected to have computer and Internet skills.

**Certificate:** Community Spanish Interpreter/Spanish Language Certificate (C55370C2)

**Length of Program:** 2 Semesters

**Prerequisite:** High School Diploma. Students must demonstrate language proficiency to the satisfaction of the Department Chair either through appropriate course work or the appropriate level CLEP test. Students are expected to have computer and Internet skills.

**Cooperative Education Requirements/Opportunities:** For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

FACILITATOR CERTIFICATE (C55370C1)
Effective: Fall 2007
Revised: 10/06/06

The Community Spanish Interpreter/Facilitator Certificate program prepares students to work as paraprofessional Spanish interpreters who will facilitate oral communication between individuals who do not speak one another’s languages in various community settings such as hospitals, community agencies, and others.

Course work includes grammar, structure, and sociolinguistic properties, cognitive processes associated with translation and interpretation between Spanish and English; and acquisition of oral and written communication skills.

Graduates should qualify for entry-level jobs as paraprofessional bilingual employees in human service, medical, or educational systems, among other community settings. Individuals may
choose from part-time, full-time, or self-employment/free-lance positions, or apply their interpretation and translation skills to other human service-related areas.

**Length:** 2 Semesters  
**Prerequisite:** High School Diploma. Students must demonstrate language proficiency to the satisfaction of the Department Chair either through appropriate course work or the appropriate level CLEP test. Students are expected to have computer and Internet skills. Students are expected to have computer and Internet skills.  
**Award:** Certificate

### COMPUTER INFORMATION TECHNOLOGY A25260

The Computer Information Technology curriculum is designed to prepare graduates for employment with organizations that use computers to process, manage, and communicate information. This is a flexible curriculum that can be customized to meet community information systems needs.

Course work will develop a student’s ability to communicate complex technical issues related to computer hardware, software, and networks in a manner that computer users can understand. Classes cover computer operations and terminology, operating systems, database, networking, security, and technical support.

Graduates should qualify for employment in entry-level positions with businesses, educational systems, and governmental agencies which rely on computer systems to manage information. Graduates should be prepared to sit for industry-recognized certification exams.

**Awards**

**Associate Degree:** Computer Information Technology (A25260)  
**Length of Program:** 5 Semesters  
**Prerequisite:** 2 Units of Algebra

**Diploma:** Not Applicable  
**Length of Program:**  
**Prerequisite:**

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.

proval from the Co-op Director and the Department Chairperson.

COMPUTER TECHNOLOGIES CERTIFICATE
(C25260C1)
Effective: Fall 2006
Revised: 07/18/06

The Computer Technologies Certificate will expose the student to a general overview of the computer area. Students will study computers, networks, operating systems and programming. Graduates from this are prepared to work as a Computer Technician, or to apply these classes to any other degree in the computer division.

Length: 2 Semesters
Prerequisite: High School Diploma
Award: Certificate

COMPUTER PROGRAMMING A25130

The Computer Programming curriculum prepares individuals for employment as computer programmers and related positions through study and applications in computer concepts, logic, programming procedures, languages, generators, operating systems, networking, data management, and business operations.

Students will solve business computer problems through programming techniques and procedures, using appropriate languages and software. The primary emphasis of the curriculum is hands-on training in programming and related computer areas that provide the ability to adapt as systems evolve.

Graduates should qualify for employment in business, industry, and government organizations as programmers, programmer trainees, programmer/analysts, software developers, computer operators, systems technicians, database specialist, computer specialist, software specialist, or information systems managers.

COSMETOLOGY D55140

The Cosmetology curriculum is designed to provide competency-based knowledge, scientific/artistic principles, and hands-on fundamentals associated with the cosmetology industry. The curriculum provides a simulated salon environment, which enables students to develop manipulative skills.

Course work includes instruction in all phases of professional imaging, hair design, chemical processes, skin care, nail care, multicultural practices, business/computer principles, product knowledge and other selected topics.

Graduates should qualify to sit for the State Board of Cosmetic Arts examination. Upon successfully passing the State Board Exam, graduates will be issued a North Carolina license. Employment is available in beauty salons and related businesses.

CRIMINAL JUSTICE TECHNOLOGY  A55180
The Criminal Justice Technology curriculum is designed to provide knowledge of criminal justice systems and operations. Study will focus on local, state, and federal law enforcement, judicial process, corrections, and security services. The criminal justice system’s role within society will be explored.

Emphasis is on criminal justice systems, criminology, juvenile justice, criminal and constitutional law, investigative principles, ethics, and community relations. Additional study may include issues and concepts of government, counseling, communications, computers, and technology.

Employment opportunities exist in a variety of local, state, and federal law enforcement, corrections, and security fields. Examples include police officer, deputy sheriff, county detention officer, state trooper, intensive probation/parole surveillance officer, correctional officer, and loss prevention specialist.

CRIMINAL JUSTICE TECHNOLOGY/ FINANCIAL CRIME/ COMPUTER FRAUD A5518B

Financial Crime/Computer Fraud is a concentration under the curriculum of Criminal Justice Technology. The curriculum is designed to prepare students for positions in the public or private sector in financial crime or computer fraud investigation.

Students will study financial criminal activity and computer investigative security procedures from a law enforcement perspective through forensic accounting and investigative computer courses.

Graduates should qualify for positions in either the public or private sector investigating fraud within financial institutions and/or computer crimes, including fraud, hacking, and identity theft.

Awards

Associate Degree: Associate in Applied Science
Criminal Justice Technology (A5518B)

CRIMINAL JUSTICE TECHNOLOGY/ LATENT EVIDENCE

Latent Evidence is a concentration under the curriculum of Criminal Justice Technology. This curriculum is designed to provide knowledge of latent evidence systems and operations. Study will focus on local, state and federal law enforcement, evidence processing and procedures.

Students will learn both theory and hands-on analysis of latent evidence. They will learn fingerprint classification, identification, and chemical development. Students will record, cast and recognize footwear and tire-tracks; and process crime scenes. Issues and concepts of communications and the use of computers and computer assisted design programs in crime scene technology will be discussed.

Graduates should qualify for employment in a variety of criminal justice organizations especially in local, state, and federal law enforcement, and correctional agencies.

Awards

Associate Degree: Associate in Applied Science

CULINARY TECHNOLOGY  A55200
The Culinary Technology curriculum provides specific training required to prepare students to assume positions as trained culinary professionals in a variety of food service settings including full service restaurants, hotels, resorts, clubs, catering operations, contract food service, and health care facilities.

Course offerings emphasize practical application, a strong theoretical knowledge base, and professionalism and provide the critical competencies to successfully meet industry demands. Courses also include sanitation, food/beverage service and control, baking, grade manager, American/international cuisines, food production, and hospitality supervision.

Graduates should qualify for entry-level positions such as line cook, station chef, and assistant pastry chef. American Culinary Federation certification is available to graduates. With experience, graduates may advance to positions such as sous-chef, executive chef, or food service manager.

Awards

Associate Degree: Culinary Technology (A55200)
Length of Program: 5 Semesters
Prerequisite: High School Diploma

Diploma: Not Applicable

### PANTRY CHEF CERTIFICATE (GARDE MANGER) (C55200C1)

**Effective:** Fall 2007  
**Revised:** 04/19/07

The Pantry Chef Certificate (Garde Manger) is designed to prepare students who would like to be employed in the banquet, catering, cold foods and display professions or for those with some culinary experience who want to further their knowledge in this specialized area.

Students will learn to prepare salads, dressings, cold sauces, garnishes, pâtés, terrines, ice carvings, canapes, hor d’oeuvres and other related topics.

The program will enhance the student’s cold food preparation, presentation and display skills.

**Length:** 2 Semesters/Day Classes Sequence  
**Prerequisite:** High School Diploma  
**Award:** Certificate

### BAKING CERTIFICATE (C55200C2)

**Effective:** Fall 2007  
**Revised:** 04/19/07

The Baking Certificate is designed to prepare students who would like to be employed as a baking professional.

Students will learn fundamentals of bakeshop operations and will prepare various bread products, pastries, cakes, cookies, classical desserts, sugar works, and confections.

The program will enhance the students’ cake decorating and dessert preparation skills.

**Length:** 2 Semesters/Day Classes Sequence  
**Prerequisite:** High School Diploma  
**Award:** Certificate

DEMI-CHEF CERTIFICATE (C55200C3)
Effective: Fall 2009
Revised: 04/21/09

The Demi-Chef Certificate is designed to prepare students for an entry-level position in the culinary field. The program will give the students the basic culinary skills necessary to be an assistant to a chef otherwise known in the Classical Brigade as a Demi-Chef. Students will learn to prepare both hot and cold foods including but not limited to salads, dressings, canapés, hor d’oeuvres, cold and hot sauces, garnishes, vegetables, meats and other food items using a variety of cooking methods. Students will learn to operate commercial kitchen equipment, use correct sanitation and safety procedures in the kitchen, and correct purchasing procedures.

The program will enhance the student’s food preparation, presentation and display skills.

Length: 2 Semesters
Other Requirements: 2 Chef Uniforms, Textbook
Prerequisite: High School Diploma or College Connections Approved Student
Award: Certificate

DENTAL ASSISTING D45240
The Dental Assisting curriculum prepares individuals to assist the dentist in the delivery of dental treatment and to function as integral members of the dental team while performing chair side and related office and laboratory procedures.

Course work includes instruction in general studies, biomedical sciences, dental sciences, clinical sciences, and clinical practice. A combination of lecture, laboratory, and clinical experiences provides students with knowledge in infection/hazard control, radiography, dental materials, preventive dentistry, and clinical procedures.

Graduates may be eligible to take the Dental Assisting National Board Examination to become Certified Dental Assistants. As a Dental Assistant II, defined by the Dental Law of North Carolina, graduates work in dental offices and other related areas.

Awards

Associate Degree: Not Applicable
Length of Program:
Prerequisite:
Diploma: Dental Assisting (D45240)
Length of Program: 3 Semesters
Prerequisite: 1 unit Biology

Certificate: Not Applicable
Length of Program:
Prerequisite:

Cooperative Education Requirements/Opportunities: For co-operative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

License or Certification Information: Graduates are eligible to take the Dental Assisting National Board examination.

Program Information Contact:
Department Chair: Angela Simmons
Telephone Number: (910) 678-9858
Office Location: Health Technology Center, Room 101-H

**DENTAL HYGIENE**

The Dental Hygiene curriculum prepares individuals with the knowledge and skills to assess, plan, implement, and evaluate dental hygiene care for the individual and the community.

Students will learn to prepare the operatory, take patient histories, note abnormalities, plan care, teach oral hygiene, clean teeth, take x-rays, apply preventive agents, complete necessary chart entries, and perform other procedures related to dental hygiene care.

Graduates of this program may be eligible to take national and state/regional examinations for licensure, which are required to practice dental hygiene. Employment opportunities include dental offices, clinics, schools, public health agencies, industry, and professional education.

**Awards**

**Associate Degree:** Dental Hygiene (A45260)

**Length of Program:** 5 Semesters

**Prerequisite:**
- 1 Unit of Biology
- 1 Unit of Algebra
- 1 Unit of Chemistry

**Diploma:** Not Applicable

**Length of Program:** Not Applicable

**Prerequisite:**

**Certificate:** Not Applicable

**Length of Program:** Not Applicable

**Prerequisite:**

**Cooperative Education Requirements/Opportunities:** For co-operative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

**License or Certification Information:** Students are eligible to sit for both the National Dental Hygiene Board and the NC State Dental Hygiene Board or applicable state or regional boards.

**Programmatic Accreditation:** Commission on Dental Accreditation

EARLY CHILDHOOD ASSOCIATE (A55220)
The Early Childhood Associate curriculum prepares individuals to work with children from infancy through middle childhood in diverse learning environments. Students will combine learned theories with practice in actual settings with young children under the supervision of qualified teachers.

Course work includes child growth and development; physical/nutritional needs to children; care and guidance of children; and communications skills with parents and children. Students will foster the cognitive/language, physical/motor, social/emotional, and creative development of young children.

Graduates are prepared to plan and implement developmentally appropriate programs in early childhood settings. Employment opportunities include child development and child care programs, preschools, public and private schools, recreational centers, Head Start Programs, and school-age programs.
Awards

**Associate Degree:** Associate in Applied Science Early Childhood Associate (A55220)

Co-op Option: Students are required to take 1 credit hour of co-op

CERTIFICATE IN CHILD CARE ADMINISTRATION (C55220C1)  
Effective: Fall 2008  
Revised: 09/24/07

This certificate will provide courses needed by the child care professional to obtain the North Carolina Early Childhood Administration Certificate (NCECA). The courses offered in this program prepare the childcare professional to be successful as an administrator in a childcare setting. Students will learn skills such as program development, rules and regulations for the state of North Carolina, staff and organizational management, public relations and community outreach, financial management, and leadership. This certificate also provides an opportunity for the individual to obtain the North Carolina Early Childhood Credential Certificate.

Length: 2 Semesters
Prerequisite: High School Diploma
Award: Certificate

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.

EARLY CHILDHOOD ASSOCIATE/ SPECIAL EDUCATION  

Special Education is a concentration under the curriculum title of Early Childhood Associate. This curriculum prepares individuals to work with children from infancy through middle childhood in diverse learning environments. Students will combine learned theories with practice in actual settings with young children under the supervision of qualified teachers.

Course work includes childhood growth and development, physical/nutritional needs of children, care and guidance of children, and communication skills with parents and children. Students will foster the cognitive/language, physical/motor, social/emo-tional, and creative development of young children.

Graduates are prepared to plan and implement developmentally appropriate programs in early childhood settings. Employment opportunities include child development and child care programs, preschools, public and private schools, recreational centers, Head Start Programs, and school-age programs.

**ELECTRICAL/ELECTRONICS TECHNOLOGY A35220**

The Electrical/Electronics Technology curriculum is designed to provide training for persons interested in the installation and maintenance of electrical/electronic systems found in residential, commercial, and industrial facilities.

Training, most of which is hands-on, will include such topics as AC/D theory, basic wiring practices, digital electronics, programmable logic controllers, industrial motor controls, and the National Electric Code, and other subjects as local needs require.

Graduates should qualify for a variety of jobs in the electrical/electronic field as an on-the-job trainee or apprentice assisting in the layout, installation, and maintenance of electrical/electronic systems.

**Awards**

**Associate Degree:** Electrical/Electronics Technology (A35220)  
**Length of Program:** 5 Semesters  
**Prerequisite:** High School Diploma

**Diploma:** Electrical/Electronics Technology (D35220)  
**Length of Program:** 3 Semesters  
**Prerequisite:** High School Diploma

**Certificate:** Basic Electricity, Motors and Controls, and PLC (C35220C)  
**Length of Program:** 2 Semesters  
**Prerequisite:** None

**Cooperative Education Requirements/Opportunities:** For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

**License or Certification Information:** None Required

**Program Information Contact:**  
Curriculum Chairperson: John Philligian  
Telephone Number: (910) 678-8326  
Office Location: Cumberland Hall Room 334  
Email: philligi@faytechcc.edu  
Department Office: Cumberland Hall Room 334  
Telephone: (910) 678-8357  
FTCC Web Site: www.faytechcc.edu

**Application Deadlines:** The program is designed for a student to enter during the fall or spring semesters. A Student may enter at other times with approval of the Department Chairperson.

**Scholarship/Financial Aid Information:** Scholarships are available. Financial Aid Office, Student Center, Room 126; Telephone: (910) 678-8448

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Child Care Financial Assistance Information:
See Child Care Associate, Student Center, Room 142; Telephone:
(910) 678-8486/8387

Employment Statistics:
For employment statistics please see the FTCC Job Placement
page at: www.faytechcc.edu/job_placement

ATTENTION: If you have missed a fall or spring semester, you
must see a counselor to be readmitted into your program.

**ELECTRONICS ENGINEERING TECHNOLOGY**

A40200

The Electronics Engineering Technology curriculum prepares individuals to become technicians who design, build, install, test, troubleshoot, repair, and modify developmental and production electronic components, equipment, and systems such as industrial/computer controls, manufacturing systems, communication systems, and power electronic systems.

A broad-based core of courses, including basic electricity, solid-state fundamentals, digital concepts, and microprocessors, ensures the student will develop the skills necessary to perform entry-level tasks. Emphasis is placed on developing the student’s ability to analyze and troubleshoot electronic systems.

Graduates should qualify for employment as engineering assistants or electronic technicians with job titles such as electronics engineering technician, field service technician, maintenance technician, electronic tester, electronic systems integrator, bench technician, and production control technician.

**Awards**

**Associate Degree:** Electronics Engineering Technology (A40200)

**Length of Program:** 5 Semesters

**Prerequisite:** 2 Units of Algebra

**Diploma:** Electronics Engineering Technology (D40200)

**Length of Program:** 3 Semesters

EMERGENCY MEDICAL SCIENCE A45340
The Emergency Medical Science curriculum is designed to prepare graduates to enter the workforce as paramedics. Additionally, the program can provide an Associate Degree for individuals desiring an opportunity for career enhancement.

The course of study provides the student an opportunity to acquire basic and advanced life support knowledge and skills by utilizing classroom instruction, practical laboratory sessions, hospital clinical experience, and field internships with emergency medical service agencies.

Student progressing through the program may be eligible to apply for both state and national certification exams. Employment opportunities include ambulance services, fire and rescue agencies, air medical services, specialty areas of hospitals, industry, educational institutions, and governmental agencies.

Awards

Associate Degree: Emergency Medical Science (A45340)
Length of Program: 5 Semesters
Prerequisite: High School Diploma or GED
1 Unit of Algebra
1 Unit of Biology

Diploma: Emergency Medical Science (D45340)
Length of Program: 3 Semesters
Prerequisite: High School Diploma or GED
1 Unit of Biology

Certificate: Emergency Medical Science (C45340)
Length of Program: 1 Semester
Prerequisite: High School Diploma or GED

EMS Bridge: Emergency Medical Science (A45340B)
Length of Program: 3 Semesters
Prerequisite: 1 Unit of Algebra & Biology; Current North Carolina or National Registry EMT-Paramedic; Current Healthcare Provider Level CPR; Current Advanced Cardiac Life Support Provider; Current Pediatric Advanced Life Support; Current Basic Trauma Life Support or Pre-Hospital Trauma Life Support; Two Thousand (2000) documented hours of Paramedic Level Work Experience; Two Letters of Recommendation: One from the Medical Director; One from the Training Officer or Supervisor.

Cooperative Education Requirements/Opportunities: For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

License or Certification Information: Student completing the first semester of the Associate Degree Program or entering the Diploma Program must pass the North Carolina State or National Registry EMT-Basic Examination.

Program Information Contact:
Curriculum Chairperson: Rick Criste
Telephone Number: (910) 678-8515
Office Location: Health Technology Center, Room 253-l
Email: crister@faytechcc.edu
Department Office: Health Technology Center, Room 169
Telephone: (910) 678-8264
FTCC Web Site: www.faytechcc.edu

Application Deadlines: The program is designed for a student to enter during the fall semester. A student may enter at other times with approval of the Department Chairperson. Students should apply by January 30th. Specific health program admission requirements must be met before a student is eligible for admission.

Scholarship/Financial Aid Information: Scholarships are available. Financial Aid Office, Student Center, Room 126; Telephone: (910) 678-8448

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.

EMERGENCY PREPAREDNESS TECHNOLOGY

The Emergency preparedness Technology Curriculum is designed to provide students with the foundation of technical and professional knowledge needed for emergency services delivery.

Students will study various aspects of emergency preparedness protection and enforcement to include hazardous materials, emergency agency operations and public relations.

Graduates should qualify for employment in either the public or private sector and have opportunities for skilled or supervisory-level positions.

Awards

Associate Degree: Emergency Preparedness Technology (A55420)

Length of Program: 5 Semesters

Prerequisite: High School Diploma & Algebra I

Diploma: Not Applicable

Students with a felony conviction may have limited Emergency Preparedness employment opportunities.

Co-op Option: Qualified students may elect to take up to three (3) credit hours of Cooperative Education provided they acquire approval from the Co-op director and the Department Chairperson.

FIRE PROTECTION TECHNOLOGY  A55240
The Fire Protection Technology curriculum is designed to provide individuals with technical and professional knowledge to make decisions regarding fire protection for both public and private sectors. It also provides a sound foundation for continuous higher learning in fire protection, administration, and management.

Course work includes classroom and laboratory exercises to introduce the student to various aspects of fire protection. Students will learn technical and administrative skills such as hydraulics, hazardous materials, arson investigation, fire protection safety, fire suppression management, law, and codes.

Graduates should qualify for employment or advancement in governmental agencies, industrial firms, insurance rating organizations, educational organizations, and municipal fire departments.

Employed persons should have opportunities for skilled and supervisory-level positions within their current organizations.

**TOTAL REQUIRED CREDITS... 76**

*Co-op Option: Qualified students may elect to take up to three (3) credit hours of Cooperative Education in lieu of a Major elective provided they acquire approval from Co-op Director and the Department Chairperson.

Students with felony convictions may have limited employment opportunities in fire services careers.

**FUNERAL SERVICE EDUCATION A55260**

The Funeral Service Education curriculum provides students with the opportunity to become proficient in basic funeral service skills.

In addition to the general education courses offered in the curriculum, technical courses such as human anatomy, embalming theory and practice, embalming chemistry, restorative arts, funeral law, and funeral home operations are taught.

Graduates of the curriculum, upon passing the state or national exam and completing an internship in a funeral home, will be qualified for employment as embalmers and/or funeral directors.

The specific aims and purposes of the Department of Funeral Service Education are:

1. To give students the knowledge, principles, techniques and skills which are the basis of the funeral service profession.
2. To provide for education and professional advancement of student whether they choose to follow the funeral service profession or whether they decide to use their specialized education in other general or technical fields.
3. To educate and prepare individuals to contribute to the service and welfare of the community.
4. To become a major provider of continuing education programs meeting mandatory re-licensure requirements for the licensed funeral service personnel in the state, and to encourage research in the field of funeral service.

**Awards**

**Associate Degree:** Associate in Applied Science
 Funeral Service Education (A55260)

**Length of Program:** 6 Semesters

**Prerequisite:** High School Diploma, 1 unit of Biology & CHM-081

**Diploma:** N. C. Funeral Director (D55260)

**Length of Program:** 3 Semesters

**Prerequisite:** High School Diploma

**Certificate:** Not Applicable

**Length of Program:**

**Prerequisite:**

**Cooperative Education Requirements/Opportunities:** For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.
License or Certification Information for Associate Degree:
Graduates are required to take the National Board Exam for Funeral Service as a condition for graduation.

Co-op Option: NA

This academic program is designed to meet specific state or professional needs. It is not accredited by the American Board of Funeral Service Education owing to the fact that it does not include instruction in the following areas: Anatomy, Chemistry, Embalming, Microbiology, and Restorative Arts. Students graduating from this program are not eligible to take the National Board Examination or any state board examination for which graduation from an ABFSE accredited program is required.

**GENERAL OCCUPATIONAL TECHNOLOGY** A55280

The General Occupational Technology curriculum provides individuals with an opportunity to upgrade their skills and to earn an associate degree by taking courses suited for their occupational interests and/or needs.

The curriculum content will be individualized for students according to their occupational interests and needs. A program of study for each student will be selected from the associate degree-level courses offered by the College.

Graduates will become more effective workers, better qualified for advancements within their field of employment, and become qualified for a wide range of entry-level employment opportunities.

**Awards**

Associate Degree: General Occupational Technology (A55280)

HEALTHCARE MANAGEMENT TECHNOLOGY A25200
The Healthcare Management Technology curriculum is designed to prepare students for employment in healthcare business and financial operations. Students will gain a comprehensive understanding of the application of management principles in the healthcare environment.

The curriculum places emphasis on planning, organizing, directing, and controlling tasks related to healthcare organizational objectives including the legal and ethical environment. Emphasis is placed on the development of effective communication, managerial, and supervisory skills.

Graduates may find employment in healthcare settings including hospitals, medical offices, clinics, long-term care facilities, and insurance companies. Graduates are eligible to sit for the Certified Patient Account Manger (CPAM) and the Certified Manager of Patient Accounts (CMPA) examinations.

Co-op Option: One (1) hour of Co-op is mandatory. Co-op can be taken during any semester.

HORTICULTURE TECHNOLOGY/ MANAGEMENT
(A1524A)

Management is a concentration under the curriculum title of Horticulture Technology. This curriculum is designed to prepare individuals for careers in various horticultural management positions.

Course work includes plant science, plant materials, propagation, soils, fertilizers, and pest management. Students will also take courses in principles of supervision, horticulture production management, horticulture sales and services, and horticulture business entrepreneurship.

Graduates should qualify for employment opportunities in the management of nurseries, greenhouses, garden centers, landscape operations, and gardens.
for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Co-op Option: Qualified students may elect to take up to five (5) credit hours of Cooperative Education in lieu of 5 credit hours of other major courses provided they acquire approval from the Co-op Director and the Department Chairperson.

**BASIC LANDSCAPE MAINTENANCE (C1524A)**  
Effective: Fall 2004  
Revised: 05/04/04

This certificate program is designed to prepare individuals for entry-level positions in the installation and maintenance of landscapes. Instruction in plant identification, plant installation, care and pruning, and pest identification and control is emphasized in the course work.

Completers will be prepared for employment as entry-level maintenance staff.

Courses in this program can be transferred directly into the Horticulture Technology/Management associate degree curriculum.

**HORTICULTURE SCIENCE CERTIFICATE (C1524AC2)**  
Effective: Fall 2006  
Revised: 11/22/05

The Horticulture Science certificate program is designed to prepare individuals for entry-level positions in the installation, garden centers and nursery operations. Instruction in plant science, soil science and nursery operations. Instruction in plant science, soil science, greenhouse operations, plant identification and maintenance are emphasized in the course work. Upon completion individuals will be prepared to take the North Carolina Certified Plant Professional exam. Employment opportunities in entry level positions in garden centers, nurseries and landscape installation businesses would be possible. Courses in this certificate program can be transferred directly into the Horticulture Technology Associate degree program.

Co-op Option: Qualified students may elect to take up to three (3) credit hours of Cooperative Education in lieu of a major elective upon approval of the Department Chairperson and the Co-op Director.

* First 8 weeks  ** Second 8 weeks

MACHINING TECHNOLOGY A50300
The Machining Technology curriculum is designed to develop skills in the theory and safe use of hand tools, power machinery, computerized equipment, and sophisticated precision inspection instruments.

Employment opportunities for machining technicians exist in manufacturing industries, public institutions, governmental agencies, and in a wide range of specialty machining job shops.

Awards

Associate Degree: Machining Technology (A50300)
Length of Program: 5 Semesters
Prerequisite: High School Diploma

Diploma: Not Applicable
Length of Program:
Prerequisite:

Certificate: Basic Machining Technology Certificate (C50300C1)
Length of Program: 2 Semesters
Prerequisite: High School Diploma

Cooperative Education Requirements/Opportunities: For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

License or Certification Information: None Required

Program Information Contact:
Curriculum Chairperson: TBA
Telephone Number: (910) 678-8427
Office Location: Lafayette Hall, Room 137A
Email: canadyr@faytechcc.edu
Department Office: Lafayette Hall, Room 120

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Telephone: (910) 678-8383
FTCC Web Site: www.faytechcc.edu

**Application Deadlines:** The program is designed for a student to enter during the fall semester. A student may enter at other times with approval of the Department Chairperson.

**Scholarship/Financial Aid Information:** Scholarships are available. Financial Aid Office, Student Center, Room 126; Telephone: (910) 678-8448

**Child Care Financial Assistance Information:** See Child Care Associate, Student Center, Room 142; Telephone: (910) 678-8848/8387

**Telephone:** (910) 678-8383

---

**MACHINING TECHNOLOGY (A50300)**

Effective: Spring 2009
Revised: 12/18/08

**Length:** 5 Semesters

**Prerequisite:** High School Diploma

**Award:** Associate in Applied Science

**BASIC MACHINING TECHNOLOGY CERTIFICATE (C50300C1) Evening/Weekend Program**

Effective: Spring 2009
Revised: 12/18/08

This evening certificate program is designed to develop fundamental skills in the operation of machine tools including drilling, turning, milling, and grinding. Training in basic measuring, layout, and blueprint reading is also provided.

Completers will be prepared for employment as entry-level machine operators or machinist apprentices in area manufacturing firms.

Courses in this program can be transferred directly into the Machining Technology associate degree curriculum.

**Length:** 2 Semesters

**Prerequisite:** High School Diploma

**Award:** Certificate

---

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
MEDICAL OFFICE ADMINISTRATION A25310
This curriculum prepares individuals for employment in medical and other health-care related offices.

Course work will include medical terminology, information systems, office management, medical coding, billing and insurance, legal and ethical issues, and formatting and word processing. Students will learn administrative and support functions and develop skills applicable in medical environments.

Employment opportunities are available in medical and dental offices, hospitals, insurance companies, laboratories, medical supply companies, and other health-care related organizations.

Awards

Associate Degree: Medical Office Administration (A25310)
Length of Program: 5 Semesters
Prerequisite: High School Diploma and 1 unit of Algebra

Diploma: Not Applicable
Length of Program:
Prerequisite:

Certificate: Medical Office Administration Certificate (C25310C1)
Length of Program: 2 Semesters
Prerequisite: High School Diploma

Certificate: Medical Coding Specialist Certificate (C25310C2)
Length of Program: 3 Semesters
Prerequisite: High School Diploma

Certificate: Dental Office Specialist Certificate (C25310C3)
Length of Program: 3 Semesters
Prerequisite: High School Diploma

Cooperative Education Requirements/Opportunities: For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

License or Certification Information: None Required

### Program Descriptions

**MEDICAL OFFICE ADMINISTRATION (C25310C1)**  
**Effective Date:** Fall 2009  
**Revised:** 02/20/09  
**Day and Evening**

The Medical Office Administration certificate is designed to prepare individuals for employment in a medical office or other health-care related business.

The certificate program covers medical terminology; legal and ethical issues; medical coding, billing, and insurance; as well as, basic keyboarding and word processing.

### TOTAL REQUIRED CREDITS... 68

**Co-op Option:** One (1) credit hour is required. Qualified students may elect to take one (1) additional credit hour of Cooperative Education in lieu of a Major elective provided they acquire approval from the Co-op Director and the Department Chairperson.

**MEDICAL OFFICE ADMINISTRATION/  
MEDICAL CODING SPECIALIST (C25310C2)**  
**Effective Date:** Fall 2009  
**Revised:** 02/20/09  
**Day and Evening**

The Medical Coding Specialist certificate is designed to prepare individuals for employment in a medical office or other health-care related business.

The certificate program covers medical terminology; medical coding, billing and insurance; procedure and diagnostic coding and CPC coding certification. Students will learn accurate coding processes and develop skills applicable in the medical coding and billing field.

Upon completion of this program, students would be able to perform the necessary coding skills required in today’s medical office or transfer the course credits to the Medical Office Administration program for an Associate of Applied Science degree.

### TOTAL REQUIRED CREDITS... 18

### NETWORKING TECHNOLOGY A25340

The Networking Technology curriculum prepares students to install and support networks and develops strong analytical skills and extensive computer knowledge.

Course work includes extensive hands-on experience with networks. Classes cover media types, topologies, and protocols with installation and support of hardware and software, troubleshooting network and computer problems, and administrative responsibilities.

Graduates should qualify for positions such as: LAN/PC administrator, microcomputer support specialist, networks control operator, communications technician/analyst, network/computer consultant, and information systems specialist. Graduates should be prepared to sit for certification exams, which can result in industry-recognized credentials.

**Awards**

**Associate Degree:** Networking Technology (A25340)  
**Length of Program:** 5 Semesters  
**Prerequisite:** 2 Units of Algebra

**Diploma:** Not Applicable  
**Length of Program:**  
**Prerequisite:**

**Certificate:** Microsoft Networking (C25340C1)  
**Length of Program:** 2 Semesters  
**Prerequisite:** High School Diploma

**Certificate:** Novell Networking (C25340C2)  
**Length of Program:** 3 Semesters  
**Prerequisite:** High School Diploma

**Certificate:** Cisco Networking (C25340C3)  
**Length of Program:** 2 Semesters  
**Prerequisite:** High School Diploma

MICROSOFT NETWORKING CERTIFICATE
(C25340C1)
Effective: Fall 2008
Revised: 10/22/07

The Microsoft Networking Certificate will expose the student fundamentals of networking using Microsoft operating systems. This program will also cover the core exam objectives of the Microsoft Certified Professional (MCP) exam. Students are prepared to work in the field as network technicians supporting Microsoft products.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Courses in this program can be transferred directly into Networking Technology for an Associate in Applied Science degree.

**NOVELL NETWORKING CERTIFICATE (C25340C2)**  
Effective: Fall 2006  
Revised: 11/04/05

The Novell Networking Certificate will expose the student to fundamentals of networking and will give them the tools to deploy, operate, and troubleshoot Novell products and solutions. This program will also cover the core exam objectives of the Novell Certified Network Administrator (CNA) exam. Students are prepared to work in the field as network technicians supporting Novell products.

Courses in this program can be transferred directly into Networking Technology for an Associate in Applied Science degree.

Length: 3 Semesters  
Prerequisite: High School Diploma  
Award: Certificate

NUCLEAR MEDICINE TECHNOLOGY  A45460

The Nuclear Medicine Technology curriculum provides the clinical and didactic experience necessary to prepare students to qualify as entry-level Nuclear Medicine Technologists.

Students will acquire the knowledge and skills necessary to properly perform clinical procedures. These skills include patient care, use of radioactive materials, operation of imaging and counting instrumentation and laboratory procedures.

Graduates may be eligible to apply for certification/registration examinations given by the Nuclear Medicine Technology Certification Board and the American Registry of Radiologic Technologists.

Awards

Associate Degree: Nuclear Medicine Technology (A45460)
Length of Program: 5 Semesters
Prerequisite: High School Diploma
1 Unit of Algebra
1 Unit of Biology
1 Unit of Chemistry

Diploma: Nuclear Medicine Technology (D45460)
Length of Program: 4 Semesters
Prerequisite: Applicants must: (1) be currently enrolled as a second level Radiography student in the FTCC Radiography program. Radiography students must graduate spring semester and obtain AART certification by the end of the fall semester of the Nuclear Medicine Program or (2) have graduated from an accredited Radiography program with a minimum of a 2.5 GPA and be currently AART certified. Or (3) Currently certified Allied Health professionals* with an Associate or Bachelor Degree are not required to complete an Associate Degree in Nuclear Medicine Technology. Allied Health professionals* must be currently certified by their certifying agency prior to registration in the Nuclear Medicine Technology Program. Associate or Bachelor Degree patient care-related Allied Health professions accepted include: Nursing, Radiography, Respiratory Therapy, Physical Therapy, Medical or Cardiac Vascular Sonography Medical Assisting and Emergency Medicine (Paramedic). The following courses will be used to determine eligibility in the competitive process and must be completed in order to enter into the Nuclear Medicine Program: BIO 168 and 169, PSY-150, and a Humanities or Fine Arts elective.

Certificate: Not Applicable
Length of Program: 
Prerequisite: 

Cooperative Education Requirements/Opportunities: For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

License or Certification Information: Graduates are eligible to take the Nuclear Medicine Technology Certification Exam.

Program Information Contact:
Curriculum Chairperson: Tony Harris
Telephone Number: (919) 209-2185, (910) 678-8264
Office Location: Health Technology Center, Room 169
Email: ajharris@johnstoncc.edu
Department Office: Health Technology Center, Room 169
Telephone: (910) 678-8264
FTCC Web Site: www.faytechcc.edu

Application Deadlines: The program is designed for a student to enter during the fall semester. Students should apply by January 30th. Specific health program admission requirements must be met before a student is eligible for admission.

Scholarship/Financial Aid Information: Scholarships are available. Financial Aid Office, Student Center, Room 126; Telephone: (910) 678-8448

Child Care Financial Assistance Information:
See Child Care Associate, Student Center, Room 142; Telephone: (910) 678-8486/8387

Employment Statistics:
For employment statistics please see the FTCC Job Placement page at: www.faytechcc.edu/job_placement

ATTENTION: If you have missed a fall or spring semester, you must see a counselor to be readmitted into your program.

Revised: 03/23/09

NUCLEAR MEDICINE TECHNOLOGY (A45460)
Effective: Fall 2009
Revised: 11/20/08

Length: 5 Semesters

### Office Administration (A25370)

The Office Systems Technology curriculum prepares individuals for positions in administrative support careers. It equips office professionals to respond to the demands of a dynamic computerized workplace.

Students will complete courses designed to develop proficiency in the use of integrated software, oral and written communications, analysis and coordination of office duties and systems, and

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
other support topics. Emphasis is placed on nontechnical as well as technical skills.

Graduates should qualify for employment in a variety of positions in business, government, and industry. Job classifications range from entry-level to supervisory to middle management positions.

BASIC OFFICE ADMINISTRATION CERTIFICATE
(C25370C1)
Effective: Fall 2008
Revised: 11/20/08

The Basic Office Administration certificate is designed to give individuals the opportunity to acquire basic skills necessary for entry-level employment in today’s modern office.

This certificate program covers keyboarding, office computations, records management, word processing, and office software applications.

Upon completion of this program, students should be able to use these basic skills for entry-level employment or transfer the course credits to the Office Administration program for an Associate of Applied Science degree.

PARALEGAL TECHNOLOGY A25380

The Paralegal Technology curriculum prepares individuals to work under the supervision of attorneys by performing routine legal tasks and assisting with substantive legal work. A paralegal/legal assistant may not practice law, give legal advice, or represent clients in a court of law.

Course work includes substantive and procedural legal knowledge in the areas of civil litigation, legal research and writing, real estate, family law, wills, estates, trusts, and commercial law.

Required courses also include subjects such as English, mathematics, and computer utilization.

Graduates are trained to assist attorneys in probate work, investigations, public records search, drafting and filing legal documents, research, and office management. Employment opportunities are available in private law firms, governmental agencies, banks, insurance agencies, and other business organizations.

Awards

Associate Degree: Paralegal Technology (A25380)

PARALEGAL (D25380)
Effective: Fall 2009
Revised Date: 03/17/09

The Paralegal Diploma is a one-year program of study for those who already have a Bachelor’s degree. The diploma program provides intensive practical training in a variety of areas of law. Students who desire to refine the skills acquired through a Bachelor’s degree into marketable job competencies in the legal field will find this to be an excellent opportunity. A Paralegal/Legal Assistant may not practice law, give legal advice, or represent clients in a court of law.

Length: 3 Semesters
Prerequisite: BA Degree
Award: Diploma

PHARMACY TECHNOLOGY  D45580

The Pharmacy Technology curriculum prepares individuals to assist the pharmacist in duties that a technician can legally perform and to function within the boundaries prescribed by the pharmacist and the employment agency.

Graduates will maintain patient’s records; fill prescriptions; maintain inventories, setup, package, and label medication doses; prepare solutions and intravenous additives; perform clerical duties, including insurance forms and forms required by third-party payers.

Graduates may be employed in hospitals, nursing homes, private and chain drug stores, research laboratories, wholesale drug companies, and pharmaceutical manufacturing facilities. Graduates will qualify to take the National Certification Examination developed by the Pharmacy Technician Certification Board.

Students with a felony conviction may have limited certification and employment opportunities.

**PHYSICAL THERAPIST ASSISTANT (A45620)**

The Physical Therapist Assistant curriculum prepares graduates to work in direct patient care settings under supervision of physical therapists. Assistants work to improve or restore function by alleviation or prevention of physical impairment and perform other essential activities in a physical therapy department.

Course work includes normal human anatomy and physiology, the consequences of disease or injury, and physical therapy treatment of a variety of patient conditions affecting humans throughout the life span.
Graduates may be eligible to take the licensure examination administered by the NC Board of Physical Therapy Examiners. Employment is available in general hospitals, rehabilitation centers, extended care facilities, specialty hospitals, home health agencies, private clinics, and public school systems.

**Awards**

**Associate Degree:** Physical Therapist Assistant (A45620)  
**Length of Program:** 5 Semesters  
**Prerequisite:** Higher School Diploma: satisfactory completion of 2 units of algebra, 1 unit of biology and chemistry

**Diploma:** None

*ENG-101 will not transfer to Associate Degree program.

**Co-op Option:** Qualified students may elect to take up to three (3) credit hours of Cooperative Education provided they acquire approval from the Co-op Director and the Department Chairperson.
**BASIC PLUMBING CERTIFICATE (C35300C1)**  
*Evening/Weekend Program*  
*Effective: Fall 2006  
Revised: 07/18/06*

This evening certificate program is designed to prepare individuals for entry-level positions in plumbing. Course work includes fundamental practices in plumbing assembly and repair and in basic plumbing codes.

Opportunities for employment as plumbing assistants and as parts supply clerks exist throughout the area.

Courses in this program can be transferred directly into the Plumbing diploma curriculum.

**Length:** 2 Semesters  
**Prerequisite:** High School Diploma  
**Award:** Certificate

*R NUR-101, NUR-102 and NUR-103 will not transfer to Associate Degree program.

Students with a felony conviction may have limited licensure and employment opportunities.

*ACA 115 is recommended in addition to ACA 111 for students interested in bridging into the ADN program.

RADIOGRAPHY A45700
The Radiography curriculum prepares the graduate to be a radiographer, a skilled health care professional who uses radiation to produce images of the human body. Course work includes clinical rotations to area health care facilities, radiographic exposure, image processing, radiographic procedures, physics, pathology, patient care and management, radiation protection, quality assurance, anatomy and physiology, and radiobiology.

Graduates of accredited programs are eligible to apply to take the American Registry of Radiologic Technologists’ national examination for certification and registration as medical radiographers. Graduates may be employed in hospitals, clinics, physicians’ offices, medical laboratories, government agencies, and industry.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.

**RESPIRATORY THERAPY**  
**A45720**

The Respiratory Therapy curriculum prepares individuals to function as Respiratory Care Technicians and/or Respiratory Care Therapists. In these roles, individuals perform diagnostic testing, treatment, and management of patients with heart and lung diseases.

Students will master skills in patient assessment and treatment of cardiopulmonary diseases. These skills include life support, monitoring, drug administration, and treatment of patients of all ages in a variety of settings.

Graduates of accredited programs may be eligible to take entry-level examinations from the National Board of Respiratory Care. Therapy graduates may also take the Advanced Practitioner Examination.

Graduates may be employed in hospitals, clinics, nursing homes, education, industry, and home care.

SPEECH-LANGUAGE PATHOLOGY ASSISTANT  A45730

The Speech-Language Pathology Assistant curriculum prepares graduates to work under the supervision of a licensed Speech-Language Pathologist, who evaluates, diagnosis, and treats individuals with various communication disorders.

Courses provide instruction in methods of screening for speech, language, and hearing disorders and in following written protocols designed to remediate individual communication problems. Supervised field experience includes working with patients of various ages and various disorders.

Graduates may be eligible for registration with the North Carolina Board of Examiners for Speech-Language Pathologist and Audiologist and must be supervised by a licensed Speech-Language Pathologist. They may be employed in healthcare or education settings.

Students with a felony conviction may have limited licensure and employment opportunities.

SURGICAL TECHNOLOGY  A45740
The Surgical Technology curriculum prepares individuals to assist in the care of the surgical patient in the operating room and to function as a member of the surgical team.

Students will apply theoretical knowledge to the care of patients undergoing surgery and develop skills necessary to prepare supplies, equipment, and instruments; maintain aseptic conditions; prepare patients for surgery; and assist surgeons during operations.

Graduates of this program will be eligible to apply to take the NBSTSA (National Board of Surgical Technology and Surgical Assisting) Certification Examination for Surgical Technologists. Employment opportunities include labor/delivery/emergency departments, inpatient/outpatient surgery centers, dialysis units/facilities, physicians’ offices, and central supply processing units. Completion of the degree is recommended since it prepares the graduate for advanced placement in the Surgical Environment.

Awards

Associate Degree: Associate in Applied Science (A45740)
Length of Program: 5 Semesters
Prerequisite: 1 Unit of Biology and 1 Unit Algebra

Diploma: Surgical Technology (D45740)
Length of Program: 3 Semesters
Prerequisite: 1 Unit of Biology and 1 Unit Algebra

Diploma: Surgical Technology (D45740B)
Length of Program: 2 Semesters
Prerequisite: 1 Unit of Biology and 1 Unit Algebra, Current Surgical Technologist, Documented 1000 hrs. or more working experience, Documentation of having independently scrubbed on 125 cases, 2 letters of recommendation from former and/or current supervisors.

Cooperative Education Requirements/Opportunities: For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

**SURVEYING TECHNOLOGY (A40380)**

The Surveying Technology curriculum provides training for technicians in the many areas of surveying. Surveyors are involved in land surveying, route surveying, construction surveying, photogrammetry, mapping, global positioning systems, geographical information systems, and other areas of property description and measurements.

Course work includes the communication and computational skills required for boundary, construction, route, and control surveying, photogrammetry, topography, drainage, surveying law, and subdivision design, with emphasis upon applications of electronic data collection and related software including CAD.

Graduates should qualify for jobs as survey party chief, instrument person, surveying technician, highway surveyor, mapper, GPS technician, and CAD operator. Graduates will be prepared to pursue the requirements necessary to become a Registered Land Surveyor in North Carolina.

Co-op Option: Qualified students may elect to take up to six (6) credit hours of Cooperative Education in lieu of a Major elective provided they acquire approval from the Co-op Director and the Department Chairperson.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
WEB TECHNOLOGIES A25290
The Web Technologies curriculum prepares graduates for careers in the information technology arena using computers and distributed computing to disseminate and collect information via the web.

Course work in this program covers the terminology and use of computers, network devices, networks, servers, databases, applications, programming languages, as well as web applications, site development and design. Studies will provide opportunity for students to learn related industry standards.

Graduates should qualify for career opportunities as designers, administrators, or developers in the areas of web applications, websites, web services, and related areas of distributed computing.

Awards

WELDING TECHNOLOGY D50420

The Welding Technology curriculum provides students with a sound understanding of the science, technology and applications essential for successful employment in the welding and metal industry.

Instruction includes consumable and non-consumable electrode welding and cutting processes. Courses in math, blueprint reading, metallurgy, welding inspection, and destructive and non-destructive testing provide the student with industry-standard skills developed through classroom training and practical application.

Successful graduates of the Welding Technology curriculum may be employed as entry-level technicians in welding and metalworking industries. Career opportunities also exist in construction, manufacturing, fabrication, sales, quality control, supervision, and welding-related self-employment.

Awards

Associate Degree: Not Applicable

Length of Program:
Prerequisite:

Diploma: Welding Technology (D50420)
Length of Program: 3 Semesters
Prerequisite: High School Diploma

Certificate: Basic Welding Technology Certificate (C50420C1)
Length of Program: 2 Semesters
Prerequisite: High School Diploma

Cooperative Education Requirements/Opportunities: For cooperative education requirements/opportunities please see the appropriate Program Edplan and/or Sequencing sheet.

License or Certification Information: None Required

Program Information Contact:
Curriculum Chairperson: TBA
Telephone Number: (910) 678-1031
Office Location: Lafayette Hall, Room 149A
Email: canadyr@faytechcc.edu
Department Office: Lafayette Hall, Room 120
Telephone: (910) 678-8383
FTCC Web Site: www.faytechcc.edu

Application Deadlines: The program is designed for a student to enter during the fall semester. A student may enter at other times with approval of the Department Chairperson.

Scholarship/Financial Aid Information: Scholarships are available. Financial Aid Office, Student Center, Room 126; Telephone: (910) 678-8448

Child Care Financial Assistance Information:
See Child Care Associate, Student Center, Room 142; Telephone: (910) 678-8486/8387

Employment Statistics:
For employment statistics please see the FTCC Job Placement page at: www.faytechcc.edu/job_placement

ATTENTION: If you have missed a fall or spring semester, you must see a counselor to be readmitted into your program.

BASIC WELDING TECHNOLOGY (C50420C1)

Evening/Weekend Program
Effective: Fall 2006
Revised: 07/18/06

This evening certificate program is designed to give individuals the opportunity to acquire fundamental skills in welding. Coursework includes electrode welding and cutting processes and welding symbols and specifications.

Excellent employment opportunities as entry-level welding apprentices in industry, manufacturing and construction exist throughout the region.

Courses in this program can be transferred directly into the Welding Technology diploma program.

Length: 2 Semesters

Prerequisite: High School Diploma

ACC 140 Payroll Accounting 01 02 00 02
Prerequisites: ACC 115 or ACC 120
Corequisites: None
Component: None
This course covers federal and state laws pertaining to wages, payroll taxes, payroll tax forms, and journal and general ledger transactions. Emphasis is placed on computing wages; calculating social security, income, and unemployment taxes; preparing appropriate payroll tax forms; and journalizing/posting transactions. Upon completion, students should be able to analyze data, make appropriate computations, complete forms, and prepare accounting entries using appropriate technology. This course is also available through the Virtual Learning Community (VLC).

ACC 150 Acct Software Appl 01 02 00 02
Prerequisites: ACC 115 or ACC 120
Corequisites: None
Component: None
This course introduces microcomputer applications related to accounting systems. Topics include general ledger, accounts receivable, accounts payable, inventory, payroll, and correcting, adjusting, and closing entries. Upon completion, students should be able to use a computer accounting package to solve accounting problems. This course is also available through the Virtual Learning Community (VLC).

ACC 220 Intermediate Accounting I 03 02 00 04
Prerequisites: ACC 120 and ACC 121
Corequisites: None
Component: None
This course is a continuation of the study of accounting principles with in-depth coverage of theoretical concepts and financial statements. Topics include generally accepted accounting principles and an extensive analyses of financial statements. Upon completion, students should be able to demonstrate competence in the conceptual framework underlying financial accounting, including the application of financial standards. This course is also available through the Virtual Learning Community (VLC).

ACC 221 Intermediate Accounting II 03 02 00 04
Prerequisites: ACC 220
Corequisites: None
Component: None
This course is a continuation of ACC 220. Emphasis is placed on special problems which may include leases, bonds, investments, ratio analyses, present value applications, accounting changes, and corrections. Upon completion, students should be able to demonstrate an understanding of the principles involved and display an analytical problem-solving ability for the topics covered.

ACC 225 Cost Accounting 03 00 00 03
Prerequisites: ACC 121
Corequisites: None
Component: None
This course introduces the nature and purposes of cost accounting as an information system for planning and control. Topics include direct materials, direct labor, factory overhead, process, job order, and standard cost systems. Upon completion, students should be able to demonstrate an understanding of the principles involved and display an analytical problem-solving ability for the topics covered.

ACC 226 Adv Managerial Acct 03 00 00 03
Prerequisites: ACC 121 and ACC 225
Corequisites: None
Component: None
This course is designed to develop an appreciation for the uses of cost information in the administration and control of business organizations. Emphasis is placed on how accounting data can be interpreted and used by management in planning and controlling business activities. Upon completion, students should be able to analyze and interpret cost information and present this information in a form that is usable by management.

ACC 227 Practices in Accounting 03 00 00 03
Prerequisites: ACC 220
Corequisites: None
Component: None
This course provides an advanced in-depth study of selected topics in accounting using case studies and individual and group problem solving. Topics include cash flow, financial statement analysis, individual and group problem solving, practical approaches to dealing with clients, ethics, and critical thinking. Upon completion, students should be able to demonstrate competent analytical skills and effective communication of their analysis in written and/or oral presentations.

ACC 240 Governmental & Not-for-Profit Accounting 03 00 00 03
Prerequisites: ACC 121
Corequisites: None
Component: None
This course introduces principles and procedures applicable to governmental and not-for-profit organizations. Emphasis is placed on various budgetary accounting procedures and fund accounting. Upon completion, students should be able to demonstrate an understanding of the principles involved and display an analytical problem-solving ability for the topics covered.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Course Descriptions

ACC 250 Advanced Accounting  03 00 00 03
Prerequisites: ACC 220
Corequisites: None
Component: None
This course is designed to analyze special accounting issues, which may include business combinations, partnerships, international accounting, estates, and trusts. Emphasis is placed on analyzing transactions and preparing working papers and financial statements. Upon completion, students should be able to solve a wide variety of problems by advanced application of accounting principles and procedures.

ACC 269 Audit & Assurance Servcs  03 00 00 03
Prerequisites: ACC 220
Corequisites: None
Component: None
This course introduces selected topics pertaining to the objectives, theory and practices in engagements providing auditing and other assurance services. Topics will include planning, conducting and reporting, with emphasis on the related professional ethics and standards. Upon completion, students should be able to demonstrate an understanding of the types of professional services, the related professional standards, and engagement methodology.

AHR 110 Introduction to Refrigeration  02 06 00 05
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic refrigeration process used in mechanical refrigeration and air conditioning systems. Topics include terminology, safety, and identification and function of components; refrigeration cycle; and tools and instrumentation used in mechanical refrigeration systems. Upon completion, students should be able to identify refrigeration systems and components, explain the refrigeration process, and use the tools and instrumentation of the trade.

AHR 111 HVACR Electricity  02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces electricity as it applies to HVACR equipment. Emphasis is placed on power sources, interaction of electrical components, wiring of simple circuits, and the use of electrical test equipment. Upon completion, students should be able to demonstrate good wiring practices and the ability to read simple wiring diagrams.

AHR 112 Heating Technology  02 04 00 04
Prerequisites: AHR 110
Corequisites: None
Component: None
This course covers the fundamentals of heating including oil, gas, and electric heating systems. Topics include safety, tools and instrumentation, system operating characteristics, installation techniques, efficiency testing, electrical power, and control systems. Upon completion, students should be able to explain the basic oil, gas, and electrical heating systems and describe the major components of a heating system.

AHR 113 Comfort Cooling  02 04 00 04
Prerequisites: None
Corequisites: None
Component: None
This course covers the installation procedures, system operations, and maintenance of residential and light commercial comfort cooling systems. Topics include terminology, component operation, and testing and repair of equipment used to control and produce assured comfort levels. Upon completion, students should be able to use psychrometrics, manufacturer specifications, and test instruments to determine proper system operation.

AHR 114 Heat Pump Technology  02 04 00 04
Prerequisites: AHR 110 or AHR 113
Corequisites: None
Component: None
This course covers the principles of air source and water source heat pumps. Emphasis is placed on safety, modes of operation, defrost systems, refrigerant charging, and system performance. Upon completion, students should be able to understand and analyze system performance and perform routine service procedures.

AHR 115 Refrigeration Systems  01 03 00 02
Prerequisites: All courses required: AHR 110, AHR 130
Corequisites: None
Component: None
This course introduces refrigeration systems and applications. Topics include defrost methods, safety and operational control, refrigerant piping, refrigerant recovery and charging, and leak testing. Upon completion, students should be able to assist in installing and testing refrigeration systems and perform simple repairs.

AHR 120 HVACR Maintenance  01 03 00 02
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic principles of industrial air conditioning and heating systems. Emphasis is placed on preventive maintenance procedures for heating and cooling equipment and related components. Upon completion, students should be able to perform routine preventive maintenance tasks, maintain records, and assist in routine equipment repairs.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
AHR 130 HVAC Controls  02 02 00 03
Prerequisites: AHR 111 or ELC 111
Corequisites: None
Component: None
This course covers the types of controls found in residential and commercial comfort systems. Topics include electrical and electronic controls, control schematics and diagrams, test instruments, and analysis and troubleshooting of electrical systems. Upon completion, students should be able to diagnose and repair common residential and commercial comfort system controls.

AHR 133 HVAC Servicing  02 06 00 04
Prerequisites: AHR 112 or AHR 113
Corequisites: None
Component: None
The course covers the maintenance and servicing of HVAC equipment. Topics include testing, adjusting, maintaining, and troubleshooting HVAC equipment and record keeping. Upon completion, students should be able to adjust, maintain, and service HVAC equipment.

AHR 151 HVAC Duct Systems I  01 03 00 02
Prerequisites: AHR 112
Corequisites: None
Component: None
This course introduces the techniques used to lay out and fabricate duct work commonly found in HVAC systems. Emphasis is placed on the skills required to fabricate duct work. Upon completion, students should be able to lay out and fabricate simple duct work.

AHR 160 Refrigerant Certification  01 00 00 01
Prerequisites: None
Corequisites: None
Component: None
This course covers the requirements for the EPA certification examinations. Topics include small appliances, high pressure systems, and low pressure systems. Upon completion, students should be able to demonstrate knowledge of refrigerants and be prepared for the EPA certification examinations.

AHR 180 HVACR Customer Relations  01 00 00 01
Prerequisites: AHR 114
Corequisites: None
Component: None
This course introduces common business and customer relation practices that may be encountered in HVACR. Topics include business practices, appearance of self and vehicle, ways of handling customer complaints, invoices, telephone communications, and warranties. Upon completion, students should be able to present themselves to customers in a professional manner, understand how the business operates, complete invoices, and handle complaints.

AHR 210 Residential Building Code  01 02 00 02
Prerequisites: AHR 151
Corequisites: None
Component: None
This course covers the residential building codes that are applicable to the design and installation of HVAC systems. Topics include current residential codes as applied to HVAC design, service, and installation. Upon completion, students should be able to demonstrate the correct usage of residential building codes that apply to specific areas of the HVAC trade.

AHR 211 Residential System Design  02 02 00 03
Prerequisites: AHR 151
Corequisites: None
Component: None
This course introduces the principles and concepts of conventional residential heating and cooling system design. Topics include heating and cooling load estimating, basic psychometrics, equipment selection, duct system selection, and system design. Upon completion, students should be able to design a basic residential heating and cooling system.

AHR 212 Advanced Comfort Systems  02 06 00 04
Prerequisites: All courses required: AHR 114, AHR 115
Corequisites: None
Component: None
This course covers water-cooled comfort systems, water-source/geothermal heat pumps, and high efficiency heat pump systems including variable speed drives and controls. Emphasis is placed on the application, installation, and servicing of water-source systems and the mechanical and electronic control components of advanced comfort systems. Upon completion, students should be able to test, analyze, and troubleshoot water-cooled comfort systems, water-source/geothermal heat pumps, and high efficiency heat pumps.

AHR 215 Commercial HVAC Controls  01 03 00 02
Prerequisites: AHR 111
Corequisites: None
Component: None
This course introduces HVAC control systems used in commercial applications. Topics include electric/electronic control systems, pneumatic control systems, DDC temperature sensors, humidity sensors, pressure sensors, wiring, controllers, actuators, and controlled devices. Upon completion, students should be able to verify or correct the performance of common control systems with regard to sequence of operation and safety.

This course covers the accepted procedures for proper design, installation, and balance of hydronic heating systems for residential or commercial buildings. Topics include heating equipment; pump, terminal unit, and accessory selection; piping system selection and design; and pipe sizing and troubleshooting. Upon completion, students should be able to assist with the proper design, installation, and balance of typical hydronic systems.

This course introduces the fundamentals of liquid chilling equipment. Topics include characteristics of water, principles of water chilling, the chiller, the refrigerant, water and piping circuits, freeze prevention, purging, and equipment flexibility. Upon completion, students should be able to describe the components, controls, and overall operation of liquid chilling equipment and perform basic maintenance tasks.

This course is a comprehensive study of air conditioning, heating, and refrigeration system diagnostics and corrective measures. Topics include advanced system analysis, measurement of operating efficiency, and inspection and correction of all major system components. Upon completion, students should be able to restore a residential or commercial AHR system so that it operates at or near manufacturers’ specifications.

This course introduces the physical, archaeological, linguistic, and ethnological fields of anthropology. Topics include human origins, genetic variations, archaeology, linguistics, primatology, and contemporary cultures. Upon completion, students should be able to demonstrate an understanding of the four major fields of anthropology. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

This course introduces the nature of human culture. Emphasis is placed on cultural theory, methods of fieldwork, and cross-cultural comparisons in the areas of ethnology, language, and the cultural past. Upon completion, students should be able to demonstrate an understanding of basic cultural processes and how cultural data are collected and analyzed. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

This course introduces the nature of human culture. Emphasis is placed on cultural theory, methods of fieldwork, and cross-cultural comparisons in the areas of ethnology, language, and the cultural past. Upon completion, students should be able to demonstrate an understanding of basic cultural processes and how cultural data are collected and analyzed. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

This course provides an ethnographic survey of societies around the world covering their distinctive cultural characteristics and how these relate to cultural change. Emphasis is placed on the similarities and differences in social institutions such as family, economics, politics, education, and religion. Upon completion, students should be able to demonstrate knowledge of a variety of cultural adaptive strategies. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

This course provides laboratory work that reinforces the material presented in ANT 230. Emphasis is placed on laboratory exercises which may include fossil identification, genetic analysis, skeletal comparisons, forensics, computer simulations, and field observations. Upon completion, students should be able to demonstrate an understanding of the analytical skills employed by anthropologists in the study of primate evolution and variation. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
ANT 240 Archaeology
Prerequisites: None
Corequisites: None
Component: None
This course introduces the scientific study of the unwritten record of the human past. Emphasis is placed on the process of human cultural evolution as revealed through archaeological methods of excavation and interpretation. Upon completion, students should be able to demonstrate an understanding of how archaeologists reconstruct the past and describe the variety of past human cultures. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

ARC 111 Introduction to Architectural Technology
Prerequisites: None
Corequisites: None
Component: None
This course introduces basic architectural drafting techniques, lettering, use of architectural and engineer scales, and sketching. Topics include orthographic, axonometric, and oblique drawing techniques using architectural plans, elevations, sections, and details; reprographic techniques; and other related topics. Upon completion, students should be able to prepare and print scaled drawings within minimum architectural standards.

ARC 112 Construction Materials & Methods
Prerequisites: None
Corequisites: None
Component: None
This course introduces construction materials and their methodologies. Topics include construction terminology, materials and their properties, manufacturing processes, construction techniques, and other related topics. Upon completion, students should be able to detail construction assemblies and identify construction materials and properties.

ARC 113 Residential Architectural Tech
Prerequisites: ARC 111
Corequisites: ARC 112
Component: None
This course covers intermediate residential working drawings. Topics include residential plans, elevations, sections, details, schedules, and other related topics. Upon completion, students should be able to prepare a set of residential working drawings that are within accepted architectural standards.

ARC 114 Architectural CAD
Prerequisites: None
Corequisites: None
This course provides file management, productivity, and CAD customization skills. Emphasis is placed on developing advanced CAD techniques. Topics include basic commands and system hardware and software. Upon completion, students should be able to prepare and plot architectural drawings to scale within accepted architectural standards.

ARC 114A Architectural CAD Lab
Prerequisites: None
Corequisites: ARC 114
Component: None
This course provides a laboratory setting to enhance architectural CAD skills. Emphasis is placed on further development of commands and system operation. Upon completion, students should be able to prepare and plot scaled architectural drawings.

ARC 131 Building Codes
Prerequisites: ARC 112 or CAR 111
Corequisites: None
Component: None
This course covers the methods of researching building codes for specific projects. Topics include residential and commercial building codes. Upon completion, students should be able to determine the code constraints governing residential and commercial projects.

ARC 211 Light Construction Technology
Prerequisites: ARC 111
Corequisites: ARC 112
Component: None
This course covers working drawings for light construction. Topics include plans, elevations, sections, and details; schedules; and other related topics. Upon completion, students should be able to prepare a set of working drawings which are within accepted architectural standards.

ARC 213 Design Project
Prerequisites: All courses required: ARC 111, ARC 112 and ARC 114
Corequisites: None
Component: None
This course provides the opportunity to design and prepare a set of contract documents within an architectural setting. Topics include schematic design, design development, construction documents, and other related topics. Upon completion, students should be able to prepare a set of commercial contract documents.

ARC 220 Advanced Architect CAD
Prerequisites: ARC 114
Corequisites: None
Component: None
This course provides file management, productivity, and CAD customization skills. Emphasis is placed on developing advanced CAD techniques. Topics include basic commands and system hardware and software. Upon completion, students should be able to prepare and plot architectural drawings to scale within accepted architectural standards.
proficiency techniques. Upon completion, students should be able to create prototype drawings and symbol libraries, compose sheets with multiple details, and use advanced drawing and editing commands.

ARC 221 Architectural 3-D CAD  01 04 00 03
Prerequisites: ARC 114
Corequisites: None
Component: None
This course introduces architectural three-dimensional CAD applications. Topics include three-dimensional drawing, coordinate systems, viewing, rendering, modeling, and output options. Upon completion, students should be able to prepare architectural three-dimensional drawings and renderings.

ARC 230 Environmental Systems  03 03 00 04
Prerequisites: ARC 111 and MAT 121, MAT 151, MAT 161, MAT 171, or MAT 175
Corequisites: None
Component: None
This course introduces plumbing, mechanical (HVAC), and electrical systems for the architectural environment. Topics include basic plumbing, mechanical, and electrical systems for residential and/or commercial buildings with an introduction to selected code requirements. Upon completion, students should be able to develop schematic drawings for plumbing, mechanical, and electrical systems and perform related calculations.

ARC 231 Architectural Presentations  02 04 00 04
Prerequisites: ARC 111
Corequisites: None
Component: None
This course introduces architectural presentation techniques. Topics include perspective drawing, shadow projection, texturization, rendered plans, elevations, and other related topics. Upon completion, students should be able to present ideas graphically and do rendered presentation drawings.

ARC 235 Architectural Portfolio  02 03 00 03
Prerequisites: ARC 221
Corequisites: None
Component: None
This course covers the methodology for the creation of an architectural portfolio. Topics include preparation of marketing materials and a presentation strategy using conventional and/or digital design media. Upon completion, students should be able to produce an architectural portfolio of selected projects.

ARC 240 Site Planning  02 02 00 03
Prerequisites: ARC 111
Corequisites: None
Component: None
This course introduces the principles of site planning, grading plans, and earthwork calculations. Topics include site analysis, site work, site utilities, cut and fill, soil erosion control, and other related topics. Upon completion, students should be able to prepare site development plans and details and perform cut and fill calculations.

ARC 250 Survey of Architecture  03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the historical trends in architectural form. Topics include historical and current trends in architecture. Upon completion, students should be able to demonstrate an understanding of significant historical and current architectural styles.

ARC 264 Digital Architecture  01 03 00 02
Prerequisites: ARC 114 and ARC 114A OR DFT 151 AND DFT 152
Corequisites: None
Component: None
This course covers multiple digital architectural techniques. Topics include spreadsheets and word processing procedures, online resources, modems, e-mail, image capture, multimedia, and other related topics. Upon completion, students should be able to transmit/receive electronic data, create multimedia presentations, and produce a desktop publishing document.

ART 111 Art Appreciation  03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the origins and historical development of art. Emphasis is placed on the relationship of design principles to various art forms including but not limited to sculpture, painting, and architecture. Upon completion, students should be able to identify and analyze a variety of artistic styles, periods, and media. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

ART 114 Art History Survey I  03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the development of art forms from ancient times to the Renaissance. Emphasis is placed on content, terminology, design, and style. Upon completion, students should be able to demonstrate an historical understanding of art as a product reflective of human social development. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

ART 115 Art History Survey II  03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the development of art forms from the Renaissance...
to the present. Emphasis is placed on content, terminology, design, and style. Upon completion, students should be able to demonstrate an historical understanding of art as a product reflective of human social development. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts. This course is also available through the Virtual Learning Community (VLC).

ART 117 Non-Western Art History  03  00  00  03
Prerequisites: None
Corequisites: None
Component: None
This course introduces non-Western cultural perspectives. Emphasis is placed on, but not limited to, African, Oriental, and Oceanic art forms throughout history. Upon completion, students should be able to demonstrate understanding of the history of the American creative experience. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

ART 121 Design I  00  06  00  03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the elements and principles of design as applied to two-dimensional art. Emphasis is placed on the structural elements, the principles of visual organization, and the theories of color mixing and interaction. Upon completion, students should be able to understand and use critical and analytical approaches as they apply to two-dimensional visual art. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ART 122 Design II  00  06  00  03
Prerequisites: ART 121
Corequisites: None
Component: None
This course introduces basic studio problems in three-dimensional visual design. Emphasis is placed on the structural elements and organizational principles as applied to mass and space. Upon completion, students should be able to apply three-dimensional design concepts. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ART 131 Drawing I  00  06  00  03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the language of drawing and the use of various drawing materials. Emphasis is placed on drawing techniques, media, and graphic principles. Upon completion, students should be able to demonstrate competence in the use of graphic form and various drawing processes. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ART 132 Drawing II  00  06  00  03
Prerequisites: ART 131
Corequisites: None
Component: None
This course continues instruction in the language of drawing and the use of various materials. Emphasis is placed on experimentation in the use of drawing techniques, media, and graphic materials. Upon completion, students should be able to demonstrate increased competence in the expressive use of graphic form and techniques. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ART 135 Figure Drawing I  00  06  00  03
Prerequisites: ART 131
Corequisites: None
Component: None
This course introduces rendering the human figure with various drawing materials. Emphasis is placed on the use of the visual elements, anatomy, and proportion in the representation of the draped and undraped figure. Upon completion, students should be able to demonstrate competence in drawing the human figure. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ART 171 Computer Art I  00  06  00  03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the use of the computer as a tool for solving visual problems. Emphasis is placed on fundamentals of computer literacy and design through bit-mapped image manipulation. Upon completion, students should be able to demonstrate an understanding of paint programs, printers, and scanners to capture, manipulate, and output images. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
ART 212 Gallery Assistanship I 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course covers the practical application of display techniques. Emphasis is placed on preparation of artwork for installation, hardware systems, and exhibition graphics. Upon completion, students should be able to demonstrate basic gallery exhibition skills. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

ART 213 Gallery Assistanship II 00 02 00 01
Prerequisites: ART 212
Corequisites: None
Component: None
This course provides additional experience in display techniques. Emphasis is placed on preparation of artwork for exhibition, alternative methods of installation, hardware systems, and exhibition graphics. Upon completion, students should be able to demonstrate independent decision-making and exhibition expertise. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

ART 214 Portfolio and Résumé 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course covers résumé writing, interview skills, and the preparation and presentation of an art portfolio. Emphasis is placed on the preparation of a portfolio of original artwork, the preparation of a photographic portfolio, approaches to résumé writing, and interview techniques. Upon completion, students should be able to mount original art for portfolio presentation, photograph and display a professional slide portfolio, and write an effective résumé. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

ART 222 Wood Design I 00 06 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the historical and contemporary design concepts and their application to the construction of functional and sculptural wood forms. Emphasis is placed on the mastery of hand and power tools. Upon completion, students should be able to demonstrate appropriate use of tools to create unique designs. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

ART 223 Wood Design II 00 06 00 03
Prerequisites: ART 222
Corequisites: None
Component: None
This course provides a continuation of the skills and techniques used in ART 222. Emphasis is placed on woodcarving and other processes. Upon completion, students should be able to use original designs in the creation of functional and sculptural forms. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

ART 231 Printmaking I 00 06 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces printmaking: its history, development techniques, and processes. Emphasis is placed on basic applications with investigation into image source and development. Upon completion, students should be able to produce printed images utilizing a variety of methods. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

ART 232 Printmaking II 00 06 00 03
Prerequisites: ART 231
Corequisites: None
Component: None
This course includes additional methods and printmaking processes. Emphasis is placed on the printed image as related to method, source, and concept. Upon completion, students should be able to produce expressive images utilizing both traditional and innovative methods. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

ART 235 Figure Drawing II 00 06 00 03
Prerequisites: ART 135
Corequisites: None
Component: None
This course extends the study and rendering of the draped and undraped human figure. Emphasis is placed on the exploration of materials and approaches to drawing. Upon completion, students should be able to demonstrate creativity in the representation of the figure. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

ART 240 Painting I 00 06 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the language of painting and the use of various painting materials. Emphasis is placed on the understand-
ART 241 Painting II 00 06 00 03
Prerequisites: ART 240
Corequisites: None
Component: None
This course provides a continuing investigation of the materials, processes, and techniques of painting. Emphasis is placed on the exploration of expressive content using a variety of creative processes. Upon completion, students should be able to demonstrate competence in the expanded use of form and variety. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ART 242 Landscape Painting 00 06 00 03
Prerequisites: ART 240
Corequisites: None
Component: None
This course introduces and practices the skills and techniques of open-air painting. Emphasis is placed on techniques of painting summer foliage, skies, and mountains, and the elements of aerial perspective. Upon completion, students should be able to complete an open-air landscape painting employing brush, knife, scumbling, and glazing techniques. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ART 244 Watercolor 00 06 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces basic methods and techniques used in watercolor. Emphasis is placed on application, materials, content, and individual expression. Upon completion, students should be able to demonstrate a variety of traditional and nontraditional concepts used in watercolor media. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ART 245 Metals I 00 06 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces basic metal design in traditional and contemporary art forms using brass, copper, and silver. Emphasis is placed on designing and fabricating jewelry, small sculptures, and utilitarian objects. Upon completion, students should be able to design and produce small art objects. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

ART 246 Metals II 00 06 00 03
Prerequisites: ART 245
Corequisites: None
Component: None
This course provides a continuation of metal design utilizing basic methods of casting and other processes. Emphasis is placed on individualized design. Upon completion, students should be able to design and produce expressive forms. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

ART 250 Surface Design: Textiles 00 06 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic principles and elements of art as applied to textile surfaces. Emphasis is placed on direct, top-dyed processes that utilize both synthetic and natural dyes, and techniques such as batiking, stenciling, and stamping. Upon completion, students should be able to demonstrate a basic understanding of appropriate materials and techniques as they apply to original design on a variety of textile surfaces. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

ART 251 Photography I 00 06 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces photographic equipment, theory, and processes. Emphasis is placed on camera operation, composition, darkroom technique, and creative expression. Upon completion, students should be able to successfully expose, develop, and print a well-conceived composition. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

ART 252 Photography II 00 06 00 03
Prerequisites: ART 251
Corequisites: None
Component: None
This course introduces the creative manipulation of alternative photographic materials and processes such as toning, hand coloring, infrared, and multiple exposure. Emphasis is placed on personal vision and modes of seeing. Upon completion, students should be able to create properly exposed images using a variety of photographic materials and processes. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

ART 263 Color Photography 00 06 00 03
Prerequisites: ART 262
Corequisites: None
Component: None
Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course provides an introduction to the procedures and processes involved in color photography. Emphasis is placed on the study of light, filtration, exposure, and films along with the processing and printing of color negative materials. Upon completion, students should be able to demonstrate an understanding of color principles, theories, and processes by using them creatively in the production of color prints. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**ART 264 Digital Photography I**  01  04  00  03
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces digital photographic equipment, theory and processes. Emphasis is placed on camera operation, composition, computer photo manipulation and creative expression. Upon completion, students should be able to successfully expose, digitally manipulate, and print a well-conceived composition. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**ART 265 Digital Photography II**  01  04  00  03
Prerequisites: ART 264  
Corequisites: None  
Component: None  
This course provides exploration of the concepts and processes of photo manipulation through complex composite images, special effects, color balancing and image/text integration. Emphasis is placed on creating a personal vision and style. Upon completion, students should be able to produce well-executed images using a variety of photographic and photo manipulative approaches. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**ART 281 Sculpture I**  00  06  00  03
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides an exploration of the creative and technical methods of sculpture with focus on the traditional processes. Emphasis is placed on developing basic skills as they pertain to three-dimensional expression in various media. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**ART 282 Sculpture II**  00  06  00  03
Prerequisites: ART 281  
Corequisites: None  
Component: None  
This course builds on the visual and technical skills learned in ART 281. Emphasis is placed on developing original solutions to sculptural problems in a variety of media. Upon completion, students should be able to express individual ideas using the techniques and materials of sculpture. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**ART 283 Ceramics I**  00  06  00  03
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides an introduction to three-dimensional design principles using the medium of clay. Emphasis is placed on fundamentals of forming, surface design, glaze application, and firing. Upon completion, students should be able to demonstrate skills in slab and coil construction, simple wheel forms, glaze technique, and creative expression. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**ART 284 Ceramics II**  00  06  00  03
Prerequisites: ART 283  
Corequisites: None  
Component: None  
This course covers advanced hand building and wheel techniques. Emphasis is placed on creative expression, surface design, sculptural quality, and glaze effect. Upon completion, students should be able to demonstrate a high level of technical competence in forming and glazing with a development of three-dimensional awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**ART 285 Ceramics III**  00  06  00  03
Prerequisites: ART 284  
Corequisites: None  
Component: None  
This course provides the opportunity for advanced self-determined work in sculptural and functional ceramics. Emphasis is placed on developing the technical awareness of clay bodies, slips, engobes, and firing procedures necessary to fulfill the student’s artistic goals. Upon completion, students should be able to demonstrate a knowledge of materials and techniques necessary to successfully create original projects in the clay medium. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**ART 286 Ceramics IV**  00  06  00  03
Prerequisites: ART 285  
Corequisites: None  
Component: None  
This course provides the opportunity for self-determined work in sculptural and functional ceramics. Emphasis is placed on developing the technical awareness of glaze materials, glaze formulation, and firing techniques necessary to fulfill the student’s artistic
goals. Upon completion, students should be able to demonstrate knowledge of materials and techniques necessary to successfully create original projects in the clay medium. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**ART 288 Studio**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides the opportunity for advanced self-determined work beyond the limits of regular studio course sequences. Emphasis is placed on creative self-expression and in-depth exploration of techniques and materials. Upon completion, students should be able to create original projects specific to media, materials, and techniques. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**ASL 111 Elementary ASL I**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the fundamental elements of American Sign Language within a cultural context. Emphasis is placed on the development of basic expressive and receptive skills. Upon completion, students will be able to comprehend and respond with grammatical accuracy to expressive American Sign Language and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**ASL 112 Elementary ASL II**  
Prerequisites: ASL 111  
Corequisites: None  
Component: None  
This course is a continuation of ASL 111 focusing on the fundamental elements of American Sign Language in a cultural context. Emphasis is placed on the progressive development of expressive and receptive skills. Upon completion, the students should be able to comprehend and respond with increasing accuracy to expressive American Sign Language and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**ASL 181 ASL Lab 1**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides an opportunity to enhance acquisition of the fundamental elements of American Sign Language. Emphasis is placed on the progressive development of basic expressive and receptive skills through the use of supplementary learning materials. Upon completion, students should be able to comprehend and respond with increasing accuracy to expressive American Sign Language and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**ASL 182 ASL Lab 2**  
Prerequisites: ASL 181  
Corequisites: None  
Component: None  
This course provides an opportunity to enhance acquisition of the fundamental elements of American Sign Language. Emphasis is placed on the progressive development of basic expressive and receptive skills through the use of supplementary learning media and materials. Upon completion, students should be able to comprehend and respond with increasing accuracy to expressive American Sign Language and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**ASL 211 Intermediate ASL I**  
Prerequisites: ASL 112  
Corequisites: None  
Component: None  
This course provides a review and expansion of the essential skills of American Sign Language. Emphasis is placed on the progressive development of expressive and receptive skills, study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate effectively, accurately, and creatively using American Sign Language about the past, present, and future. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**ASL 212 Intermediate ASL II**  
Prerequisites: ASL 211  
Corequisites: None  
Component: None  
This course provides a continuation of ASL 211. Emphasis is placed on the continuing development of expressive and receptive skills study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**ASL 281 ASL Lab 3**  
Prerequisites: ASL 182  
Corequisites: None  
Component: None  
This course provides an opportunity to enhance the review and
the expansion of the essential skills of American Sign Language. Emphasis is placed on the progressive development of expressive and receptive skills study of and representative literary and cultural texts through the use of various supplementary learning media and materials. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**ASL 282 ASL Lab 4**  
00 02 00 01  
Prerequisites: ASL 281  
Corequisites: None  
Component: None  
This course provides an opportunity to enhance the review and the expansion of the essential skills of American Sign Language. Emphasis is placed on the continuing development of expressive and receptive skills study of authentic and representative literary and cultural texts through the use of various supplementary learning media and materials. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication. This course has been approved to satisfy the comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**AST 111 Descriptive Astronomy**  
03 00 00 03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces an overall view of modern astronomy. Topics include an overview of the solar system, the sun, stars, galaxies, and the larger universe. Upon completion, students should be able to demonstrate an understanding of the universe around them. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**AST 111A Descriptive Astronomy Lab**  
00 02 00 01  
Prerequisites: None  
Corequisites: AST 111  
Component: None  
The course is a laboratory to accompany AST 111. Emphasis is placed on laboratory experiences which enhance the materials presented in AST 111 and which provide practical experience. Upon completion, students should be able to demonstrate an understanding of the universe around them. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**AST 151 General Astronomy I**  
03 00 00 03  
Prerequisites: None  
Corequisites: AST 151A  
Component: None  
This course introduces the science of modern astronomy with a concentration on the solar system. Emphasis is placed on the history and physics of astronomy and an introduction to the solar system, including the planets, comets, and meteors. Upon completion, students should be able to demonstrate a general understanding of the solar system. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**AST 151A General Astronomy I Lab**  
00 02 00 01  
Prerequisites: None  
Corequisites: AST 151  
Component: None  
The course is a laboratory to accompany AST 151. Emphasis is placed on laboratory experiences which enhance the materials presented in AST 151 and which provide practical experience. Upon completion, students should be able to demonstrate a general understanding of the solar system. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**AST 152 General Astronomy II**  
03 00 00 03  
Prerequisites: AST 151  
Corequisites: AST 152A  
Component: None  
This course is a continuation of AST 151 with primary emphasis beyond the solar system. Topics include the sun, stars, galaxies, and the larger universe, including cosmology. Upon completion, students should be able to demonstrate a working knowledge of astronomy. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**AST 152A General Astronomy II Lab**  
00 02 00 01  
Prerequisites: AST 151  
Corequisites: AST 152  
Component: None  
The course is a laboratory to accompany AST 152. Emphasis is placed on laboratory experiences which enhance the materials presented in AST 152 and which provide practical experience. Upon completion, students should be able to demonstrate a working knowledge of astronomy. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**ATR 211 Robot Programming**  
02 03 00 03  
Prerequisites: ELN 131 and ELN 233  
Corequisites: None  
Component: None  
This course provides the operational characteristics of industrial robots and programming in their respective languages. Topics include robot programming utilizing teach pendants, PLCs, and personal computers; and the interaction of external sensors, machine vision, network systems, and other related devices. Upon completion, students should be able to program and demonstrate the operation of various robots.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
ATR 212 Industrial Robots 02 03 00 03
Prerequisites: ELN 131 and ELN 233
Corequisites: None
Component: None
This course covers the operation of advanced industrial robots. Topics include the classification of robots, activators, grippers, work envelopes, computer interfaces, overlapping work envelopes, installation, and programming. Upon completion, students should be able to install, program, and troubleshoot industrial robots.

AUB 111 Painting & Refinishing I 02 06 00 04
Prerequisites: None
Corequisites: None
Component: None
This course introduces the proper procedures for using automotive refinishing equipment and materials in surface preparation and application. Topics include federal, state, and local regulations, personal safety, refinishing equipment and materials, surface preparation, masking, application techniques, and other related topics. Upon completion, students should be able to identify and use proper equipment and materials in refinishing following accepted industry standards.

AUB 112 Painting & Refinishing II 02 06 00 04
Prerequisites: AUB 111
Corequisites: None
Component: None
This course covers advanced painting techniques and technologies with an emphasis on identifying problems encountered by the refinishing technician. Topics include materials application, color matching, correction of refinishing problems, and other related topics. Upon completion, students should be able to perform spot, panel, and overall refinishing repairs and identify and correct refinishing problems.

AUB 114 Special Finishes 01 02 00 02
Prerequisites: AUB 111
Corequisites: None
Component: None
This course introduces multistage finishes, custom painting, and protective coatings. Topics include base coats, advanced intermediate coats, clear coats, and other related topics. Upon completion, students should be able to identify and apply specialized finishes based on accepted industry standards.

AUB 121 Non-Structural Damage I 01 04 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces safety, tools, and the basic fundamentals of body repair. Topics include shop safety, damage analysis, tools and equipment, repair techniques, materials selection, materials usage, and other related topics. Upon completion, students should be able to identify and repair minor direct and indirect damage including removal/repairing/ replacing of body panels to accepted standards.

AUB 122 Non-Structural Damage II 02 06 00 04
Prerequisites: AUB 121
Corequisites: None
Component: None
This course covers safety, tools, and advanced body repair. Topics include shop safety, damage analysis, tools and equipment, advanced repair techniques, materials selection, materials usage, movable glass, and other related topics. Upon completion, students should be able to identify and repair or replace direct and indirect damage to accepted standards including movable glass and hardware.

AUB 131 Structural Damage I 02 04 00 04
Prerequisites: None
Corequisites: None
Component: None
This course introduces safety, equipment, structural damage analysis, and damage repairs. Topics include shop safety, design and construction, structural analysis and measurement, equipment, structural glass, repair techniques, and other related topics. Upon completion, students should be able to analyze and perform repairs to a vehicle which has received light/moderate structural damage.

AUB 132 Structural Damage II 02 06 00 04
Prerequisites: AUB 131
Corequisites: None
Component: None
This course provides an in-depth study of structural damage analysis and repairs to vehicles that have received moderate to heavy structural damage. Topics include shop safety, structural analysis and measurement, equipment, structural glass, advanced repair techniques, structural component replacement and alignment, and other related topics. Upon completion, students should be able to analyze and perform repairs according to industry standards.

AUB 134 Autobody MIG Welding 01 04 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the terms and procedures for welding the various metals found in today's autobody repair industry with an emphasis on personal/environmental safety. Topics include safety and precautionary measures, setup/operation of MIG equipment, metal identification methods, types of welds/joints, techniques, inspection methods, and other related topics. Upon completion, students should be able to demonstrate a basic knowledge of welding operations and safety procedures according to industry standards.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
AUB 136 Plastics & Adhesives
Prerequisites: None
Corequisites: None
Component: None
This course covers safety, plastic and adhesive identification, and the various repair methods of automotive plastic components. Topics include safety, identification, preparation, material selection, and the various repair procedures including refinishing. Upon completion, students should be able to identify, remove, repair, and/or replace automotive plastic components in accordance with industry standards.

AUB 141 Mech & Elec Components I
Prerequisites: None
Corequisites: None
Component: None
This course covers basic principles of automotive mechanical and electrical components. Topics include personal and environmental safety and suspension and steering, electrical, brake, heating and air-conditioning, cooling, drive train, and restraint systems. Upon completion, students should be able to identify system components and perform basic system diagnostic checks and/or repairs according to industry standards.

AUB 162 Autobody Estimating
Prerequisites: None
Corequisites: None
Component: None
This course provides a comprehensive study of autobody estimating. Topics include collision damage analysis, industry regulations, flat-rate and estimated time, and collision estimating manuals. Upon completion, students should be able to prepare and interpret a damage report.

AUB 113 Automotive Servicing I
Prerequisites: AUT 151, AUT 163, AUT 183, AUT 211, AUT 231
Corequisites: None
Component: None
This course is a lab used as an alternative to co-op placement. Emphasis is placed on shop operations, troubleshooting, testing, adjusting, repairing, and replacing components using appropriate test equipment and service information. Upon completion, students should be able to perform a variety of automotive repairs using proper service procedures and to operate appropriate equipment.

AUB 115 Engine Fundamentals
Prerequisites: None
Corequisites: AUT 116
Component: None
This course covers the theory, construction, inspection, diagnosis, and repair of internal combustion engines and related systems. Topics include fundamental operating principles of engines and diagnosis, inspection, adjustment, and repair of automotive engines using appropriate service information. Upon completion, students should be able to perform basic diagnosis/repair of automotive engines using appropriate tools, equipment, procedures, and service information. This course will become obsolete effective Fall 2008.

AUT 116 Engine Repair
Prerequisites: None
Corequisites: None
Component: None
This course covers the theory, construction, inspection, diagnosis, and repair of internal combustion engines and related systems. Topics include fundamental operating principles of engines and diagnosis, inspection, adjustment, and repair of automotive engines using appropriate service information. Upon completion, students should be able to perform basic diagnosis, measurement and repair of automotive engines using appropriate tools, equipment, procedures, and service information.

AUT 116A Engine Repair Lab
Prerequisites: None
Corequisites: AUT 116
Component: None
This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include diagnosis, inspection, adjustment, and repair of automotive engines using appropriate service information. Upon completion, students should be able to perform basic diagnosis, measurement and repair of automotive engines using appropriate tools, equipment, procedures, and service information.

AUT 141 Suspension & Steering Systems
Prerequisites: None
Corequisites: AUT 141A
Component: None
This course covers principles of operation, types, and diagnosis/repair of suspension and steering systems to include steering geometry. Topics include manual and power steering systems and standard and electronically controlled suspension and steering systems. Upon completion, students should be able to service and repair steering and suspension components, check and adjust alignment angles, repair tires, and balance wheels.

AUT 141A Suspension & Steering Lab
Prerequisites: None
Corequisites: AUT 141
Component: None
This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include manual and power steering systems and standard and electronically controlled suspension and steering systems. Upon completion, students should be able to service and repair steering and suspension components, check and adjust alignment angles, repair tires, and balance wheels.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
AUT 151 Brake Systems
Prerequisites: None
Corequisites: AUT 151A
Component: None
This course covers principles of operation and types, diagnosis, service, and repair of brake systems. Topics include drum and disc brakes involving hydraulic, vacuum boost, hydra-boost, electrically powered boost, and anti-lock and parking brake systems. Upon completion, students should be able to diagnose, service, and repair various automotive braking systems.

AUT 151A Brakes Systems Lab
Prerequisites: None
Corequisites: AUT 151
Component: None
This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include drum and disc brakes involving hydraulic, vacuum-boost, hydra-boost, electrically powered boost, and anti-lock, parking brake systems and emerging brake systems technologies. Upon completion, students should be able to diagnose, service, and repair various automotive braking systems.

AUT 152 Brake Systems Lab
Prerequisites: None
Corequisites: AUT 151
Component: None
This course provides a laboratory setting to enhance brake system skills. Emphasis is placed on practical experiences that enhance the topics presented in AUT 151. Upon completion, students should be able to apply the laboratory experiences to the concepts presented in AUT 151. This course will become obsolete effective Fall 2008.

AUT 161 Basic Auto Electricity
Prerequisites: None
Corequisites: None
Component: None
This course covers basic electrical theory, wiring diagrams, test equipment, and diagnosis, repair, and replacement of batteries, starters, and alternators. Topics include Ohm’s Law, circuit construction, wiring diagrams, circuit testing, and basic troubleshooting. Upon completion, students should be able to properly use wiring diagrams, diagnose, test, and repair basic wiring, battery, starting, charging, and electrical concerns.

AUT 162 Chassis Electrical & Electronics
Prerequisites: None
Corequisites: One course required: AUT 163, COE 111 or COE 212
Component: None
This course covers electrical/electronic diagnosis/repair, including wiring diagrams, instrumentation, and electronic/computer-controlled devices and accessories. Topics include interpreting wiring diagrams and diagnosis and repair of chassis electrical and electronic systems. Upon completion, students should be able to read and interpret wiring diagrams and determine/perform needed repairs on chassis electrical and electronic systems. This course will become obsolete effective Fall 2008.

AUT 163 Chassis Electrical & Electronics Lab
Prerequisites: AUT 161
Corequisites: AUT 163A
Component: None
This course covers electronic theory, wiring diagrams, test equipment, and diagnosis, repair, and replacement of electronics, lighting, gauges, horn, wiper, accessories, and body modules. Topics include networking and module communication, circuit construction, wiring diagrams, circuit testing, and troubleshooting. Upon completion, students should be able to properly use wiring diagrams, diagnose, test, and repair wiring, lighting, gauges, accessories, modules, and electronic concerns.

AUT 163A Adv Auto Electricity Lab
Prerequisites: None
Corequisites: AUT 163
Component: None
This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include networking and module communication, circuit construction, wiring diagrams, circuit testing, troubleshooting and emerging electrical/electronic systems technologies. Upon completion, students should be able to properly use wiring diagrams, diagnose, test, and repair wiring, lighting, gauges, accessories, modules, and electronic concerns.

AUT 164 Automotive Electronics
Prerequisites: AUT 161
Corequisites: None
Component: None
This course covers fundamentals of electrical/electronic circuitry, semi-conductors, and microprocessors. Topics include Ohm’s law, circuits, AC/DC current, solid state components, digital applications, and the use of digital multimeters. Upon completion, students should be able to apply Ohm’s law to diagnose and repair electrical/electronic circuits using digital multimeters and appropriate service information. This course will become obsolete effective Fall 2008.

AUT 171 Auto Climate Control
Prerequisites: None
Corequisites: None
Component: None
This course covers the theory of refrigeration and heating, electrical/electronic/pneumatic controls, and diagnosis/repair of climate control systems. Topics include diagnosis and repair of climate...
control components and systems, recovery/recycling of refrigerants, and safety and environmental regulations. Upon completion, students should be able to describe the operation, diagnose, and safely service climate control systems using appropriate tools, equipment, and service information.

AUT 181 Engine Performance 1 02 03 00 03
Prerequisites: None
Corequisites: AUT 181A
Component: None
This course covers the introduction, theory of operation, and basic diagnostic procedures required to restore engine performance to vehicles equipped with complex engine control systems. Topics include an overview of engine operation, ignition components and systems, fuel delivery, injection components and systems and emission control devices. Upon completion, students should be able to describe operation and diagnose/repair basic ignition, fuel and emission related driveability problems using appropriate test equipment/service information.

AUT 181A Engine Performance 1 Lab 00 03 00 01
Prerequisites: None
Corequisites: AUT 181
Component: None
This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include overviews of engine operation, ignition components and systems, fuel delivery, injection components and systems and emission control devices and emerging engine performance technologies. Upon completion, students should be able to describe operation and diagnose/repair basic ignition, fuel and emission related driveability problems using appropriate test equipment/service information.

AUT 182 Engine Performance-Electrical Lab 00 03 00 01
Prerequisites: None
Corequisites: One course required: AUT 181, COE 111 or COE 112
Component: None
This course provides a laboratory setting to enhance the skills for diagnosing and restoring engine performance using electrical/electronics test equipment. Emphasis is placed on practical experiences that enhance the topics presented in AUT 181. Upon completion, students should be able to apply the laboratory experiences to the concepts presented in AUT 181. This course will become obsolete effective Fall 2008.

AUT 183 Engine Performance 2 02 06 00 04
Prerequisites: AUT 181
Corequisites: None
Component: None
This course covers study of the electronic engine control systems, the diagnostic process used to locate engine performance concerns, and procedures used to restore normal operation. Topics will include currently used fuels and fuel systems, exhaust gas analysis, emission control components and systems, OBD II (on-board diagnostics) and inter-related electrical/electronic systems. Upon completion, students should be able to diagnose and repair complex engine performance concerns using appropriate test equipment and service information.

AUT 184 Engine Performance-Fuels Lab 00 03 00 01
Prerequisites: None
Corequisites: AUT 183
Component: None
This course provides a laboratory setting to enhance the skills for diagnosing and repairing fuel delivery/management and emission systems. Emphasis is placed on practical experiences that enhance the topics presented in AUT 183. Upon completion, students should be able to apply the laboratory experiences to the concepts presented in AUT 183. This course will become obsolete effective Fall 2008.

AUT 211 Automotive Machining 02 06 00 04
Prerequisites: AUT 116 and AUT 116A
Corequisites: None
Component: None
This course covers engine machining processes for remanufacturing automotive engines. Emphasis is placed on cylinder head service, machining block surfaces, reconditioning connecting rod assemblies, camshafts, flywheels, and precision measurement. Upon completion, students should be able to explain the operation and proper use of automotive machining equipment.

AUT 221 Auto Transm/Transaxles 02 03 00 03
Prerequisites: None
Corequisites: AUT 221A
Component: None
This course covers operation, diagnosis, service, and repair of automatic transmissions/transaxles. Topics include hydraulic, pneumatic, mechanical, and electrical/electronic operation of automatic drive trains and the use of appropriate service tools and equipment. Upon completion, students should be able to explain operational theory, diagnose and repair automatic drive trains.

AUT 221A Auto Transm/Transax Lab 00 03 00 01
Prerequisites: None
Corequisites: AUT 221
Component: None
This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include hydraulic, pneumatic, mechanical, and electrical/electronic operation of automatic drive trains and the use of appropriate service tools and equipment. Upon completion, students should be able to diagnose and repair automatic drive trains.

AUT 231 Man Trans/Axles/Dtrains 02 03 00 03

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course covers the fundamentals of bank functions in a descriptive fashion. Topics include banks and the monetary system, the relationship of banks to depositors, the payment functions, bank loans and accounting, regulations, and examinations. Upon completion, students should be able to demonstrate an understanding of the business of banking from a broad perspective.

**BAF 111 Teller Training**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides an overview of banking teller operations, bank security, and customer relations in preparation for work as a bank teller. Topics include bank profitability, cash and cash handling, checks and other transactions, balancing and setting, and security threats and their detection. Upon completion, students should be able to discuss the components of teller performance and perform effectively as a teller after minimal on-the-job training.

**BAF 131 Fund of Bank Lending**  
Prerequisites: ACC 120  
Corequisites: None  
Component: None  
This course introduces the basic knowledge and skills needed to be an effective lender. Topics include the functions of the loan interview and credit investigation, the “C”s of credit, elements of loan documentation, and warning signs of problem loans. Upon completion, students should be able to demonstrate an understanding of the credit functions and regulatory issues affecting this key banking function. This course is a unique concentration requirement of the Banking and Finance concentration in the Business Administration program.

**BAF 141 Law & Banking: Principles**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides an overview of the legal aspects of banking and the legal framework within which banks function. Topics include the court system, consumer protection, tangible and intangible property ownership, and the legalities and regulations of bank transactions. Upon completion, students should be able to discuss the non-technical aspects of the legal system and how these affect the bank’s organization and operation. This course is a unique concentration requirement of the Banking and Finance concentration in the Business Administration program.

**BAF 222 Money and Banking**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides a fundamental treatment of how money and banks function in the US and world economies. Topics include the roles of money in the US economy, the functions of the Federal Reserve Board, and the workings of monetary and fiscal policies. Upon completion, students should be able to explain how the monetary economy functions, how banks are creators of

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
money, and the impact of the Federal Reserve. This course is a unique concentration requirement of the Banking and Finance concentration in the Business Administration program.

BAF 232 Consumer Lending
Prerequisites: None
Corequisites: None
Component: None
This course details the many types of credit arrangements in which a finance charge is paid for the privilege of repaying debt in delayed payments. Topics include consumer credit policy, the loan process, servicing and collecting loans, consumer compliance, and evaluating credit risks. Upon completion, students should be able to identify collection policies and procedures, explain principles of credit evaluation, define open-end credit, and describe indirect lending.

BAF 234 Residential Mortgage Lending
Prerequisites: None
Corequisites: None
Component: None
This course provides an overview of the field of mortgage lending and the various financial markets for real estate mortgages. Topics include conventional and government related mortgages, contracts, financial markets, and qualifying prospective loan customers. Upon completion, students should be able to demonstrate an understanding of mortgage loan origination and processing, government regulations, and compliance issues.

BAF 235 Analyzing Financial Statements
Prerequisites: ACC 120
Corequisites: None
Component: None
This course provides practice in constructing and analyzing long-range, multiple-year forecasts of income statements and balance sheets, and cash budgets. Topics include trend, ratio, common size, comparative analysis, programs, projections, and cash budgets. Upon completion, students should be able to analyze income statements, balance sheets, and pro forma statements.

BIO 090 Foundations of Biology
Prerequisites: None
Corequisites: RED 090
Component: None
This course introduces basic biological concepts. Topics include basic biochemistry, cell structure and function, interrelationships among organisms, scientific methodology, and other related topics. Upon completion, students should be able to demonstrate preparedness for college-level biology courses.

BIO 092 Basics of Cell Biology
Prerequisites: None
Corequisites: RED 090 or COMPASS Reading Score of 68
Component: None
This course covers basic cell biology. Emphasis is placed on biological chemistry, cell structure and function, cellular metabolism, genetics, and other related topics. Upon completion, students should be able to demonstrate preparedness for college-level biology courses.

BIO 094 Concepts of Human Biology
Prerequisites: None
Corequisites: RED 090 or COMPASS Reading Score of 68
Component: None
This course focuses on fundamental concepts of human biology. Topics include terminology, biochemistry, cell biology, tissues, body systems, and other related topics. Upon completion, students should be able to demonstrate preparedness for college-level anatomy and physiology courses.

BIO 106 Introduction to Anat/Phys/Micro
Prerequisites: None
Corequisites: None
Component: None
This course covers the fundamental and principle concepts of human anatomy and physiology and microbiology. Topics include an introduction to the structure and function of cells, tissues, and human organ systems, and an overview of microbiology, epidemiology, and control of microorganisms. Upon completion, students should be able to identify structures and functions of the human body and describe microorganisms and their significance in health and disease. This course is intended for certificate and diploma programs.

BIO 110 Principles of Biology
Prerequisites: None
Corequisites: None
Component: None
This course provides a survey of fundamental biological principles for non-science majors. Emphasis is placed on basic chemistry, cell biology, metabolism, genetics, taxonomy, evolution, ecology, diversity, and other related topics. Upon completion, students should be able to demonstrate increased knowledge and better understanding of biology as it applies to everyday life. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

BIO 111 General Biology I
Prerequisites: None
Corequisites: None
Component: None
This course introduces the principles and concepts of biology. Emphasis is placed on basic biological chemistry, cell structure and function, metabolism and energy transformation, genetics,
BIO 112 General Biology II  03  03  00  04
Prerequisites: BIO 111
Corequisites: None
Component: None
This course is a continuation of BIO 111. Emphasis is placed on organisms, biodiversity, plant and animal systems, ecology, and other related topics. Upon completion, students should be able to demonstrate comprehension of life at the organismal and ecological levels. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

BIO 120 Introductory Botany  03  03  00  04
Prerequisites: BIO 110 or BIO 111
Corequisites: None
Component: None
This course provides an introduction to the classification, relationships, structure, and function of plants. Topics include reproduction and development of seed and non-seed plants, levels of organization, form and function of systems, and a survey of major taxa. Upon completion, students should be able to demonstrate comprehension of plant form and function, including selected taxa of both seed and non-seed plants. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

BIO 130 Introductory Zoology  03  03  00  04
Prerequisites: BIO 110 or BIO 111
Corequisites: None
Component: None
This course provides an introduction to the classification, relationships, structure, and function of major animal phyla. Emphasis is placed on levels of organization, reproduction and development, comparative systems, and a survey of selected phyla. Upon completion, students should be able to demonstrate comprehension of animal form and function including comparative systems of selected groups. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

BIO 140 Environmental Biology  03  00  00  03
Prerequisites: None
Corequisites: BIO 140A
Component: None
This course introduces environmental processes and the influence of human activities upon them. Topics include ecological concepts, population growth, natural resources, and a focus on current environmental problems from scientific, social, political, and economic perspectives. Upon completion, students should be able to demonstrate an understanding of environmental interrelationships and of contemporary environmental issues. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics. This course is also available through the Virtual Learning Community (VLC).

BIO 140A Environmental Biology Lab  00  03  00  01
Prerequisites: None
Corequisites: BIO 140
Component: None
This course provides a laboratory component to complement BIO 140. Emphasis is placed on laboratory and field experience. Upon completion, students should be able to demonstrate a practical understanding of environmental interrelationships and of contemporary environmental issues. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

BIO 161 Intro to Human Biology  03  00  00  03
Prerequisites: OST 141 and OST 142
Corequisites: None
Component: None
This course provides a basic survey of human biology. Emphasis is placed on the basic structure and function of body systems and the medical terminology used to describe normal and pathological states. Upon completion, students should be able to demonstrate an understanding of normal anatomy and physiology and the appropriate use of medical terminology.

BIO 163 Basic Anatomy and Physiology  04  02  00  05
Prerequisites: None
Corequisites: None
Component: None
This course provides a basic study of the structure and function of the human body. Topics include a basic study of the body systems as well as an introduction to homeostasis, cells, tissues, nutrition, acid-base balance, and electrolytes. Upon completion, students should be able to demonstrate a basic understanding of the fundamental principles of anatomy and physiology and their interrelationships. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

BIO 165 Anatomy and Physiology I  03  03  00  04
Prerequisites: None
Corequisites: None
Component: None
This course is the first of a two-course sequence which provides a comprehensive study of the anatomy and physiology of the human body. Topics include the structure, function, and interrelationship of organ systems with emphasis on the processes which maintain homeostasis. Upon completion, students should be able to...
demonstrate an in-depth understanding of principles of anatomy and physiology and their interrelationships. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).

**BIO 166 Anatomy and Physiology II**  03  03  00  04  
Prerequisites: BIO 165  
Corequisites: None  
Component: None  
This course is the second in a two-course sequence which provides a comprehensive study of the anatomy and physiology of the human body. Topics include the structure, function, and interrelationship of organ systems with emphasis on the processes which maintain homeostasis. Upon completion, students should be able to demonstrate an in-depth understanding of principles of anatomy and physiology and the interrelationships of all body systems. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).

**BIO 168 Anatomy and Physiology I**  03  03  00  04  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides a comprehensive study of the anatomy and physiology of the human body. Topics include body organization, homeostasis, cytology, histology, and the integumentary, skeletal, muscular, and nervous systems and special senses. Upon completion, students should be able to demonstrate an in-depth understanding of principles of anatomy and physiology and their interrelationships. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BIO 169 Anatomy and Physiology II**  03  03  00  04  
Prerequisites: BIO 168  
Corequisites: None  
Component: None  
This course provides a continuation of the comprehensive study of the anatomy and physiology of the human body. Topics include the endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive systems as well as metabolism, nutrition, acid-base balance, and fluid and electrolyte balance. Upon completion, students should be able to demonstrate an in-depth understanding of principles of anatomy and physiology and their interrelationships. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BIO 175 General Microbiology**  02  02  00  03  
Prerequisites: One course required: BIO 110, BIO 111, BIO 163, BIO 165, or BIO 168  
Corequisites: None  
Component: None  
This course covers principles of microbiology with emphasis on microorganisms and human disease. Topics include an overview of microbiology and aspects of medical microbiology, identification and control of pathogens, disease transmission, host resistance, and immunity. Upon completion, students should be able to demonstrate knowledge of microorganisms and the disease process as well as aseptic and sterile techniques. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BIO 180 Biological Chemistry**  02  02  00  03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides an introduction to basic biochemical processes in living systems. Topics include properties of carbohydrates, lipids, proteins, nucleic acids, vitamins, and buffers, with emphasis on biosynthesis, degradation, function, and equilibrium. Upon completion, students should be able to demonstrate an understanding of fundamental biochemical concepts. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BIO 221 Botany I**  03  03  00  04  
Prerequisites: BIO 112  
Corequisites: None  
Component: None  
This course provides an introduction to the higher vascular plants. Topics include the structure, function, growth, life cycles, reproduction, and economic importance. Upon completion, students should be able to describe the biology and value of the higher vascular plants. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BIO 222 Botany II**  03  03  00  04  
Prerequisites: BIO 112  
Corequisites: None  
Component: None  
This course includes a survey of the plant kingdom complete with a plant collection and field work. Emphasis is placed on ecology and the taxonomy of higher plants. Upon completion, students should be able to classify common plants. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BIO 223 Field Botany**  02  03  00  03  
Prerequisites: BIO 112  
Corequisites: None  
Component: None  
This course provides a field and laboratory study of local flora. Emphasis is placed on local flora classification, identification,
and ecology by the use of keys and field studies. Upon completion, students should be able to use keys for the classification and identification of local flora and to demonstrate an understanding of plant ecology. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BIO 230 Entomology**

**Component:** None

**Prerequisites:** BIO 112

Corequisites: None

This course covers the biology of insects. Topics include harmful and beneficial insects, their identification, classification, life cycles, behavior, distribution, economic importance, and the methods involved in collection and preservation. Upon completion, students should be able to identify common insects and describe their biology and ecology. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BIO 232 Vertebrate Zoology**

**Component:** None

**Prerequisites:** BIO 112

Corequisites: None

This course introduces the principles of animal biology of the chordate phylum. Emphasis is placed on the diversity, morphology, reproduction, development, behavior, ecology, evolution, and importance of the chordates. Upon completion, students should be able to demonstrate increased knowledge and comprehension of zoology as it applies to life. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BIO 240 Waste Management**

**Component:** None

**Prerequisites:** BIO 110 or BIO 111 or BIO 140 and BIO 140A

Corequisites: None

This course is a study of human use of and impact on the environment. Topics include how human activities can negatively affect the land and water and how to avoid and cope with waste problems. Upon completion, students should be able to identify both hazardous and nonhazardous waste products and solutions for their management. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BIO 250 Genetics**

**Component:** None

**Prerequisites:** BIO 112

Corequisites: None

This course covers principles of prokaryotic and eukaryotic cell genetics. Emphasis is placed on the molecular basis of heredity, chromosome structure, patterns of Mendelian and non-Mendelian inheritance, evolution, and biotechnological applications. Upon completion, students should be able to recognize and describe genetic phenomena and demonstrate knowledge of important genetic principles. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**BIO 275 Microbiology**

**Component:** None

**Prerequisites:** One course required: BIO 110, BIO 112, BIO 163, BIO 165, or BIO 168

Corequisites: None

Component: None

This course covers principles of microbiology and the impact these organisms have on man and the environment. Topics include the various groups of microorganisms, their structure, physiology, genetics, microbial pathogenicity, infectious diseases, immunology, and selected practical applications. Upon completion, students should be able to demonstrate knowledge and skills including microscopy, aseptic technique, staining, culture methods, and identification of microorganisms. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BIO 280 Biotechnology**

**Component:** None

**Prerequisites:** BIO 111 or CHM 151

Corequisites: None

Component: None

This course provides experience in selected laboratory procedures. Topics include proper laboratory techniques in biology and chemistry. Upon completion, students should be able to identify laboratory techniques and instrumentation in basic biotechnology. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BIO 285 Research & Measurement**

**Component:** None

**Prerequisites:** BIO 112 and CHM 132

Corequisites: None

Component: None

This course provides an intensive laboratory experience with an investigative approach. Emphasis is placed on the use of various laboratory equipment and field techniques to enhance research and measurement competencies in ecology, natural resources, and other related topics. Upon completion, students should be able to demonstrate competencies with laboratory equipment and prepare a presentation of a selected research topic. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BPR 130 Blueprint Reading: Construction**

**Component:** None

**Prerequisites:** None

Corequisites: None

Component: None

This course covers the interpretation of blueprints and specifications that are associated with the construction trades. Emphasis is placed on interpretation of details for foundations, floor plans,
BTC 181 Basic Lab Techniques  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the basic skills and knowledge necessary in a biological or chemical laboratory. Emphasis is placed on good manufacturing practices, safety, solution preparation, and equipment operation and maintenance following standard operating procedures. Upon completion, students should be able to prepare and perform basic laboratory procedures using labware, solutions, and equipment according to prescribed protocols.

BTC 250 Molecular Genetics  
Prerequisites: BIO 112  
Corequisites: None  
Component: None  
This course covers the basic principles of molecular genetics. Topics will include Mendelian inheritance, DNA replication, RNA transcription, translation of proteins, chromosome structure, and evolution. Upon completion, students should be able to demonstrate knowledge of molecular genetics and principles of heredity.

BTC 281 Bioprocess Techniques  
Prerequisites: BTC 181  
Corequisites: None  
Component: None  
This course covers processes used in the production of biomolecules. Emphasis is placed on the production, characterization, and purification of biological products using fermentation, centrifugation, filtration, electrophoresis, and other techniques used in industry. Upon completion, students should be able to produce biological products using the various methods of bioprocessing.

BTC 285 Cell Culture  
Prerequisites: BIO 275  
Corequisites: None  
Component: None  
This course introduces the theory and practices required to successfully initiate and maintain plant and animal cell cultures. Topics include aseptic techniques, the growth environment, routine maintenance of cell cultures, specialized culture techniques, and various applications. Upon completion, students should be able to demonstrate the knowledge and skills required to grow, maintain, and manipulate cells in culture.

BTC 286 Immunological Techniques  
Prerequisites: BTC 285  
Corequisites: None  
Component: None  
This course covers the principles and practices of modern immunology, including the interactions between the various cellular and chemical components of the immune response. Topics include antigens, humoral immunity, cellular immunity, complement, immunological assays, and hybridoma use and production. Upon completion, students should be able to discuss the immune response, perform immunological assays, and make monoclonal antibody-producing hybridomas.

BTC 288 Biotech Lab Experience  
Prerequisites: BIO 250, BTC 281, and BTC 285 or 286  
Corequisites: None  
Component: None  
This course provides an opportunity to pursue an individual laboratory project in biotechnology. Emphasis is placed on developing, performing, and maintaining records of a project in a specific area of interest. Upon completion, students should be able to complete the project with accurate records and demonstrate an understanding of the process.

BUS 110 Introduction to Business  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides a survey of the business world. Topics include the basic principles and practices of contemporary business. Upon completion, students should be able to demonstrate an understanding of business concepts as a foundation for studying other business subjects. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

BUS 115 Business Law I  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the ethics and legal framework of business. Emphasis is placed on contracts, negotiable instruments, Uniform Commercial Code, and the working of the court systems. Upon completion, students should be able to apply ethical issues and laws covered to selected business decision-making situations. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

BUS 116 Business Law II  
Prerequisites: BUS 115  
Corequisites: None  
Component: None  
This course continues the study of ethics and business law. Emphasis is placed on bailments, sales, risk-bearing, forms of business ownership, and copyrights. Upon completion, students should be able to apply ethical issues and laws covered to selected business decision-making situations.

BUS 121 Business Math  
Prerequisites: None  
Corequisites: None  

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course covers fundamental mathematical operations and their application to business problems. Topics include payroll, pricing, interest and discount, commission, taxes, and other pertinent uses of mathematics in the field of business. Upon completion, students should be able to apply mathematical concepts to business.

**BUS 125 Personal Finance** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides a study of individual and family financial decisions. Emphasis is placed on building useful skills in buying, managing finances, increasing resources, and coping with current economic conditions. Upon completion, students should be able to develop a personal financial plan.

**BUS 135 Principles of Supervision** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic responsibilities and duties of the supervisor and his/her relationship to higher-level supervisors, subordinates, and associates. Emphasis is placed on effective utilization of the work force and understanding the role of the supervisor. Upon completion, students should be able to apply supervisory principles in the work place. This course is also available through the Virtual Learning Community (VLC).

**BUS 137 Principles of Management** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is designed to be an overview of the major functions of management. Emphasis is placed on planning, organizing, controlling, directing, and communicating. Upon completion, students should be able to work as contributing members of a team utilizing these functions of management. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**BUS 152 Human Relations** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the concepts of effective human interaction in the business work environment. Topics include effective communication techniques, motivation, ego states, stress, and conflict. Upon completion, students should be able to explain the importance of human relations, apply motivational techniques, and implement strategies for resolving work-related conflicts.

**BUS 153 Human Resource Management** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the functions of personnel/human resource management within an organization. Topics include equal opportunity and the legal environment, recruitment and selection, performance appraisal, employee development, compensation planning, and employee relations. Upon completion, students should be able to anticipate and resolve human resource concerns.

**BUS 217 Employment Law and Regulations** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the principle laws and regulations affecting public and private organizations and their employees or prospective employees. Topics include fair employment practices, EEO, affirmative action, and employee rights and protections. Upon completion, students should be able to evaluate organization policy for compliance and assure that decisions are not contrary to law. This course is also available through the Virtual Learning Community (VLC).

**BUS 225 Business Finance** 02 02 00 03
Prerequisites: ACC 120 and CIS-110, CIS-111, or OST-137
Corequisites: None
Component: None
This course provides an overview of business financial management. Emphasis is placed on financial statement analysis, time value of money, management of cash flow, risk and return, and sources of financing. Upon completion, students should be able to interpret and apply the principles of financial management.

**BUS 228 Business Statistics** 02 02 00 03
Prerequisites: One course required: MAT 115, MAT 140 or MAT 161
Corequisites: None
Component: None
This course introduces the use of statistical methods and tools in evaluating research data for business applications. Emphasis is
placed on basic probability, measures of spread and dispersion, central tendency, sampling, regression analysis, and inductive inference. Upon completion, students should be able to apply statistical problem solving to business. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**BUS 230 Small Business Management** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the challenges of entrepreneurship including the startup and operation of a small business. Topics include market research techniques, feasibility studies, site analysis, financing alternatives, and managerial decision making. Upon completion, students should be able to develop a small business plan.

**BUS 234 Training and Development** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers developing, conducting, and evaluating employee training with attention to adult learning principles. Emphasis is placed on conducting a needs assessment, using various instructional approaches, designing the learning environment, and locating learning resources. Upon completion, students should be able to design, conduct, and evaluate a training program. This course is also available through the Virtual Learning Community (VLC).

**BUS 235 Performance Management** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course includes the legal background for performance management and the basic methodology used in developing and validating a performance management system. Emphasis is placed on job analysis, job descriptions, appraisal instruments, and action plans. Upon completion, students should be able to develop, implement, and maintain a performance management system.

**BUS 239 Business Applications Seminar** 01 02 00 02
Prerequisites: Take ACC 120, BUS 115, BUS 137, and MKT 120. Take ECO 151 or ECO 251 or ECO252
Corequisites: None
Component: None
This course is designed as a capstone course for Business Administration majors. Emphasis is placed on decision making in the areas of management, marketing, production, purchasing, and finance. Upon completion, students should be able to apply the techniques, processes, and vital professional skills needed in the work place. BUS-285 replaces BUS-239 effective Fall 2008.

**BUS 240 Business Ethics** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces contemporary and controversial ethical issues that face the business community. Topics include moral reasoning, moral dilemmas, law and morality, equity, justice and fairness, ethical standards, and moral development. Upon completion, students should be able to demonstrate an understanding of their moral responsibilities and obligations as members of the workforce and society.

**BUS 252 Labor Relations** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the history of the organized labor movement and the contractual relationship between corporate management and employees represented by a union. Topics include labor laws and unfair labor practices, the role of the NLRB, organizational campaigns, certification/decertification elections, and grievance procedures. Upon completion, students should be able to act in a proactive and collaborative manner in an environment where union representation exists. This course is also available through the Virtual Learning Community (VLC).

**BUS 253 Leadership and Management Skills** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course includes a study of the qualities, behaviors, and personal styles exhibited by leaders. Emphasis is placed on coaching, counseling, team building, and employee involvement. Upon completion, students should be able to identify and exhibit the behaviors needed for organizational effectiveness.

**BUS 255 Org Behavior in Business** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the impact of different management practices and leadership styles on worker satisfaction and morale, organizational effectiveness, productivity, and profitability. Topics include a discussion of formal and informal organizations, group dynamics, motivation, and managing conflict and change. Upon completion, students should be able to analyze different types of interpersonal situations and determine an appropriate course of action.

**BUS 256 Recruit Select & Personnel Planning** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the impact of different management practices and leadership styles on worker satisfaction and morale, organizational effectiveness, productivity, and profitability. Topics include a discussion of formal and informal organizations, group dynamics, motivation, and managing conflict and change. Upon completion, students should be able to analyze different types of interpersonal situations and determine an appropriate course of action.
This course introduces the basic principles involved in managing the employment process. Topics include personnel planning, recruiting, interviewing and screening techniques, maintaining employee records; and voluntary and involuntary separations. Upon completion, students should be able to acquire and retain employees who match position requirements and fulfill organizational objectives. This course is a unique concentration requirement of the Human Resource Management concentration in the Business Administration program. This course is also available through the Virtual Learning Community (VLC).

**BUS 258 Compensation and Benefits** 03 00 00 03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course is designed to study the basic concepts of pay and its role in rewarding performance. Topics include wage and salary surveys, job analysis, job evaluation techniques, benefits, and pay-for-performance programs. Upon completion, students should be able to develop and manage a basic compensation system to attract, motivate, and retain employees. This course is a unique concentration requirement of the Human Resource Management concentration in the Business Administration program. This course is also available through the Virtual Learning Community (VLC).

**BUS 259 HRM Applications** 03 00 00 03  
Prerequisites: All courses required: BUS 217, BUS 234, BUS 256, BUS 258  
Corequisites: None  
Component: None  
This course provides students in the Human Resource Management concentration the opportunity to reinforce their learning experiences from preceding HRM courses. Emphasis is placed on application of day-to-day HRM functions by completing in-basket exercises and through simulations. Upon completion, students should be able to determine the appropriate actions called for by typical events that affect the status of people at work. This course is a unique concentration requirement of the Human Resource Management concentration in the Business Administration program. This course is also available through the Virtual Learning Community (VLC).

**BUS 260 Business Communication** 03 00 00 03  
Prerequisites: ENG 111 and CIS 110, CIS 111, CIS 113, or OST 137  
Corequisites: None  
Component: None  
This course is designed to develop skills in writing business communications. Emphasis is placed on business reports, correspondence, and professional presentations. Upon completion, students should be able to communicate effectively in the work place.

**BUS 261 Diversity in Management** 03 00 00 03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course is designed to help managers recognize the need to incorporate diversity into all phases of organizational management. Topics include self-evaluation, management, sexual harassment, workforce diversity, dual careers, role conflict, and communication issues. Upon completion, students should be able to implement solutions that minimize policies, attitudes, and stereotypical behaviors that block effective team building.

**BUS 285 Business Management Issues** 02 00 00 03  
Prerequisites: ACC 120, BUS 110, BUS 115, BUS 137, MKT 120, and ECO 251 or ECO 252  
Corequisites: None  
Component: None  
This course covers contemporary issues that affect successful businesses and their managers and employees. Emphasis is placed on using case studies and exercises to develop analytical and problem-solving skills, ethics, quality management concepts, team skills, and effective communication. Upon completion, students should be able to apply the specific knowledge and skills covered to become more effective managers and employees. BUS-285 replaces BUS-239 effective Fall 2008.

**CAR 110 Introduction to Carpentry** 02 00 00 02  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the student to the carpentry trade. Topics include duties of a carpenter, hand and power tools, building materials, construction methods, and safety. Upon completion, students should be able to identify hand and power tools, common building materials, and basic construction methods.

**CAR 111 Carpentry I** 03 15 00 08  
Prerequisites: None  
Corequisites: None  
Component: CAR 111AA, CAR 111BB  
This course introduces the theory and construction methods associated with the building industry, including framing, materials, tools, and equipment. Topics include safety, hand/power tool use, site preparation, measurement and layout, footings and foundations, construction framing, and other related topics. Upon completion, students should be able to safely lay out and perform basic framing skills with supervision.

**CAR 112 Carpentry II** 03 15 00 08  
Prerequisites: A set of courses is required: CAR 111 or CAR111AA and CAR 111BB  
Corequisites: None  
Component: CAR 112AA, CAR112BB  
This course covers the advanced theory and construction meth-
ods associated with the building industry including framing and exterior finishes. Topics include safety, hand/power tool use, measurement and layout, construction framing, exterior trim and finish, and other related topics. Upon completion, students should be able to safely install various interior trim and finishes in a residential building with supervision.

**CAR 113 Carpentry III** 03 09 00 06
Prerequisites: A set of courses is required: CAR 111 or CAR 111AA and CAR 111BB
Corequisites: None
Component: None
This course covers interior trim and finishes. Topics include safety, hand/power tool use, measurement and layout, specialty framing, interior trim and finishes, cabinetry, and other related topics. Upon completion, students should be able to safely install various interior trim and finishes in a residential building with supervision.

**CAR 114 Residential Building Codes** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers building codes and the requirements of state and local construction regulations. Emphasis is placed on the minimum requirements of the North Carolina building codes related to residential structures. Upon completion, students should be able to determine if a structure is in compliance with North Carolina building codes.

**CAR 115 Residential Planning/Estimating** 03 00 00 03
Prerequisites: All Courses Required: BPR 130
Corequisites: None
Component: None
This course covers project planning, management, and estimating for residential or light commercial buildings. Topics include planning and scheduling, interpretation of working drawings and specifications, estimating practices, and other related topics. Upon completion, students should be able to perform quantity take-offs and cost estimates.

**CCT 112 Ethics & High Technology** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers ethical considerations and accepted standard practices applicable to technological investigations and computer privacy issues relative to the cyber crime investigator. Topics include illegal and unethical investigative activities, end-justifying-the-means issues, and privacy issues of massive personal database information gathered by governmental sources. Upon completion, students should be able to examine their own value system and apply ethical considerations in identifiable cyber crime investigations.

**CCT 231 Technology Crimes & Law** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the applicable technological laws dealing with the regulation of cyber security and criminal activity. Topics include an examination of state, federal and international laws regarding cyber crime with an emphasis on both general and North Carolina statutes. Upon completion, students should be able to identify the elements of cyber crime activity and discuss the trends of evolving laws.

**CCT 240 Data Recovery Techniques** 02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the unique skills and methodologies necessary to assist in the investigation and prosecution of cyber crimes. Topics include hardware and software issues, recovering erased files, overcoming encryption, advanced imaging, transient data, Internet issues and testimony considerations. Upon completion, students should be able to recover digital evidence, extract information for criminal investigation and legally seize criminal evidence.

**CHM 081 Basic Chemistry I** 03 02 00 04
Prerequisites: None
Corequisites: MAT 070
Component: None
This course covers basic fundamental principles and laws of chemistry. Topics include matter, energy, atomic structure, periodic classification, nomenclature, bonding, molecular geometry, measurement, chemical reactions, stoichiometry, and gas laws. Upon completion, students should be able to explain and apply the chemical concepts and laboratory skills as needed in CHM 082.

**CHM 082 Basic Chemistry II** 03 02 00 04
Prerequisites: CHM 081
Corequisites: None
Component: None
This course provides a continuation of the study of basic fundamental principles and laws of chemistry. Topics include intermolecular forces, solutions, acids and bases, redox reactions, chemical equilibrium, with elements of organic and nuclear chemistry. Upon completion, students should be able to explain and apply basic chemical concepts and laboratory skills needed for success in college-level chemistry courses.

**CHM 090 Chemistry Concepts** 04 00 00 04
Prerequisites: None
Corequisites: None
Component: None
This course provides a non-laboratory based introduction to basic concepts of chemistry. Topics include measurements, matter, en-
energy, atomic theory, bonding, molecular structure, nomenclature, balancing equations, stoichiometry, solutions, acids and bases, gases, and basic organic chemistry. Upon completion, students should be able to understand and apply basic chemical concepts necessary for success in college-level science courses.

**CHM 092 Fundamentals of Chemistry**

**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course covers fundamentals of chemistry with laboratory applications. Topics include measurements, matter, energy, atomic theory, bonding, molecular structure, nomenclature, balancing equations, stoichiometry, solutions, acids and bases, gases, and basic organic chemistry. Upon completion, students should be able to understand and apply basic chemical concepts and demonstrate basic laboratory skills necessary for success in college-level science courses.

**CHM 094 Basic Biological Chemistry**

**Prerequisites:** Take 1 course: MAT 060, MAT 070, MAT 080, NAT 090, MAT 120, MAT 121, MAT 161, MAT 171 OR MAT 175  
**Corequisites:** MAT 070  
**Component:** None  
This course introduces the chemistry important to biological processes. Emphasis is placed on the aspects of general, organic, and biological chemistry that apply to biological systems and processes. Upon completion, students should be able to demonstrate an understanding of the basic biological chemistry necessary for success in college-level biology courses.

**CHM 115 Concepts in Chemistry**

**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course introduces basic chemical concepts and their applications to daily life for non-science majors. Topics include air pollution, global warming, energy, world of polymers, water and its importance to a technological society, food, drugs, and nuclear chemistry. Upon completion, students should be able to discuss, apply, and appreciate the impact of chemistry on modern society. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**CHM 115A Concepts in Chemistry Lab**

**Prerequisites:** None  
**Corequisites:** CHM 115  
**Component:** None  
This course is a laboratory for CHM 115. Emphasis is placed on laboratory experiences that enhance materials presented in CHM 115. Upon completion, students should be able to utilize basic laboratory procedures and apply them to chemical concepts presented in CHM 115. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**CHM 130 General, Organic, & Biochemistry**

**Prerequisites:** None  
**Corequisites:** CHM 130A  
**Component:** None  
This course provides a survey of basic facts and principles of general, organic, and biochemistry. Topics include measurement, molecular structure, nuclear chemistry, solutions, acid-base chemistry, gas laws, and the structure, properties, and reactions of major organic and biological groups. Upon completion, students should be able to demonstrate an understanding of fundamental chemical concepts. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**CHM 130A General, Organic, & Biochemistry Lab**

**Prerequisites:** None  
**Corequisites:** CHM 130  
**Component:** None  
This course is a laboratory for CHM 130. Emphasis is placed on laboratory experiences that enhance materials presented in CHM 130. Upon completion, students should be able to utilize basic laboratory procedures and apply them to chemical principles presented in CHM 130. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**CHM 131 Introduction to Chemistry**

**Prerequisites:** None  
**Corequisites:** CHM 131A  
**Component:** None  
This course introduces the fundamental concepts of inorganic chemistry. Topics include measurement, matter and energy, atomic and molecular structure, nuclear chemistry, stoichiometry, chemical formulas and reactions, chemical bonding, gas laws, solutions, and acids and bases. Upon completion, students should be able to demonstrate a basic understanding of chemistry as it applies to other fields. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**CHM 131A Introduction to Chemistry Lab**

**Prerequisites:** None  
**Corequisites:** CHM 131  
**Component:** None  
This course is a laboratory to accompany CHM 131. Emphasis is placed on laboratory experiences that enhance materials presented in CHM 131. Upon completion, students should be able to utilize basic laboratory procedures and apply them to chemical principles.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
### CHM 132 Organic and Biochemistry 03 03 00 04
**Prerequisites:** CHM 131 and CHM 131A or CHM 151  
**Corequisites:** None  
**Component:** None  
This course provides a survey of major functional classes of compounds in organic and biochemistry. Topics include structure, properties, and reactions of the major organic and biological molecules and basic principles of metabolism. Upon completion, students should be able to demonstrate an understanding of fundamental chemical concepts needed to pursue studies in related professional fields. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

### CHM 135 Survey of Chemistry I 03 02 00 04
**Prerequisites:** MAT 070  
**Corequisites:** None  
**Component:** None  
This course provides an introduction to inorganic chemistry. Emphasis is placed on measurement, atomic and molecular structure, bonding, molecular geometry, nomenclature, reactions, the mole concept, stoichiometric calculations, states of matter, and the gas laws. Upon completion, students should be able to demonstrate a basic understanding of chemistry as it applies to other fields. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

### CHM 136 Survey of Chemistry II 03 02 00 04
**Prerequisites:** CHM 135  
**Corequisites:** None  
**Component:** None  
This course is a continuation of CHM 135 with further study of inorganic reactions and an introduction to organic, biological, and nuclear chemistry. Topics include solutions, acid-base theory, redox reactions, chemical kinetics, organic chemistry, biochemistry, and nuclear chemistry. Upon completion, students should be able to demonstrate a basic understanding of chemistry as it applies to other fields. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

### CHM 151 General Chemistry I 03 03 00 04
**Prerequisites:** MAT 161  
**Corequisites:** None  
**Component:** None  
This course covers fundamental principles and laws of chemistry. Topics include measurement, atomic and molecular structure, periodicity, chemical reactions, chemical bonding, stoichiometry, thermochemistry, gas laws, and solutions. Upon completion, students should be able to demonstrate an understanding of fundamental chemical laws and concepts as needed in CHM 152. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

### CHM 152 General Chemistry II 03 03 00 04
**Prerequisites:** CHM 151  
**Corequisites:** None  
**Component:** None  
This course provides a continuation of the study of the fundamental principles and laws of chemistry. Topics include kinetics, equilibrium, ionic and redox equations, acid-base theory, electrochemistry, thermodynamics, introduction to nuclear and organic chemistry, and complex ions. Upon completion, students should be able to demonstrate an understanding of chemical concepts as needed to pursue further study in chemistry and related professional fields. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

### CHM 251 Organic Chemistry I 03 03 00 04
**Prerequisites:** CHM 152  
**Corequisites:** None  
**Component:** None  
This course provides a systematic study of the theories, principles, and techniques of organic chemistry. Topics include nomenclature, structure, properties, reactions, and mechanisms of hydrocarbons, alkyl halides, alcohols, and ethers; further topics include isomerization, stereochemistry, and spectroscopy. Upon completion, students should be able to demonstrate an understanding of the fundamental concepts of covered organic topics as needed in CHM 252. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

### CHM 252 Organic Chemistry II 03 03 00 04
**Prerequisites:** CHM 251  
**Corequisites:** None  
**Component:** None  
This course provides continuation of the systematic study of the theories, principles, and techniques of organic chemistry. Topics include nomenclature, structure, properties, reactions, and mechanisms of aromatics, aldehydes, ketones, carboxylic acids and derivatives, amines and heterocyclics; multi-step synthesis will be emphasized. Upon completion, students should be able to demonstrate an understanding of organic concepts as needed to pursue further study in chemistry and related professional fields. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

---

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
CIS 070 Fundamentals of Computing 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course covers fundamental functions and operations of the computer. Topics include identification of components, overview of operating systems, and other basic computer operations. Upon completion, students should be able to operate computers, access files, print documents and perform basic applications operations.

CIS 110 Introduction to Computers 02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces computer concepts, including fundamental functions and operations of the computer. Topics include identification of hardware components, basic computer operations, security issues, and use of software applications. Upon completion, students should be able to demonstrate an understanding of the role and function of computers and use the computer to solve problems. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural science/mathematics (Quantitative Option). This course is also available through the Virtual Learning Community (VLC).

CIS 111 Basic PC Literacy 01 02 00 02
Prerequisites: None
Corequisites: None
Component: None
This course provides an overview of computer concepts. Emphasis is placed on the use of personal computers and software applications for personal and fundamental workplace use. Upon completion, students should be able to demonstrate basic personal computer skills. This course is also available through the Virtual Learning Community (VLC).

CIS 113 Computer Basics 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course introduces basic computer usage for non-computer majors. Emphasis is placed on developing basic personal computer skills. Upon completion, students should be able to demonstrate competence in basic computer applications. This course is also available through the Virtual Learning Community (VLC).

CIS 115 Intro to Prog & Logic 02 03 00 03
Prerequisites: Take 1 course: MAT 070, MAT 080, MAT 090, MAT 095, MAT 120, MAT 121, MAT 161, MAT 171, or MAT 175
Corequisites: None
Component: None
This course introduces computer programming and problem solving in a structured program logic environment. Topics include language syntax, data types, program organization, problem solving methods, algorithm design, and logic control structures. Upon completion, students should be able to manage files with operating system commands, use top-down algorithm design, and implement algorithmic solutions in a programming language. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural science/mathematics (Quantitative Option). This course is also available through the Virtual Learning Community (VLC).

CIS 162 Multimedia Presentation Software 02 02 00 03
Prerequisites: CIS 110 or CIS 111
Corequisites: None
Component: None
This course is designed to integrate visual and audio resources using presentation software in a simple interactive multimedia project. Emphasis is placed upon design and audience considerations, general prototyping, and handling of media resources. Upon completion, students should be able to demonstrate an original interactive multimedia presentation implementing all of these resources in a professional manner.

CIV 110 Statics/Strength of Materials 02 06 00 04
Prerequisites: MAT 121, MAT 161, MAT 171, or MAT 175
Corequisites: None
Component: None
This course includes vector analysis, equilibrium of force systems, friction, sectional properties, stress/strain, and deformation. Topics include resultants and components of forces, moments and couples, free-body diagrams, shear and moment diagrams, trusses, frames, beams, columns, connections, and combined stresses. Upon completion, students should be able to analyze simple structures.

CIV 111 Soils and Foundations 02 03 00 03
Prerequisites: CIV 110
Corequisites: None
Component: None
This course presents an overview of soil as a construction material using both analysis and testing procedures. Topics include index properties, classification, stress analysis, compressibility, compaction, dewatering, excavation, stabilization, settlement, and foundations. Upon completion, students should be able to perform basic soil tests and analyze engineering properties of soil.

CIV 125 Civil/Surveying CAD 01 06 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces civil/surveying computer-aided drafting (CAD) software. Topics include drawing, editing, and dimensioning commands; plotting; and other related civil/surveying topics. Upon completion, students should be able to produce civil/surveying drawings using CAD software.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
CIV 210 Engineering Materials 01 03 00 02
Prerequisites: None
Corequisites: None
Component: None
This course covers the behavior and properties of Portland cement and asphaltic concretes and laboratory and field testing. Topics include cementing agents and aggregates; water and admixtures; proportioning, production, placing, consolidation, and curing; and inspection methods. Upon completion, students should be able to proportion concrete mixtures to attain predetermined strengths and other properties and perform standard control tests.

CIV 211 Hydraulics and Hydrology 02 03 00 03
Prerequisites: CIV 110 or MEC 250
Corequisites: None
Component: None
This course introduces the basic engineering principles and characteristics of hydraulics and hydrology. Topics include precipitation and runoff, fluid statics and dynamics, flow measurement, and pipe and open channel flow. Upon completion, students should be able to analyze and design drainage structures.

CIV 212 Environmental Planning 02 03 00 03
Prerequisites: CIV 211
Corequisites: None
Component: None
This course covers water and wastewater technology, erosion and sedimentation control, and other related topics. Topics include collection, treatment, and distribution of water and wastewater and erosion and sedimentation control law. Upon completion, students should be able to demonstrate knowledge of water and wastewater systems and prepare erosion and sedimentation control plans.

CIV 222 Reinforced Concrete 02 03 00 03
Prerequisites: CIV 110
Corequisites: None
Component: None
This course introduces the basic elements of reinforced concrete and masonry structures. Topics include analysis and design of reinforced concrete beams, slabs, columns, footings, and retaining walls; load-bearing masonry walls; and ACI manuals and codes. Upon completion, students should be able to analyze and design components of a structure using reinforced concrete and masonry elements and utilize appropriate ACI publications.

CIV 230 Construction Estimating 02 03 00 03
Prerequisites: One course required: CIS 110, CIS 111 or ERG 115
Corequisites: None
Component: None
This course covers quantity take-offs of labor, materials, and equipment and calculation of direct and overhead costs for a construction project. Topics include the interpretation of working drawings and specifications, types of contracts and estimates, building codes, bidding techniques and procedures, and estimating software. Upon completion, students should be able to prepare a detailed cost estimate and bid documents for a construction project.

CIV 240 Project Management 02 03 00 03
Prerequisites: CIV 210 and EGR 115
Corequisites: None
Component: None
This course introduces construction planning and scheduling techniques and project management software. Topics include construction safety, operation analysis, construction scheduling, construction control systems, claims and dispute resolutions, project records, and documentation. Upon completion, students should be able to demonstrate an understanding of the roles of construction project participants, maintain construction records, and prepare construction schedules.

CIV 250 Civil Eng Technology Project 01 03 00 02
Prerequisites: Departmental approval
Corequisites: None
Component: None
This course includes an integrated team approach to civil engineering technology projects. Emphasis is placed on project proposal, site selection, analysis/design of structures, construction material selection, time and cost estimating, planning, and management of a project. Upon completion, students should be able to apply team concepts, prepare estimates, submit bid proposals, and manage projects.

CJC 100 Basic Law Enforcement Training 09 30 00 19
Prerequisites: None
Corequisites: None
Component: None
This course covers the skills and knowledge needed for entry-level employment as a law enforcement officer in North Carolina. Topics are divided into general units of study: legal, patrol duties, law enforcement communications, investigations, practical application and sheriff-specific. Upon successful completion, the student will be able to demonstrate competence in topics and areas required for the state comprehensive certification examination. This is a certificate-level course.

CJC 111 Introduction to Criminal Justice 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the components and processes of the criminal justice system. Topics include history, structure, functions, and philosophy of the criminal justice system and their relationship to life in our society. Upon completion, students should be able to define and describe the major system components and

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
CJC 112 Criminology  03  00  00  03
Prerequisites:  None
Corequisites:  None
Component:  None
This course introduces deviant behavior as it relates to criminal activity. Topics include theories of crime causation; statistical analysis of criminal behavior; past, present, and future social control initiatives; and other related topics. Upon completion, students should be able to explain and discuss various theories of crime causation and societal response.

CJC 113 Juvenile Justice  03  00  00  03
Prerequisites:  None
Corequisites:  None
Component:  None
This course covers the juvenile justice system and related juvenile issues. Topics include an overview of the juvenile justice system, treatment and prevention programs, special areas and laws unique to juveniles, and other related topics. Upon completion, students should be able to identify/discuss juvenile court structure/procedures, function and jurisdiction of juvenile agencies, processing/detention of juveniles, and case disposition. This course is also available through the Virtual Learning Community (VLC).

CJC 114 Investigative Photography  01  02  00  02
Prerequisites:  None
Corequisites:  None
Component:  None
This course covers the operation of digital photographic equipment and its application to criminal justice. Topics include the use of digital cameras, storage of digital images, the retrieval of digital images and preparation of digital images as evidence. Upon completion, students should be able to demonstrate and explain the role and use of digital photography, image storage and retrieval in criminal investigations.

CJC 116 Introduction to Information Security  03  00  00  03
Prerequisites:  CIS 110 or CIS 111
Corequisites:  None
Component:  None
This course introduces the students to undercover techniques necessary to identify information security breaches and establish, maintain and monitor information security systems. Emphasis will be placed on the investigative tools used to collect evidence in cases of illegal activity. Upon completion students should be able to evaluate information systems, identify security problems and provide procedures to guard against security breaches. This course is a unique concentration requirement in the Financial Crime/Computer Fraud concentration in the Criminal Justice Technology Program.

CJC 121 Law Enforcement Operations  03  00  00  03
Prerequisites:  None
Corequisites:  None
Component:  None
This course introduces fundamental law enforcement operations. Topics include the contemporary evolution of law enforcement operations and related issues. Upon completion, students should be able to explain theories, practices, and issues related to law enforcement operations. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

CJC 122 Community Policing  03  00  00  03
Prerequisites:  None
Corequisites:  None
Component:  None
This course covers the historical, philosophical, and practical dimensions of community policing. Emphasis is placed on the empowerment of police and the community to find solutions to problems by forming partnerships. Upon completion, students should be able to define community policing, describe how community policing strategies solve problems, and compare community policing to traditional policing.

CJC 131 Criminal Law  03  00  00  03
Prerequisites:  None
Corequisites:  None
Component:  None
This course covers judicial structure/process/procedure from incident to disposition, kinds and degrees of evidence, and the rules governing admissibility of evidence in court. Topics include consideration of state and federal courts, arrest, search and seizure laws, exclusionary and statutory rules of evidence, and other related issues. Upon completion, students should be able to discuss the sources of law and identify, interpret, and apply the appropriate statutes/elements.

CJC 132 Court Procedure & Evidence  03  00  00  03
Prerequisites:  None
Corequisites:  None
Component:  None
This course covers judicial structure/process/procedure from incident to disposition, kinds and degrees of evidence, and the rules governing admissibility of evidence in court. Topics include consideration of state and federal courts, arrest, search and seizure laws, exclusionary and statutory rules of evidence, and other related issues. Upon completion, students should be able to identify and discuss procedures necessary to establish a lawful arrest/search, proper judicial procedures, and the admissibility of evidence. This course is also available through the Virtual Learning Community (VLC).

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
CJC 141 Corrections 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the history, major philosophies, components, and current practices and problems of the field of corrections. Topics include historical evolution, functions of the various components, alternatives to incarceration, treatment programs, inmate control, and other related topics. Upon completion, students should be able to explain the various components, processes, and functions of the correctional system. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

CJC 144 Crime Scene Processing 02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the theories and practices of crime scene processing and investigating. Topics include legal considerations at the crime scene, processing indoor and outdoor scenes, recording, note taking, collection and preservation of evidence and submission to the crime laboratory. Upon completion, the student should be able to evaluate and search various crime scenes and demonstrate the appropriate techniques.

CJC 145 Crime Scene CAD 02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the student to CAD software for crime scenes. Topics include drawing, editing, file management and drafting theory and practices. Upon completion, students should be able to produce and plot a crime scene drawing.

CJC 146 Trace Evidence 02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides a study of trace evidence as it relates to forensic science. Topics include collection, packaging, and preservation of trace evidence from crime scenes such as bombings, fires and other scenes. Upon completion, students should be able to demonstrate the fundamental concepts of trace evidence collection, preservation and submission to the crime laboratory.

CJC 151 Introduction to Loss Prevention 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the concepts and methods related to commercial and private security systems. Topics include the historical, philosophical, and legal basis of security, with emphasis on security surveys, risk analysis, and associated functions. Upon completion, students should be able to demonstrate and understand security systems, risk management, and the laws relative to loss prevention.

CJC 193 Selected Topics in Criminal Justice 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides an opportunity to explore areas of current interest in specific program or discipline areas. Emphasis is placed on subject matter appropriate to the program or discipline. Upon completion, students should be able to demonstrate an understanding of the specific area of study.

CJC 211 Counseling 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic elements of counseling and specific techniques applicable to the criminal justice setting. Topics include observation, listening, recording, interviewing, and problem exploration necessary to form effective helping relationships. Upon completion, students should be able to discuss and demonstrate the basic techniques of counseling.

CJC 212 Ethics & Comm Relations 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers ethical considerations and accepted standards applicable to criminal justice organizations and professionals. Topics include ethical systems; social change, values, and norms; cultural diversity; citizen involvement in criminal justice issues; and other related topics. Upon completion, students should be able to apply ethical considerations to the decision-making process in identifiable criminal justice situations. This course is also available through the Virtual Learning Community (VLC).

CJC 213 Substance Abuse 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is a study of substance abuse in our society. Topics include the history and classifications of drug abuse and the social, physical, and psychological impact of drug abuse. Upon completion, students should be able to identify various types of drugs, their effects on human behavior and society, and treatment modalities.

CJC 214 Victimology 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is a study of substance abuse in our society. Topics include the history and classifications of drug abuse and the social, physical, and psychological impact of drug abuse. Upon completion, students should be able to identify various types of drugs, their effects on human behavior and society, and treatment modalities.
This course introduces the study of victims. Emphasis is placed on roles/characteristics of victims, victim interaction with the criminal justice system and society, current victim assistance programs, and other related topics. Upon completion, students should be able to discuss and identify victims, the uniqueness of victims' roles, and current victim assistance programs.

**CJC 215 Organization & Administration**

Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the components and functions of organization and administration as it applies to the agencies of the criminal justice system. Topics include operations/functions of organizations; recruiting, training, and retention of personnel; funding and budgeting; communications; span of control and discretion; and other related topics. Upon completion, students should be able to identify and discuss the basic components and functions of a criminal justice organization and its administrative operations.

**CJC 216 Computer System Security Investigation**

Prerequisites: CJC 116  
Corequisites: None  
Component: None  
This course covers the investigation of illegal activity affecting computer systems and security. Emphasis will be placed on design techniques, security architecture, discretionary and mandatory controls, memory protection, distributed systems and legal issues pertaining to computer operations security. Upon completion, students should be able to recognize and identify potential problem areas in computer systems and provide assistance in solving security problems. This course is a unique concentration requirement in the Financial Crime/Computer Fraud concentration in the Criminal Justice Technology Program.

**CJC 217 Net Security Troubleshooting**

Prerequisites: CJC 216  
Corequisites: None  
Component: None  
This course enables students to apply the investigative skills they have learned to operating systems and networks. Topics will include security technologies for multiple platforms, encryption techniques and authentication and key distribution systems. Upon completion, students will be able to contrast competing schemes and describe mistakes made in design, which could lead to criminal activity. This course is a unique concentration requirement in the Financial Crime/Computer Fraud concentration in the Criminal Justice Technology Program.

**CJC 221 Investigative Principles**

Prerequisites: None  
Corequisites: None  
This course introduces the theories and fundamentals of the investigative process. Topics include crime scene/incident processing, information gathering techniques, collection/preservation of evidence, preparation of appropriate reports, court presentations, and other related topics. Upon completion, students should be able to identify, explain, and demonstrate the techniques of the investigative process, report preparation, and courtroom presentation. This course is also available through the Virtual Learning Community (VLC).

**CJC 222 Criminalistics**

Prerequisites: None  
Corequisites: None  
Component: None  
This course covers the functions of the forensic laboratory and its relationship to successful criminal investigations and prosecutions. Topics include advanced crime scene processing, investigative techniques, current forensic technologies, and other related topics. Upon completion, students should be able to identify and collect relevant evidence at simulated crime scenes and request appropriate laboratory analysis of submitted evidence.

**CJC 223 Organized Crime**

Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the evolution of traditional and non-traditional organized crime and its effect on society and the criminal justice system. Topics include identifying individuals and groups involved in organized crime, areas of criminal activity, legal and political responses to organized crime, and other related topics. Upon completion, students should be able to identify the groups and activities involved in organized crime and the responses of the criminal justice system.

**CJC 231 Constitutional Law**

Prerequisites: None  
Corequisites: None  
Component: None  
The course covers the impact of the Constitution of the United States and its amendments on the criminal justice system. Topics include the structure of the Constitution and its amendments, court decisions pertinent to contemporary criminal justice issues, and other related topics. Upon completion, students should be able to identify/discuss the basic structure of the United States Constitution and the rights/procedures as interpreted by the courts. This course is also available through the Virtual Learning Community (VLC).

**CJC 232 Civil Liability**

Prerequisites: None  
Corequisites: None  
Component: None  
Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course covers liability issues for the criminal justice professional. Topics include civil rights violations, tort liability, employment issues, and other related topics. Upon completion, students should be able to explain civil trial procedures and discuss contemporary liability issues.

**CJC 233 Correctional Law**

**Prerequisites:** None  
**Corequisites:** None  
**Component:** None

This course introduces statutory/case law pertinent to correctional concepts, facilities, and related practices. Topics include examination of major legal issues encompassing incarceration, probation, parole, restitution, pardon, restoration of rights, and other related topics. Upon completion, students should be able to identify/discuss legal issues which directly affect correctional systems and personnel.

**CJC 241 Community-Based Correction**

**Prerequisites:** None  
**Corequisites:** None  
**Component:** None

This course covers programs for convicted offenders that are used both as alternatives to incarceration and in post-incarceration situations. Topics include offenders, diversion, house arrest, restitution, community service, probation and parole, including both public and private participation, and other related topics. Upon completion, students should be able to identify/discuss various programs from the perspective of the criminal justice professional, the offender, and the community.

**CJC 244 Footwear and Tire Imprints**

**Prerequisites:** None  
**Corequisites:** None  
**Component:** None

This course provides a study of the fundamental concepts of footwear and tire imprint evidence as related to forensic science. Topics include proper photographic recording, casting, recognition of wear patterns and imprint identification. Upon completion, the student should be able to recognize, record, photograph, and identify footwear and tire imprints.

**CJC 245 Friction Ridge Analysis**

**Prerequisites:** None  
**Corequisites:** None  
**Component:** None

This course introduces the basic elements of fingerprint technology and techniques applicable to the criminal justice field. Topics include the history and meaning of fingerprints, pattern types and classification, filing sequence, searching and referencing. Upon completion, students should be able to discuss and demonstrate the fundamental techniques of basic fingerprint technology.

**CJC 246 Adv Friction Ridge Analys**

**Prerequisites:** CJC 245  
**Corequisites:** None  
**Component:** None

This course introduces the theories and processes of advanced friction ridge analysis. Topics include evaluation of friction ridges, chart preparation, comparative analysis for valued determination rendering proper identification, chemical enhancement and AFIS preparation and usage. Upon completion, students must show an understanding of proper procedures for friction ridge analysis through written testing and practical exercises.

**CJC 249 Forensic Accounting**

**Prerequisites:** ACC 220  
**Corequisites:** None  
**Component:** None

This course introduces students to theoretical and practical aspects of asset and cash control investigations through internal audit and fraud investigation procedure used in corporate investigation. The emphasis is placed on procedures used to identify the absence of proper controls or the existence of improper activity, which creates illegal activity. Upon completion, students will be able to conduct fraud investigations including the collection of evidence and preparation of the case for criminal prosecution. This course is a unique concentration requirement in the Financial Crime/Computer Fraud concentration in the Criminal Justice Technology Program.

**CJC 250 Forensic Biology I**

**Prerequisites:** None  
**Corequisites:** BIO 110 or BIO 111  
**Component:** None

This course covers important biological principles that are applied in the crime laboratory. Topics include forensic toxicology, forensic serology, microscopy, and DNA typing analysis, with an overview of organic and inorganic analysis. Upon completion, students should be able to articulate how a crime laboratory processes physical evidence submitted by law enforcement agencies.

**CJC 251 Forensic Chemistry I**

**Prerequisites:** None  
**Corequisites:** None  
**Component:** None

This course provides a study of the fundamental concepts of chemistry as it relates to forensic science. Topics include physical and chemical properties of substances, metric measurements, chemical changes, elements, compounds, gases, and atomic structure. Upon completion, students should be able to demonstrate an understanding of the fundamental concepts of forensic chemistry.

**CJC 252 Forensic Chemistry II**

**Prerequisites:** CJC 251  
**Corequisites:** None  
**Component:** None

This course provides a study of specialized areas of chemistry.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
specifically related to forensic science. Topics include properties of light, emission and absorption spectra, spectrophotometry, gas and liquid chromatography, and related topics in organic and biochemistry. Upon completion, students should be able to demonstrate an understanding of specialized concepts in forensic chemistry.

COE 111 Co-op Work Experience I 00 00 10 01
Prerequisites: None
Corequisites: None
Component: None
This course provides work experience with a college-approved employer in an area related to the student’s program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. This course is also available through the Virtual Learning Community (VLC).

COE 112 Co-op Work Experience I 00 00 20 02
Prerequisites: None
Corequisites: None
Component: None
This course provides work experience with a college approved employer in an area related to the student’s program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.

COE 113 Co-op Work Experience I 00 00 30 03
Prerequisites: None
Corequisites: None
Component: None
This course provides work experience with a college-approved employer in an area related to the student’s program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.

COE 115 Work Exp Seminar I 01 00 00 01
Prerequisites: None
Corequisites: One course required: COE 111, COE 112, COE 113 or COE 114
Component: None
This course description may be written by the individual colleges.

COE 121 Co-op Work Experience II 00 00 10 01
Prerequisites: COE 111, COE 112, or COE 113
Corequisites: None
Component: None
This course provides work experience with a college-approved employer in an area related to the student’s program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.

COE 122 Co-op Work Experience II 00 00 20 02
Prerequisites: COE 111, COE 112, or COE 113
Corequisites: None
Component: None
This course provides work experience with a college-approved employer in an area related to the student’s program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.

setting. Emphasis is placed on efficient and competent delivery of all salon services in preparation for the licensing examination and employment. Upon completion, students should be able to demonstrate competence in program requirements and the areas covered on the Cosmetology Licensing Examination and meet entry-level employment requirements.

**COS 223 Contemp Hair Coloring** 01 03 00 02
Prerequisites: COS 111 and COS 112
Corequisites: None
Component: None
This course covers basic color concepts, hair coloring problems, and application techniques. Topics include color theory, terminology, contemporary techniques, product knowledge, and other related topics. Upon completion, students should be able to identify a client’s color needs and safely and competently perform color applications and correct problems.

**COS 224 Trichology & Chemistry** 01 03 00 02
Prerequisites: COS 111 and COS 112
Corequisites: None
Component: None
This course is a study of hair and the interaction of applied chemicals. Emphasis is placed on pH actions and the reactions and effects of chemical ingredients. Upon completion, students should be able to demonstrate an understanding of chemical terminology, pH testing, and chemical reactions on hair.

**COS 250 Computerized Salon Ops** 01 00 00 01
Prerequisites: COS 111 and COS 112
Corequisites: None
Component: None
This course introduces computer and salon software. Emphasis is placed on various computer and salon software applications. Upon completion, students should be able to utilize computer skills and software applications in the salon setting.

**CSC 133 C Programming** 02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces computer programming using the C programming language with structured programming principles. Topics include input/output operations, iteration, arithmetic operations, arrays, pointers, filters, and other related topics. Upon completion, students should be able to design, code, test and debug at a beginning level.

**CSC 134 C++ Programming** 02 03 00 03
Prerequisites: CIS 115
Corequisites: None
Component: None
This course introduces computer programming using the C++ programming language with object-oriented programming principles. Emphasis is placed on event-driven programming methods, including creating and manipulating objects, classes, and using object-oriented tools such as the class debugger. Upon completion, students should be able to design, code, test and debug at a beginning level.

**CSC 135 COBOL Programming** 02 03 00 03
Prerequisites: CIS 115
Corequisites: None
Component: None
This course introduces computer programming using the COBOL programming language with structured programming principles. Topics include input/output operations, iteration, arithmetic operations, arrays, pointers, filters, and other related topics. Upon completion, students should be able to design, code, test and debug at a beginning level. This course is also available through the Virtual Learning Community (VLC).

**CSC 139 Visual BASIC Programming** 02 03 00 03
Prerequisites: CIS 115
Corequisites: None
Component: None
This course introduces computer programming using the Visual BASIC programming language with object-oriented programming principles. Topics include input/output operations, iteration, arithmetic operations, arrays, pointers, filters, and other related topics. Upon completion, students should be able to design, code, test and debug at a beginning level. This course is also available through the Virtual Learning Community (VLC). This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**CSC 141 Visual C++ Programming** 02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces computer programming using the Visual C++ programming language with object-oriented programming principles. Emphasis is placed on event-driven programming methods, including creating and manipulating objects, classes, and using object-oriented tools such as the class debugger. Upon completion, students should be able to design, code, test, debug, and implement objects using the appropriate environment at a beginning level.

**CSC 151 JAVA Programming** 02 03 00 03
Prerequisites: CIS 115
Corequisites: None
Component: None
This course introduces computer programming using the JAVA programming language with object-oriented programming prin-

Component: None

This course covers field surveying applications for residential and commercial construction. Topics include building layout and leveling, linear measurement and turning angles, plumbing vertical members, and topographic and utilities surveys. Upon completion, students should be able to properly and accurately use surveying equipment to lay out residential and commercial buildings.

CST 221 Statics/Structures  03  03  00  04
Prerequisites: MAT 120, MAT 121, MAT 161, MAT 171, OR MAT 175 and ARC 112, CAR 112, or CST 112
Corequisites: None
Component: None
This course covers the principles of statics and strength of materials as applied to structural building components. Topics include forces on columns, beams, girders, and footings and connection points when timber, steel, and concrete members are used. Upon completion, students should be able to accurately analyze load conditions present in structural members.

CST 241 Planning/Estimating I  02  02  00  03
Prerequisites: BPR 130 or MAT 120, MAT 121, MAT 161, MAT 171 OR MAT 175
Corequisites: None
Component: None
This course covers the procedures involved in planning and estimating a residential structure. Topics include labor and equipment with emphasis placed on quantity take-off of materials necessary to construct a residential structure. Upon completion, students should be able to accurately complete a take-off of materials and equipment needs and plan the labor to construct a residential structure.

CTS 115 Info Sys Business Concept  03  00  00  03
Prerequisites: None
Corequisites: None
Component: None
The course introduces the role of IT in managing business processes and the need for business process and IT alignment. Emphasis is placed on industry need for understanding business challenges and developing/managing information systems to contribute to the decision making process based on these challenges. Upon completion, students should be able to demonstrate knowledge of the ‘hybrid business manager’ and the potential offered by new technology and systems. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

CTS 120 Hardware/Software Support  02  03  00  03
Prerequisites: CIS 110 or CIS 111
Corequisites: None
Component: None
This course covers the basic hardware of a personal computer, including installation, operations and interactions with software.

CTS 130 Spreadsheet  02  02  00  03
Prerequisites: CIS 110 or CIS 111 or OST 137
Corequisites: None
Component: None
This course introduces basic spreadsheet design and development. Topics include writing formulas, using functions, enhancing spreadsheets, creating charts, and printing. Upon completion, students should be able to design and print basic spreadsheets and charts.

CTS 220 Adv Hard/Software Support  02  03  00  03
Prerequisites: CTS 120
Corequisites: None
Component: None
This course provides advanced knowledge and competencies in hardware and operating system technologies for computer technicians to support personal computers. Emphasis is placed on configuring and upgrading; diagnosis and troubleshooting; as well as preventive maintenance of hardware and system software. Upon completion, students should be able to install, configure, diagnose, perform preventive maintenance, and maintain basic networking on personal computers.

CTS 230 Advanced Spreadsheet  02  02  00  03
Prerequisites: CTS 130
Corequisites: None
Component: None
This course covers advanced spreadsheet design and development. Topics include advanced functions and statistics, charting, macros, databases, and linking. Upon completion, students should be able to demonstrate competence in designing complex spreadsheets.

CTS 285 Systems Analysis & Design  03  00  00  03
Prerequisites: CIS 115
Corequisites: None
Component: None
This course introduces established and evolving methodologies for the analysis, design, and development of an information system. Emphasis is placed on system characteristics, managing projects, prototyping, CASE/OOM tools, and systems development life cycle phases. Upon completion, students should be able to analyze a problem and design an appropriate solution using a combination of tools and techniques.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
CTS 289 System Support Project
Prerequisites: CTS 285
Corequisites: None
Component: None
This course provides an opportunity to complete a significant support project with minimal instructor assistance. Emphasis is placed on written and oral communication skills, project definition, documentation, installation, testing, presentation, and user training. Upon completion, students should be able to complete a project from the definition phase through implementation.

CUL 110 Sanitation & Safety
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic principles of sanitation and safety and their relationship to the hospitality industry. Topics include personal hygiene, sanitation and safety regulations, use and care of equipment, the principles of food-borne illness, and other related topics. Upon completion, students should be able to demonstrate an understanding of sanitation and safety procedures in the hospitality industry.

CUL 120 Purchasing
Prerequisites: None
Corequisites: None
Component: None
This course covers purchasing for hotels and restaurants. Emphasis is placed on procurement, yield tests, inventory control, specification, planning, forecasting, market trends, terminology, cost controls, pricing, and foodservice ethics. Upon completion, students should be able to apply effective purchasing techniques based on the end-use of the product.

CUL 120A Purchasing Lab
Prerequisites: None
Corequisites: CUL 120
Component: None
This course is a laboratory to accompany CUL 120. Emphasis is placed on practical experiences that enhance the materials presented in CUL 120. Upon completion, students should be able to demonstrate practical applications of purchasing within the hospitality industry.

CUL 125 Hospitality Information Systems
Prerequisites: None
Corequisites: None
Component: None
This course introduces hospitality and food service information systems. Topics include planning, cost controls, forecasting, inventory control, recipe control, production control, and nutritional analysis. Upon completion, students should be able to demonstrate competence in utilizing contemporary information applica-

CUL 130 Menu Design
Prerequisites: None
Corequisites: None
Component: None
This course introduces menu design. Topics include development of standardized recipes, layout, nutritional concerns, product utilization, demographics, and customer needs. Upon completion, students should be able to write, lay out, and produce effective menus for a variety of hospitality settings.

CUL 135 Food & Beverage Service
Prerequisites: None
Corequisites: CUL 135A
Component: None
This course covers the practical skills and knowledge for effective food and beverage service in a variety of settings. Topics include reservations, greeting and service of guests, styles of service, handling complaints, and sales and merchandising. Upon completion, students should be able to demonstrate competence in human relations and technical skills required in the service of foods and beverages.

CUL 135A Food & Beverage Service Lab
Prerequisites: None
Corequisites: CUL 135
Component: None
This course is a laboratory to accompany CUL 135. Emphasis is placed on practical experiences that enhance the materials presented in CUL 135. Upon completion, students should be able to demonstrate practical applications of skills required in the service of foods and beverages.

CUL 140 Basic Culinary Skills
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamental concepts, skills, and techniques involved in basic cookery. Emphasis is placed on recipe conversion, measurements, terminology, knife skills, safe food handling, cooking methods, flavorings, seasonings, stocks/sauces/soups, and other related topics. Upon completion, students should be able to exhibit the basic cooking skills used in the food service industry.

CUL 150 Food Science
Prerequisites: None
Corequisites: None
Component: None
This course covers the chemical and physical changes in foods that occur with cooking, handling, and processing. Topics include heat transfer and its effect on color, flavor, and texture; and emul-
sification, protein coagulation, leavening agents, viscosity, and gel formation. Upon completion, students should be able to demonstrate an understanding of the principles covered as they apply to food preparation in an experimental setting.

CUL 160 Baking I 01 04 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers basic ingredients, weights and measures, baking terminology, and formula calculations. Topics include yeast-raised products, quick breads, pastry dough, various cakes and cookies, and appropriate filling and finishing techniques. Upon completion, students should be able to lay out a basic cold food display and exhibit an understanding of the cold kitchen and its related terminology.

CUL 170 Garde Manger I 01 04 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces basic cold food preparation techniques and pantry production. Topics include salads, sandwiches, appetizers, dressings, basic garnishes, cheeses, cold sauces, and related food items. Upon completion, students should be able to lay out a basic cold food display and exhibit an understanding of the cold kitchen and its related terminology.

CUL 180 International & American Reg Cuisine 01 08 00 05
Prerequisites: CUL 140
Corequisites: None
Component: None
This course provides practical experience in the planning, preparation, and service of representative foods from different countries and regions of America. Emphasis is placed on eating habits, indigenous foods and customs, nutritional concerns, and traditional equipment. Upon completion, students should be able to research and execute international and domestic menus.

CUL 214 Wine Appreciation 01 02 00 02
Prerequisites: None
Corequisites: None
Component: None
This course provides comprehensive and detailed information about wine from all the major wine producing countries. Emphasis is placed on the history of wine, production characteristics, laws, and purchasing and storing requirements. Upon completion, students should be able to determine what wines compliment various cuisines and particular tastes.

CUL 240 Advanced Culinary Skills 01 08 00 05
Prerequisites: CUL 140
Corequisites: None
Component: None
This course is a continuation of CUL 140. Emphasis is placed on meat fabrication and butchery; vegetable, starch, and protein cookery; compound sauces; plate presentation; breakfast cookery; and quantity food preparation. Upon completion, students should be able to plan, execute, and successfully serve entrees with complementary side items.

CUL 250 Classical Cuisine 01 08 00 05
Prerequisites: CUL 140 and CUL 240
Corequisites: None
Component: None
This course reinforces the classical culinary kitchen as established by Escoffier. Topics include the working Grand Brigade of the kitchen, table d'hôte menus, signature dishes, and classical banquets. Upon completion, students should be able to demonstrate competence in food preparation in a classical/upscale restaurant or banquet setting.

CUL 250A Classical Cuisine Lab 00 03 00 01
Prerequisites: CUL 140 and CUL 240
Corequisites: CUL 250
Component: None
This is a laboratory course to accompany CUL 250. Emphasis is placed on the practical experiences that enhance the materials and skills presented in CUL 250. Upon completion, students should be able to exhibit culinary skills and techniques as they pertain to classical/upscale kitchens and banquet settings.

CUL 260 Baking II 01 04 00 03
Prerequisites: CUL 160
Corequisites: CUL 260A
Component: None
This course is a continuation of CUL 160. Topics include specialty breads, understanding, development and maintaining of natural sourdough, classical desserts, laminated pastry dough, cake and torte decorating and dessert plating and presentation. Upon completion, students should be able to demonstrate pastry preparation and plating, specialty sourdough production, cake decorating, and dessert buffet production skills.

CUL 260A Baking II Lab 00 03 00 01
Prerequisites: CUL 160
Corequisites: CUL 260
Component: None
This is a laboratory course to accompany CUL 260. Emphasis is placed on the practical experiences that enhance the materials and skills presented in CUL 260. Upon completion, students should be able to perform cake-decorating techniques, produce pastry showpieces, and prepare and plate assorted pastries.

CUL 270 Garde Manager II 01 04 00 03
Prerequisites: CUL 170
Corequisites: None
Component: None
Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
### Course Descriptions

**CUL 270A Garde Manger II Lab**
- **Prerequisites:** CUL 170
- **Corequisites:** CUL 270
- **Component:** None
This is a laboratory course to accompany CUL 270. Emphasis is placed on practical experiences that enhance the materials and skills presented in CUL 270. Upon completion, students should be able to demonstrate proficiency in the design and technical applications of advanced garde manger work including classical cold buffets with appropriate showpieces.

**CUL 280 Pastry & Confections**
- **Prerequisites:** CUL 160 and CUL 260
- **Corequisites:** None
- **Component:** None
This course is a continuation of CUL 260. Topics include confections and candy, chocolate tempering and molding, transfer sheets, pulled and blown sugar (basic pulling and ribboning), pâtissage, marzipan and custom silicon molding. Upon completion, students should be able to design and produce centerpiece and showpieces made from tempered chocolate, pulled sugar, pâtissage and marzipan, as produced through custom molding, pre-set molding, stencil cut-outs, pattern tracing and/or free-hand shaping.

**CUL 280A Pastry & Confections Lab**
- **Prerequisites:** CUL 160
- **Corequisites:** CUL 280
- **Component:** None
This is a laboratory course to accompany CUL 280. Emphasis is placed on the practical experiences that enhance the materials and skills presented in CUL 280. Upon completion, students should be able to demonstrate proficiency in the execution of plated desserts, dessert platters and showpieces.

**DAN 110 Dance Appreciation**
- **Prerequisites:** None
- **Corequisites:** None
- **Component:** None
This course for non-dance majors surveys diverse dance forms and the religious and cultural values that shape them. Topics include dances from Europe, Africa, Asia, and America. Upon completion, students should be able to demonstrate an understanding of the diverse forms and values that dance embraces. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**DAN 211 Dance History I**
- **Prerequisites:** None
- **Corequisites:** None
- **Component:** None
This course provides an in-depth study of world dance from pre-history to 1800. Emphasis is placed on examining the dance and dancers of diverse cultures including Africa, Asia, and Europe. Upon completion, students should be able to analyze the common need to dance and the forms, religions, and cultural values it embodies. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**DAN 212 Dance History II**
- **Prerequisites:** None
- **Corequisites:** None
- **Component:** None
This course provides an in-depth study of world dance from 1800 to the present. Emphasis is placed on Western theatrical dance (ballet, modern dance, tap, and jazz) and the personalities that shaped it. Upon completion, students should be able to analyze culturally diverse dance forms and their cross-pollenation which have produced the “pan world dance of today”. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**DBA 110 Database Concepts**
- **Prerequisites:** CIS 110 or CIS 111
- **Corequisites:** None
- **Component:** None
This course introduces database design and creation using a DBMS product. Emphasis is placed on data dictionaries, normalization, data integrity, data modeling, and creation of simple tables, queries, reports, and forms. Upon completion, students should be able to design and implement normalized database structures by creating simple database tables, queries, reports, and forms.

**DBA 120 Database Programming I**
- **Prerequisites:** None
- **Corequisites:** None
- **Component:** None
This course is designed to develop SQL programming proficiency. Emphasis is placed on data definition, data manipulation, and data control statements as well as on report generation. Upon completion, students should be able to write programs which create, update, and produce reports.

**DBA 220 Oracle DB Programming II**
- **Prerequisites:** DBA 120
- **Corequisites:** None
- **Component:** None
This course is designed to enhance programming skills developed in DBA 120. Topics include application development with GUI front-ends and embedded programming. Upon completion,

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
students should be able to develop an Oracle DBMS application which includes a GUI front-end and report generation.

**DEN 100 Basic Orofacial Anatomy** 02 00 00 02
Prerequisites: None
Corequisites: None
Component: None
This course provides a basic introduction to the structures of the head, neck, and oral cavity. Topics include tooth morphology, head and neck anatomy, histology, and embryology. Upon completion, students should be able to demonstrate knowledge of normal structures and development and how they relate to the practice of dental assisting. This course is intended for certificate and diploma programs.

**DEN 101 Preclinical Procedures** 04 06 00 07
Prerequisites: Department Approval
Corequisites: DEN 102 and DEN 111
Component: None
This course provides instruction in procedures for the clinical dental assistant as specified by the North Carolina Dental Practice Act. Emphasis is placed on orientation to the profession, infection control techniques, instruments, related expanded functions, and diagnostic, operative, and specialty procedures. Upon completion, students should be able to demonstrate proficiency in clinical dental assisting procedures. This course is intended for certificate and diploma programs.

**DEN 102 Dental Materials** 03 04 00 05
Prerequisites: Department Approval
Corequisites: DEN 101
Component: None
This course provides instruction in identification, properties, evaluation of quality, principles, and procedures related to manipulation and storage of operative and specialty dental materials. Emphasis is placed on the understanding and safe application of materials used in the dental office and laboratory. Upon completion, students should be able to demonstrate proficiency in the laboratory and clinical application of routinely used dental materials. This course is intended for certificate and diploma programs.

**DEN 103 Dental Sciences** 02 00 00 02
Prerequisites: None
Corequisites: None
Component: None
This course is a study of oral pathology, pharmacology, and dental office emergencies. Topics include oral pathological conditions, dental therapeutics, and management of emergency situations. Upon completion, students should be able to recognize abnormal oral conditions, identify classifications, describe actions and effects of commonly prescribed drugs, and respond to medical emergencies. This course is intended for certificate and diploma programs.

**DEN 104 Dental Health Education** 02 02 00 03
Prerequisites: A set of courses is required: DEN 101 and DEN 111
Corequisites: DEN 106
Component: None
This course covers the study of preventive dentistry to prepare dental assisting students for the role of dental health educator. Topics include etiology of dental diseases, preventive procedures, and patient education theory and practice. Upon completion, students should be able to demonstrate proficiency in patient counseling and oral health instruction in private practice or public health settings. This course is intended for certificate and diploma programs.

**DEN 105 Practice Management** 02 00 00 02
Prerequisites: None
Corequisites: DEN 106
Component: None
This course provides a study of principles and procedures related to management of the dental practice. Emphasis is placed on maintaining clinical and financial records, patient scheduling, and supply and inventory control. Upon completion, students should be able to demonstrate fundamental skills in dental practice management. This course is intended for certificate and diploma programs.

**DEN 106 Clinical Practice I** 01 00 12 05
Prerequisites: All courses required: DEN 101, DEN 102 and DEN 111
Corequisites: All courses required: DEN 104, DEN 105 and DEN 112
Component: None
This course is designed to provide experience assisting in a clinical setting. Emphasis is placed on the application of principles and procedures of four-handed dentistry and laboratory and clinical support functions. Upon completion, students should be able to utilize classroom theory and laboratory and clinical skills in a dental setting. This course is intended for certificate and diploma programs.

**DEN 107 Clinical Practice II** 01 00 12 05
Prerequisites: DEN 106
Corequisites: None
Component: None
This course is designed to increase the level of proficiency in assisting in a clinical setting. Emphasis is placed on the application of principles and procedures of four-handed dentistry and laboratory and clinical support functions. Upon completion, students should be able to combine theoretical and ethical principles necessary to perform entry-level skills including functions delegable to a DA II. This course is intended for certificate and diploma programs.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Upon completion, students should be able to understand infectious diseases, disease transmission, infection control procedures, as related to their dental health.

**DEN 124 Periodontology**  
Prerequisites: Enrollment in Dental Hygiene Program and DEN 110  
Corequisites:DEN 130  
Component:None  
This course provides an in-depth study of the periodontium, periodontal pathology, periodontal monitoring, and the principles of periodontal therapy. Topics include periodontal anatomy and a study of the etiology, classification, and treatment modalities of periodontal diseases. Upon completion, students should be able to describe, compare, and contrast techniques involved in periodontal/maintenance therapy, as well as patient care management.

**DEN 125 Dental Office Emergencies**  
Prerequisites: Enrollment in Dental Hygiene Program  
Corequisites: DEN 140  
Component:None  
This course provides a study of the management of dental office emergencies. Topics include methods of prevention, necessary equipment/drugs, medicolegal considerations, recognition and effective initial management of a variety of emergencies. Upon completion, the student should be able to recognize, assess and manage various dental office emergencies and activate advanced medical support when indicated.

**DEN 130 Dental Hygiene Theory I**  
Prerequisites: Enrollment in Dental Hygiene and DEN 120  
Corequisites: DEN 131  
Component:None  
This course is a continuation of the didactic dental hygiene concepts necessary for providing an oral prophylaxis. Topics include deposits/removal, instrument sharpening, patient education, fluorides, planning for dental hygiene treatment, charting, and clinical records and procedures. Upon completion, students should be able to demonstrate knowledge needed to complete a thorough oral prophylaxis.

| Prerequisites: | Enrollment in Dental Hygiene and DEN 130 |
| Corequisites: | DEN 141 |
| Component: | None |
| This course provides a continuation of the development, theory, and practice of patient care. Topics include modification of treatment for special needs patients, advanced radiographic interpretation, and ergonomics. Upon completion, students should be able to differentiate necessary treatment modifications, effective ergonomic principles, and radiographic abnormalities. |

| DEN 141 Dental Hygiene Clinic II | 00 00 06 02 |
| Prerequisites: | Enrollment in Dental Hygiene and DEN 131 |
| Corequisites: | DEN 140 |
| Component: | None |
| This course continues skill development in providing an oral prophylaxis. Emphasis is placed on treatment of patients with early periodontal disease and subgingival deposits. Upon completion, students should be able to assess these patients’ needs and complete the necessary dental hygiene treatment. |

| DEN 220 Dental Hygiene Theory III | 02 00 00 02 |
| Prerequisites: | Enrollment in Dental Hygiene and DEN 140 |
| Corequisites: | DEN 221 |
| Component: | None |
| This course provides a continuation in developing the theories and practices of patient care. Topics include periodontal debridement, pain control, subgingival irrigation, air polishing, and case presentations. Upon completion, students should be able to demonstrate knowledge of methods of treatment and management of periodontally compromised patients. |

| DEN 221 Dental Hygiene Clinic III | 00 00 12 04 |
| Prerequisites: | Enrollment in Dental Hygiene Program and DEN 141 |
| Corequisites: | DEN 220 |
| Component: | None |
| This course continues skill development in providing an oral prophylaxis. Emphasis is placed on treatment of patients with moderate to advanced periodontal involvement and moderate deposits. Upon completion, students should be able to assess these patients’ needs and complete the necessary dental hygiene treatment. |

| DEN 222 General & Oral Pathology | 02 00 00 02 |
| Prerequisites: | Enrollment in Dental Hygiene Program and BIO 163 or BIO 163C and BIO 163L |
| Corequisites: | DEN 130 |
| Component: | None |
| This course provides a general knowledge of oral pathological manifestations associated with selected systemic and oral diseases. Topics include developmental and degenerative diseases, selected microbial diseases, specific and nonspecific immune and inflammatory responses with emphasis on recognizing abnormalities. Upon completion, students should be able to differentiate between normal and abnormal tissues and refer unusual findings to the dentist for diagnosis. |

| DEN 223 Dental Pharmacology | 02 00 00 02 |
| Prerequisites: | Enrollment in Dental Hygiene Program |
| Corequisites: | A set of courses is required: DEN 220 and BIO 163 or BIO 163C and BIO 163L |
| Component: | None |
| This course provides basic drug terminology, general principles of drug actions, dosages, routes of administration, adverse reactions, and basic principles of anesthesiology. Emphasis is placed on knowledge of drugs in overall understanding of patient histories and health status. Upon completion, students should be able to recognize that each patient’s general health or drug usage may require modification of the treatment procedures. |

| DEN 224 Materials and Procedures | 01 03 00 02 |
| Prerequisites: | Enrollment in Dental Hygiene Program and DEN 111 |
| Corequisites: | DEN 231 |
| Component: | None |
| This course introduces the physical properties of materials and related procedures used in dentistry. Topics include restorative and preventive materials, fabrication of casts and appliances, and chairside functions of the dental hygienist. Upon completion, students should be able to demonstrate proficiency in the laboratory and/or clinical application of routinely used dental materials and chairside functions. |

| DEN 230 Dental Hygiene Theory IV | 01 00 00 01 |
| Prerequisites: | Enrollment in Dental Hygiene Program and DEN 220 |
| Corequisites: | DEN 231 |
| Component: | None |
| This course provides an opportunity to increase knowledge of the profession. Emphasis is placed on dental specialties and completion of a case presentation. Upon completion, students should be able to demonstrate knowledge of various disciplines of dentistry and principles of case presentations. |

| DEN 231 Dental Hygiene Clinic IV | 00 00 12 04 |
| Prerequisites: | Enrollment in Dental Hygiene Program and DEN 221 |
| Corequisites: | DEN 230 |
| Component: | None |
| This course continues skill development in providing an oral prophylaxis. Emphasis is placed on treatment of patients with advanced periodontal disease and subgingival deposits. Upon completion, students should be able to assess these patients’ needs and complete the necessary dental hygiene treatment. |

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
laxis. Emphasis is placed on periodontal maintenance and on treating patients with moderate to advanced/refractory periodontal disease. Upon completion, students should be able to assess these patients’ needs and complete the necessary dental hygiene treatment.

DEN 232 Community Dental Health 02 00 03 03
Prerequisites: Enrollment in Dental Hygiene Program
Corequisites: DEN 220
Component: None
This course provides a study of the principles and methods used in assessing, planning, implementing, and evaluating community dental health programs. Topics include epidemiology, research methodology, biostatistics, preventive dental care, dental health education, program planning, and financing and utilization of dental services. Upon completion, students should be able to assess, plan, implement, and evaluate a community dental health program.

DEN 233 Professional Development 02 00 00 02
Prerequisites: Enrollment in Dental Hygiene Program
Corequisites: DEN 230
Component: None
This course includes professional development, ethics, and jurisprudence with applications to practice management. Topics include conflict management, state laws, resumes, interviews, and legal liabilities as health care professionals. Upon completion, students should be able to demonstrate the ability to practice dental hygiene within established ethical standards and state laws.

DFT 119 Basic CAD 01 02 00 02
Prerequisites: None
Corequisites: None
Component: None
This course introduces computer-aided drafting software for specific technologies to non-drafting majors. Emphasis is placed on understanding the software command structure and drafting standards for specific technical fields. Upon completion, students should be able to create and plot basic drawings.

DFT 151 CAD I 02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces CAD software as a drawing tool. Topics include drawing, editing, file management, and plotting. Upon completion, students should be able to produce and plot a CAD drawing.

DFT 152 CAD II 02 03 00 03
Prerequisites: DFT-151
Corequisites: None
Component: None
This course introduces extended CAD applications. Emphasis is placed upon intermediate applications of CAD skills. Upon completion, students should be able to use extended CAD applications to generate and manage drawings.

DRA 111 Theater Appreciation 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides a study of the art, craft, and business of the theater. Emphasis is placed on the audiences appreciation of the work of the playwright, director, actor, designer, producer, and critic. Upon completion, students should be able to demonstrate a vocabulary of theater terms and to recognize the contributions of various theater artists. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

DRA 112 Literature of the Theater 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides a survey of dramatic works from the classical Greek through the present. Emphasis is placed on the language of drama, critical theory, and background as well as on play reading and analysis. Upon completion, students should be able to articulate, orally and in writing, their appreciation and understanding of dramatic works. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

DRA 115 Theater Criticism 03 00 00 03
Prerequisites: DRA 111
Corequisites: None
Component: None
This course is designed to develop a critical appreciation of the theater from the viewpoint of the audience/consumer. Emphasis is placed on viewing, discussing, and evaluating selected theater performance, either live or on film/video. Upon completion, students should be able to express their critical judgments both orally and in writing. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

DRA 120 Voice for Performance 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides guided practice in the proper production of speech for the theatre. Emphasis is placed on improving speech, including breathing, articulation, pronunciation, and other vocal variables. Upon completion, students should be able to demonstrate effective theatrical speech. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

DRA 122 Oral Interpretation 03 00 00 03
Prerequisites: None
Corequisites: None

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Component:  None
This course introduces the dramatistic study of literature through performance. Emphasis is placed on analysis and performance of poetry, drama, and prose fiction. Upon completion, students should be able to embody and discuss critically the speakers inherent in literature. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**DRA 124 Readers Theatre** 03 00 00 03
Prerequisites:  None
Corequisites:  None
Component:  None
This course provides a theoretical and applied introduction to the medium of readers theatre. Emphasis is placed on the group performance considerations posed by various genres of literature. Upon completion, students should be able to adapt and present a literary script following the conventions of readers theatre. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**DRA 126 Storytelling** 03 00 00 03
Prerequisites:  None
Corequisites:  None
Component:  None
This course introduces the art of storytelling and the oral traditions of folk literature. Topics include the history of storytelling, its value and purpose, and methods of collecting verbal art. Upon completion, students should be able to present and discuss critically stories from the world’s repertory of traditional lore. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**DRA 128 Children’s Theatre** 03 00 00 03
Prerequisites:  None
Corequisites:  None
Component:  None
This course introduces the philosophy and practice involved in producing plays for young audiences. Topics include the selection of age-appropriate scripts and the special demands placed on directors, actors, designers, and educators in meeting the needs of young audiences. Upon completion, students should be able to present and critically discuss productions for children. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**DRA 130 Acting I** 00 06 00 03
Prerequisites:  None
Corequisites:  None
Component:  None
This course provides an applied study of the actor’s craft. Topics include role analysis, training the voice, and body concentration, discipline, and self-evaluation. Upon completion, students should be able to explore their creativity in an acting ensemble. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**DRA 131 Acting II** 00 06 00 03
Prerequisites:  DRA 130
Corequisites:  None
Component:  None
This course provides additional hands-on practice in the actor’s craft. Emphasis is placed on further analysis, characterization, growth, and training for acting competence. Upon completion, students should be able to explore their creativity in an acting ensemble. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**DRA 132 Stage Movement** 02 02 00 03
Prerequisites:  None
Corequisites:  DRA 111
Component:  None
This course provides an applied study of selected principles of stage movement for actors. Topics include improvisation, mime, stage combat, clowning, choreography, and masks. Upon completion, students should be able to focus properly on stage, to create characters, and to improvise scenes, perform mimes, fight, clown, juggle, and waltz. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**DRA 135 Acting for the Camera I** 01 04 00 03
Prerequisites:  None
Corequisites:  None
Component:  None
This course provides an applied study of the camera actor’s craft. Topics include commercial, dramatic, and print performance styles. Upon completion, students should be able to explore their creativity in on-camera performance. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**DRA 136 Acting for the Camera II** 01 04 00 03
Prerequisites:  DRA 135
Corequisites:  None
Component:  None
This course provides additional hands-on study of the camera actor’s craft. Emphasis is placed on more advanced camera acting theories, auditioning techniques, daytime drama, feature film, and print advertisement performance styles. Upon completion, students should be able to explore their creativity in on-camera performance. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
DRA 140 Stagecraft I
Prerequisites: None
Corequisites: None
Component: None
This course introduces the theory and basic construction of stage scenery and properties. Topics include stage carpentry, scene painting, stage electrics, properties, and backstage organization. Upon completion, students should be able to pursue vocational and avocational roles in technical theatre. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

DRA 141 Stagecraft II
Prerequisites: DRA 140
Corequisites: None
Component: None
This course provides additional hands-on practice in the elements of stagecraft. Emphasis is placed on the design and implementation of the arts and crafts of technical theatre. Upon completion, students should be able to pursue vocational or avocational roles in technical theatre. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

DRA 145 Stage Make-up
Prerequisites: None
Corequisites: None
Component: None
This course covers the research, design, selection of materials, and application of stage make-up, prosthetics, wigs, and hairpieces. Emphasis is placed on the development of techniques, style, and presentation of the finished make-up. Upon completion, students should be able to create and apply make-up, prosthetics, and hairpieces. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

DRA 170 Play Production I
Prerequisites: None
Corequisites: None
Component: None
This course provides an applied laboratory study of the processes involved in the production of a play. Topics include fundamental practices, principles, and techniques associated with producing plays of various periods and styles. Upon completion, students should be able to pursue vocational and avocational roles in technical theatre production. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

DRA 171 Play Production II
Prerequisites: DRA 170
Corequisites: None
Component: None

DRA 175 Teleplay Production I
Prerequisites: None
Corequisites: None
Component: None
This course provides an applied laboratory study of the processes involved in production of a dramatic television program. Emphasis is placed on the fundamental practices, principles, and techniques associated with producing dramatic television programming. Upon completion, students should be able to participate in an assigned position with a college drama television production. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

DRA 176 Teleplay Production II
Prerequisites: DRA 175
Corequisites: None
Component: None
This course provides an applied laboratory study of the processes involved in production of a sit-com television program. Emphasis is placed on the fundamental practices, principles, and techniques associated with producing sit-com television programming. Upon completion, students should be able to participate in an assigned position with a college sit-com television production. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

DRA 211 Theatre History I
Prerequisites: None
Corequisites: None
Component: None
This course covers the development of theater from its origin to the closing of the British theater in 1642. Topics include the history, aesthetics, and representative dramatic literature of the period. Upon completion, students should be able to trace the evolution of theater and recognize the styles and types of world drama. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

DRA 212 Theatre History II
Prerequisites: None
Corequisites: None
Component: None

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course covers the development of theater from 1660 through the diverse influences which shaped the theater of the twentieth century. Topics include the history, aesthetics, and representative dramatic literature of the period. Upon completion, students should be able to trace the evolution of theater and recognize the styles and types of world drama. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

This course introduces the concepts and tools to implement electronic commerce via the Internet. Topics include application and server software selection, securing transactions, use and verification of credit cards, publishing of catalogs, and site administration. Upon completion, students should be able to setup a working e-commerce internet web site. This course is also available through the Virtual Learning Community (VLC).

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course introduces economic analysis of individual, business, and industry in the market economy. Topics include the price mechanism, supply and demand, optimizing economic behavior, costs and revenue, market structures, factor markets, income distribution, market failure, and government intervention. Upon completion, students should be able to identify and evaluate consumer and business alternatives in order to efficiently achieve economic objectives. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

**EDU 112 Early Childhood**

| Prerequisites: None | Corequisites: None | Component: None |

This course introduces developmentally appropriate practices, positive guidance, and methods of providing a safe and healthy environment. Topics include developmentally appropriate practices; health, safety and nutrition; and business and professionalism. Upon completion, students should be able to develop a handbook of policies, procedures, and practices for a family child care home. This course will become obsolete effective Fall 2008.

**EDU 113 Family/Early Childhood**

| Prerequisites: EDU 111 | Corequisites: None | Component: None |

This course covers business/professional practices for family early childhood providers, developmentally appropriate practices, positive guidance, and methods of providing a safe and healthy environment. Topics include developmentally appropriate practices; health, safety and nutrition; and business and professionalism. Upon completion, students should be able to develop a handbook of policies, procedures, and practices for a family child care home. This course will become obsolete effective Fall 2008.

**EDU 118 Teach Assoc Princ & Prac**

| Prerequisites: None | Corequisites: None | Component: None |

This course covers the teacher associate’s role in the educational system. Topics include history of education, professional responsibilities and ethics, cultural diversity, communication skills, and identification of the optimal learning environment. Upon completion, students should be able to describe the supporting professional role of the teacher associate, demonstrate positive communication, and discuss educational philosophy. This course is a unique concentration requirement in the Teacher Associate concentration in the Early Childhood Associate program.

**EDU 119 Intro to Early Childhood**

| Prerequisites: None | Corequisites: None | Component: None |

This course covers the foundations of the education profession, types of programs, professionalism, and planning quality programs for children. Topics include historical foundations, career options, types of programs, professionalism, observational skills, and planning developmentally appropriate schedules, environments, and activities for children. Upon completion, students should be able to demonstrate observational skills, identify appropriate schedules and environments, develop activity plans, and describe influences on the profession. This course is also available through the Virtual Learning Community (VLC).

**EDU 131 Child, Family, & Communications**

| Prerequisites: None | Corequisites: None | Component: None |

This course covers the development of partnerships between families, inclusive programs for children/schools that serve young children with and without disabilities, and the community. Emphasis should be placed on family involvement and inclusive education practices that promote healthy environments for children. This course will become obsolete effective Fall 2008.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
is placed on requisite skills and benefits for successfully establishing, supporting, and maintaining respectful collaborative relationships between today’s diverse families, centers/schools, and community resources. Upon completion, students should be able to describe appropriate relationships with parents/caretakers, center/school colleagues, and community agencies that enhance the educational experiences/well-being of all children. This course is also available through the Virtual Learning Community (VLC).

**EDU 144 Child Development I** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the theories of child development, developmental sequences, and factors that influence children’s development, from conception through pre-school for all children. Emphasis is placed on sequences in physical/motor, social, emotional, cognitive, and language development and the multiple influences on development and learning of the whole child. Upon completion, students should be able to identify typical and atypical developmental characteristics, plan experiences to enhance development, and describe appropriate interaction techniques and environments. This course is also available through the Virtual Learning Community (VLC).

**EDU 145 Child Development II** 03 00 00 03
Prerequisites: EDU 144
Corequisites: None
Component: None
This course covers theories of child development, developmental sequences, and factors that influence children’s development, from pre-school through middle childhood for all children. Emphasis is placed on sequences in physical/motor, social, emotional, cognitive, and language development multiple influences on development and learning of the whole child. Upon completion, students should be able to identify typical and atypical developmental characteristics, plan experiences to enhance development, and describe appropriate interaction techniques and environments. This course is also available through the Virtual Learning Community (VLC).

**EDU 146 Child Guidance** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces practical principles and techniques for developmentally appropriate guidance. Emphasis is placed on encouraging self-esteem and cultural awareness, effective communication skills, and direct and indirect guidance techniques and strategies. Upon completion, students should be able to demonstrate strategies which encourage positive social interactions, promote conflict resolution, and develop self-control, self-motivation, and self-esteem in children. This course is also available through the Virtual Learning Community (VLC).

**EDU 147 Behavior Disorders** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is a comprehensive study of behavior disorders encompassing characteristics, assessments, and placement alternatives. Topics include legislation, appropriate management interventions, and placement options for children with behavior disorders. Upon completion, students should be able to identify, develop, and utilize appropriate behavior management applications. This course is a unique concentration requirement in the Special Education concentration in the Early Childhood Associate program.

**EDU 148 Learning Disabilities** 04 02 00 05
Prerequisites: None
Corequisites: None
Component: None
This course is a comprehensive study of the characteristics, teaching strategies, assessment tools, and placement alternatives for children with learning disabilities. Topics include characteristics, causes, assessment instruments, learning strategies, and collaborative methods for children with learning disabilities. Upon completion, students should be able to assist in identifying, assessing, and providing educational interventions for children with learning disabilities. This course is a unique concentration requirement in the Special Education concentration in the Early Childhood Associate program.

**EDU 151 Creative Activities** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers planning, creation, and adaptation of developmentally supportive learning environments with attention to curriculum, interactions, teaching practices and learning materials. Emphasis is placed on creating and adapting integrated, meaningful, challenging and engaging developmentally supportive learning experiences in art, music, movement, and physical skills, and dramatics. Upon completion, students should be able to create, manage, and evaluate developmentally supportive learning materials, experiences, and environments. This course is also available through the Virtual Learning Community (VLC).

**EDU 153 Health, Safety, & Nutrition** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course focuses on promoting and maintaining the health and well-being of all children. Topics include health and nutritional guidelines, common childhood illnesses, maintaining safe and healthy learning environments, recognition and reporting of abuse and neglect, and state regulations. Upon completion, students should be able to demonstrate knowledge of health, safety, and

EDU 188 Issues in Early Childhood Education 02 00 00 02
Prerequisites: None
Corequisites: None
Component: None
This course covers topics and issues in early childhood education. Emphasis is placed on current advocacy issues, emerging technology, professional growth experiences, and other related topics. Upon completion, students should be able to list, discuss, and explain current topics and issues in early childhood education.

EDU 216 Foundations of Education 03 02 00 04
Prerequisites: None
Corequisites: None
Component: None
This course introduces the American educational system and the teaching profession. Topics include historical and philosophical foundations of education, contemporary educational, structural, legal, and financial issues, PRAXIS I preparation and observation and participation in public school classrooms. Upon completion, students should be able to relate classroom observations to the roles of teachers and schools and the process of teacher education. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).

EDU 221 Children with Exceptional 03 00 00 03
Prerequisites: EDU 144 and EDU 145
Corequisites: None
Component: None
This course, based on the foundation of typical development, introduces working with children with exceptionalities. Emphasis is placed on the characteristics and assessment of children and strategies for adapting the learning environment. Upon completion, students should be able to recognize atypical development, make appropriate referrals, collaborate with families and professionals to plan, implement, and evaluate inclusion strategies. This course is also available through the Virtual Learning Community (VLC).

EDU 234 Infants, Toddlers, & Twos 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the skills needed to effectively implement group care for infants, toddlers, and two-year olds. Emphasis is placed on child development and developmentally appropriate practices. Upon completion, students should be able to identify, plan, select materials and equipment, and implement and evaluate a developmentally appropriate curriculum.

EDU 235 School-Age Development & Program 02 00 00 02
Prerequisites: None
Corequisites: None
Component: None
This course presents developmentally appropriate practices in group care for school-age children. Topics include principles of development, environmental planning, and positive guidance techniques. Upon completion, students should be able to discuss developmental principles for children five to twelve years of age and plan and implement age-appropriate activities.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course provides lateral entry teachers an introduction to learning theory, various styles of learning, and motivational factors involved in the learning process. Emphasis is placed on the development of cognitive skills using the seven types of intelligence and applying these to practical classroom situations. Upon completion, students should be able to describe theories and styles of learning and discuss the relationship between different types of intelligence to learning motivation.

This course covers characteristics, intervention strategies, adaptive procedures, and technologies for children with physical disabilities. Topics include intervention strategies, inclusive placement options, and utilization of support services for children with physical disabilities. Upon completion, students should be able to identify and utilize intervention strategies for specific disabilities and service delivery options for those disabilities. This course is a unique concentration requirement in the Special Education concentration in the Early Childhood Associate program.

This course covers the causes and assessment of mental retardation and individualized instruction and curriculum for children with mental retardation. Emphasis is placed on definition, characteristics, assessment, and educational strategies for children with mental retardation. Upon completion, students should be able to identify, assess, and plan educational intervention strategies for children with mental retardation. This course is a unique concentration requirement in the Special Education concentration in the Early Childhood Associate program.

This course is designed to prepare potential teachers for the PRAXIS I exam that is necessary to enter the field of education. Emphasis is placed on content specifications of the PRAXIS I exam, study skills and simulated examinations. Upon completion, students should be able to demonstrate an understanding of the content necessary for successful completion of the PRAXIS I exam.

This course covers early childhood curriculum planning. Topics include philosophy, curriculum, indoor and outdoor environmental design, scheduling, observation and assessment, and instructional planning and evaluation. Upon completion, students should be able to assess children and curriculum; plan for daily, weekly, and long-range instruction; and design environments with appropriate equipment and supplies.

This course covers the policies, procedures, and responsibilities for the management of early childhood education programs. Topics include implementation of goals, principles of supervision, budgeting and financial management, and meeting the standards for a NC Child Day Care license. Upon completion, students should be able to develop program goals, explain licensing standards, determine budgeting needs, and describe effective methods of personnel supervision. This course is also available through the Virtual Learning Community (VLC).

This course provides a foundation for budgetary, financial, and personnel management of the child care center. Topics include budgeting, financial management, marketing, hiring, supervision, and professional development of a child care center. Upon completion, students should be able to formulate marketing, financial management, and fund development plans and develop personnel policies, including supervision and staff development plans. This course is also available through the Virtual Learning Community (VLC).
EDU 263 Developing a School-Age Program 02 00 00 02
Prerequisites: None
Corequisites: None
Component: None
This course introduces the methods and procedures for operating a school-age program in either the public or proprietary setting. Emphasis is placed on constructing and organizing the physical environment as well as planning and developing a school-age program. Upon completion, students should be able to plan and develop a quality school-age program.

EDU 271 Educational Technology 02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the use of technology to enhance teaching and learning in all educational settings. Topics include technology concepts, instructional strategies, materials and adaptive technology for children with exceptionalities, facilitation of assessment/evaluation, and ethical issues surrounding the use of technology. Upon completion, students should be able to apply technology enhanced instructional strategies, use a variety of technology resources and demonstrate appropriate technology skills in educational environments.

EDU 275 Effective Teacher Training 02 00 00 02
Prerequisites: None
Corequisites: None
Component: None
This course provides specialized training using an experienced-based approach to learning. Topics include instructional preparation and presentation, student interaction, time management, learning expectations, evaluation, and curriculum principles and planning. Upon completion, students should be able to prepare and present a six-step lesson plan and demonstrate ways to improve students’ time-on-task.

EDU 280 Language & Literacy Exp 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course explores the continuum of children’s communication development, including verbal and written language acquisition and other forms of communication. Topics include selection of literature and other media, the integration of literacy concepts throughout the classroom environment, inclusive practices and appropriate assessments. Upon completion, students should be able to select, plan, implement and evaluate developmentally appropriate literacy experiences. This course is also available through the Virtual Learning Community (VLC).

EDU 282 Early Childhood Literature 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the history, selection, and integration of literature and language in the early childhood curriculum. Topics include the history and selection of developmentally appropriate children’s literature and the use of books and other media to enhance language and literacy in the classroom. Upon completion, students should be able to select appropriate books for storytelling, reading aloud, puppetry, flannel board use, and other techniques.

EDU 285 Internship Exp-School Age 01 00 00 01
Prerequisites: ENG 111
Corequisites: COE 121 or COE 122
Component: None
This course provides an opportunity to discuss internship experiences with peers and faculty. Emphasis is placed on evaluating and integrating practicum experiences. Upon completion, students should be able to demonstrate competence in early childhood education. This course is a unique concentration requirement in the Teacher Associate concentration in the Early Childhood Associate program.

EDU 298 Seminar in Early Childhood 03 00 00 03
Prerequisites: Enrollment in program
Corequisites: None
Component: None
This course provides an opportunity to explore topics of current interest. Emphasis is placed on the development of critical listening skills and the presentation of seminar topics. Upon completion, students should be able to critically analyze issues and establish informed opinions.

EFL 083 Grammar III 05 00 00 05
Prerequisites: EFL 082
Corequisites: None
Component: None
This course is designed to provide high-intermediate non-native speakers of English with a knowledge of grammatical structures that improves academic communication. Emphasis is placed on using high-intermediate grammatical structures in meaningful contexts through exercised integrating the use of newly acquired structures with previously learned structures. Upon completion, students should be able to demonstrate improved proficiency, comprehension, and grammatical accuracy.

EFL 084 Grammar IV 05 00 00 05
Prerequisites: EFL 083
Corequisites: None
Component: None
This course is designed to give non-native speakers of English a full understanding of advanced grammatical structures and techniques. Emphasis is placed on oral and written communicative fluency through the study of advanced grammatical forms. Upon completion, students should be able to incorporate the structures covered in both spoken and written form, demonstrating improved
proficiency, comprehension, and grammatical accuracy.

**EFL 091 Composition I**

**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course introduces basic sentence structure and writing paragraphs. Emphasis is placed on word order, verb tense-aspect system, auxiliaries, word forms, and simple organization and basic transitions in writing paragraphs. Upon completion, students should be able to demonstrate a basic understanding of grammar and ability to write English paragraphs using appropriate vocabulary, organization, and transitions.

**Prerequisites:** EFL 091  
**Corequisites:** None  
**Component:** None  
This course provides preparation in low-intermediate academic and general-purpose writing. Emphasis is placed on writing as a process, paragraph development, and basic essay organization. Upon completion, students should be able to write and independently edit and understand the major elements of the writing process, sentence, paragraph, and essay.

**EFL 093 Composition III**

**Prerequisites:** EFL 092  
**Corequisites:** None  
**Component:** None  
This course covers intermediate-level academic and general-purpose writing. Emphasis is placed on the writing process, content, organization, and language use in formal academic compositions in differing rhetorical modes. Upon completion, students should be able to effectively use the writing process in a variety of rhetorical modes.

**Prerequisites:** EFL 093  
**Corequisites:** None  
**Component:** None  
This course introduces the basic skills and career fields for technicians. Topics include career options, technical vocabulary, dimensional analysis, measurement systems, engineering graphics, calculator applications, professional ethics, safety practices, and other related topics. Upon completion, students should be able to demonstrate an understanding of the basic technologies, prepare drawings and sketches, and perform computations using a scientific calculator.

**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course introduces the basic skills required for electrical/electronics technicians. Topics include soldering/desoldering, safety practices, test equipment, scientific calculators, AWG wire table, the resistor color code, electronic devices, problem solving, and use of hand tools. Upon completion, students should be able to solder/desolder, operate test equipment, apply problem-solving techniques, and use a scientific calculator.

**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course introduces the fundamental concepts of computations related to DC/AC electricity. Emphasis is placed on DC/AC circuits, components, operation of test equipment; and other related topics. Upon completion, students should be able to construct, verify, troubleshoot, and repair DC/AC circuits.

**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course introduces the care/usage of tools and materials used in electrical installations and the requirements of the National Electrical Code. Topics include NEC, electrical safety, and electrical blueprint reading; planning, layout; and installation of electrical distribution equipment; lighting; overcurrent protection; conductors; branch circuits; and conduits. Upon completion, students should be able to properly install conduits, wiring, and electrical distribution equipment associated with basic electrical installations.

---

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
ELC 114 Basic Wiring II  
Prequisites: None  
Corequisites: None  
Component: None  
This course provides instruction in the application of electrical tools, materials, and test equipment associated with electrical installations. Topics include the NEC; safety; electrical blueprints; planning, layout, and installation of equipment and conduits; and wiring devices such as panels and overcurrent devices. Upon completion, students should be able to properly install equipment and conduit associated with electrical installations.

ELC 115 Industrial Wiring  
Prequisites: ELC 113  
Corequisites: None  
Component: None  
This course covers layout, planning, and installation of wiring systems in industrial facilities. Emphasis is placed on industrial wiring methods and materials. Upon completion, students should be able to install industrial systems and equipment.

ELC 117 Motors and Controls  
Prequisites: None  
Corequisites: None  
Component: None  
This course introduces the fundamental concepts of motors and motor controls. Topics include ladder diagrams, pilot devices, contactors, motor starters, motors, and other control devices. Upon completion, students should be able to properly select, connect, and troubleshoot motors and control circuits.

ELC 118 National Electrical Code  
Prequisites: None  
Corequisites: None  
Component: None  
This course covers the use of the current National Electrical Code. Topics include the NEC history, wiring methods, overcurrent protection, materials, and other related topics. Upon completion, students should be able to effectively use the NEC.

ELC 121 Electrical Estimating  
Prequisites: None  
Corequisites: None  
Component: None  
This course covers the principles involved in estimating electrical projects. Topics include take-offs of materials and equipment, labor, overhead, and profit. Upon completion, students should be able to estimate simple electrical projects.

ELC 128 Intro to PLC  
Prequisites: None  
Corequisites: None  
Component: None  
This course introduces the programmable logic controller (PLC) and its associated applications. Topics include ladder logic diagrams, input/output modules, power supplies, surge protection, selection/installation of controllers, and interfacing of controllers with equipment. Upon completion, students should be able to install PLCs and create simple programs. This course is also available through the Virtual Learning Community (VLC).

ELC 131 DC/AC Circuit Analysis  
Prequisites: One course required: MAT 080, MAT 090, MAT 095 OR MAT 161 or Placement Test Credit Equivalent.  
Corequisites: None  
Component: None  
This course introduces DC and AC electricity with an emphasis on circuit analysis, measurements, and operation of test equipment. Topics include DC and AC principles, circuit analysis laws and theorems, components, test equipment operation, circuit simulation, and other related topics. Upon completion, students should be able to interpret circuit schematics; design, construct, verify, and analyze DC/AC circuits; and properly test equipment.

ELC 131A DC/AC Circuit Analysis Laboratory  
Prequisites: None  
Corequisites: ELC 131  
Component: None  
This course introduces provides laboratory assignments as applied to fundamental principles of DC/AC electricity. Emphasis is placed on measurements and evaluation of electrical components, devices and circuits. Upon completion, students should have gained hands-on experience by measuring voltage, current, and opposition to current flow utilizing various meters and test equipment. An introduction to soldering/desoldering, printed circuit boards and safety practices will also be provided.

ELC 229 Applications Project  
Prequisites: None  
Corequisites: None  
Component: None  
This course provides an individual and/or integrated team approach to a practical project as approved by the instructor. Topics include project selection and planning, implementation and testing, and a final presentation. Upon completion, students should be able to plan and implement an applications-oriented project.

ELN 131 Semiconductors Applications  
Prequisites: ELC 131  
Corequisites: None  
Component: None  
This course introduces the characteristics and applications of semiconductor devices and circuits. Emphasis is placed on analysis, selection, biasing, and applications. Upon completion, students should be able to construct, analyze, verify, and troubleshoot discrete component circuits using appropriate techniques and test equipment.

ELN 132 Linear IC Applications  
Prequisites: ELN 131  
Corequisites: None  
Component: None  
This course introduces the characteristics and applications of lin-
ear integrated circuits. Topics include op-amp circuits, waveform generators, active filters, IC voltage regulators, and other related topics. Upon completion, students should be able to construct, analyze, verify, and troubleshoot linear integrated circuits using appropriate techniques and test equipment.

**ELN 133 Digital Electronics** 03 03 00 04
Prerequisites: ELN 131
Corequisites: None
Component: None
This course covers combinational and sequential logic circuits. Topics include number systems, Boolean algebra, logic families, MSI and LSI circuits, AD/DA conversion, and other related topics. Upon completion, students should be able to construct, analyze, verify, and troubleshoot digital circuits using appropriate techniques and test equipment. This course is also available through the Virtual Learning Community (VLC).

**ELN 150 CAD for Electronics** 01 03 00 02
Prerequisites: CIS 111 or CIS 110
Corequisites: None
Component: None
This course introduces computer-aided drafting (CAD) with an emphasis on applications in the electronics field. Topics include electronics industry standards (symbols, schematic diagrams, layouts); drawing electronic circuit diagrams; and specialized electronic drafting practices and components such as resistors, capacitors, and ICs. Upon completion, students should be able to prepare electronic drawings with CAD software.

**ELN 231 Industrial Controls** 02 03 00 03
Prerequisites: ELN 131 and ELN 232
Corequisites: None
Component: None
This course introduces the fundamental concepts of control of rotating machinery and associated peripheral devices. Topics include rotating machine theory, ladder logic, electromechanical and solid state relays, motor controls, pilot devices, three-phase power systems, and other related topics. Upon completion, students should be able to interpret schematics and demonstrate an understanding of electromechanical and electronic control of rotating machinery.

**ELN 252 Intro to Microprocessors** 03 03 00 04
Prerequisites: ELN 133
Corequisites: None
Component: None
This course introduces microprocessor architecture and microcomputer systems including memory and input/output interfacing. Topics include low-level language programming, bus architecture, I/O systems, memory systems, interrupts, and other related topics. Upon completion, students should be able to interpret, analyze, verify, and troubleshoot fundamental microprocessor circuits and programs using appropriate techniques and test equipment.

**ELN 233 Microprocessor Systems** 03 03 00 04
Prerequisites: ELN 232
Corequisites: None
Component: None
This course covers the application and design of microprocessor control systems. Topics include control and interfacing of systems using AD/DA, serial/parallel I/O, communication protocols, and other related applications. Upon completion, students should be able to design, construct, program, verify, analyze, and troubleshoot fundamental microprocessor interface and control circuits using related equipment.

**ELN 234 Communication Systems** 03 03 00 04
Prerequisites: ELN 131 and ELN 133
Corequisites: None
Component: None
This course introduces the fundamentals of electronic communication systems. Topics include the frequency spectrum, electrical noise, modulation techniques, characteristics of transmitters and receivers, and digital communications. Upon completion, students should be able to interpret analog and digital communication circuit diagrams, analyze transmitter and receiver circuits, and use appropriate communication test equipment.

**ELN 247 Electronic App Project** 01 03 00 02
Prerequisites: ELN 232 and ELN 234
Corequisites: None
Component: None
This course provides a structured approach to an application-oriented electronics project. Emphasis is placed on selecting, planning, implementing, testing, and presenting an application-oriented project. Upon completion, students should be able to present and demonstrate an electronics application-oriented project.

**ELN 249 Digital Communication** 02 03 00 03
Prerequisites: ELN 232 and ELN 234
Corequisites: None
Component: None
This course covers the core processes and applications associated with digital communication techniques. Topics include the characteristics of RF circuits, modulation, transmitters and receivers, electromagnetic transmission, antennas, and related applications. Upon completion, students should be able to demonstrate knowledge of the concepts associated with digital communication systems.

**ELN 275 Troubleshooting** 01 03 00 02
Prerequisites: ELN 131 and ELN 133
Corequisites: ELN 232
Component: None
This course covers techniques of analyzing and repairing failures in electronic equipment. Topics include safety, signal tracing, use of service manuals, and specific troubleshooting methods for analog, digital, and other electronics-based circuits and systems. Upon completion, students should be able to logically diagnose
and isolate faults and perform necessary repairs to meet manufacturers’ specifications.

**EMS 110 EMT-Basic**  
Prerequisites: Departmental Approval  
Corequisites: None  
Component: EMS 110AA & EMS 110BB  
This course introduces basic emergency medical care. Topics include preparatory, airway, patient assessment, medical emergencies, trauma, infants and children, and operations. Upon completion, students should be able to demonstrate the knowledge and skills necessary to achieve North Carolina State or National Registry EMT-Basic certification.

**EMS 115 Defense Tactics for EMS**  
Prerequisites: Department Approval  
Corequisites: None  
Component: None  
This course is designed to provide tactics that can be used for self-protection in dangerous and violent situations. Emphasis is placed on prediction, recognition, and response to dangerous and violent situations. Upon completion, students should be able to recognize potentially hostile situations and protect themselves during a confrontation.

**EMS 120 Intermediate Interventions**  
Prerequisites: EMS 110  
Corequisites: EMS 121, EMS 130 and EMS 131  
Component: None  
This course is designed to provide the necessary information for interventions appropriate to the EMT-Intermediate and is required for intermediate certification. Topics include automated external defibrillation, basic cardiac electrophysiology, intravenous therapy, venipuncture, acid-base balance, and fluids and electrolytes. Upon completion, students should be able to properly establish an IV line, obtain venous blood, utilize AEDs, and correctly interpret arterial blood gases.

**EMS 121 EMS Clinical Practicum I**  
Prerequisites: EMS 110  
Corequisites: EMS 120, EMS 130 and EMS 131  
Component: None  
This course is the initial hospital and field internship and is required for intermediate and paramedic certification. Emphasis is placed on intermediate-level care. Upon completion, students should be able to demonstrate competence with intermediate-level skills.

**EMS 125 EMS Instructor Methodology**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers the information needed to develop and instruct EMS courses. Topics include instructional methods, lesson plan development, time management skills, and theories of adult learning. Upon completion, students should be able to teach EMS courses and meet the North Carolina EMS requirements for instructor methodology.

**EMS 130 Pharmacology I for EMS**  
Prerequisites: EMS 110  
Corequisites: EMS 120 and EMS 131  
Component: None  
This course introduces the fundamental principles of pharmacology and medication administration and is required for intermediate and paramedic certification. Topics include terminology, pharmacokinetics, pharmacodynamics, weights, measures, drug calculations, legislation, and administration routes. Upon completion, students should be able to accurately calculate drug dosages, properly administer medications, and demonstrate general knowledge of pharmacology.

**EMS 131 Advanced Airway Management**  
Prerequisites: EMS 110  
Corequisites: EMS 120 and EMS 130  
Component: None  
This course is designed to provide advanced airway management techniques and is required for intermediate and paramedic certification. Topics include respiratory anatomy and physiology, airway, ventilation, adjuncts, surgical intervention, and rapid sequence intubation. Upon completion, students should be able to properly utilize all airway adjuncts and pharmacology associated with airway control and maintenance.

**EMS 140 Rescue Scene Management**  
Prerequisites: Departmental Approval  
Corequisites: None  
Component: None  
This course introduces rescue scene management and is required for paramedic certification. Topics include response to hazardous material conditions, medical incident command, and extrication of patients from a variety of situations. Upon completion, students should be able to recognize and manage rescue operations based upon initial and follow-up scene assessment.

**EMS 150 Emergency Vehicles & EMS Communication**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course examines the principles governing emergency vehicles, maintenance of emergency vehicles, and EMS communication equipment and is required for paramedic certification. Topics include applicable motor vehicle laws affecting emergency vehicle operation, defensive driving, collision avoidance techniques, communication systems, and information management systems.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Upon completion, students should have a basic knowledge of emergency vehicles, maintenance, and communication needs.

**EMS 210 Advanced Patient Assessment**

- **Prerequisites:** EMS 120, EMS 121, EMS 130 and EMS 131
- **Corequisites:** None
- **Component:** None

This course covers advanced patient assessment techniques and is required for paramedic certification. Topics include initial assessment, medical-trauma history, field impression, complete physical exam process, on-going assessment, and documentation skills. Upon completion, students should be able to utilize basic communication skills and record and report collected patient data.

**EMS 220 Cardiology**

- **Prerequisites:** All courses required: EMS 120, EMS 121, EMS 130 and EMS 131
- **Corequisites:** None
- **Component:** None

This course provides an in-depth study of cardiovascular emergencies and is required for paramedic certification. Topics include anatomy and physiology, pathophysiology, rhythm interpretation, cardiac pharmacology, and patient treatment. Upon completion, students should be able to certify at the Advanced Cardiac Life Support Provider level utilizing American Heart Association guidelines.

**EMS 221 EMS Clinical Practicum II**

- **Prerequisites:** EMS 121 or EMS 122 and COE 121
- **Corequisites:** None
- **Component:** None

This course is a continuation of the hospital and field internship required for paramedic certification. Emphasis is placed on advanced-level care. Upon completion, students should be able to demonstrate continued progress in advanced-level patient care.

**EMS 230 Pharmacology II for EMS**

- **Prerequisites:** EMS 130
- **Corequisites:** None
- **Component:** None

This course explores the fundamental classification and action of common pharmacologic agents. Emphasis is placed on the action and use of compounds most commonly encountered in the treatment of chronic and acutely ill patients. Upon completion, students should be able to demonstrate general knowledge of drugs covered during the course.

**EMS 231 EMS Clinical Practicum III**

- **Prerequisites:** EMS 221
- **Corequisites:** None
- **Component:** None

This course is a continuation of the hospital and field internship required for paramedic certification. Emphasis is placed on advanced-level care. Upon completion, students should be able to demonstrate continued progress in advanced-level patient care.

**EMS 235 EMS Management**

- **Prerequisites:** Departmental Approval
- **Corequisites:** None
- **Component:** None

This course stresses the principles of managing a modern emergency medical service system. Topics include structure and function of municipal governments, EMS grantsmanship, finance, regulatory agencies, system management, legal issues, and other topics relevant to the EMS manager. Upon completion, students should be able to understand the principles of managing emergency medical service delivery systems.

**EMS 240 Special Needs Patients**

- **Prerequisites:** All courses required: EMS 120, EMS 121, EMS 130 and EMS 131
- **Corequisites:** None
- **Component:** None

This course includes concepts of crisis intervention and techniques of dealing with special needs patients and is required for paramedic certification. Topics include behavioral emergencies, abuse, assault, challenged patients, personal well-being, home care, and psychotherapeutic pharmacology. Upon completion, students should be able to recognize and manage frequently encountered special needs patients.

**EMS 241 EMS Clinical Practicum IV**

- **Prerequisites:** EMS 231
- **Corequisites:** None
- **Component:** None

This course is a continuation of the hospital and field internship required for paramedic certification. Emphasis is placed on advanced-level care. Upon completion, students should be able to provide advanced-level patient care as an entry-level paramedic.

**EMS 250 Advanced Medical Emergency**

- **Prerequisites:** All courses required: EMS 120, EMS 121, EMS 130 and EMS 131
- **Corequisites:** None
- **Component:** None

This course provides an in-depth study of medical conditions frequently encountered in the prehospital setting and is required for paramedic certification. Topics include pulmonology, neurology, endocrinology, anaphylaxis, gastroenterology, toxicology, and environmental emergencies integrating case presentation and emphasizing pharmacotherapeutics. Upon completion, students should be able to recognize and manage frequently encountered medical conditions based upon initial patient impression.

**EMS 260 Advanced Trauma Emergencies**

- **Prerequisites:** All courses required: EMS 120, EMS 121, EMS 130 and EMS 131

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Corequisites: None  
Component: None  
This course provides in-depth study of trauma including pharmacological interventions for conditions frequently encountered in the prehospital setting and is required for paramedic certification. Topics include hemorrhage control, shock, burns, and trauma to head, spine, soft tissue, thoracic, abdominal, and musculoskeletal areas with case presentations utilized for special problems situations. Upon completion, students should be able to recognize and manage trauma situations and should meet requirements of BTLS or PHTLS courses.

**EMS 270 Life Span Emergencies** 02 02 00 03  
Prerequisites: All courses required: EMS 120, EMS 121, EMS 130 and EMS 131  
Corequisites: None  
Component: None  
This course, required for paramedic certification, covers medical/ethical/legal issues and the spectrum of age-specific emergencies from conception through death. Topics include gynecological, obstetrical, neonatal, pediatric, and geriatric emergencies and pharmacological therapeutics. Upon completion, students should be able to recognize and treat age-specific emergencies and certify at the Pediatric Advanced Life Support Provider level.

**EMS 280 EMS Bridging Course** 02 02 00 03  
Prerequisites: Departmental Approval  
Corequisites: None  
Component: None  
This course is designed to bridge the knowledge gained in a continuing education paramedic program with the knowledge gained in an EMS curriculum program. Topics include patient assessment, documentation, twelve-lead ECG analysis, thrombolytic agents, cardiac pacing, and advanced pharmacology. Upon completion, students should be able to perform advanced patient assessment documentation using the problem-oriented medical record format and manage complicated patients.

**EMS 285 EMS Capstone** 01 03 00 02  
Prerequisites: All courses required: EMS 220, EMS 250 and EMS 260  
Corequisites: None  
Component: None  
This course provides an opportunity to demonstrate problem-solving skills as a team leader in simulated patient scenarios and is required for paramedic certification. Emphasis is placed on critical thinking, integration of didactic and psychomotor skills, and effective performance in simulated emergency situations. Upon completion, students should be able to recognize and appropriately respond to a variety of EMS-related events.

**ENG 070 Basic Language Skills** 02 02 00 03  
Prerequisites: Placement  
Corequisites: No Corequisites  
Component: None  
This course introduces the fundamentals of standard written English. Emphasis is placed on effective word choice, recognition of sentences and sentence parts, and basic usage. Upon completion, students should be able to generate a variety of sentence types that clearly express ideas. This course does not satisfy the developmental reading and writing prerequisite for ENG 111 or ENG 111A.

**ENG 080 Writing Foundations** 03 02 00 04  
Prerequisites: ENG 070 or Placement Test Credit Equivalent  
Corequisites: RED 080 or Placement Test Credit Equivalent  
Component: None  
This course introduces the writing process and stresses effective sentences. Emphasis is placed on applying the conventions of written English, reflecting standard usage and mechanics in structuring a variety of sentences. Upon completion, students should be able to write correct sentences and a unified, coherent paragraph.

**ENG 090 Composition Strategies** 03 00 00 03  
Prerequisites: ENG 080 or Placement Test Credit Equivalent  
Corequisites: ENG 090A, RED 90 or Placement Test Credit Equivalent  
Component: None  
This course introduces the writing process and stresses effective sentences. Emphasis is placed on applying the conventions of written English, reflecting standard usage and mechanics in structuring a variety of sentences. Upon completion, students should be able to write correct sentences and a unified, coherent paragraph.

**ENG 090A Composition Strategies Lab** 00 02 00 01  
Prerequisites: None  
Corequisites: ENG 090  
Component: None  
This writing lab is designed to practice the skills introduced in ENG 090. Emphasis is placed on learning and applying the conventions of standard written English in developing paragraphs within the essay. Upon completion, students should be able to compose a variety of paragraphs and a unified, coherent essay.

**ENG 095 Reading & Comp Strategies** 05 00 00 05  
Prerequisites: ENG 085 or ENG 080 and RED 080  
Corequisites: ENG 095A  
Component: None  
This course uses whole language to strengthen proficiency in reading and writing for college. Emphasis is placed on applying critical reading skills to narrative and expository texts and on using the writing process. Upon completion, students should be able to comprehend, analyze, and evaluate college texts and to compose essays in preparation for college writing.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
ENG 095A Reading & Comp Strat Lab 00 02 00 01
Prerequisites: ENG 085 or ENG 080 and RED 080
Corequisites: ENG 095
Component: None
This laboratory provides the opportunity to practice the skills introduced in ENG 095. Emphasis is placed on practical skills for applying critical reading skills to narrative and expository texts and on the writing process. Upon completion, students should be able to apply those skills in the production of effective essays in preparation for college writing.

ENG 101 Applied Communications I 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is designed to enhance reading and writing skills for the workplace. Emphasis is placed on technical reading, job-related vocabulary, sentence writing, punctuation, and spelling. Upon completion, students should be able to identify main ideas with supporting details and produce mechanically correct short writings appropriate to the workplace. This course is intended for certificate and diploma programs.

ENG 102 Applied Communications II 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is designed to enhance writing and speaking skills for the workplace. Emphasis is placed on generating short writings such as job application documents, memoranda, and reports and developing interpersonal communication skills with employees and the public. Upon completion, students should be able to prepare effective, short, and job-related written and oral communications. This course is intended for certificate and diploma programs.

ENG 111 Expository Writing 03 00 00 03
Prerequisites: ENG-090, RED-090, or Placement Test Credit Equivalent
Corequisites: None
Component: None
This course is the required first course in a series of two designed to develop the ability to produce clear expository prose. Emphasis is placed on the writing process including audience analysis, topic selection, thesis support and development, editing, and revision. Upon completion, students should be able to produce unified, coherent, well-developed essays using standard written English. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in English composition.

ENG 112 Argument-Based Research 03 00 00 03
Prerequisites: ENG 111
Corequisites: None
Component: None
This course, the second in a series of two, introduces research techniques, documentation styles, and argumentative strategies. Emphasis is placed on analyzing information and ideas and incorporating research findings into documented argumentative essays and research projects. Upon completion, students should be able to summarize, paraphrase, interpret, and synthesize information from primary and secondary sources using standard research format and style. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in English composition.

ENG 113 Literature-Based Research 03 00 00 03
Prerequisites: ENG 111
Corequisites: None
Component: None
This course, the second in a series of two, expands the concepts developed in ENG 111 by focusing on writing that involves literature-based research and documentation. Emphasis is placed on critical reading and thinking and the analysis and interpretation of prose, poetry, and drama: plot, characterization, theme, cultural context, etc. Upon completion, students should be able to construct mechanically-sound, documented essays and research papers that analyze and respond to literary works. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in English composition.

ENG 114 Professional Research & Reporting 03 00 00 03
Prerequisites: ENG 111
Corequisites: None
Component: None
This course, the second in a series of two, is designed to teach professional communication skills. Emphasis is placed on research, listening, critical reading and thinking, analysis, interpretation, and design used in oral and written presentations. Upon completion, students should be able to work individually and collaboratively to produce well-designed business and professional written and oral presentations. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in English composition.

ENG 115 Oral Communication 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic principles of oral communication in both small group and public settings. Emphasis is placed on the components of the communication process, group decision-making, and public address. Upon completion, students should be able to demonstrate the principles of effective oral communication in small group and public settings.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
ENG 125 Creative Writing I 03 00 00 03
Prerequisites: ENG 111
Corequisites: None
Component: None
This course is designed to provide students with the opportunity to practice the art of creative writing. Emphasis is placed on writing, fiction, poetry, and sketches. Upon completion, students should be able to craft and critique their own writing and critique the writing of others. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ENG 126 Creative Writing II 03 00 00 03
Prerequisites: ENG 125
Corequisites: None
Component: None
This course is designed as a workshop approach for advancing imaginative and literary skills. Emphasis is placed on the discussion of style, techniques, and challenges for first publications. Upon completion, students should be able to submit a piece of their writing for publication. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ENG 131 Introduction to Literature 03 00 00 03
Prerequisites: ENG 111
Corequisites: One course required: ENG 112, ENG 113, or ENG 114
Component: None
This course introduces the principal genres of literature. Emphasis is placed on literary terminology, devices, structure, and interpretation. Upon completion, students should be able to analyze and respond to literature. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

ENG 132 Introduction to Drama 03 00 00 03
Prerequisites: ENG 111
Corequisites: One course required: ENG 112, ENG 113, or ENG 114
Component: None
This course provides intensive study of drama as a literary form, based on close reading of representative texts. Emphasis is placed on the development and analysis of drama. Upon completion, students should be able to interpret, analyze, and discuss the distinguishing features of drama. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ENG 133 Introduction to the Novel 03 00 00 03
Prerequisites: ENG 111
Corequisites: One course required: ENG 112, ENG 113, or ENG 114
Component: None
This course provides intensive study of the novel as a literary form, based on close reading of representative texts. Emphasis is placed on the development and analysis of the novel. Upon completion, students should be able to interpret, analyze, and discuss the distinguishing features of the novel. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ENG 134 Introduction to Poetry 03 00 00 03
Prerequisites: ENG 111
Corequisites: None
Component: None
This course provides intensive study of the poem as a literary form, based on close reading of representative texts. Emphasis is placed on the development and analysis of poetry. Upon completion, students should be able to interpret, analyze, and discuss the distinguishing features of poetry. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ENG 135 Introduction to Short Fiction 03 00 00 03
Prerequisites: ENG 111
Corequisites: One course required: ENG 112, ENG 113, or ENG 114
Component: None
This course provides intensive study of short fiction as a literary form, based on close reading of representative texts. Emphasis is placed on the development and analysis of short fiction. Upon completion, students should be able to interpret, analyze, and discuss the distinguishing features of short fiction. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ENG 231 American Literature I 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113, ENG 114
Corequisites: None
Component: None
This course covers selected works in American literature from its beginnings to 1865. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to literary works in their historical and cultural contexts. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

ENG 232 American Literature II 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course covers selected works in American literature from 1865 to the present. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to literary works in their historical and cultural contexts. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts. This course is also available through the Virtual Learning Community (VLC).
ENG 233 Major American Writers 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course provides an intensive study of the works of several major American authors. Emphasis is placed on American history, culture, and the literary merits. Upon completion, students should be able to interpret, analyze, and evaluate the works studied. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

ENG 234 Modern American Poets 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course covers the works of selected major modern American poets. Topics include each poet’s theory and practice of poetry and the historical and literary traditions which influenced or were influenced by the poets. Upon completion, students should be able to read poetry with more comprehension and explicate selected poems in light of technique, theory, and poetic traditions. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ENG 241 British Literature I 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course covers selected works in British literature from its beginnings to the Romantic Period. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to literary works in their historical and cultural contexts. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts. This course is also available through the Virtual Learning Community (VLC).

ENG 242 British Literature II 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course covers selected works in British literature from the Romantic Period to the present. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to literary works in their historical and cultural contexts. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts. This course is also available through the Virtual Learning Community (VLC).

ENG 243 Major British Writers 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course provides an intensive study of the works of several major British authors. Emphasis is placed on British history, culture, and the literary merits. Upon completion, students should be able to interpret, analyze, and evaluate the works studied. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

ENG 251 Western World Literature I 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course provides a survey of selected European works from the Classical period through the Renaissance. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to selected works. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

ENG 252 Western World Literature II 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course provides a survey of selected European works from the Neoclassical period to the present. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to selected works. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

ENG 253 The Bible as Literature 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course introduces the Hebrew Old Testament and the Christian New Testament as works of literary art. Emphasis is placed on the Bible’s literary aspects including history, composition, structure, and cultural contexts. Upon completion, students should be able to identify and analyze selected books and passages using appropriate literary conventions. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ENG 261 World Literature I 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114

ENG 272 Southern Literature 03 00 00 03
Corequisites: None
Component: None
This course introduces selected works from the Pacific, Asia, Africa, Europe, and the Americas from their literary beginnings through the seventeenth century. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to selected works. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

ENG 262 World Literature II 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course introduces selected works from the Pacific, Asia, Africa, Europe, and the Americas from the eighteenth century to the present. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to selected works. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts. This course is also available through the Virtual Learning Community (VLC).

ENG 271 Contemporary Literature 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course includes a study of contemporary literature. Emphasis is placed on literary and cultural trends of selected texts. Upon completion, students should be able to interpret, analyze, and respond to the literature. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ENG 272 Southern Literature 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course provides an analytical study of the works of several Southern authors. Emphasis is placed on the historical and cultural contexts, themes, aesthetic features of individual works, and biographical backgrounds of the authors. Upon completion, students should be able to interpret, analyze, and discuss selected works. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ENG 273 African-American Literature 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course provides a survey of the development of African-American literature from its beginnings to the present. Emphasis is placed on historical and cultural context, themes, literary traditions, and backgrounds of the authors. Upon completion, students should be able to interpret, analyze, and respond to selected texts. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ENG 274 Literature by Women 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course provides an analytical study of the works of several women authors. Emphasis is placed on the historical and cultural contexts, themes and aesthetic features of individual works, and biographical backgrounds of the authors. Upon completion, students should be able to interpret, analyze, and discuss selected works. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ENG 275 Science Fiction 03 00 00 03
Prerequisites: One course required: ENG 112, ENG 113 or ENG 114
Corequisites: None
Component: None
This course covers the relationships between science and literature through analysis of short stories and novels. Emphasis is placed on scientific discoveries that shaped Western culture and our changing view of the universe as reflected in science fiction literature. Upon completion, students should be able to trace major themes and ideas and illustrate relationships between science, world view, and science fiction literature. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

EPT 120 Sociology of Disaster 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is designed to overview sociological disaster research, disaster systems, and alternative research approaches. Topics include human and organizational behaviors, long term disaster impact on communities, disaster warning, and evacuation considerations. Upon completion, students should be able to assess and predict the impact of disaster-related human behavior.

EPT 150 EMS Incident Management 02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the fully integrated incident management system for EMS response to high impact incidents. Topics include mass casualty incidents, terrorists events, communications, training, triage, law and fire incident command. Upon completion, students should be able to implement and operate within the

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
### EPT 210 Disaster Resp Ops Mgt 03 00 00 03
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course covers the basic concepts and operational procedures and authorities involved in responding to major disasters. Topics include Federal, State, and local roles and responsibilities in major disaster recovery work with an emphasis on governmental coordination. Upon completion, students should be able to implement a disaster plan and assess the needs of those involved in a major disaster.

### EPT 220 Terrorism and Emer. Mgt. 03 00 00 03
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course covers preparing for, responding to, and safely mitigating terrorism incidents. Topics include the history of terrorism, scene hazards, evidence preservation, risk assessment, roles and responsibilities, explosive recognition, and terrorism planning. Upon completion, students should be able to recognize the threat of terrorism and operate within the emergency management framework at a terrorism incident.

### EPT 275 Emergency OPS Center Mgt 03 00 00 03
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course provides students with the knowledge and skills to effectively manage and operate an EOC during crisis situations. Topics include properly locating and designing an EOC, staffing, training and briefing EOC personnel, and how to operate an EOC. Upon completion, students should be able to demonstrate how to set up and operate an effective emergency operations center.

### FIP 120 Intro to Fire Protection 03 00 00 03
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course provides an overview of the history, development, methods, systems, and regulations as they apply to the fire protection field. Topics include history, evolution, statistics, suppression, organizations, careers, curriculum, and other related topics. Upon completion, students should be able to demonstrate a broad understanding of the fire protection field.

### FIP 124 Fire Prevention & Public Ed 03 00 00 03
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course introduces fire prevention concepts as they relate to community and industrial operations. Topics include the development and maintenance of fire prevention programs, educational programs, and inspection programs. Upon completion, students should be able to research, develop, and present a fire safety program to a citizens or industrial group, meeting NFPA 1021. This course is also available through the Virtual Learning Community (VLC).

### FIP 128 Detection & Investigation 03 00 00 03
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course covers procedures for determining the origin and cause of accidental and incendiary fires. Topics include collection and preservation of evidence, detection and determination of accelerants, courtroom procedure and testimony, and documentation of the fire scene. Upon completion, students should be able to conduct a competent fire investigation and present those findings to appropriate officials or equivalent, meeting NFPA 1021. This course is also available through the Virtual Learning Community (VLC).

### FIP 132 Building Construction 03 00 00 03
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course covers the principles and practices related to various types of building construction, including residential and commercial, as impacted by fire conditions. Topics include types of construction and related elements, fire resistive aspects of construction materials, building codes, collapse, and other related topics. Upon completion, students should be able to understand and recognize various types of construction as related to fire conditions MEETING NFPA 1021.

### FIP 136 Inspections & Codes 03 00 00 03
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course covers the fundamentals of fire and building codes and procedures to conduct an inspection. Topics include review of fire and building codes, writing inspection reports, identifying hazards, plan reviews, site sketches, and other related topics. Upon completion, students should be able to conduct a fire code compliance inspection and produce a written report, meeting NFPA 1021.

### FIP 140 Industrial Fire Protect 03 00 00 03
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course covers fire protection systems in industrial facilities. Topics include applicable health and safety standards, insurance carrier regulations, other regulatory agencies, hazards of local industries, fire brigade operation, and loss prevention programs. Upon completion, students should be able to plan, organize, and

This course covers the theories and fundamentals of how and why fires start and spread, and how they are safely controlled. Topics include components of fire, fire sources, fire behavior, properties of combustible solids, classification of hazards, and the use of fire extinguishing agents. Upon completion, students should be able to describe the properties of matter and dynamics of fire, identify fuel sources, and compare suppressants and extinguishment techniques.
FIP 230 Chem of Hazardous Mat I  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers the evaluation of hazardous materials. Topics include use of the periodic table, hydrocarbon derivatives, placards and labels, parameters of combustion, and spill and leak mitigation. Upon completion, students should be able to demonstrate knowledge of the chemical behavior of hazardous materials.

FIP 232 Hydraulics & Water Dist  
Prerequisites: MAT 115, MAT 120, MAT 121, MAT 140, MAT 151, MAT 161, MAT 171, or MAT 175  
Corequisites: None  
Component: None  
This course covers the flow of fluids through fire hoses, nozzles, appliances, pumps, standpipes, water mains, and other devices. Emphasis is placed on supply and delivery systems, fire flow testing, hydraulic calculations, and other related topics. Upon completion, students should be able to perform hydraulic calculations, conduct water availability tests, and demonstrate knowledge of water distribution systems.

FIP 236 Emergency Management

Corequisites: None  
Component: None  
This course covers the four phases of emergency management: mitigation, preparedness, response, and recovery. Topics include organizing for emergency management, coordinating for community resources, public sector liability, and the roles of government agencies at all levels. Upon completion, students should be able to demonstrate a knowledge of comprehensive emergency management and the integrated emergency management system.

FIP 240 Fire Service Supervision  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers supervisory skills and practices in the fire protection field. Topics include the supervisor’s job, supervision skills, the changing work environment, managing change, organizing for results, discipline and grievances, and safety. Upon completion, students should be able to demonstrate an understanding of the roles and responsibilities of the effective fire service supervisor, meeting elements of NFPA 1021.

FIP 248 Fire Svc Personnel Adm  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers the basics of setting up and administering the personnel functions of fire protection organizations. Emphasis is placed on human resource planning, classification and job analysis, equal opportunity employment, affirmative action, recruitment, retention, development, performance evaluation, and assessment centers. Upon completion, students should be able to demonstrate knowledge of the personnel function as it relates to managing fire protection.

FIP 256 Munic Public Relations  
Prerequisites: None  
Corequisites: None  
Component: None  
This course is a general survey of municipal public relations and their effect on the governmental process. Topics include principles of public relations, press releases, press conferences, public information officers, image surveys, and the effects of perceived service on fire protection delivery. Upon completion, students should be able to manage the public relations functions of a fire service organization, which meet elements of NFPA 1021 for Fire Officer I and II.

FIP 276 Managing Fire Services  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides an overview of fire department operative services. Topics include finance, staffing, equipment, code enforcement, management information, specialized services, legal issues, planning, and other related topics. Upon completion, students should be able to understand concepts and apply fire department management and operations principles, meeting NFPA 1021.

FIP 277 Fire and Social Behavior  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers fire-related aspects of human behavior, with an emphasis on research and a systems approach to human-behavior analysis. Topics include identification of populations and structures at high risk, evaluation of systems models, and use of computer models to predict human behavior during fires. Upon completion, students should be able to identify and anticipate human behavior in response to various residential, commercial, board-and-care facility, and wildland/rural fire events.

FLO 189 Basic Floral Design  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides general knowledge of floral design on a non-commercial level. Topics include simple corsage work, vase arrangements, and holiday novelty items. Upon completion, students should be able to tie a bow and construct simple corsages, bud vases, and holiday items.

FRE 111 Elementary French I  
Prerequisites: None  
Corequisites: None  
Component: None

This course introduces the fundamental elements of the French language within a cultural context. Emphasis is placed on the development of basic listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written French and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**FRE 111 Elementary French I** 03 00 00 03
Prerequisites: FRE 111
Corequisites: None
Component: None
This course is a continuation of FRE 111 focusing on the fundamental elements of the French language within a cultural context. Emphasis is placed on the progressive development of listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written French and demonstrate further cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**FRE 181 French Lab 1** 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course provides an opportunity to enhance acquisition of the fundamental elements of the French language. Emphasis is placed on the progressive development of basic listening, speaking, reading, and writing skills through the use of supplementary learning media and materials. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written French and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**FRE 182 French Lab 2** 00 02 00 01
Prerequisites: FRE 181
Corequisites: None
Component: None
This course provides an opportunity to enhance acquisition of the fundamental elements of the French language. Emphasis is placed on the progressive development of basic listening, speaking, reading, and writing skills through the use of supplementary learning media and materials. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written French and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**FRE 211 Intermediate French I** 03 00 00 03
Prerequisites: FRE 112
Corequisites: None
Component: None
This course provides a review and expansion of the essential skills of the French language. Emphasis is placed on the study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**FRE 212 Intermediate French II** 03 00 00 03
Prerequisites: FRE 211
Corequisites: None
Component: None
This course is a continuation of FRE 211. Emphasis is placed on the continuing study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**FRE 221 French Conversation** 03 00 00 03
Prerequisites: FRE 212
Corequisites: None
Component: None
This course provides an opportunity for intensive communication in spoken French. Emphasis is placed on vocabulary acquisition and interactive communication through the discussion of media materials and authentic texts. Upon completion, students should be able to discuss selected topics, express ideas and opinions clearly, and engage in formal and informal conversations. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**FRE 281 French Lab 3** 00 02 00 01
Prerequisites: FRE 182
Corequisites: None
Component: None
This course provides an opportunity to enhance the review and expansion of the essential skills of the French language. Emphasis is placed on the study of authentic and representative literary and cultural texts through the use of supplementary learning media and materials. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**FRE 282 French Lab 4** 00 02 00 01
Prerequisites: FRE 281
Corequisites: None
Component: None
This course provides an opportunity to enhance the review and expansion of the essential skills of the French language. Emphasis is placed on the study of authentic and representative literary and cultural texts through the use of supplementary learning media and materials. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.

Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

FSE 112 Principles of Funeral Service 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the principles of funeral service and various religious and cultural customs of funeral service in the US. Emphasis is placed on Protestant, Catholic, Jewish, and other religious groups and the professional and ethical obligations of the profession. Upon completion, students should be able to demonstrate an understanding of religious and cultural traditions and how various funeral services are conducted.

FSE 114 Embalming Chemistry 04 00 00 04
Prerequisites: Take one course: CHM 081, CHM 090, CHM 092, CHM 094, CHM 135, or CHM 151
Corequisites: None
Component: None
This course covers the fundamentals of organic chemistry and biochemistry as related to the funeral service profession. Emphasis is placed on chemical changes in the human body during life, after death, and during chemical preservation. Upon completion, students should be able to use various embalming chemicals and mix embalming solutions for laboratory use.

FSE 116 Funeral Law and Ethics 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers fundamentals of mortuary law and ethical considerations relevant to the funeral profession. Emphasis is placed on North Carolina Mortuary Law, OSHA requirements, anatomical donations, vital statistics, and general law relative to mortuary law. Upon completion, students should be able to demonstrate an understanding of the legal and ethical aspects of funeral service.

FSE 118 Embalming Anatomy 04 00 00 04
Prerequisites: Take one course: BIO 090, BIO 092, BIO 094, or BIO 111
Corequisites: None
Component: None
This course covers the general anatomy needed in funeral service. Emphasis is placed on medical terminology and the normal structure and function of the human body with special consideration of the circulatory system. Upon completion, students should be able to understand the normal structure and function of the human body and how it relates to the embalming process.

FSE 120 Embalming Microbiology 03 00 00 03
Prerequisites: FSE 118
Corequisites: None
Component: None
This course is a survey of the basic principles of microbiology and related funeral service considerations. Emphasis is placed on sanitation, disinfection, public health, and embalming practices as it relates to various microorganisms. Upon completion, students should be able to characterize various microbial agents and discuss topical, chemical, and biological methods of control.

FSE 210 Embalming Theory I 03 00 00 03
Prerequisites: FSE 118
Corequisites: FSE 211 or COE 112F
Component: None
This course introduces various embalming procedures and the purpose, history, and need for embalming. Emphasis is placed on laboratory equipment, post mortem changes, and the proper use of embalming chemicals. Upon completion, students should be able to identify various instruments and relate theoretical case analysis to embalming procedures used in the funeral home.

FSE 211 Embalming Lab I 00 04 00 02
Prerequisites: None
Corequisites: FSE 210
Component: None
This course provides hands-on experience with general embalming techniques. Emphasis is placed on preparation of human remains in the embalming laboratory. Upon completion, students should be able to utilize sanitation and disinfection procedures correctly and properly prepare human remains for burial.

FSE 212 Embalming Theory II 03 00 00 03
Prerequisites: A course from each set: FSE 210 and FSE 211 or COE112F
Corequisites: FSE 213 or COE 122F
Component: None
This course is a continuation of FSE 210 and covers more detailed embalming procedures. Topics include anatomical consideration for embalming, case analysis, positioning features, arterial injection, cavity treatment, autopsies, and other post mortem conditions. Upon completion, students should be able to demonstrate knowledge of embalming theory and sanitation to protect the public health.

FSE 213 Embalming Lab II 00 04 00 02
Prerequisites: FSE 210 and FSE 211
Corequisites: FSE 212
Component: None
This course provides hands-on experience in more advanced embalming skills. Emphasis is placed on preparation of human re-
mains in the embalming laboratory. Upon completion, students should be able to determine the proper techniques to be utilized in each particular embalming situation.

**FSE 214 Pathology**  
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course is a general survey of the disease process. Topics include pathological terminology, basic body functions, trauma, disease process, and etiology. Upon completion, students should be able to recognize medical terminology used in completing death certificates and understand the disease process.

**FSE 215 Funeral Home Operations**  
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course covers funeral home operations, including business techniques and effective counseling skills. Topics include establishing a funeral home, choosing and financing a location, building, merchandising, caskets, vaults, planning, and counseling techniques and philosophies. Upon completion, students should be able to understand the proper procedures for operating a funeral home and relate more effectively to those experiencing grief.

**FSE 216 Restorative Arts**  
**Prerequisites:** FSE 118  
**Corequisites:** None  
**Component:** None  
This course covers the terminology used and pathological conditions observed during the restoration process. Topics include basic restoration, anatomical modeling, expression, use of photographs, legal aspects, pathological discoloration, cosmetics, and solvents. Upon completion, students should be able to utilize materials and techniques in the restoration of human remains.

**FSE 217 Funeral Service Projects**  
**Prerequisites:** FSE 212, FSE 216 and Department Chairperson approval  
**Corequisites:** None  
**Component:** None  
This course provides an overview of funeral service practices and procedures, including computer software used in the funeral service profession. Emphasis is placed on utilizing funeral service software and on topics required for licensure. Upon completion, students should be able to enter information, generate documents, and demonstrate knowledge of the topics covered on state or national licensure exams.

**GEL 111 Introductory Geology**  
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course introduces basic landforms and geological processes. Topics include rocks, minerals, volcanoes, fluvial processes, geological history, plate tectonics, glaciers, and coastal dynamics. Upon completion, students should be able to describe basic geological processes that shape the earth. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**GEL 113 Historical Geology**  
**Prerequisites:** GEL 111 or GEL 120  
**Corequisites:** None  
**Component:** None  
This course covers the geological history of the earth and its life forms. Emphasis is placed on the study of rock strata, fossil groups, and geological time. Upon completion, students should be able to identify major fossil groups and associated rock strata and approximate ages of geological formations. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**GEL 120 Physical Geology**  
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course provides a study of the structure and composition of the earth’s crust. Emphasis is placed on weathering, erosional and depositional processes, mountain building forces, rocks and minerals, and structural changes. Upon completion, students should be able to explain the structure, composition, and formation of the earth’s crust. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**GEL 220 Marine Geology**  
**Prerequisites:** GEL 120  
**Corequisites:** None  
**Component:** None  
This course presents a detailed examination of coastal and sea floor geology. Emphasis is placed on coastal and sea floor landforms and processes that shape these features. Upon completion, students should be able to describe the origin and evolution of both coastal and sea floor landforms. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**GEL 230 Environmental Geology**  
**Prerequisites:** GEL 111, GEL 120 or PHS 130  
**Corequisites:** None  
**Component:** None  
This course provides insights into geologic forces that cause environmental changes influencing man’s activities. Emphasis is placed on natural hazards and disasters caused by geologic forces. Upon completion, students should be able to relate major hazards and disasters to the geologic forces responsible for their occurrence. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

GEO 110 Introduction to Geography 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces map reading skills and the physical and cultural features of different areas of the earth. Topics include spatial association, the importance of location, physical characteristics of the earth, and the impact of humans on the environment. Upon completion, students should be able to demonstrate an ability to read a map and describe physical and cultural features of different regions. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences. This course is also available through the Virtual Learning Community (VLC).

GEO 111 World Regional Geography 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the regional concept which emphasizes the spatial association of people and their environment. Emphasis is placed on the physical, cultural, and economic systems that interact to produce the distinct regions of the earth. Upon completion, students should be able to describe variations in physical and cultural features of a region and demonstrate an understanding of their functional relationships. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences. This course is also available through the Virtual Learning Community (VLC).

GEO 112 Cultural Geography 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is designed to explore the diversity of human cultures and to describe their shared characteristics. Emphasis is placed on the characteristics, distribution, and complexity of earth’s cultural patterns. Upon completion, students should be able to demonstrate an understanding of the differences and similarities in human cultural groups. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

GEO 113 Economic Geography 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the patterns and networks of economic interdependence and how they affect human populations. Emphasis is placed on the economic aspects of the production and distribution of goods and services and their impact on the quality of human life. Upon completion, students should be able to describe different economic systems and demonstrate an understanding of the variables that influence economic development. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

GEO 121 North Carolina Geography 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is a survey of the physical and cultural landscapes of North Carolina. Topics include physical characteristics of North Carolina, settlement patterns, resource use, and cultural variations. Upon completion, students should be able to demonstrate knowledge of the distinct physical and cultural features of North Carolina. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

GEO 130 General Physical Geography 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces both the basic physical components that help shape the earth and the study of minerals, rocks, and evolution of landforms. Emphasis is placed on the geographic grid, cartography, weather, climate, mineral composition, fluvial processes, and erosion and deposition. Upon completion, students should be able to identify these components and processes and explain how they interact. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

GEO 131 Physical Geography I 03 02 00 04
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic physical components that help shape the earth. Emphasis is placed on the geographic grid, cartography, weather, climate, biogeography, and soils. Upon completion, students should be able to identify these components and explain how they interact. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

GEO 132 Physical Geography II 03 02 00 04
Prerequisites: None
Corequisites: None
Component: None
This course introduces the study of minerals, rocks, evolution of landforms, and consequences of landscape change. Emphasis is placed on mineral composition, fluvial processes, erosion and deposition, glaciers, and coastal processes. Upon completion, students should be able to identify these components and processes and to explain how they interact. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Course Descriptions

GER 111 Elementary German I
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamental elements of the German language within a cultural context. Emphasis is placed on the development of basic listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written German and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

GER 112 Elementary German II
Prerequisites: GER 111
Corequisites: None
Component: None
This course is a continuation of GER 111 focusing on the fundamental elements of the German language within a cultural context. Emphasis is placed on the progressive development of listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written German and demonstrate further cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

GER 181 German Lab 1
Prerequisites: None
Corequisites: None
Component: None
This course provides an opportunity to enhance acquisition of the fundamental elements of the German language. Emphasis is placed on the progressive development of basic listening, speaking, reading, and writing skills through the use of supplementary learning media and materials. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written German and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

GER 182 German Lab 2
Prerequisites: GER 181
Corequisites: None
Component: None
This course provides an opportunity to enhance acquisition of the fundamental elements of the German language. Emphasis is placed on the progressive development of basic listening, speaking, reading, and writing skills through the use of supplementary learning media and materials. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written German and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

GER 211 Intermediate German I
Prerequisites: GER 112
Corequisites: None
Component: None
This course provides a review and expansion of the essential skills of the German language. Emphasis is placed on the study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

GER 212 Intermediate German II
Prerequisites: GER 211
Corequisites: None
Component: None
This course provides a continuation of GER 211. Emphasis is placed on the continuing study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

GER 221 German Conversation
Prerequisites: GER 212
Corequisites: None
Component: None
This course provides an opportunity for intensive communication in spoken German. Emphasis is placed on vocabulary acquisition and interactive communication through the discussion of media materials and authentic texts. Upon completion, students should be able to discuss selected topics, express ideas and opinions clearly, and engage in formal and informal conversations. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

GER 281 German Lab 3
Prerequisites: GER 182
Corequisites: None
Component: None
This course provides an opportunity to enhance the review and expansion of the essential skills of the German language. Emphasis is placed on the study of authentic and representative literary and cultural texts through the use of supplementary learning media and materials. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
GER 282 German Lab 4  
Prerequisites: GER 281  
Corequisites: None  
Component: None  
This course provides an opportunity to enhance the review and expansion of the essential skills of the German language. Emphasis is placed on the continuing study of authentic and representative literary and cultural texts through the use of supplementary learning media and materials. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication. This course has been approved to satisfy the Comprehensive Articulation Agreement for pre-major and/or elective course requirement.

GIS 111 Introduction to GIS  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the hardware and software components of a Geographic Information System and reviews GIS applications. Topics include data structures and basic functions, methods of data capture and sources of data, and the nature and characteristics of spatial data and objects. Upon completion, students should be able to identify GIS hardware components, typical operations, products/applications, and differences between database models and between raster and vector systems. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a pre-major and/or elective course requirement.

GIS 112 Introduction to GPS  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides an overview of Global Positioning Systems (GPS). Topics include the theory, implementation, and operations of GPS, as well as alternate data source remote sensing. Upon completion, students should be able to demonstrate an understanding of the fundamentals of GPS.

GIS 161 Intro to Comp/BASIC & C++  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the electronic computer and includes a general description of computer design and operation, associated vocabulary, and most widely used applications. Emphasis is placed on hands-on experience with software. Upon completion, students should be able to utilize and depict calculations, decision-making and branching and looping functions processing, and top-down programming methodology.

GRD 110 Typography I  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the history and mechanics of type and its application to layout and design. Topics include typographic fundamentals, anatomy, measurements, composition, identification, and terminology. Upon completion, students should be able to demonstrate proficiency in design application, analysis, specification, and creation of typographic elements.

GRD 117 Design Career Exploration  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers opportunities in the graphic design field and employment requirements. Topics include evaluation of career choices, operations, structure of advertising and graphic design businesses, and related business issues. Upon completion, students should be able to demonstrate an understanding of the graphic design field and consider an appropriate personal direction of career specialization.

GRD 121 Drawing Fundamentals I  
Prerequisites: None  
Corequisites: None  
Component: None  
This course increases observation skills using basic drawing techniques and media in graphic design. Emphasis is placed on developing the use of graphic design principles, media applications, spatial considerations, drawing styles, and approaches. Upon completion, students should be able to show competence and proficiency in finished works.

GRD 131 Illustration I  
Prerequisites: ART 131, DES 125, or GRD 121  
Corequisites: None  
Component: None  
This course introduces the application of rendering techniques to create illustrations. Emphasis is placed on controlling various media, methods, surfaces, design problems, and the appropriate media selection process. Upon completion, students should be able to produce quality illustrations from conception through finished artwork.

GRD 132 Illustration II  
Prerequisites: GRD 131  
Corequisites: None  
Component: None  
This course is a continuation of GRD 131. Topics include editorial, product, fashion, and advertising illustrations. Upon completion, students should be able to demonstrate increased proficiency in creating quality illustrations from conceptualization through finished artwork.

GRD 141 Graphic Design I  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the conceptualization process used in visu-
al problem solving. Emphasis is placed on learning the principles of design and on the manipulation and organization of elements. Upon completion, students should be able to apply design principles and visual elements to projects.

**GRD 142 Graphic Design II** 02 04 00 04  
Prerequisites: ART 121 or GRD 141, and GRD 110, GRD 151  
Corequisites: None  
Component: None  
This course covers the application of visual elements and design principles in advertising and graphic design. Topics include creation of various designs, such as logos, advertisements, posters, outdoor advertising, and publication design. Upon completion, students should be able to effectively apply design principles and visual elements to projects.

**GRD 151 Computer Design Basics** 01 04 00 03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers designing and drawing with various types of software applications for advertising and graphic design. Emphasis is placed on creative and imaginative use of space, shapes, value, texture, color, and typography to provide effective solutions to advertising and graphic design problems. Upon completion, students should be able to use the computer as a creative tool.

**GRD 152 Computer Design Tech I** 01 04 00 03  
Prerequisites: GRD 151  
Corequisites: None  
Component: None  
This course covers complex design problems utilizing various design and drawing software applications. Topics include the expressive use of typography, image, and organization to communicate a message. Upon completion, students should be able to use appropriate computer software to professionally present their work.

**GRD 153 Computer Design Tech II** 01 04 00 03  
Prerequisites: GRD 152  
Corequisites: None  
Component: None  
This course covers advanced theories and practices in the field of computer design. Emphasis is placed on advanced use of color palettes, layers, and paths. Upon completion, students should be able to creatively produce designs and articulate their rationale.

**GRD 167 Photographic Imaging I** 01 04 00 03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces basic camera operations and photographic production. Topics include subject composition, depth of field, shutter control, light control, color, photo-finishing, and digital imaging, correction and output. Upon completion, students should be able to produce traditional and/or digital photographic prints with acceptable technical and compositional quality.

**GRD 168 Photographic Imaging II** 01 04 00 03  
Prerequisites: GRD 167  
Corequisites: None  
Component: None  
This course introduces advanced camera operations and photographic production. Topics include lighting, specialized equipment, digital image correction and output, and other methods and materials. Upon completion, students should be able to demonstrate proficiency in producing high quality photographic prints.

**GRD 220 Calligraphy** 00 02 00 01  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers calligraphy as a design element. Emphasis is placed on the history, methods, materials, tools, and techniques of hand lettering. Upon completion, students should be able to use a variety of pens, brushes, inks, paint, and surfaces to produce several finished calligraphic works.

**GRD 241 Graphic Design III** 02 04 00 04  
Prerequisites: GRD 142 and GRD 152  
Corequisites: None  
Component: None  
This course is an advanced exploration of various techniques and media for advertising and graphic design. Emphasis is placed on advanced concepts and solutions to complex and challenging graphic design problems. Upon completion, students should be able to demonstrate competence and professionalism in visual problem solving.

**GRD 242 Graphic Design IV** 02 04 00 04  
Prerequisites: GRD 241 and GRD 153  
Corequisites: None  
Component: None  
This course is a continuation of GRD 241. Emphasis is placed on using advanced media techniques, concepts, strategies, and professionalism in all aspects of design. Upon completion, students should be able to conceptualize, create, and produce designs for reproduction.

**GRD 247 Design Applications IV** 00 03 00 01  
Prerequisites: None  
Corequisites: GRD 242  
Component: None  
This course is designed to provide additional hands-on training in graphic design. Emphasis is placed on producing sophisticated design projects utilizing concepts and techniques covered in GRD 242. Upon completion, students should be able to solve complex design problems by producing projects to meet client specifica-
**GRD 263 Illustrative Imaging**

Prerequisites: GRD 151 and GRD 152  
Corequisites: None  
Component: None  
This course covers the creative manipulation of images utilizing digital techniques of masking, layering, airbrushing, and painting. Topics include the aesthetic analysis of visual imagery as well as the legalities of manipulating images. Upon completion, students should be able to utilize software applications to creatively manipulate and illustratively build digital images which accomplish design objectives.

**GRD 265 Digital Print Production**

Prerequisites: GRD 151 or GRA 151  
Corequisites: None  
Component: None  
This course covers preparation of digital files for output and reproduction. Emphasis is placed on output options, separations, color proofing, and cost and design considerations. Upon completion, students should be able to prepare files and select appropriate output methods for design solutions.

**GRD 271 Multimedia Design I**

Prerequisites: GRD 151 and GRD 152  
Corequisites: None  
Component: None  
This course introduces the fundamentals of multimedia design and production for computer-related presentations. Topics include interface design, typography, storyboarding, scripting, simple animation, graphics, digital audiovideo, and copyright issues. Upon completion, students should be able to design and produce multimedia presentations.

**GRD 272 Multimedia Design II**

Prerequisites: GRD 271  
Corequisites: None  
Component: None  
This course is a continuation of GRD 271. Emphasis is placed on advanced animation, specialized software, quality control, and cross-platform delivery, as well as problems associated with delivery media and interactivity. Upon completion, students should be able to produce multimedia presentations and determine and adapt to technical specifications for delivery.

**GRD 280 Portfolio Design**

Prerequisites: ENG 115 or COM 231, and GRD 131, GRD 142, GRD 152, GRD 153, GRD 241, and GRD 282  
Corequisites: None  
Component: None  
This course covers the organization and presentation of a design/advertising or graphic art portfolio and appropriate related materials. Emphasis is placed on development and evaluation of the portfolio, design and production of a resume and self-promotional materials, and interview techniques. Upon completion, students should be able to prepare and professionally present an effective portfolio and related self-promotional materials.

**GRD 282 Advertising Copywriting**

Prerequisites: ENG 111  
Corequisites: None  
Component: None  
This course covers copywriting for print, electronic, and broadcast advertising and promotion. Topics include advertising strategies, proposals, headlines, slogans, and text copy for various types of advertising. Upon completion, students should be able to write and articulate advertising proposals and understand the ethical and regulatory environment for advertising.

**GRD 285 Client/Media Relations**

Prerequisites: ENG 111, GRD 121, GRD 142, GRD 152, and MKT 220  
Corequisites: None  
Component: None  
This course introduces media pricing, scheduling, and business ethics. Emphasis is placed on communication with clients and determination of clients’ advertising needs. Upon completion, students should be able to use professional communication skills to effectively orchestrate client/media relationships.

**HEA 110 Personal Health/Wellness**

Prerequisites: None  
Corequisites: None  
Component: None  
This course provides an introduction to basic personal health and wellness. Emphasis is placed on current health issues such as nutrition, mental health, and fitness. Upon completion, students should be able to demonstrate an understanding of the factors necessary to the maintenance of health and wellness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**HEA 112 First Aid & CPR**

Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the basics of emergency first aid treatment. Topics include rescue breathing, CPR, first aid for choking and bleeding, and other first aid procedures. Upon completion, students should be able to demonstrate skills in providing emergency care for the sick and injured until medical help can be obtained. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
HEA 120 Community Health
Prerequisites: None
Corequisites: None
Component: None
This course provides information about contemporary community health and school hygiene issues. Topics include health education and current information about health trends. Upon completion, students should be able to recognize and devise strategies to prevent today’s community health problems. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

HET 115 Electronic Engines
Prerequisites: None
Corequisites: None
Component: None
This course introduces the principles of electronically controlled diesel engines. Emphasis is placed on testing and adjusting diesel engines in accordance with manufacturers’ specifications. Upon completion, students should be able to diagnose, test, and calibrate electronically controlled diesel engines.

HET 125 Preventive Maintenance
Prerequisites: None
Corequisites: None
Component: None
This course introduces preventive maintenance practices used on medium and heavy duty vehicles and rolling assemblies. Topics include preventive maintenance schedules, services, DOT rules and regulations, and roadability. Upon completion, students should be able to set up and follow a preventive maintenance schedule as directed by manufacturers.

HET 126 Prevent Maintenance Lab
Prerequisites: None
Corequisites: HET 125
Component: None
This course provides a laboratory setting to enhance preventive maintenance practices used on medium and heavy duty vehicles and rolling assemblies. Emphasis is placed on practical experiences that enhance the topics presented in HET 125. Upon completion, students should be able to apply the laboratory experiences to the concepts presented in HET 125.

HET 231 Med/Hvy Duty Brake Sys
Prerequisites: None
Corequisites: None
Component: None
This course covers the theory and repair of braking systems used in medium and heavy duty vehicles. Topics include air, hydraulic, and ABS system diagnosis and repair. Upon completion, students should be able to troubleshoot, adjust, and repair braking systems on medium and heavy duty vehicles.

HET 232 Med/Hvy Duty Brake Sys Lab
Prerequisites: None
Corequisites: None
Component: HET 231
This course provides a laboratory setting to enhance the skills for troubleshooting, adjusting, and repairing brake systems on medium and heavy duty vehicles. Emphasis is placed on practical experiences that enhance the topics presented in HET 231. Upon completion, students should be able to apply the laboratory experiences to the concepts presented in HET 231.

HET 233 Suspension and Steering
Prerequisites: None
Corequisites: None
Component: None
This course introduces the theory and principles of medium and heavy duty steering and suspension systems. Topics include wheel and tire problems, frame members, fifth wheel, bearings, and coupling systems. Upon completion, students should be able to troubleshoot, adjust, and repair suspension and steering components on medium and heavy duty vehicles.

HIS 111 World Civilizations I
Prerequisites: None
Corequisites: None
Component: None
This course introduces world history from the dawn of civilization to the early modern era. Topics include Eurasian, African, American, and Greco-Roman civilizations and Christian, Islamic and Byzantine cultures. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in pre-modern world civilizations. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

HIS 112 World Civilizations II
Prerequisites: None
Corequisites: None
Component: None
This course introduces world history from the early modern era to the present. Topics include the cultures of Africa, Europe, India, China, Japan, and the Americas. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in modern world civilizations. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.
HIS 114 Comparative World History 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides a comparison of western and non-western cultures. Emphasis is placed on historical developments and their impact on the modern world through religion, politics, economics, and social developments. Upon completion, students should be able to compare and contrast western and non-western cultures. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

HIS 115 Introduction to Global History 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the study of global history. Emphasis is placed on topics such as colonialism, industrialism, and nationalism. Upon completion, students should be able to analyze significant global historical issues. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

HIS 116 Current World Problems 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers current world events from an historical perspective. Topics include regional problems as well as international concerns. Upon completion, students should be able to analyze significant current world problems from an historical perspective. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

HIS 121 Western Civilization I 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces western civilization from pre-history to the early modern era. Topics include ancient Greece, Rome, and Christian institutions of the Middle Ages and the emergence of national monarchies in western Europe. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in early western civilization. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

HIS 122 Western Civilization II 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces western civilization from the modern era to the present. Topics include the religious wars, the Industrial Revolution, World Wars I and II, and the Cold War. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in modern western civilization. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

HIS 131 American History I 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is a survey of American history from pre-history through the Civil War era. Topics include the migrations to the Americas, the colonial and revolutionary periods, the development of the Republic, and the Civil War. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in early American history. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

HIS 132 American History II 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is a survey of American history from the Civil War era to the present. Topics include industrialization, immigration, the Great Depression, the major American wars, the Cold War, and social conflict. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in American history since the Civil War. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

HIS 141 Genealogy & Local History 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course explores the role of the local or family historian. Emphasis is placed on historical or genealogical research techniques including a survey of local, state, and national archival resources. Upon completion, students should be able to conduct genealogical research and do a major research project on local or family history. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a pre-major and/or elective course requirement.
HIS 162 Women and History 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course surveys the experience of women in historical perspective. Topics include the experiences and contributions of women in culture, politics, economics, science, and religion. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural contributions of women in history. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

HIS 167 The Vietnam War 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the American political and military involvement in Vietnam from 1944 to 1975. Topics include the French colonial policy, Vietnamese nationalism, the war with France, American involvement, and resolution of the conflict. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments that influenced the Vietnam War. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

HIS 212 Medieval History 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course traces the cultural, political, economic, social, religious, and intellectual history of Europe during the Middle Ages. Topics include the decline of the Roman Empire, the Frankish Kingdoms, the medieval church, feudalism, the rise of national monarchies, urbanization, and the rise of universities. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in medieval Europe. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

HIS 221 African-American History 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers African-American history from the Colonial period to the present. Topics include African origins, the slave trade, the Civil War, Reconstruction, the Jim Crow era, the civil rights movement, and contributions of African Americans. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in the history of African Americans. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

HIS 222 African-American History I 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers African American history through the Civil War period. Topics include African origins, the nature of slavery, African-American participation in the American Revolution, abolitionism, and the emergence of a distinct African-American culture. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in early African-American history. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).

HIS 223 African-American History II 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers African American history from the Civil War to the present. Topics include Reconstruction, the Jim Crow era, urbanization, the Harlem Renaissance, the Civil Rights movement, and the philosophies of major African-American leaders. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in African-American history since the Civil War. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).

HIS 224 US Diplomatic History 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course examines American diplomacy from the Colonial period to the present. Topics include the Monroe Doctrine, expansionism and imperialism, the world wars, the Cold War, and America’s role in a changing world. Upon completion, students should be able to analyze significant developments and trends in the diplomatic history of the United States. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

HIS 226 The Civil War 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course examines the social, political, economic, and ideological forces that led to the Civil War and Reconstruction. Topics include regional conflicts and sectionalism, dissolution of the Union, military campaigns, and the War’s socioeconomic impact, aftermath, and consequences. Upon completion, students should be able to analyze significant political, socioeconomic, and cul-

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course traces the causes and effects of the French Revolution. Topics include the Enlightenment; Jacobins; Reign of Terror; Napoleon’s republic, empire, and wars; and the French Revolution’s impact upon world history. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments during the French revolutionary era. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

HIS 227 Native American History 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course surveys the history and cultures of Native Americans from pre-history to the present. Topics include Native American civilizations, relations with Europeans, and the continuing evolution of Native American cultures. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments among Native Americans. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

HIS 236 North Carolina History 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is a study of geographical, political, economic, and social conditions existing in North Carolina from America’s discovery to the present. Topics include native and immigrant backgrounds; colonial, antebellum, and Reconstruction periods; party politics; race relations; and the transition from an agrarian to an industrial economy. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in North Carolina. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

HIS 260 History of Africa 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course surveys the history of Africa from pre-history to the present. Emphasis is placed on the evolution of social, political, economic, and governmental structures in Africa. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in Africa. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

HMT 110 Intro to Healthcare Mgt 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the functions, practices, organizational structures, and professional issues in healthcare management. Emphasis is placed on planning, controlling, directing, and communicating within health and human services organizations. Upon completion, students should be able to apply the concepts of management within a healthcare service environment.

HMT 210 Medical Insurance 03 00 00 03
Prerequisites: MED 122 or OST 142
Corequisites: None
Component: None
This course introduces the concepts of medical insurance. Topics include types and characteristics of third-party payers, coding concepts, payment systems, and manual/electronic claims form preparation. Upon completion, students should be able to process third-party claims forms.

HMT 211 Long-Term Care Admin 03 00 00 03
Prerequisites: HMT 110
Corequisites: None
Component: None
This course introduces the administration of long-term care facilities and services. Emphasis is placed on nursing home care, home health care, hospice, skilled nursing facilities, and other long-term care services. Upon completion, students should be able to administer state and national standards and regulations as they apply to long-term care. None

HMT 212 Mgt of Healthcare Org 03 00 00 03
Prerequisites: HMT 110
Corequisites: None
Component: None
This course examines current issues affecting the management of healthcare delivery systems. Topics include current problems, changes, and challenges in the healthcare environment. Upon completion, students should be able to identify current healthcare issues and their impact on healthcare management.

HMT 220 Healthcare Financial Mgmt 04 00 00 04
Prerequisites: HMT 110 and ACC 225
Corequisites: None
Component: None
This course covers the methods and techniques utilized in the financial management of healthcare programs. Topics include cost determination, pricing of services, financial statement analy-
sis, forecasting/projections, third-party billing, reimbursement, Medicare, Medicaid, and budgeting. Upon completion, students should be able to interpret and apply the principles of financial management in a healthcare environment.

**HOR 110 Introduction to Landscaping** 01 02 00 02
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic skills and concepts of drafting and surveying necessary to complete landscape site analysis and topographical drawings. Emphasis is placed on proper use of drafting and survey equipment. Upon completion, students should be able to draw a site analysis drawing with topographical lines.

**HOR 112 Landscape Design I** 02 03 00 03
Prerequisites: HOR 170
Corequisites: None
Component: None
This course covers landscape principles and practices for residential and commercial sites. Emphasis is placed on drafting, site analysis, and common elements of good design, plant material selection, and proper plant utilization. Upon completion, students should be able to read, plan, and draft a landscape design.

**HOR 114 Landscape Construction** 02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the design and fabrication of landscape structures/features. Emphasis is placed on safety, tool identification and use, material selection, construction techniques, and fabrication. Upon completion, students should be able to design and construct common landscape structures/features.

**HOR 116 Landscape Management I** 02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers information and skills necessary to analyze a property and develop a management schedule. Emphasis is placed on property measurement, plant condition, analysis of client needs, and plant culture needs. Upon completion, students should be able to analyze a property, develop management schedules, and implement practices based on client needs.

**HOR 118 Equipment Operation & Maintenance** 01 03 00 02
Prerequisites: None
Corequisites: None
Component: None
This course covers the proper operation and maintenance of selected equipment used in horticulture. Emphasis is placed on the maintenance, minor repairs, safety devices, and actual operation of selected equipment. Upon completion, students should be able to design a maintenance schedule, service equipment, and demonstrate safe operation of selected equipment.

**HOR 134 Greenhouse Operations** 02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the principles and procedures involved in the operation and maintenance of greenhouse facilities. Emphasis is placed on the operation of greenhouse systems, including the environmental control, record keeping, scheduling, and production practices. Upon completion, students should be able to demonstrate the ability to operate greenhouse systems and facilities to produce greenhouse crops.

**HOR 142 Fruit & Vegetable Production** 01 02 00 02
Prerequisites: None
Corequisites: None
Component: None
This course introduces the principles and techniques of growing fruits and field-grown vegetables. Topics include site selection, proper varietal selection, nutritional values, cultural techniques, harvesting and marketing, and insect and disease control. Upon completion, students should be able to demonstrate an understanding of the principles related to the production of selected fruits and vegetables.

**HOR 150 Introduction to Horticulture** 02 00 00 02
Prerequisites: None
Corequisites: None
Component: None
This course covers the history, development, and basic techniques of horticulture. Topics include propagation techniques, planting procedures, watering and fertility, plant growth, pest and disease control, and garden design and history. Upon completion, students should be able to demonstrate an understanding of the basic principles of horticulture.

**HOR 152 Horticultural Practices** 00 03 00 01
Prerequisites: None
Corequisites: None
Component: None
This course covers the maintenance of ornamental plantings and production areas. Topics include maintenance of flower beds, vegetable gardens, greenhouses, and container and field nursery stock using sound horticultural practices. Upon completion, students should be able to apply the principles and practices of maintaining ornamental landscape plantings.
HOR 160 Plant Materials I  
**CLASS** 02  
**LAB** 02  
**CLINIC** 00  
**CREDIT** 03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers identification, culture, characteristics, and use of plants. Emphasis is placed on nomenclature, identification, growth requirements, cultural requirements, soil preferences, and landscape applications. Upon completion, students should be able to demonstrate knowledge of the proper selection and utilization of plant materials. This course is also available through the Virtual Learning Community (VLC).

HOR 162 Applied Plant Science  
**CLASS** 02  
**LAB** 02  
**CLINIC** 00  
**CREDIT** 03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the basic concepts of botany as they apply to horticulture. Topics include nomenclature, physiology, morphology, and anatomy as they apply to plant culture. Upon completion, students should be able to apply the basic principles of botany to horticulture.

HOR 164 Horticultural Pest Management  
**CLASS** 02  
**LAB** 02  
**CLINIC** 00  
**CREDIT** 03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers the identification and control of plant pests including insects, diseases, and weeds. Topics include pest identification and chemical regulations, safety, and pesticide application. Upon completion, students should be able to meet the requirements for North Carolina Commercial Pesticide Ground Applicators license.

HOR 166 Soils & Fertilizers  
**CLASS** 02  
**LAB** 02  
**CLINIC** 00  
**CREDIT** 03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers the physical and chemical properties of soils and soil fertility and management. Topics include soil formation, classification, physical and chemical properties, testing, fertilizer application, and other amendments. Upon completion, students should be able to analyze, evaluate, and properly amend soils/media.

HOR 168 Plant Propagation  
**CLASS** 02  
**LAB** 02  
**CLINIC** 00  
**CREDIT** 03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course is a study of sexual and asexual reproduction of plants. Emphasis is placed on seed propagation, grafting, stem and root propagation, micro-propagation, and other propagation techniques. Upon completion, students should be able to successfully propagate ornamental plants.

HOR 170 Horticultural Computer Apps  
**CLASS** 01  
**LAB** 03  
**CLINIC** 00  
**CREDIT** 02  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces computer programs as they apply to the horticulture industry. Emphasis is placed on applications of software for plant identification, design, and irrigation. Upon completion, students should be able to use computer programs in horticultural situations.

HOR 215 Landscape Irrigation  
**CLASS** 02  
**LAB** 02  
**CLINIC** 00  
**CREDIT** 03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces basic irrigation design, layout, and installation. Topics include site analysis, components of irrigation systems, safety, types of irrigation systems, and installation techniques. Upon completion, students should be able to design and install basic landscape irrigation systems.

HOR 251 Insects & Diseases  
**CLASS** 02  
**LAB** 02  
**CLINIC** 00  
**CREDIT** 03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces insects and diseases of economic importance to horticultural crops. Topics include insect life cycles and identifying characteristics; plant diseases, including their signs and symptoms; control methods; and insect scouting for IPM. Upon completion, students should be able to demonstrate an understanding of insect and disease identification, collection, and control.

HOR 253 Horticulture Turfgrass  
**CLASS** 02  
**LAB** 02  
**CLINIC** 00  
**CREDIT** 03  
Prerequisites: HOR 162 or HOR 166  
Corequisites: None  
Component: None  
This course covers information and skill development necessary to establish and manage landscape turfgrasses. Topics include grass identification, establishment, cultural requirements, application of control products, fertilization, and overseeding techniques. Upon completion, students should be able to analyze a landscape site and determine those cultural and physical activities needed to establish or manage a quality turf.

HOR 257 Arboriculture Practices  
**CLASS** 01  
**LAB** 03  
**CLINIC** 00  
**CREDIT** 02  
Prerequisites: HOR 160 or LSG 111  
Corequisites: None  
Component: None  
This course covers the culture and maintenance of trees and shrubs. Topics include fertilization, pruning, approved climbing techniques, pest control, and equipment use and safety. Upon completion, students should be able to properly prune trees and shrubs and perform arboricultural practices.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
HOR 260 Plant Materials II  
Prerequisites: HOR 160  
Corequisites: None  
Component: None  
This course is a continuation of HOR 160 and covers additional plants. Emphasis is placed on reinforcement of skills and the introduction of additional plants. Upon completion, students should be able to demonstrate knowledge of the proper selection and utilization of plant materials.

HOR 275 Horticulture Production Management  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces starting and/or managing a horticulture production operation. Emphasis is placed on types of horticulture production businesses, production management practices and skills, and appropriate safety measures for equipment, personnel, and facilities. Upon completion, students should be able to identify various types of production businesses, prepare appropriate schedules and inventories, and manage personnel/facilities for safe crop production.

HOR 277 Horticulture Sales & Services  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces various strategies for marketing horticulture products and services. Topics include wholesale, retail, and consignment sales; advertising media; costing products and services; preparing estimates, bids, and proposals; and consumer relations. Upon completion, students should be able to develop a marketing strategy for various horticulture products and services.

HOR 278 Horticulture Business Entrepreneurship  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces starting and/or managing a horticulture business operation. Emphasis is placed on types of business ownership, legal aspects of licenses, worker safety and facility criteria, and creating inventories, schedules, and financial statements. Upon completion, students should be able to prepare appropriate schedules and financial statements and demonstrate knowledge of legal standards for equipment and personnel.

HRM 110 Introduction to Hospitality  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers the growth and progress of the hospitality industry. Topics include financing, hotels, restaurants, and clubs. Upon completion, students should be able to demonstrate an understanding of the background, context, and career opportunities that exist in the hospitality industry.

HRM 120 Front Office Procedures  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides a systematic approach to hotel front office procedures. Topics include reservations, registration, guest satisfaction, occupancy and rate management, security, interdepartmental communications, and related guest services. Upon completion, students should be able to demonstrate a basic understanding of current front office operating systems, including efficient and courteous guest services.

HRM 125 Hospitality Etiquette  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers social skills needed to effectively interact within organizational and customer situations. Topics include general social manners, personal appearance, table manners, restaurant and meeting etiquette, and business interaction. Upon completion, students should be able to function with confidence in various social, cultural, and professional situations.

HRM 130 Bed & Breakfast Management  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides an overview of the management of bed and breakfast facilities. Emphasis is placed on lifestyle commitment, property needs, computer operations, business and marketing plans, customer service and facility management. Upon completion, students should be able to describe and apply the principles of management unique to the bed and breakfast industry.

HRM 140 Hospitality Tourism Law  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers the rights and responsibilities that the law grants to or imposes upon the hospitality industry. Topics include federal and state regulations, historical and current practices, safety and security, risk management, loss prevention, torts, and contracts. Upon completion, students should be able to demonstrate an understanding of the legal system to prevent or minimize organizational liability.

HRM 145 Hospitality Supervision  
Prerequisites: None  
Corequisites: None  
Component: None
HRM 210 Meetings and Conventions 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces organization, arrangement, and operation of conventions, trade shows, professional meetings, and food functions. Emphasis is placed on the methods of marketing, selling, and servicing conventions and trade shows and the division of administrative responsibilities in their operation. Upon completion, students should be able to describe and apply the principles of management of multi-function, multi-day conferences and events.

HRM 215 Restaurant Management 03 00 00 03
Prerequisites: CUL 135
Corequisites: None
Component: None
This course provides an overview of the various challenges and responsibilities encountered in managing a food and beverage operation. Topics include planning, administration, organization, accounting, marketing, and human resources from an integrated managerial viewpoint. Upon completion, students should be able to demonstrate an understanding of the operation of a restaurant.

HRM 220 Food & Beverage Controls 03 00 00 03
Prerequisites: Take MAT-115, MAT-140, OR MAT-161 AND CIS-110 OR CIS-111
Corequisites: None
Component: None
This course introduces controls and accounting procedures used in the hospitality industry. Topics include analysis of financial statements, reports, and costs. Upon completion, students should be able to understand and apply food, beverage, and labor cost control systems.

HRM 220A Food & Beverage Controls Lab 00 02 00 01
Prerequisites: Take MAT-115, MAT-140, OR MAT-161 AND CIS-110 OR CIS-111
Corequisites: HRM 220
Component: None
This course is a laboratory to accompany HRM 220. Emphasis is placed on practical computer applications of food and beverage control procedures. Upon completion, students should be able to demonstrate proficiency in computer-based control applications.

HRM 240 Hospitality Marketing 03 00 00 03
Prerequisites: None
Corequisites: None
This course covers principles of supervision as they apply to the hospitality industry. Topics include recruitment, selection, orientation, training, evaluation, and leadership skills. Upon completion, students should be able to understand and apply basic supervisory skills unique to the hospitality and service industry.

HRM 280 Hospitality Management Problems 03 00 00 03
Prerequisites: HRM 110
Corequisites: None
Component: None
This course considers technological change from historical, artistic, and philosophical perspectives and its effect on human needs and concerns. Emphasis is placed on the causes and consequences of technological change. Upon completion, students should be able to critically evaluate the implications of technology. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

HUM 110 Technology and Society 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course considers technological change from historical, artistic, and philosophical perspectives and its effect on human needs and concerns. Emphasis is placed on the causes and consequences of technological change. Upon completion, students should be able to critically evaluate the implications of technology. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

HUM 115 Critical Thinking 03 00 00 03
Prerequisites: RED 090 and ENG 090 or ENG 111
Corequisites: None
Component: None
This course introduces the use of critical thinking skills in the context of human conflict. Emphasis is placed on evaluating information, problem solving, approaching cross-cultural perspectives, and resolving controversies and dilemmas. Upon completion, students should be able to demonstrate orally and in writing the use of critical thinking skills in the analysis of appropriate texts. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts. This course may meet the SACS humanities requirement for AAS degree programs. This course is also available through the Virtual Learning Community (VLC).

HUM 120 Cultural Studies 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the distinctive features of a particular culture. Topics include art, history, music, literature, politics, philos-
HUM 121 The Nature of America  03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides an interdisciplinary survey of the American cultural, social, and political experience. Emphasis is placed on the multicultural character of American society, distinctive qualities of various regions, and the American political system. Upon completion, students should be able to analyze significant cultural, social, and political aspects of American life. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

HUM 122 Southern Culture  03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course explores the major qualities that make the South a distinct region. Topics include music, politics, literature, art, religion, race relations, and the role of social class in historical and contemporary contexts. Upon completion, students should be able to identify the characteristics that distinguish Southern culture. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts. This course is also available through the Virtual Learning Community (VLC).

HUM 130 Myth in Human Culture  03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides an in-depth study of myths and legends. Topics include the varied sources of myths and their influence on the individual and society within diverse cultural contexts. Upon completion, students should be able to demonstrate a general familiarity with myths and a broad-based understanding of the influence of myths and legends on modern culture. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

HUM 150 American Women’s Studies 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides an inter-disciplinary study of the history, literature, and social roles of American women from Colonial times to the present. Emphasis is placed on women’s roles as reflected in American language usage, education, law, the workplace, and mainstream culture. Upon completion, students should be able to identify and analyze the roles of women as reflected in various cultural forms. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

HUM 160 Introduction to Film  02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamental elements of film artistry and production. Topics include film styles, history, and production techniques, as well as the social values reflected in film art. Upon completion, students should be able to critically analyze the elements covered in relation to selected films. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts. This course is also available through the Virtual Learning Community (VLC).

HUM 161 Advanced Film Studies  02 02 00 03
Prerequisites: HUM 160
Corequisites: None
Component: None
This course provides an advanced study of film art and production, building on skills learned in HUM 160. Topics include film production techniques, film genres, examination of master directors’ styles, and the relation of film to culture. Upon completion, students should be able to recognize and critically analyze advanced elements of film production. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

HUM 170 The Holocaust  03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides a survey of the destruction of European Jewry by the Nazis during World War II. Topics include the anti-Semitic ideology, bureaucratic structures, and varying conditions of European occupation and domination under the Third Reich. Upon completion, students should be able to demonstrate an understanding of the historical, social, religious, political, and economic factors which cumulatively resulted in the Holocaust. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

HUM 211 Humanities I  03 00 00 03
Prerequisites: ENG 111
Corequisites: None
Component: None
This course introduces the humanities as a record in literature, music, art, history, religion, and philosophy of humankind’s answers

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
to the fundamental questions of existence. Emphasis is placed on the interconnectedness of various aspects of cultures from ancient through early modern times. Upon completion, students should be able to identify significant figures and cultural contributions of the periods studied. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**HUM 212 Humanities II**
03 00 00 03
Prerequisites: ENG 111
Corequisites: None
Component: None
This course introduces the humanities as a record in literature, music, art, history, religion, and philosophy of humankind’s answers to the fundamental questions of existence. Emphasis is placed on the interconnectedness of various aspects of cultures from early modern times to the present. Upon completion, students should be able to identify significant figures and cultural contributions of the periods studied. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**HUM 220 Human Values and Meaning**
03 00 00 03
Prerequisites: ENG 111
Corequisites: None
Component: None
This course presents some major dimensions of human experience as reflected in art, music, literature, philosophy, and history. Topics include the search for identity, the quest for knowledge, the need for love, the individual and society, and the meaning of life. Upon completion, students should be able to recognize interdisciplinary connections and distinguish between open and closed questions and between narrative and scientific models of understanding. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**HUM 230 Leadership Development**
03 00 00 03
Prerequisites: ENG 111
Corequisites: None
Component: None
This course explores the theories and techniques of leadership and group process. Emphasis is placed on leadership styles, theories of group dynamics, and the moral and ethical responsibilities of leadership. Upon completion, students should be able to identify and analyze a personal philosophy and style of leadership and integrate these concepts in various practical situations. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement. (TAC 11/16/05)

**HYD 110 Hydraulics/Pneumatics I**
02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic components and functions of hydraulic and pneumatic systems. Topics include standard symbols, pumps, control valves, control assemblies, actuators, FRL, maintenance procedures, and switching and control devices. Upon completion, students should be able to understand the operation of a fluid power system, including design, application, and troubleshooting.

**INT 110 International Business**
03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides an overview of the environment, concepts, and basic differences involved in international business. Topics include forms of foreign involvement, international trade theory, governmental influences on trade and strategies, international organizations, multinational corporations, personnel management, and international marketing. Upon completion, students should be able to describe the foundation of international business.

**ISC 112 Industrial Safety**
02 00 00 02
Prerequisites: None
Corequisites: None
Component: None
This course introduces the principles of industrial safety. Emphasis is placed on industrial safety, OSHA, and environmental regulations. Upon completion, students should be able to demonstrate knowledge of a safe working environment and OSHA compliance. This course is also available through the Virtual Learning Community (VLC).

**ISC 115 Construction Safety**
02 00 00 02
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic concepts of construction site safety. Topics include ladders, lifting, lock-out/tag-out, personal protective devices, scaffolds, and above/below ground work based on OSHA regulations. Upon completion, students should be able to demonstrate knowledge of applicable safety regulations and safely participate in construction projects.

**ISC 121 Envr Health & Safety**
03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers workplace environmental, health, and safety issues. Emphasis is placed on managing the implementation and enforcement of environmental health and safety regulations and on preventing accidents, injuries, and illnesses. Upon completion, students should be able to demonstrate an understanding of basic concepts of environmental, health, and safety issues.
Prerequisites: None
Corequisites: None
Component: None
This course provides a study and analysis of the aspects and implications of quality management that lead to customer satisfaction through continuous quality improvement. Topics include Total Quality Management, ISO 9000, organizing for quality, supplier/vendor relationships, and the role of leadership in quality management. Upon completion, students should be able to demonstrate an understanding of quality management concepts and techniques.

ISC 210 Oper & Prod Planning 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course includes the fundamentals of operations and production planning, forecasting, and scheduling. Topics include demand management, production planning and control, scheduling, and budgeting. Upon completion, students should be able to demonstrate an understanding of the concepts and techniques involved in operations and production planning.

ITA 111 Elementary Italian I 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamental elements of the Italian language within a cultural context. Emphasis is placed on the development of basic listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written Italian and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ITA 112 Elementary Italian II 03 00 00 03
Prerequisites: ITA 111
Corequisites: None
Component: None
This course is a continuation of ITA 111 focusing on the fundamental elements of the Italian language within a cultural context. Emphasis is placed on the progressive development of listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written Italian and demonstrate further cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ITA 181 Italian Lab 1 00 02 00 01
Prerequisites: None
Corequisites: None

Component: None
This course provides an opportunity to enhance acquisition of the fundamental elements of the Italian language. Emphasis is placed on the progressive development of basic listening, speaking, reading, and writing skills through the use of various supplementary learning media and materials. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written Italian and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ITA 182 Italian Lab 2 00 02 00 01
Prerequisites: ITA 181
Corequisites: None
Component: None
This course provides an opportunity to enhance acquisition of the fundamental elements of the Italian language. Emphasis is placed on the progressive development of basic listening, speaking, reading, and writing skills through the use of various supplementary learning media and materials. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written Italian and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ITA 211 Intermediate Italian I 03 00 00 03
Prerequisites: ITA 112
Corequisites: None
Component: None
This course provides a review and expansion of the essential skills of the Italian language. Emphasis is placed on the study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

ITA 212 Intermediate Italian II 03 00 00 03
Prerequisites: ITA 211
Corequisites: None
Component: None
This course provides a continuation of ITA 211. Emphasis is placed on the continuing study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course provides an opportunity for intensive communication in spoken Italian. Emphasis is placed on vocabulary acquisition and interactive communication through the discussion of media materials and authentic texts. Upon completion, students should be able to discuss selected topics, express ideas and opinions clearly, and engage in formal and informal conversations. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**ITA 281 Italian Lab 3**

**Prerequisites:** ITA 182  
**Corequisites:** None  
**Component:** None  
This course provides an opportunity to enhance the review and expansion of the essential skills of the Italian language. Emphasis is placed on the study of authentic and representative literary and cultural texts through the use of various supplementary learning media and materials. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**ITA 282 Italian Lab 4**

**Prerequisites:** ITA 281  
**Corequisites:** None  
**Component:** None  
This course provides an opportunity to enhance the review and expansion of the essential skills of the Italian language. Emphasis is placed on the continuing study of authentic and representative literary and cultural texts through the use of various supplementary learning media and materials. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**ITN 150 Internet Protocols**

**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course introduces the student to the application protocols used on the Internet. Topics include HTTP, Secure HTTP, TCP/IP, and related applications such as FTP, TELNET, and PING. Upon completion, students should be able to use the protocols as they pertain to the Internet, as well as, setup and maintain these protocols. This course is also available through the Virtual Learning Community (VLC).

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
should be able to carry on simple daily conversations, read and write ‘Katakana’ and ‘Hiragana’, and to comprehend simple written sentences with some ‘Kanji’ (Chinese characters) included. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**LAT 111 Elementary Latin I**  
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course introduces the fundamental elements of Latin within a cultural context. Emphasis is placed on the development of basic reading and writing skills. Upon completion, students should be able to comprehend and respond with grammatical accuracy to written Latin and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**LAT 112 Elementary Latin II**  
**Prerequisites:** LAT 111  
**Corequisites:** None  
**Component:** None  
This course is a continuation of LAT 111 focusing on the fundamental elements of Latin within a cultural context. Emphasis is placed on the progressive development of reading, vocabulary, and grammar skills. Upon completion, students should be able to comprehend and respond with increasing proficiency to written Latin and demonstrate further cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**LAT 141 Culture and Civilization**  
**Prerequisites:** LAT 212 and LAT 282  
**Corequisites:** None  
**Component:** None  
This course provides an opportunity to explore issues related to the Roman World. Emphasis is placed on a critical appreciation of the Pro Caelio as a rhetorical speech by demonstrating the ability to translate literally, to analyze and interpret, and to understand the figures of speech in Cicero’s prose composition. Prerequisites: LEX 110
Corequisites: None
Component: None
This course introduces substantive criminal law and procedural rights of the accused. Topics include elements of state/federal crimes, defenses, constitutional issues, pre-trial and trial process, and other related topics. Upon completion, students should be able to explain elements of specific crimes and assist an attorney in preparing a criminal case.

LEX 180 Case Analysis & Reasoning
Prerequisites: LEX 110
Corequisites: LEX 120
Component: None
This course covers the techniques of reading and applying legal opinions and the skills of case analysis. Emphasis is placed on the components of opinions and on types of legal writing. Upon completion, students should be able to read, analyze, and brief opinions and prepare legal memoranda, briefs, and other legal documents.

LEX 210 Real Property I
Prerequisites: None
Corequisites: None
Component: None
This course introduces the study of real property law. Topics include the distinction between real and personal property, various estates, mechanics of conveyance and encumbrance, recordation, special proceedings, and other related topics. Upon completion, students should be able to identify estates, forms of deeds, requirements for recording, and procedures to enforce rights to real property. This course is also available through the Virtual Learning Community (VLC).

LEX 211 Real Property II
Prerequisites: LEX 210
Corequisites: None
Component: None
This course continues the study of real property law relating to title examination and preparation of closing documents. Topics include use of courthouse and other public records in title examination and preparation of documents required in real estate transactions and closings. Upon completion, students should be able to plot/draft a description, perform complete title examination, draft closing documents including title insurance forms, and prepare disbursement reconciliation.

LEX 240 Family Law
Prerequisites: LEX 110 AND LEX 140
Corequisites: None
Component: None
This course covers laws governing domestic relations. Topics include marriage, separation, divorce, child custody, support, property division, adoption, domestic violence, and other related topics. Upon completion, students should be able to interview clients, gather information, and draft documents related to family law. This course is also available through the Virtual Learning Community (VLC).

LEX 250 Wills, Estates, & Trusts
Prerequisites: LEX 110
Corequisites: None
Component: None
This course covers the traditional body of trusts and estates law with emphasis on wills and probate. Topics include use of testamentary documents, mechanics of conveyance and encumbrance, recordation, special proceedings, and other related topics. Upon completion, students should be able to read, analyze, and brief opinions and prepare legal memoranda, briefs, and other legal documents.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course covers various types of wills, trusts, probate, estate administration, and intestacy. Topics include types of wills and execution requirements, caveats and dissents, intestate succession, inventories and accountings, distribution and settlement, and other related topics. Upon completion, students should be able to draft simple wills, prepare estate forms, understand administration of estates including taxation, and explain terms regarding trusts. This course is also available through the Virtual Learning Community (VLC).

**LEX 260 Bankruptcy & Collections** 03 00 00 03
Prerequisites: LEX 110 AND LEX 210
Corequisites: None
Component: None
This course provides an overview of the laws of bankruptcy and the rights of creditors and debtors. Topics include bankruptcy procedures and estate management, attachment, claim and delivery, repossession, foreclosure, collection, garnishment, and post-judgment collection procedure. Upon completion, students should be able to prepare and file bankruptcy forms, collection letters, statutory liens, and collection of judgments.

**LEX 270 Law Office Management/Technology** 01 02 00 02
Prerequisites: LEX 110 AND LEX 140
Corequisites: None
Component: None
This course provides an overview of law office management and organization. Topics include office forms, filing systems, billing/time keeping, computer systems, calendar systems, library administration, case management, office/personnel procedures, ethics, and technology. Upon completion, students should be able to establish and maintain various law office systems, monitor case progress, and supervise non-lawyer personnel.

**LEX 275 Workers’ Comp Law** 02 00 00 02
Prerequisites: LEX 110 AND LEX 130
Corequisites: None
Component: None
This course covers the process of initiating and handling workers’ compensation claims. Emphasis is placed on reviewing and drafting relevant Industrial Commission forms. Upon completion, students should be able to interview clients, gather information, and draft documents related to workers’ compensation claims.

**LOG 110 Introduction to Logistics** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides an overview of logistics. Topics include traffic management, warehousing, inventory control, material handling, global logistics, and the movement and storage of goods from raw materials sources to end consumers. Upon completion, students should be able to identify the different segments of logistics and use the terminology of the industry. This course is also available through the Virtual Learning Community (VLC).

**LSG 111 Basic Landscape Technology** 02 00 00 02
Prerequisites: None
Corequisites: None
Component: None
This course introduces basic principles essential to landscape gardening. Topics include soils, propagation, watering, fertilizing, pruning, pest control, and planting. Upon completion, students should be able to perform basic gardening techniques essential to maintaining a landscape.

**LSG 112 Spring Gardening Lab** 00 06 00 02
Prerequisites: None
Corequisites: None
Component: None
This course provides basic hands-on experience in spring gardening techniques. Emphasis is placed on pruning, irrigation, planting, fertilizing, pest control, equipment operation, and turf maintenance. Upon completion, students should be able to perform various techniques essential to maintaining the landscape in the spring season.

**LSG 113 Summer Gardening Lab** 00 06 00 02
Prerequisites: None
Corequisites: None
Component: None
This course provides basic hands-on experience in summer gardening techniques. Emphasis is placed on pruning, irrigation, planting, fertilizing, pest control, equipment operation, turf maintenance, landscape construction, and maintaining fruits and vegetables.

**LSG 114 Fall Gardening Lab** 00 06 00 02
Prerequisites: None
Corequisites: None
Component: None
This course provides basic hands-on experience in fall gardening techniques. Emphasis is placed on pruning, irrigation, planting, pest control, and planting. Upon completion, students should be able to perform basic gardening techniques essential to maintaining the fall landscape.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
LSG 231 Landscape Supervision  02 06 00 04
Prerequisites: LSG 123 and HOR 260
Corequisites: None
Component: None
This course provides experience in planning, implementing, and supervising various landscape management projects. Emphasis is placed on supervisory skills, organizing, and scheduling. Upon completion, students should be able to supervise employees in various landscape management jobs.

LSG 232 Garden Management  01 02 00 02
Prerequisites: LSG 123 and HOR 260
Corequisites: None
Component: None
This course covers the implementation of knowledge gained in previous landscape gardening courses. Emphasis is placed on scheduling, designing, renovation, and plant management. Upon completion, students should be able to collate the material learned in the Landscape Gardening curriculum and apply it to various landscape gardening situations.

MAC 111 Machining Technology I  02 12 00 06
Prerequisites: None
Corequisites: None
Component: None
This course introduces machining operations as they relate to the metalworking industry. Topics include machine shop safety, measuring tools, lathes, drilling machines, saws, milling machines, bench grinders, and layout instruments. Upon completion, students should be able to safely perform the basic operations of measuring, layout, drilling, sawing, turning, and milling.

MAC 112 Machining Technology II  02 12 00 06
Prerequisites: MAC 111
Corequisites: None
Component: None
This course provides additional instruction and practice in the use of precision measuring tools, lathes, milling machines, and grinders. Emphasis is placed on setup and operation of machine tools including the selection and use of work holding devices, speeds, feeds, cutting tools, and coolants. Upon completion, students should be able to perform basic procedures on precision grinders and advanced operations of measuring, layout, drilling, sawing, turning, and milling.

MAC 113 Machining Technology III  02 12 00 06
Prerequisites: MAC 112
Corequisites: None
Component: None
This course provides an introduction to advanced and special machining operations. Emphasis is placed on working to specified tolerances with special and advanced setups. Upon completion, students should be able to produce a part to specifications.

MAC 114 Introduction to Metrology  02 00 00 02
Prerequisites: None
Corequisites: MAC 111
Component: None
This course introduces the care and use of precision measuring instruments. Emphasis is placed on the inspection of machine parts and use of a wide variety of measuring instruments. Upon completion, students should be able to demonstrate the correct use of measuring instruments.

MAC 121 Introduction to CNC  02 00 00 02
Prerequisites: MAC 111
Corequisites: None
Component: None
This course introduces the concepts and capabilities of computer numerical control machine tools. Topics include setup, operation, and basic applications. Upon completion, students should be able to explain operator safety, machine protection, data input, program preparation, and program storage.

MAC 122 CNC Turning  01 03 00 02
Prerequisites: MAC 121
Corequisites: None
Component: None
This course introduces the programming, setup, and operation of CNC turning centers. Topics include programming formats, control functions, program editing, part production, and inspection. Upon completion, students should be able to manufacture simple parts using CNC turning centers.

MAC 124 CNC Milling  01 03 00 02
Prerequisites: MAC 121
Corequisites: None
Component: None
This course introduces the manual programming, setup, and operation of CNC machining centers. Topics include programming formats, control functions, program editing, part production, and inspection. Upon completion, students should be able to manufacture simple parts using CNC machining centers.

MAC 131 Blueprint Reading/Mach I  01 02 00 02
Prerequisites: None
Corequisites: None
Component: None
This course covers the basic principles of blueprint reading and sketching. Topics include multi-view drawings; interpretation of conventional lines; and dimensions, notes, and thread notations. Upon completion, students should be able to interpret basic drawings, visualize parts, and make pictorial sketches.

MAC 132 Blueprint Reading/Mach II  01 02 00 02
Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
MAC 151 Machining Calculations 01 02 00 02
Prerequisites: MAC 131
Corequisites: None
Component: None
This course introduces basic calculations as they relate to machining occupations. Emphasis is placed on basic calculations and their applications in the machine shop. Upon completion, students should be able to perform basic shop calculations.

MAC 152 Adv Machining Calc 01 02 00 02
Prerequisites: MAC 151
Corequisites: None
Component: None
This course combines mathematical functions with practical machine shop applications and problems. Emphasis is placed on gear ratios, lead screws, indexing problems, and their applications in the machine shop. Upon completion, students should be able to calculate solutions to machining problems.

MAC 226 CNC EDM Machining 01 03 00 02
Prerequisites: MAC 121
Corequisites: None
Component: None
This course introduces the programming, setup, and operation of CNC electrical discharge machines. Topics include programming formats, control functions, program editing, production of parts, and inspection. Upon completion, students should be able to manufacture simple parts using CNC electrical discharge machines.

MAC 229 CNC Programming 02 00 00 02
Prerequisites: MAC 121, MAC 122, MAC 124, or MAC 226
Corequisites: None
Component: None
This course provides concentrated study in advanced programming techniques for working with modern CNC machine tools. Topics include custom macros and subroutines, canned cycles, and automatic machining cycles currently employed by the machine tool industry. Upon completion, students should be able to program advanced CNC functions while conserving machine memory.

MAC 233 Appl in CNC Machining 02 12 00 06
Prerequisites: MAC 121
Corequisites: None
Component: None
This capstone course provides students the opportunity to apply skills learned throughout the curriculum. Emphasis is placed on production of parts and assemblies using modern CNC machine tools. Upon completion, students should be able to manufacture complex parts using a variety of CNC machine tools.

MAC 241 Jigs & Fixtures I 02 06 00 04
Prerequisites: MAC 112
Corequisites: None
Component: None
This course introduces the application and use of jigs and fixtures. Emphasis is placed on design and manufacture of simple jigs and fixtures. Upon completion, students should be able to design and build simple jigs and fixtures.

MAC 243 Die Making I 02 06 00 04
Prerequisites: MAC 112
Corequisites: None
Component: None
This course introduces the principles and applications of die making. Topics include types, construction, and application of dies. Upon completion, students should be able to design and build simple dies.

MAC 245 Mold Construction I 02 06 00 04
Prerequisites: MAC 112
Corequisites: None
Component: None
This course introduces the principles of mold making. Topics include types, construction, and application of molds. Upon completion, students should be able to design and build simple molds.

MAT 050 Basic Math Skills 03 02 00 04
Prerequisites: Placement
Corequisites: None
Component: None
This course is designed to strengthen basic math skills. Topics include properties, rounding, estimating, comparing, converting, and computing whole numbers, fractions, and decimals. Upon completion, students should be able to perform basic computations and solve relevant mathematical problems.

MAT 060 Essential Mathematics 03 02 00 04
Prerequisites: MAT 050 or Placement Test Credit Equivalent
Corequisites: None
Component: None
This course is a comprehensive study of mathematical skills which should provide a strong mathematical foundation to pursue further study. Topics include principles and applications of decimals, fractions, percents, ratio and proportion, order of operations, geometry, measurement, and elements of algebra and statistics. Upon completion, students should be able to perform...
basic computations and solve relevant, multi-step mathematical problems using technology where appropriate.

**MAT 070 Introductory Algebra** 03 02 00 04  
Prerequisites: MAT 060 or Placement Test Credit Equivalent  
Corequisites: RED 080 or Placement Test Credit Equivalent  
Component: None  
This course establishes a foundation in algebraic concepts and problem solving. Topics include signed numbers, exponents, order of operations, simplifying expressions, solving linear equations and inequalities, graphing, formulas, polynomials, factoring, and elements of geometry. Upon completion, students should be able to apply the above concepts in problem solving using appropriate technology. This course is also available through the Virtual Learning Community (VLC).

**MAT 080 Intermediate Algebra** 03 02 00 04  
Prerequisites: MAT 070 or Placement Test Credit Equivalent  
Corequisites: RED 080  
Component: None  
This course continues the study of algebraic concepts with emphasis on applications. Topics include factoring; rational expressions; rational exponents; rational, radical, and quadratic equations; systems of equations; inequalities; graphing; functions; variations; complex numbers; and elements of geometry. Upon completion, students should be able to apply the above concepts in problem solving using appropriate technology.

**MAT 090 Accelerated Algebra** 03 02 00 04  
Prerequisites: HS Alg I and Alg II or Placement Test Credit Equivalent  
Corequisites: RED 080 or Placement Test Credit Equivalent  
Component: None  
This course covers algebraic concepts with emphasis on applications. Topics include those covered in MAT 070 and MAT 080. Upon completion, students should be able to apply algebraic concepts in problem solving using appropriate technology.

**MAT 095 Algebraic Concepts** 03 00 00 03  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers algebraic concepts with an emphasis on applications. Topics include linear, quadratic, absolute value, rational and radical equations, sets, real and complex numbers, exponents, graphing, formulas, polynomials, systems of equations, inequalities, and functions. Upon completion, students should be able to apply the above topics in problem solving using appropriate technology.

**MAT 101 Applied Mathematics I** 02 02 00 03  
Prerequisites: MAT 060, MAT 070, MAT 080, MAT 090, or MAT 095  
Corequisites: None  
Component: None  
This course is a comprehensive review of arithmetic with basic algebra designed to meet the needs of certificate and diploma programs. Topics include arithmetic and geometric skills used in measurement, ratio and proportion, exponents and roots, applications of percent, linear equations, formulas, and statistics. Upon completion, students should be able to solve practical problems in their specific areas of study. This course is intended for diploma programs.

**MAT 115 Mathematical Models** 02 02 00 03  
Prerequisites: One Course Required: MAT 070, MAT 080, MAT 090, MAT 095, MAT 120, MAT 121, MAT 161, MAT 171, or MAT 175 or Placement Test Credit Equivalent  
Corequisites: None  
Component: None  
This course develops the ability to utilize mathematical skills and technology to solve problems at a level found in non-mathematics-intensive programs. Topics include application to percent, ratio and proportion, formulas, statistics, functional notation, linear functions and their groups, probability, sampling techniques, scatter plots, and modeling. Upon completion, students should be able to solve practical problems, reason and communicate with mathematics, and work confidently, collaboratively, and independently.

**MAT 120 Geometry and Trigonometry** 02 02 00 03  
Prerequisites: One Course Required: Mat 070, MAT 080, MAT 090, MAT 095, MAT 120, MAT 121, MAT 161, MAT 171, OR MAT 175 or Placement Test Credit Equivalent  
Corequisites: None  
Component: None  
This course introduces the concepts of plane trigonometry and geometry with emphasis on applications to problem solving. Topics include the basic definitions and properties of plane and solid geometry, area and volume, right triangle trigonometry, and oblique triangles. Upon completion, students should be able to solve applied problems both independently and collaboratively using technology.

**MAT 121 Algebra/Trigonometry I** 02 02 00 03  
Prerequisites: One course required: MAT 070, MAT 080, MAT 090, OR MAT 095 or Placement Test Credit Equivalent  
Corequisites: None  
Component: None  
This course provides an integrated approach to technology and the skills required to manipulate, display, and interpret mathematical functions and formulas used in problem solving. Topics include simplification, evaluation, and solving of algebraic and radical functions; complex numbers; right triangle trigonometry; systems of equations; and the use of technology. Upon completion, students should be able to demonstrate an understanding of the use of mathematics and technology to solve problems and analyze and communicate results.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
MAT 122 Algebra/Trigonometry II

02 02 00 03

Prerequisites: One Course Required: MAT121, MAT 161, MAT 171 OR MAT 175
Corequisites: None
Component: None

This course extends the concepts covered in MAT 121 to include additional topics in algebra, function analysis, and trigonometry. Topics include exponential and logarithmic functions, translation and scaling of functions, Sine Law, Cosine Law, vectors and statistics. Upon completion, students should be able to demonstrate an understanding of the use of technology to solve problems and to analyze and communicate results.

MAT 140 Survey of Mathematics

03 00 00 03

Prerequisites: One Course Required: MAT 070, MAT 080, MAT 090, MAT 095, MAT 120, MAT 121, MAT 161, MAT 171, OR MAT 175 or Placement Test Credit Equivalent
Corequisites: None
Component: None

This course provides an introduction in a non-technical setting to selected topics in mathematics. Topics may include, but are not limited to, sets, logic, probability, statistics, matrices, mathematical systems, geometry, topology, mathematics of finance, and modeling. Upon completion, students should be able to understand a variety of mathematical applications, think logically, and be able to work collaboratively and independently. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

MAT 141 Mathematical Concepts I

03 00 00 03

Prerequisites: MAT 080, MAT 090, MAT 095, MAT 120, MAT 121, MAT 161, MAT 171, or MAT 175
Corequisites: None
Component: None

This course is the first of a two-course sequence that develops a deeper understanding and appreciation of the basic concepts of mathematics. Emphasis is placed on sets, logic, number bases, elementary number theory, introductory algebra, measurement including metrics, and problem solving. Upon completion, students should be able to communicate orally and in writing these basic mathematical concepts. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

MAT 142 Mathematical Concepts II

03 00 00 03

Prerequisites: MAT-141
Corequisites: None
Component: None

This course is the second of a two-course sequence that develops a deeper understanding and appreciation of the basic concepts of mathematics. Emphasis is placed on probability, statistics, functions, introductory geometry, and mathematics of finance. Upon completion, students should be able to communicate orally and in writing these basic mathematical concepts and utilize technology as a mathematical tool. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

MAT 151 Statistics I

03 00 00 03

Prerequisites: One course required: MAT 080, MAT 090, MAT 095, MAT 120, MAT 121, MAT 140, MAT 161, MAT 171, OR MAT 175 or Placement Test Credit Equivalent
Corequisites: None
Component: None

This course provides a project-based approach to the study of basic probability, descriptive and inferential statistics, and decision making. Emphasis is placed on measures of central tendency and dispersion, correlation, regression, discrete and continuous probability distributions, quality control, population parameter estimation, and hypothesis testing. Upon completion, students should be able to describe important characteristics of a set of data and draw inferences about a population from sample data. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

MAT 151A Statistics I Lab

00 02 00 01

Prerequisites: One Course Required: MAT 080, MAT 090, MAT 095, MAT 120, MAT 121, MAT 140, MAT 161, MAT 171, OR MAT 175 or Placement Test Credit Equivalent
Corequisites: MAT 151
Component: None

This course is a laboratory for MAT 151. Emphasis is placed on experiences that enhance the materials presented in the class. Upon completion, students should be able to solve problems, apply critical thinking, work in teams, and communicate effectively. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

MAT 155 Statistical Analysis

03 00 00 03

Prerequisites: One course required: MAT 080, MAT 090, MAT 095, MAT 120, MAT 121, MAT 161, MAT 171, OR MAT 175 or Placement Test Credit Equivalent
Corequisites: None
Component: None

This course is an introduction to descriptive and inferential statistics. Topics include sampling, distributions, plotting data, central tendency, dispersion, Central Limits Theorem, confidence intervals, hypothesis testing, correlations, regressions, and multinomial experiments. Upon completion, students should be able to describe data and test inferences about populations using sample data. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
MAT 155A Statistics Analysis Lab 00 02 00 01
Prerequisites: One course required: MAT 080, MAT 090, MAT 095, MAT 120, MAT 121, MAT 161, MAT 171, OR MAT 175 or Placement Test Credit Equivalent
Corequisites: MAT 155
Component: None
This course is a laboratory for MAT 155. Emphasis is placed on experiences that enhance the materials presented in the class. Upon completion, students should be able to solve problems, apply critical thinking, work in teams, and communicate effectively. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

MAT 161 College Algebra 03 00 00 03
Prerequisites: One course required: MAT 080, MAT 090, MAT 095 or Placement Test Credit Equivalent
Corequisites: MAT 161A
Component: None
This course provides an integrated technological approach to algebraic topics used in problem solving. Emphasis is placed on applications involving equations and inequalities; polynomial, rational, exponential and logarithmic functions; and graphing and data analysis/modeling. Upon completion, students should be able to choose an appropriate model to fit a data set and use the model for analysis and prediction. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics for the Associate in Arts Degree. This course is also available through the Virtual Learning Community (VLC).

MAT 161A College Algebra Lab 00 02 00 01
Prerequisites: One course required: MAT 080, MAT 090 OR MAT 095 or Placement Test Credit Equivalent
Corequisites: MAT 161
Component: None
This course is a laboratory for MAT 161. Emphasis is placed on experiences that enhance the materials presented in the class. Upon completion, students should be able to solve problems, apply critical thinking, work in teams, and communicate effectively. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

MAT 162 College Trigonometry 03 00 00 03
Prerequisites: MAT161
Corequisites: None
Component: None
This course provides an integrated technological approach to trigonometry applications used in problem solving. Emphasis is placed on applications involving trigonometric ratios, right triangles, oblique triangles, trigonometric functions, graphing, vectors, and complex numbers. Upon completion, students should be able to apply the above principles of trigonometry to problem solving and communication. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

MAT 162A College Trigonometry Lab 00 02 00 01
Prerequisites: MAT161
Corequisites: MAT 162
Component: None
This course is a laboratory for MAT 162. Emphasis is placed on experiences that enhance the materials presented in the class. Upon completion, students should be able to solve problems, apply critical thinking, work in teams, and communicate effectively. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

MAT 165 Finite Mathematics 03 00 00 03
Prerequisites: One Course Required: MAT 161, MAT 171 OR MAT 175
Corequisites: MAT 165A
Component: None
This course provides topics used to formulate models and to solve and interpret solutions using an algorithmic approach. Topics include linear algebra, linear programming, simplex method, sets and counting, probability, mathematics of finance, and logic. Upon completion, students should be able to demonstrate both an understanding of the theoretical concepts of finite mathematics and the ability to solve related problems. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

MAT 165A Finite Mathematics Lab 00 02 00 01
Prerequisites: One Course Required: MAT 161, MAT 171 OR MAT 175
Corequisites: MAT 165
Component: None
This course is a laboratory for MAT 165. Emphasis is placed on experiences that enhance the materials presented in the class. Upon completion, students should be able to solve problems, apply critical thinking, work in teams, and communicate effectively. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

MAT 167 Discrete Mathematics 03 00 00 03
Prerequisites: MAT 121
Corequisites: None
Component: None
This course is a study of discrete mathematics with emphasis on applications. Topics include number systems, combinations/permutations, mathematical logic/proofs, sets/counting, Boolean algebra, mathematical induction, trees/graphs, and algorithms. Upon completion, students should be able to demonstrate competence in the topics covered. This course has been approved

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
MAT 177A Discrete Mathematics Lab 00 02 00 01
Prerequisites: MAT 121
Corequisites: MAT 167
Component: None
This course is a laboratory for MAT 167. Emphasis is placed on experiences that enhance the materials presented in the class. Upon completion, students should be able to solve problems, apply critical thinking, work in teams, and communicate effectively. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

MAT 171 Precalculus Algebra 03 00 00 03
Prerequisites: One course required: MAT 080, MAT 090, MAT 095 OR MAT 161 or Placement Test Credit Equivalent
Corequisites: MAT 171A
Component: None
This is the first of two courses designed to emphasize topics which are fundamental to the study of calculus. Emphasis is placed on equations and inequalities, functions (linear, polynomial, rational), systems of equations and inequalities, and parametric equations. Upon completion, students should be able to solve practical problems and use appropriate models for analysis and predictions. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

MAT 171A Precalculus Algebra Lab 00 02 00 01
Prerequisites: One course required: MAT 080, MAT 090, MAT 095 or MAT 161 or Placement Test Credit Equivalent
Corequisites: MAT 171
Component: None
This course is a laboratory for MAT 171. Emphasis is placed on experiences that enhance the materials presented in the class. Upon completion, students should be able to solve problems, apply critical thinking, work in teams, and communicate effectively. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

MAT 172 Precalculus Trigonometry 03 00 00 03
Prerequisites: MAT 171
Corequisites: MAT 172A
Component: None
This is the second of two courses designed to emphasize topics which are fundamental to the study of calculus. Emphasis is placed on properties and applications of transcendental functions and their graphs, right and oblique triangle trigonometry, conic sections, vectors and polar coordinates. Upon completion, students should be able to solve practical problems and use appropriate models for analysis and prediction. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

MAT 172A Precalculus Trigonometry Lab 00 02 00 01
Prerequisites: MAT 171
Corequisites: MAT 172
Component: None
This course is a laboratory for MAT 172. Emphasis is placed on experiences that enhance the materials presented in the class. Upon completion, students should be able to solve problems, apply critical thinking, work in teams, and communicate effectively. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

MAT 175 Precalculus 04 00 00 04
Prerequisites: Placement Test Credit Equivalent
Corequisites: MAT 175A
Component: None
This course provides an intense study of the topics which are fundamental to the study of calculus. Emphasis is placed on functions and their graphs with special attention to polynomial, rational, exponential, logarithmic and trigonometric functions, and analytic trigonometry. Upon completion, students should be able to solve practical problems and use appropriate models for analysis and prediction. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

MAT 175A Precalculus Lab 00 02 00 01
Prerequisites: None
Corequisites: MAT 175
Component: None
This course is a laboratory for MAT 175. Emphasis is placed on experiences that enhance the materials presented in the class. Upon completion, students should be able to solve problems, apply critical thinking, work in teams, and communicate effectively. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

MAT 210 Logic 03 00 00 03
Prerequisites: One Course Required: MAT 161, MAT 171 OR MAT 175
Corequisites: MAT 210A
Component: None
This course introduces the concept of deductive logic with emphasis on the use of formal logic in analysis. Topics include traditional logic, propositional logic, and determination of validity including truth tables, Venn diagrams, and translational exercises. Upon completion, students should be able to analyze data based on formal logic or ordinary language discourse. This course

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

MAT 210A Logic Lab
Prerequisites: One Course Required: MAT 161, MAT 171 OR MAT 175
Corequisites: MAT 210
Component: None
This course is a laboratory for MAT 210. Emphasis is placed on experiences that enhance the materials presented in the class. Upon completion, students should be able to solve problems, apply critical thinking, work in teams, and communicate effectively. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

MAT 223 Applied Calculus
Prerequisites: MAT 122
Corequisites: None
Component: None
This course provides an introduction to the calculus concepts of differentiation and integration by way of application and is designed for engineering technology students. Topics include limits, slope, derivatives, related rates, areas, integrals, and applications. Upon completion, students should be able to demonstrate an understanding of the use of calculus and technology to solve problems and to analyze and communicate results.

MAT 252 Statistics II
Prerequisites: A set of courses required: MAT 151 and MAT 121 or MAT 161
Corequisites: None
Component: None
This course provides a technology-based treatment of multiple sample inferential statistics. Emphasis is placed on two sample hypothesis tests and confidence intervals, linear and multiple regression, analysis of variance, experimental design, and non-parametric techniques. Upon completion, students should be able to draw statistical inferences on multiple sample data taken from business and health, social, natural, and applied sciences. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

MAT 252A Statistics II Lab
Prerequisites: A set of courses required: MAT 151 and MAT 121 or MAT 161
Corequisites: MAT 252
Component: None
This course is a laboratory for MAT 252. Emphasis is placed on experiences that enhance the materials presented in the class. Upon completion, students should be able to solve problems, apply critical thinking, work in teams, and communicate effectively. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

MAT 263 Brief Calculus
Prerequisites: One Course Required: MAT 161, MAT 171 OR MAT 175
Corequisites: None
Component: None
This course introduces concepts of differentiation and integration and their applications to solving problems; the course is designed for students needing one semester of calculus. Topics include functions, graphing, differentiation, and integration with emphasis on applications drawn from business, economics, and biological and behavioral sciences. Upon completion, students should be able to demonstrate an understanding of the use of basic calculus and technology to solve problems and to analyze and communicate results. This course has been approved to satisfy the comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

MAT 263A Brief Calculus Lab
Prerequisites: One Course Required: MAT 161, MAT 171 or MAT 175
Corequisites: MAT 263
Component: None
This course is a laboratory for MAT 263. Emphasis is placed on experiences that enhance the materials presented in the class. Upon completion, students should be able to solve problems, apply critical thinking, work in teams, and communicate effectively. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

MAT 271 Calculus I
Prerequisites: One course required: MAT 172, MAT 175 or Placement Test Credit Equivalent
Corequisites: None
Component: None
This course covers in depth the differential calculus portion of a three-course calculus sequence. Topics include limits, continuity, derivatives, and integrals of algebraic and transcendental functions of one variable, with applications. Upon completion, students should be able to apply differentiation and integration techniques to algebraic and transcendental functions. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

MAT 272 Calculus II
Prerequisites: MAT 271
Corequisites: None
Component: None
This course provides a rigorous treatment of integration and is the second calculus course in a three-course sequence. Topics

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
include applications of definite integrals, techniques of integration, indeterminate forms, improper integrals, infinite series, conic sections, parametric equations, polar coordinates, and differential equations. Upon completion, students should be able to use integration and approximation techniques to solve application problems. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**MAT 273 Calculus III**  
Prerequisites: MAT 272  
Corequisites: None  
Component: None  
This course covers the calculus of several variables and is the third calculus course in a three-course sequence. Topics include functions of several variables, partial derivatives, multiple integrals, solid analytical geometry, vector-valued functions, and line and surface integrals. Upon completion, students should be able to solve problems involving vectors and functions of several variables. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**MAT 280 Linear Algebra**  
Prerequisites: MAT 271  
Corequisites: None  
Component: None  
This course provides a study of linear algebra topics with emphasis on the development of both abstract concepts and applications. Topics include vectors, systems of equations, matrices, determinants, vector spaces, linear transformations in two or three dimensions, eigenvectors, eigenvalues, diagonalization and orthogonality. Upon completion, students should be able to demonstrate an understanding of the theoretical concepts and appropriate use of linear algebra models to solve application problems. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**MAT 285 Differential Equations**  
Prerequisites: MAT 272  
Corequisites: None  
Component: None  
This course provides an introduction to ordinary differential equations with an emphasis on applications. Topics include first-order, linear higher-order, and systems of differential equations; numerical methods; series solutions; eigenvalues and eigenvectors; Laplace transforms; and Fourier series. Upon completion, students should be able to use differential equations to model physical phenomena, solve the equations, and use the solutions to analyze the phenomena. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**MEC 142 Physical Metallurgy**  
Prerequisites: None  
Corequisites: MAC 112  
Component: None  
This course covers the heat treating of metals. Emphasis is placed on the effects of hardening, tempering, and annealing on the structure and physical properties of metals. Upon completion, students should be able to heat treat materials.

**MED 116 Introduction to A & P**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces basic anatomy and physiology. Emphasis is placed on the relationship between body structure and function and the procedures common to health care. Upon completion, students should be able to identify body system components and functions relating this knowledge to the delivery of health care.

**MKT 120 Principles of Marketing**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces principles and problems of marketing goods and services. Topics include promotion, placement, and pricing strategies for products. Upon completion, students should be able to apply marketing principles in organizational decision making.

**MKT 121 Retailing**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course examines the role of retailing in the economy. Topics include the development of present retail structure, functions performed, effective operations, and managerial problems resulting from current economic and social trends. Upon completion, students should be able to demonstrate an understanding of the basic principles of retailing.

**MKT 122 Visual Merchandising**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces basic layout design and commercial display in retail and service organizations. Topics include an analysis of display as a visual merchandising medium and an examination of the principles and applications of display and design. Upon completion, students should be able to plan, build, and evaluate designs and displays. This course is a unique concentration requirement of the Marketing and Retailing concentration in the Business Administration program.

**MKT 123 Fundamentals of Selling**  
Prerequisites: None

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course is designed to emphasize the necessity of selling skills in a modern business environment. Emphasis is placed on sales techniques involved in various types of selling situations. Upon completion, students should be able to demonstrate an understanding of the techniques covered.

MKT 220 Advertising and Sales Promotion 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the elements of advertising and sales promotion in the business environment. Topics include advertising and sales promotion appeals, selection of media, use of advertising and sales promotion as a marketing tool, and means of testing effectiveness. Upon completion, students should be able to demonstrate an understanding of the concepts covered through application.

MKT 221 Consumer Behavior 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is designed to describe consumer behavior as applied to the exchange processes involved in acquiring, consuming, and disposing of goods and services. Topics include an analysis of basic and environmental determinants of consumer behavior with emphasis on the decision-making process. Upon completion, students should be able to analyze concepts related to the study of the individual consumer.

MKT 223 Customer Service 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course stresses the importance of customer relations in the business world. Emphasis is placed on learning how to respond to complex customer requirements and to efficiently handle stressful situations. Upon completion, students should be able to demonstrate the ability to handle customer relations. This course is also available through the Virtual Learning Community (VLC).

MKT 224 International Marketing 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the basic concepts of international marketing activity and theory. Topics include product promotion, placement, and pricing strategies in the international marketing environment. Upon completion, students should be able to demonstrate a basic understanding of the concepts covered.

MKT 225 Marketing Research 03 00 00 03
Prerequisites: MKT 120
Corequisites: None
Component: None
This course provides information for decision making by providing guidance in developing, analyzing, and using data. Emphasis is placed on marketing research as a tool in decision making. Upon completion, students should be able to design and conduct a marketing research project and interpret the results. This course is a unique concentration requirement of the Marketing and Retailing concentration in the Business Administration program. This course is also available through the Virtual Learning Community (VLC).

MKT 227 Marketing Applications 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course extends the study of diverse marketing strategies. Emphasis is place on case studies and small-group projects involving research or planning. Upon completion, students should be able to effectively participate in the formulation a marketing study. This course is a unique concentration requirement of the Marketing and Retailing concentration in the Business Administration program.

MKT 228 Service Marketing 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is designed to define service marketing, demonstrate its importance, and note its special characteristics. Topics include basic building blocks of service marketing, distinctive aspects of services, and applications of service marketing mix. Upon completion, students should be able to demonstrate a basic understanding of the marketing mix as it applies to the service industry.

MKT 230 Public Relations 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces public relations as it affects communications, strategic planning, and management of the organization. Topics include basic principles and functions of management that guide public relations activities as applied to businesses, services, institutions, and associations. Upon completion, students should be able to perform the communications, evaluation, planning, and research activities of the public relations professional.

MUS 110 Music Appreciation 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is a basic survey of the music of the Western world. Emphasis is placed on the elements of music, terminology, composers, form, and style within a historical perspective. Upon completion, students should be able to demonstrate skills in basic listening and understanding of the art of music. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**MUS 112 Introduction to Jazz**

Prerequisites: None
Corequisites: None
Component: None
This course introduces the origins and musical components of jazz and the contributions of its major artists. Emphasis is placed on the development of discriminating listening habits, as well as the investigation of the styles and structural forms of the jazz idiom. Upon completion, students should be able to demonstrate skills in listening and understanding this form of American music. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**MUS 113 American Music**

Prerequisites: None
Corequisites: None
Component: None
This course introduces various musical styles, influences, and composers of the United States from pre-Colonial times to the present. Emphasis is placed on the broad variety of music particular to American culture. Upon completion, students should be able to demonstrate skills in basic listening and understanding of American music. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**MUS 114 Non-Western Music**

Prerequisites: None
Corequisites: None
Component: None
This course provides a basic survey of the music of the non-Western world. Emphasis is placed on non-traditional instruments, sources, and performing practices. Upon completion, students should be able to demonstrate skills in basic listening and understanding of the art of non-Western music. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**MUS 115 Orchestral Music**

Prerequisites: None
Corequisites: None
Component: None
This course covers representational orchestral and chamber works from the Baroque period to the present. Emphasis is placed on the characteristics of important orchestral forms and styles. Upon completion, students should be able to demonstrate skills in listening to and analyzing orchestral music. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts. (TAC – 11/16/05)

**MUS 121 Music Theory I**

Prerequisites: None
Corequisites: None
Component: None
This course provides an in-depth introduction to melody, rhythm, and harmony. Emphasis is placed on fundamental melodic, rhythmic, and harmonic analysis, introduction to part writing, ear-training, and sight-singing. Upon completion, students should be able to demonstrate proficiency in the recognition and application of the above. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**MUS 131 Chorus I**

Prerequisites: None
Corequisites: None
Component: None
This course provides an opportunity to gain experience singing in a chorus. Emphasis is placed on vocal techniques and the study and performance of a variety of styles and periods of choral literature. Upon completion, students should be able to demonstrate skills needed to participate in choral singing leading to performance. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**MUS 132 Chorus II**

Prerequisites: MUS-131
Corequisites: None
Component: None
This course provides a continuation of studies begun in MUS 131. Emphasis is placed on vocal techniques and the study and performance of a variety of styles and periods of choral literature. Upon completion, students should be able to demonstrate skills needed to participate in choral singing leading to performance. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**MUS 141 Ensemble I**

Prerequisites: None
Corequisites: None
Component: None
This course provides an opportunity to perform in any combination of instrumental, vocal, or keyboard groups of two or more. Emphasis is placed on the development of performance skills and the study of a variety of styles and periods of ensemble literature.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**MUS 142 Ensemble II**

**Prerequisites:** MUS-141  
**Corequisites:** None  
**Component:** None  
This course is a continuation of MUS 141. Emphasis is placed on the development of performance skills and the study of a variety of styles and periods of ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**MUS 181 Show Choir I**

**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course provides students the initial training in basic competencies of dance/voice-based performances and to the nuances of preparation for such pop/jazz/theatre performances. Emphasis is placed on the introduction to, and subsequent development of, basic performance skills necessary for choreographed performance. Upon completion, students should be able to demonstrate the foundation competencies necessary to perform the assigned literature in various venues and under various professional conditions. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**MUS 182 Show Choir II**

**Prerequisites:** MUS-181  
**Corequisites:** None  
**Component:** None  
This course provides intermediate training in dance/voice-based performances and in the nuances of preparation for such pop/jazz/theatre performances. Emphasis is placed on continued development of skills necessary for professional group choral preparation and performance, as well as effective social interaction with a performance troupe. Upon completion, students should be able to demonstrate the intermediate competencies necessary to perform the assigned literature in various venues and under various professional conditions. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**MUS 210 History of Rock Music**

**Prerequisites:** None  
**Corequisites:** None  
This course is a survey of Rock music from the early 1950’s to the present. Emphasis is placed on musical groups, soloists, and styles related to the evolution of this idiom and on related historical and social events. Upon completion, students should be able to identify specific styles and to explain the influence of selected performers within their respective eras. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts. (TAC – 11/16/05)

**NET 110 Networking Concepts**

**Prerequisites:** None  
This course covers the origins and development of the musical from Show Boat to the present. Emphasis is placed on the investigation of the structure of the musical and its components through listening and analysis. Upon completion, students should be able to demonstrate skills in listening and understanding this form of American music. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts. (TAC – 11/16/05)

**NET 110 Networking Concepts**

**Prerequisites:** None  
This course introduces the varied origins of country music and the commercialization of this art form. Emphasis is placed on historical, sociocultural, and stylistic factors related to country music and musicians. Upon completion, students should be able to identify specific styles and explain the influence of pop culture on the development of country music. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts. (TAC – 11/16/05)

**NET 110 Networking Concepts**

**Prerequisites:** None  
This course covers the origins and development of opera and musical theater from the works of Claudio Monteverdi to the present. Emphasis is placed on how the structure and components of opera and musicals effect dramaturgy through listening examples and analysis. Upon completion, students should be able to demonstrate analytical and listening skills in understanding both opera and the musical. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course introduces students to the networking field. Topics include network terminology and protocols, local-area networks, wide-area networks, OSI model, cabling, router programming, Ethernet, IP addressing, and network standards. Upon completion, students should be able to perform tasks related to networking mathematics, terminology, and models, media, Ethernet, subnetting, and TCP/IP Protocols. This course is also available through the Virtual Learning Community (VLC).

**NET 125 Networking Basics**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the networking field. Emphasis is placed on network terminology and protocols, local-area networks, wide-area networks, OSI model, cabling, router programming, Ethernet, IP addressing, and network standards. Upon completion, students should be able to perform tasks related to networking mathematics, terminology, and models, media, Ethernet, subnetting, and TCP/IP Protocols.

**NET 126 Routing Basics**  
Prerequisites: NET 125  
Corequisites: None  
Component: None  
This course focuses on initial router configuration, router software management, routing protocol configuration, TCP/IP, and access control lists (ACLs). Emphasis will be placed on the fundamentals of router configuration, managing router software, routing protocol, and access lists. Upon completion, students should have an understanding of routers and their role in WANs, router configuration, routing protocols, TCP/IP, troubleshooting, and ACLs.

**NET 175 Wireless Technology**  
Prerequisites: NET 110 or NET 125  
Corequisites: None  
Component: None  
This course introduces the student to wireless technology and interoperability with different communication protocols. Topics include Wireless Application Protocol (WAP), Wireless Markup Language (WML), link manager, service discovery protocol, transport layer and frequency band. Upon completion, students will be able to discuss in written and oral form protocols and procedures required for different wireless applications.

**NET 225 Routing & Switching I**  
Prerequisites: NET 126  
Corequisites: None  
Component: None  
This course focuses on advanced IP addressing techniques, intermediate routing protocols, command-line interface configuration of switches, Ethernet switching, VLANs, STP, and VTP. Emphasis will be placed on application and demonstration of skills acquired in pre-requisite courses. Upon completion, students should be able to perform tasks related to VLSM, routing protocols, switching concepts and configuration, STP, VLANs, and VTP.

**NET 226 Routing & Switching II**  
Prerequisites: NET 225  
Corequisites: None  
Component: None  
This course introduces WAN theory and design, WAN technology, PPP, Frame Relay, ISDN, and additional case studies. Topics include network congestion problems, TCP/IP transport and network layer protocols, advanced routing and switching configuration, ISDN protocols, PPP encapsulation operations on a router. Upon completion, students should be able to provide solutions for network routing problems, identify ISDN protocols, and describe the Spanning Tree protocol.

**NET 260 Internet Dev & Support**  
Prerequisites: NET 110  
Corequisites: None  
Component: None  
This course covers issues relating to the development and implementation of Internet related tools and services. Topics include Internet organization, site registration, e-mail servers, Web servers, Web page development, legal issues, firewalls, multimedia, TCP/IP, service providers, FTP, list servers, and gateways. Upon completion, students should be able to develop and support the Internet services needed within an organization.

**NET 289 Networking Project**  
Prerequisites: None  
Corequisites: NET 226  
Component: None  
This course provides an opportunity to complete a significant networking project from the design phase through implementation with minimal instructor support. Emphasis is placed on project definition, documentation, installation, testing, presentation, and training. Upon completion, students should be able to complete a project from the definition phase through implementation.

**NMT 110 Intro to Nuclear Medicine**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides a comprehensive introduction to the field of nuclear medicine. Topics include overview of school, program, and profession; medical terminology and ethics; medical legal issues; general patient care and radiation safety practices; and departmental organization. Upon completion, students should be able to utilize various learning resources and demonstrate understanding of radiation safety standards and ethical, professional conduct.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
NMT 126 Nuclear Physics
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamental principles of the physics that underlie nuclear medicine. Topics include atomic structure, electromagnetic and particulate radiation, decay schemes, production of radionuclides with emphasis on radionuclide generators, and decay calculations. Upon completion, students should be able to demonstrate an understanding of the physical concepts covered in the course.

NMT 132 Overview-Clinical Nuc Med 02 00 06 04
Prerequisites: NMT 110
Corequisites: None
Component: None
This course is designed to familiarize students with the clinical practice of nuclear medicine. Emphasis is placed on the routine clinical procedures, radiopharmaceuticals and dosage, equipment manipulation, and basic patient care. Upon completion, students should be able to demonstrate integration of the principles covered in the classroom with the clinical experience.

NMT 134 Nuclear Pharmacy 02 00 00 02
Prerequisites: NMT 110
Corequisites: None
Component: None
This course covers the formulation and application of radiopharmaceuticals. Topics include the preparation, handling, disposition, and quality control of clinically useful radiopharmaceuticals. Upon completion, students should be able to discuss the appropriate use and disposition of radiopharmaceuticals currently used in clinical nuclear medicine.

NMT 211 NMT Clinical Practice I 00 00 21 07
Prerequisites: NMT 132
Corequisites: None
Component: None
This course is one of two courses designed to provide clinical practice in nuclear medicine. Topics include radiation protection, radiopharmaceutical use, patient care, imaging procedures, non-imaging procedures, administrative procedures, and the therapeutic use of radionuclides. Upon completion, students should be able to demonstrate performance of the procedures covered in the course.

NMT 212 Proc for Nuclear Med I 02 00 00 02
Prerequisites: NMT 132
Corequisites: None
Component: None
This course begins the in-depth study of clinical procedures performed by nuclear medicine technologists. Emphasis is placed on dose administration, use of instrumentation, computer applications, and normal and abnormal presentation. Upon completion, students should be able to demonstrate an understanding of the principles related to the procedures presented in the course.

NMT 215 Non-Imaging Instrumentation 01 03 00 02
Prerequisites: NMT 132
Corequisites: None
Component: None
This course covers the proper operation of various types of non-imaging equipment used in nuclear medicine. Emphasis is placed on principles of radiation detection, quality control procedures, various counting problems, and machine-specific operating procedures. Upon completion, students should be able to demonstrate the proper use of the devices discussed in the course.

NMT 217 Radiobiology and Protection 02 00 00 02
Prerequisites: NMT 132
Corequisites: None
Component: None
This course covers the principles of radiation biology. Emphasis is placed on the effects of ionizing radiation on body tissue, uses of radiation in medicine, and protective measures. Upon completion, students should be able to demonstrate an understanding of the effects and uses of radiation in nuclear medicine.

NMT 221 NMT Clinical Practice II 00 00 21 07
Prerequisites: NMT 132
Corequisites: None
Component: None
This course is one of two courses designed to provide clinical practice in nuclear medicine. Topics include radiation protection, radiopharmaceutical use, patient care, imaging procedures, non-imaging procedures, administrative procedures, and the therapeutic use of radionuclides. Upon completion, students should be able to demonstrate performance of the procedures covered in this course.

NMT 222 Proc for Nuclear Med II 02 00 00 02
Prerequisites: NMT 132
Corequisites: None
Component: None
This course concludes the in-depth study of clinical procedures performed in nuclear medicine. Topics include method of dose administration, data acquisition parameters, computer use, and data patterns consistent with normal and described pathological states. Upon completion, students should be able to demonstrate an understanding of the principles related to the procedures discussed in the course.

NMT 289 Nuc Med Tech Topics 02 03 00 03
Prerequisites: NMT 211
Corequisites: NMT 222
Component: None
This course covers professional practice in nuclear medicine. Emphasis is placed on the procedures vital to a clinical nuclear medicine staff technologist. Upon completion, students should
be able to demonstrate a comprehensive knowledge of nuclear medicine and be prepared for the comprehensive examination.

NOS 110 Operating System Concepts 02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces students to a broad range of operating system concepts, including installation and maintenance. Emphasis is placed on operating system concepts, management, maintenance, and resources required. Upon completion of this course, students will have an understanding of OS concepts, installation, management, maintenance, and using a variety of operating systems.

NOS 120 Linux/UNIX Single User 02 02 00 03
Prerequisites: NOS 110
Corequisites: None
Component: None
This course develops the necessary skills for students to develop both GUI and command line skills for using and customizing a Linux workstation. Topics include Linux file system and access permissions, GNOME Interface, VI editor, X Window System expression pattern matching, I/O redirection, network and printing utilities. Upon completion, students should be able to customize and use Linux systems for command line requirements and desktop productivity roles.

NOS 130 Windows Single User 02 02 00 03
Prerequisites: NOS 110
Corequisites: None
Component: None
This course introduces operating system concepts for single-user systems. Topics include hardware management, file and memory management, system configuration/optimization, and utilities. Upon completion, students should be able to perform operating systems functions at the support level in a single-user environment.

NOS 220 Linux/UNIX Admin I 02 02 00 03
Prerequisites: NOS 120
Corequisites: None
Component: None
This course introduces the Linux file system, group administration, and system hardware controls. Topics include installation, creation and maintaining file systems, NIS client and DHCP client configuration, NFS, SMB/Samba, Configure X, Gnome, KDE, basic memory, processes, and security. Upon completion, students should be able to perform system administration tasks including installation, configuring and attaching a new Linux workstation to an existing network.

NOS 230 Windows Admin I 02 02 00 03
Prerequisites: NOS 130
Corequisites: None
Component: None
This course covers the installation and administration of a Windows Server network operating system. Topics include managing and maintaining physical and logical devices, access to resources, the server environment, managing users, computers, and groups, and Managing/Implementing Disaster Recovery. Upon completion, students should be able to manage and maintain a Windows Server environment.

NOS 240 Novell Admin I 02 02 00 03
Prerequisites: NOS 110
Corequisites: None
Component: None
This course will introduce students to the Novell network operating system. Topics include installing and using NetWare, managing printing, storage space, implementing internet services, and managing security. Upon completion, students should have basic knowledge about implementing NetWare and using its management tools.

NUR 101 Practical Nursing I 07 06 06 11
Prerequisites: Departmental Approval
Corequisites: BIO 163 and NUR 102AA
Component: None
This course introduces concepts as related to the practical nurse’s caregiver and discipline-specific roles. Emphasis is placed on the nursing process, legal/ethical/professional issues, wellness/illness patterns, and basic nursing skills. Upon completion, students should be able to demonstrate beginning understanding of nursing process to promote/maintain/restore optimum health for diverse clients throughout the life span. This course must be completed satisfactorily to progress to Nursing 102B and Nursing 103A. This course is intended for certificate and diploma programs.

NUR 102AA Practical Nursing II 02 00 00 02
Prerequisites: Departmental Approval
Corequisites: BIO 163 and NUR 101
Component: None
This course includes more advanced concepts as related to the practical nurse’s caregiver and discipline-specific roles. Emphasis is placed on the nursing process, delegation, cost effectiveness, legal/ethical/professional issues, and wellness/illness patterns. Upon completion, students should be able to begin participating in the nursing process to promote/maintain/restore optimum health for diverse clients throughout the life span. The focus will be on vocational and personal adjustments inherent in the development of practical nurses which must be completed satisfactorily to progress to Nursing 102B and Nursing 103A. This course is intended for certificate and diploma programs.

NUR 102BB Practical Nursing II 06 00 12 10
Prerequisites: NUR 101 and NUR 102AA
Corequisites: CIS 113, NUR 103AA and PSY 110
Component: None
This course includes more advanced concepts as related to the...
practical nurse’s caregiver and discipline-specific roles. Emphasis is placed on the nursing process, delegation, cost effectiveness, legal/ethical/professional issues, and wellness/illness patterns. Upon completion, students should be able to begin participating in the nursing process to promote/maintain/restore optimum health for diverse clients throughout the life span. The focus will be on nursing care of patients with illnesses and disorders of various body systems, child-bearing family and the pediatric patient which must be completed satisfactorily to progress to Nursing 103B. This course is intended for certificate and diploma programs.

**NUR 103AA Practical Nursing III**

Prerequisites: NUR 101 and NUR 102AA  
Corequisites: CIS 113, NUR 102BB and PSY 110  
Component: None  
This course focuses on use of nursing/related concepts by practical nurses as providers of care/members of discipline in collaboration with health team members. Emphasis is placed on the nursing process, wellness/illness patterns, entry-level issues, accountability, advocacy, professional development, evolving technology, and changing health care delivery systems. Upon completion, students should be able to use the nursing process to promote/maintain/restore optimum health for diverse clients throughout the life span. The focus will be on reproductive diseases, mental health disorders and parenteral medication administration which must be completed satisfactorily to progress to Nursing 103B. This course is intended for certificate and diploma programs.

**NUR 103BB Practical Nursing III**

Prerequisites: NUR 102BB and NUR 103AA  
Corequisites: ENG 111  
Component: None  
This course focuses on use of nursing/related concepts by practical nurses as providers of care/members of discipline in collaboration with health team members. Emphasis is placed on the nursing process, wellness/illness patterns, entry-level issues, accountability, advocacy, professional development, evolving technology, and changing health care delivery systems. Upon completion, students should be able to use the nursing process to promote/maintain/restore optimum health for diverse clients throughout the life span. The focus will be on nursing care of patients with disorders involving various body systems which must be completed satisfactorily to progress to Nursing 103B. This course is intended for certificate and diploma programs.

**NUR 110 Nursing I**

Prerequisites: Departmental Approval  
Corequisites: BIO 168, PSY 150 and ACA 111  
Component: None  
This course introduces concepts basic to beginning nursing practice. Emphasis is placed on introducing the nurse’s role as provider of care, manager of care, and member of the discipline of nursing. Upon completion, students should be able to demonstrate beginning competence in caring for individuals with common alterations in health.

**NUR 120 Nursing II**

Prerequisites: NUR 110  
Corequisites: BIO 169 and PSY 241  
Component: None  
This course provides an expanded knowledge base for delivering nursing care to individuals of various ages. Emphasis is placed on developing the nurse’s role as provider of care, manager of care, and member of the discipline of nursing. Upon completion, students should be able to participate in the delivery of nursing care for individuals with common alterations in health. The focus will be on integumentary, immune, musculoskeletal, gastrointestinal and endocrine functioning.

**NUR 130 Nursing III**

Prerequisites: NUR 120  
Corequisites: CIS 113  
Component: None  
This course provides an expanded knowledge base for delivering nursing care to individuals of various ages. Emphasis is placed on expanding the nurse’s role as provider of care, manager of care, and member of the discipline of nursing. Upon completion, students should be able to deliver nursing care to individuals with common alterations in health. The focus will be on reproductive health, intrapartal, newborn, and postpartal nursing.

**NUR 189 Nursing Transition**

Prerequisites: Departmental Approval  
Corequisites: None  
Component: None  
This course is designed to assist the licensed practical nurse in transition to the role of the associate degree nurse. Topics include the role of the registered nurse, nursing process, homeostasis, and validation of selected nursing skills and physical assessment. Upon completion, students should be able to articulate into the ADN program at the level of the generic student.

**NUR 210 Nursing IV**

Prerequisites: NUR 130  
Corequisites: BIO 275 and ENG 111  
Component: None  
This course provides an expanded knowledge base for delivering nursing care to individuals of various ages. Emphasis is placed on using collaboration as a provider of care, manager of care, and member of the discipline of nursing. Upon completion, students should be able to modify nursing care for individuals with common alterations in health. The focus will be on psychiatric concepts, community based approaches, renal, cardiovascular, and respiratory functioning.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
NUR 220 Nursing V  
Prerequisites: NUR 210  
Corequisites: ENG 115 or COM 231 and Humanities/Fine Arts Elective  
Component: None  
This course provides an expanded knowledge base for delivering nursing care to individuals of various ages. Emphasis is placed on the nurse’s role as an independent provider and manager of care for a group of individuals and member of a multi-disciplinary team. Upon completion, students should be able to provide comprehensive nursing care to a group of individuals with common complex health alterations. The focus will be on neurologic and neurosensory functioning, mental health, multisystem trauma and leadership skills.

NUT 110 Nutrition  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers basic principles of nutrition and their relationship to human health. Topics include meeting nutritional needs of healthy people, menu modification based on special dietary needs, food habits, and contemporary problems associated with food selection. Upon completion, students should be able to apply basic nutritional concepts as they relate to health and well-being. This course is also available through the Virtual Learning Community (VLC).

OMT 110 Introduction to Operations Management  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides an overview of the operations management field. Topics include production and operations planning, materials management, environmental health and safety, and quality management. Upon completion, students should be able to demonstrate an understanding of the operations management functions.

OMT 112 Materials Management  
Prerequisites: MAT-070 or Placement Test Credit Equivalent  
Corequisites: None  
Component: None  
This course covers the basic principles of materials management. Emphasis is placed on the planning, procurement, movement, and storage of materials. Upon completion, students should be able to demonstrate an understanding of the concepts and techniques related to materials management.

OMT 153 Motivation and Evaluation  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides skills for motivation and evaluation of individuals in a workplace setting. Topics include establishing performance expectations, developing techniques for the development of job skills, coaching for optimal performance, and taking corrective actions. Upon completion, students should be able to demonstrate the skills necessary for successful job performance.

OMT 156 Problem-Solving Skills  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides a foundation for creating constructive relationships and presents the processes behind problem solving for groups and individuals. Emphasis is placed on building constructive relationships, confronting issues, winning support, and the basic processes of problem solving. Upon completion, students should be able to enhance relationships with others and apply a systematic approach to problem solving.

OMT 260 Issues in Operations Mgt.  
Prerequisites: ISC 121, ISC 210, OMT 112 and ISC 130 OR ISC 131 OR ISC 132 OR ISC 221  
Corequisites: None  
Component: None  
This course presents a variety of topics that highlight contemporary problems and issues related to operations management. Emphasis is placed on production and operations planning, environmental health and safety, materials management, and quality systems. Upon completion, students should be able to demonstrate the ability to make decisions and resolve problems in an operations management environment.

OST 080 Keyboarding Literacy  
Prerequisites: None  
Corequisites: None  
Component: None  
This course is designed to develop elementary keyboarding skills. Emphasis is placed on mastery of the keyboard. Upon completion, students should be able to demonstrate basic proficiency in keyboarding.

OST 122 Office Computations  
Prerequisites: MAT 070 or Placement Test Credit Equivalent  
Corequisites: None  
Component: None  
This course introduces the keypad and the touch method using the electronic calculator. Topics include mathematical functions in business applications. Upon completion, students should be able to use the electronic calculator to solve a wide variety of problems commonly encountered in business.
Component: None
This course is designed to develop keyboarding skills and introductory document formatting. Emphasis is placed on keyboarding techniques and formatting basic business documents. Upon completion, students should be able to create documents in an ever-changing workplace.

OST 131 Keyboarding
Prerequisites: None
Corequisites: None
Component: None
This course covers basic keyboarding skills. Emphasis is placed on the touch system, correct techniques, and development of speed and accuracy. Upon completion, students should be able to key at an acceptable speed and accuracy level using the touch system.

OST 132 Keyboard Skill Building
Prerequisites: OST 130
Corequisites: None
Component: None
This course is designed to increase speed and improve accuracy in keyboarding. Emphasis is placed on diagnostic tests to identify accuracy and speed deficiencies followed by corrective drills. Upon completion, students should be able to keyboard rhythmically with greater accuracy and speed.

OST 133 Advanced Keyboard Skill Building
Prerequisites: OST 132 and OST 134
Corequisites: None
Component: None
This course is designed to increase speed and improve accuracy to meet employment tests and job requirements. Emphasis is placed on individualized diagnostic and prescriptive drills. Upon completion, students should be able to keyboard with greater speed and accuracy as measured by five-minute timed writings and skill-development paragraphs.

OST 134 Text Entry & Formatting
Prerequisites: OST 132 and OST 136
Corequisites: None
Component: None
This course is designed to provide skills needed to increase speed, improve accuracy, and format documents. Topics include letters, memos, tables, and business reports. Upon completion, students should be able to produce documents and key timed writings at speeds commensurate with employability. This course is also available through the Virtual Learning Community (VLC).

OST 135 Advanced Text Entry & Formatting
Prerequisites: All courses required: OST 133, OST 134, OST 164 and OST 236
Corequisites: None
Component: None
This course is designed to incorporate computer application skills in the generation of office documents. Emphasis is placed on advanced document production. Upon completion, students should be able to make independent decisions regarding planning, style, and method of presentation.

OST 136 Word Processing
Prerequisites: OST 130
Corequisites: None
Component: None
This course is designed to introduce word processing concepts and applications. Topics include preparation of a variety of documents and mastery of specialized software functions. Upon completion, students should be able to work effectively in a computerized word processing environment. This course is also available through the Virtual Learning Community (VLC).

OST 137 Office Software Applications
Prerequisites: OST 130
Corequisites: None
Component: None
This course introduces the concepts and functions of software that meets the changing needs of the community. Emphasis is placed on the terminology and use of software through a hands-on approach. Upon completion, students should be able to use software in a business environment. This course is also available through the Virtual Learning Community (VLC).

OST 138 Advanced Software Appl
Prerequisites: OST 137 or CIS 111 or CIS 110
Corequisites: None
Component: None
This course is designed to improve the proficiency in the utilization of software applications used in business offices through a hands-on approach. Emphasis is placed on in-depth usage of software to create a variety of documents applicable to current business environments. Upon completion, students should be able to master the skills required to design documents that can be customized using the latest software applications. This course is also available through the Virtual Learning Community (VLC).

OST 141 Medical Terms I-Medical Office
Prerequisites: None
Corequisites: None
Component: None
This course uses a language-structure approach to present the terminology and vocabulary that will be encountered in medical office settings. Topics include word parts that relate to systemic components, conditions, pathology, and disorder remediation in approximately one-half of the systems of the human body. Upon completion, students should be able to relate words to systems, pluralize, define, pronounce, and construct sentences with the included terms.
This course is a continuation of OST 141 and continues the study, using a language-structure approach, of medical office terminology and vocabulary. Topics include word parts that relate to systemic components, conditions, pathology, and disorder remediation in the remaining systems of the human body. Upon completion, students should be able to relate words to systems, pluralize, define, pronounce, and construct sentences with the included terms.

OST 143 Dental Office Terminology 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces prefixes, suffixes, and word roots used in the dental office. Topics include dental anatomy and oral structures, tooth origin and formation, examination and prevention, tooth restorations, radiography, pain management and pharmacology. Upon completion, students should be able to pronounce, spell, and define dental terms as related to a dental practice.

OST 147 Dental Billing and Coding 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces Current Procedural Terminology, International Classification of Diseases, and Healthcare Common Procedural Coding System coding as they apply to dental insurance and billing. Topics include Current Dental Terminology-2 Dental Codes, office collections, American Dental Association Dental Claim Form, and insurance coverage. Upon completion, students should be able to describe the steps of the total billing/collections cycle for a dental office.

OST 148 Medical Coding Billing & Insurance 03 00 00 03
Prerequisites: OST 141
Corequisites: None
Component: None
This course introduces fundamentals of medical coding, billing, and insurance. Emphasis is placed on the medical billing cycle to include third party payers, coding concepts, and form preparation. Upon completion, students should be able to explain the life cycle of and accurately complete a medical insurance claim. This course is also available through the Virtual Learning Community (VLC).

OST 149 Medical Legal Issues 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the complex legal, moral, and ethical issues involved in providing health-care services. Emphasis is placed on the legal requirements of medical practices; the relationship of physician, patient, and office personnel; professional liabilities; and medical practice liability. Upon completion, students should be able to demonstrate a working knowledge of current medical law and accepted ethical behavior. This course is also available through the Virtual Learning Community (VLC).

OST 162 Executive Terminology 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is designed to increase and improve proficiency in word usage. Topics include root words, prefixes, suffixes, homonyms, synonyms, and specialized vocabularies. Upon completion, students should be able to use acquired vocabulary skills in the global workplace.

OST 164 Text Editing Applications 03 00 00 03
Prerequisites: ENG 111
Corequisites: None
Component: None
This course provides a comprehensive study of editing skills needed in the workplace. Emphasis is placed on grammar, punctuation, sentence structure, proofreading, and editing. Upon completion, students should be able to use reference materials to compose and edit text. This course is also available through the Virtual Learning Community (VLC).

OST 165 Adv Text Editing Apps 02 02 00 03
Prerequisites: OST 134 and OST 164
Corequisites: None
Component: None
This course is designed to develop proficiency in advanced editing skills needed in the office environment. Emphasis is placed on the application of creating effective electronic office documents. Upon completion, students should be able to apply advanced editing skills to compose text. This course emphasizes the development of skills in composing and editing business communications that will exemplify the students ability to communicate effectively in an office environment.

OST 181 Introduction to Office Systems 02 02 00 03
Prerequisites: OST 131 or equivalent
Corequisites: None
Component: None
This course introduces the skills and abilities needed in today’s office. Topics include effectively interacting with co-workers and the public, processing simple financial and informational documents, and performing functions typical of today’s offices. Upon completion, students should be able to display skills and decision-making abilities essential for functioning in the total office context.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
OST 184 Records Management 02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This course includes the creation, maintenance, protection, security, and disposition of records stored in a variety of media forms. Topics include alphabetic, geographic, subject, and numeric filing methods. Upon completion, students should be able to set up and maintain a records management system. This course is also available through the Virtual Learning Community (VLC).

OST 192 Selected Topics in OST 01 02 00 02
Prerequisites: ENG 111, OST 134 and OST 164
Corequisites: None
Component: None
This course provides an opportunity to explore areas of current interest in specific program or discipline areas. Emphasis is placed on subject matter appropriate to the program or discipline. Upon completion, students should be able to demonstrate an understanding of the specific area of study. This course will concentrate on developing skills in writing business communications that will enable students to communicate effectively in an office environment.

OST 223 Admin Office Transcript I 02 02 00 03
Prerequisites: OST 164 and OST 134 or OST 136
Corequisites: None
Component: None
This course provides experience in transcribing documents. Emphasis is placed on appropriate formatting, advanced text editing skills, and transcription techniques. Upon completion, students should be able to transcribe office documents.

OST 224 Admin. Ofc Transcript II 01 02 00 02
Prerequisites: OST 223
Corequisites: None
Component: None
This course provides instruction and practice in advanced transcription skills. Emphasis is placed on specialized transcription features. Upon completion, students should be able to transcribe complex business documents.

OST 233 Office Publications Design 02 02 00 03
Prerequisites: OST 134, OST 136, and OST 137
Corequisites: None
Component: None
This course provides entry-level skills in using software with desktop publishing capabilities. Topics include principles of page layout, desktop publishing terminology and applications, and legal and ethical considerations of software use. Upon completion, students should be able to design and produce professional business documents and publications.

OST 236 Advanced Word/Information Processing 02 02 00 03
Prerequisites: OST 136
Corequisites: None
Component: None
This course develops proficiency in the utilization of advanced word/information processing functions. Emphasis is placed on advanced word processing features. Upon completion, students should be able to produce a variety of complex business documents.
This course is also available through the Virtual Learning Community (VLC).

OST 241 Medical Office Transcription I 01 02 00 02
Prerequisites: OST 142, OST 164 and MED 121 or OST 141
Corequisites: None
Component: None
This course introduces machine transcription techniques as applied to medical documents. Emphasis is placed on accurate transcription, proofreading, and use of reference materials as well as vocabulary building. Upon completion, students should be able to prepare accurate and usable transcripts of voice recordings in the covered specialties.

OST 242 Medical Office Transcription II 01 02 00 02
Prerequisites: OST 241
Corequisites: None
Component: None
This course continues building transcription techniques as applied to medical documents. Emphasis is placed on accurate transcription and text editing, efficient use of reference materials, increasing transcription speed and accuracy, and improving understanding of medical terminology. Upon completion, students should be able to display competency in accurately transcribing medical documents.

OST 243 Medical Office Simulation 02 02 00 03
Prerequisites: OST 142 and OST 148
Corequisites: OST 285
Component: None
This course introduces medical systems used to process information in the automated office. Topics include traditional and electronic information resources, storing and retrieving information, and the billing cycle. Upon completion, students should be able to use the computer accurately to schedule, bill, update, and make corrections. This course is a unique concentration requirement in the Medical Office Systems Technology concentration in the Office Systems Technology program.
OST 244 Medical Document Production 01 02 00 02
Prerequisites: OST 134 OST 142 OST 164
Corequisites: None
Component: None
This course provides production-level skill development in processing medical documents. Emphasis is placed on producing mailable documents through the use of medical-related materials. Upon completion, students should be able to perform competently in preparing accurate, correctly formatted, and usable documents.

OST 245 Dental Office Management 02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the organizational structures, professional issues, and major functions of management in a dental office. Topics include communication skills, telephone techniques, patient relations, clinical records, bookkeeping procedures, office equipment, and inventory management. Upon completion, students should be able to apply the concepts of management within a dental office.

OST 246 Dental Office Simulation 02 02 00 03
Prerequisites: OST 147
Corequisites: None
Component: None
This course introduces dental software systems used to process information in the dental office. Topics include electronic information entering, storing, and retrieving in the dental office billing cycle. Upon completion, students should be able to use the computer accurately to schedule, bill, update, and make corrections in a dental office software system.

OST 247 Procedure Coding 01 02 00 02
Prerequisites: OST 141 AND OST 148
Corequisites: None
Component: None
This course provides in-depth coverage of procedural coding. Emphasis is placed on CPT and HCPCS coding systems. Upon completion, students should be able to properly code procedures and services performed in a medical facility.

OST 248 Diagnostic Coding 01 02 00 02
Prerequisites: OST 141 AND OST 148
Corequisites: None
Component: None
This course provides an in-depth study of diagnostic coding. Emphasis is placed on ICD coding system. Upon completion, students should be able to properly code diagnoses in a medical facility.

OST 249 CPC Certification 03 02 00 04
Prerequisites: OST 247 and OST 248
Corequisites: None
Component: None
This course provides instruction that will prepare students to sit for the American Association of Professional Coders (AAPC) CPC Exam. Topics include diagnostic and procedural coding. Upon completion, students should be able to sit for the AAPC CPC Exam.

OST 281 Emerg Issues in Med Ofc 03 00 00 03
Prerequisites: OST 131, OST 142, and OST 148
Corequisites: None
Component: None
This course provides a comprehensive discussion of topics familiar to the health care setting. Topics include emerging issues in the health care setting. Upon completion, students should be able to demonstrate an understanding of current medical office procedures and treatments.

OST 284 Emerging Technologies 01 02 00 02
Prerequisites: OST 134, OST 137, and OST 164
Corequisites: None
Component: None
This course provides opportunities to explore emerging technologies. Emphasis is placed on identifying, researching, and presenting current technological topics for class consideration and discussion. Upon completion, students should be able to demonstrate an understanding of technological changes that affect the office professional.

OST 285 Adv Emerg Issu in Med Ofc 03 00 00 03
Prerequisites: OST 281
Corequisites: None
Component: None
This course provides an advanced comprehensive discussion of topics familiar to the health care setting. Topics include advanced emerging issues in the health care setting. Upon completion, students should be able to demonstrate an understanding of advanced medical office procedures and treatments.

OST 286 Professional Development 03 00 00 03
Prerequisites: OST 134
Corequisites: None
Component: None
This course covers the personal competencies and qualities needed to project a professional image in the office. Topics include interpersonal skills, health lifestyles, appearance, attitude, personal and professional growth, multi-cultural awareness, and professional etiquette. Upon completion, students should be able to demonstrate these attributes in the classroom, office, and society.

OST 289 Office Systems Management 02 02 00 03
Prerequisites: OST 134, OST 136, OST 137, and OST 164
Corequisites: None
Component: None

This course is designed to be a capstone course for the office professional and provides a working knowledge of modern office procedures. Emphasis is placed on scheduling, telephone procedures, travel arrangements, event planning, office design, and ergonomics. Upon completion, students should be able to adapt in an office environment.

PAD 151 Introduction to Public Administration  03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course includes an overview of the role of the public administrator in government and an examination of the development and implementation of public policy. Topics include public personnel administration and management, decision making, public affairs, ethics, organizational theories, budgetary functions within governmental agencies, and other governmental issues. Upon completion, students should be able to explain the functions of government in society and in the lives of people composing that society. This course is a unique concentration requirement of the Public Administration concentration in the Business Administration program.

PAD 152 Ethics in Government  03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the ethical issues and problems within the public administration field. Emphasis is placed on building analytical skills, stimulating moral imagination, and recognizing the discretionary power of the administrator’s role. Upon completion, students should be able to understand the moral dimensions of public administrative decision making. This course is a unique concentration requirement of the Public Administration concentration in the Business Administration program.

PAD 251 Public Finance & Budgeting  03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides an overview of the public finance and budgeting processes used in the allocation of public resources to meet differing public interests. Topics include the political environment, government expenditures, revenues, taxation, budgetary process theories and techniques, and the relation of government finance to the economy. Upon completion, students should be able to recognize impacts of government revenue and expenditure policies and understand the role of budgeting in executing governmental policy. This course is a unique concentration requirement of the Public Administration concentration in the Business Administration program.

PAD 252 Public Policy Analysis  03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is a study of methods and techniques used to determine the effectiveness of public programs. Emphasis is placed on the concept of ecology and environmental impact, informal groups and information networks, and the relationship between public and private sectors. Upon completion, students should be able to analyze case studies with the use of political analysis techniques. This course is a unique concentration requirement of the Public Administration concentration in the Business Administration program.

PAD 253 Introduction to Urban Planning  03 00 00 03
Prerequisites: PAD 251
Corequisites: None
Component: None
This course includes an overview of current urban problems and the forces responsible for urban and regional growth. Topics include historical perspectives on the planning approach to urban phenomena and the evaluation of current proposals dealing with aspects of the urban situation. Upon completion, students should be able to evaluate urban and regional growth problems through case study analysis.

PBT 100 Phlebotomy Technology  05 02 00 06
Prerequisites: None
Corequisites: PBT 101
Component: None
This course provides instruction in the skills needed for the proper collection of blood and other specimens used for diagnostic testing. Emphasis is placed on ethics, legalities, medical terminology, safety and universal precautions, health care delivery systems, patient relations, anatomy and physiology, and specimen collection. Upon completion, students should be able to demonstrate competence in the theoretical comprehension of phlebotomy techniques. This is a certificate-level course.

PBT 101 Phlebotomy Practicum  00 00 09 03
Prerequisites: None
Corequisites: PBT 100
Component: None
This course provides supervised experience in the performance of venipuncture and microcollection techniques in a clinical facility. Emphasis is placed on patient interaction and application of universal precautions, proper collection techniques, special procedures, specimen handling, and data management. Upon completion, students should be able to safely perform procedures necessary for specimen collections on patients in various health care settings. This is a certificate-level course.

PED 110 Fit and Well for Life  01 02 00 02
Prerequisites: None
Corequisites: None

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course is designed to investigate and apply the basic concepts and principles of lifetime physical fitness and other health-related factors. Emphasis is placed on wellness through the study of nutrition, weight control, stress management, and consumer facts on exercise and fitness. Upon completion, students should be able to plan a personal, lifelong fitness program based on individual needs, abilities, and interests. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 111 Physical Fitness I
Prerequisites: None
Corequisites: None
Component: None
This course provides an individualized approach to physical fitness utilizing the five major components. Emphasis is placed on the scientific basis for setting up and engaging in personalized physical fitness programs. Upon completion, students should be able to set up and implement an individualized physical fitness program. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 112 Physical Fitness II
Prerequisites: PED 111
Corequisites: None
Component: None
This course is an intermediate-level fitness class. Topics include specific exercises contributing to fitness and the role exercise plays in developing body systems. Upon completion, students should be able to implement and evaluate an individualized physical fitness program. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 113 Aerobics I
Prerequisites: None
Corequisites: None
Component: None
This course introduces a program of cardiovascular fitness involving continuous, rhythmic exercise. Emphasis is placed on developing cardiovascular efficiency, strength, and flexibility and on safety precautions. Upon completion, students should be able to select and implement a rhythmic aerobic exercise program. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 114 Aerobics II
Prerequisites: PED 113
Corequisites: None
Component: None
This course provides a continuation of a program of cardiovascular fitness involving rhythmic exercise. Emphasis is placed on a wide variety of aerobic activities which include cardiovascular efficiency, strength, and flexibility. Upon completion, students should be able to participate in and design a rhythmic aerobic exercise routine. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 115 Step Aerobics I
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamentals of step aerobics. Emphasis is placed on basic stepping up and down on an adjustable platform; cardiovascular fitness; and upper body, floor, and abdominal exercises. Upon completion, students should be able to participate in basic step aerobics. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 116 Step Aerobics II
Prerequisites: PED 115
Corequisites: None
Component: None
This course provides a continuation of step aerobics. Emphasis is placed on a wide variety of choreographed step patterns; cardiovascular fitness; and upper body, abdominal, and floor exercises. Upon completion, students should be able to participate in and design a step aerobics routine. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 117 Weight Training I
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basics of weight training. Emphasis is placed on developing muscular strength, muscular endurance, and muscle tone. Upon completion, students should be able to establish and implement a personal weight training program. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 118 Weight Training II
Prerequisites: PED 117
Corequisites: None
Component: None
This course covers advanced levels of weight training. Emphasis is placed on meeting individual training goals and addressing weight training needs and interests. Upon completion, students should be able to establish and implement an individualized advanced weight training program. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
and/or elective course requirement.

**PED 119 Circuit Training**  
00 03 00 01  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers the skills necessary to participate in a developmental fitness program. Emphasis is placed on the circuit training method which involves a series of conditioning timed stations arranged for maximum benefit and variety. Upon completion, students should be able to understand and appreciate the role of circuit training as a means to develop fitness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 120 Walking for Fitness**  
00 03 00 01  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces fitness through walking. Emphasis is placed on stretching, conditioning exercises, proper clothing, fluid needs, and injury prevention. Upon completion, students should be able to participate in a recreational walking program. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 121 Walk, Jog, Run**  
00 03 00 01  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers the basic concepts involved in safely and effectively improving cardiovascular fitness. Emphasis is placed on walking, jogging, or running as a means of achieving fitness. Upon completion, students should be able to understand and appreciate the benefits derived from these activities. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 122 Yoga I**  
00 02 00 01  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the basic discipline of yoga. Topics include proper breathing, relaxation techniques, and correct body positions. Upon completion, students should be able to demonstrate the procedures of yoga. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 123 Yoga II**  
00 02 00 01  
Prerequisites: PED 122  
Corequisites: None  
Component: None  
This course introduces more detailed aspects of the discipline of yoga. Topics include breathing and physical postures, relaxation, and mental concentration. Upon completion, students should be able to demonstrate advanced procedures of yoga. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 124 Run, Swim, Cycle**  
00 03 00 01  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the sport of the triathlon. Topics include the rules, equipment, and skills necessary for the triathlon. Upon completion, students should be able to participate in a triathlon competition. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 125 Self-Defense-Beginning**  
00 02 00 01  
Prerequisites: None  
Corequisites: None  
Component: None  
This course is designed to aid students in developing rudimentary skills in self-defense. Emphasis is placed on stances, blocks, punches, and kicks as well as non-physical means of self-defense. Upon completion, students should be able to demonstrate basic self-defense techniques of a physical and non-physical nature. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 126 Self-Defense-Intermediate**  
00 02 00 01  
Prerequisites: PED 125  
Corequisites: None  
Component: None  
This course is designed to aid students in building on the techniques and skills developed in PED 125. Emphasis is placed on the appropriate psychological and physiological responses to various encounters. Upon completion, students should be able to demonstrate intermediate skills in self-defense stances, blocks, punches, and kick combinations. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 127 Karate**  
00 03 00 01  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the martial arts using the Japanese Shotokan form. Topics include proper conditioning exercise, body control, proper terminology, historical foundations, and etiquette relating to karate. Upon completion, students should be able to perform line drill techniques and Kata for various ranks. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
254  Course Descriptions

PED 128 Golf-Beginning  00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course emphasizes the fundamentals of golf. Topics include the proper grips, stance, alignment, swings for the short and long game, putting, and the rules and etiquette of golf. Upon completion, students should be able to perform the basic golf shots and demonstrate a knowledge of the rules and etiquette of golf. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 129 Golf-Intermediate  00 02 00 01
Prerequisites: PED 128
Corequisites: None
Component: None
This course covers the more advanced phases of golf. Emphasis is placed on refining the fundamental skills and learning more advanced phases of the games such as club selection, trouble shots, and course management. Upon completion, students should be able to demonstrate the knowledge and ability to play a recreational round of golf. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 130 Tennis-Beginning  00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course emphasizes the fundamentals of tennis. Topics include basic strokes, rules, etiquette, and court play. Upon completion, students should be able to play recreational tennis. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 131 Tennis-Intermediate  00 02 00 01
Prerequisites: PED 130
Corequisites: None
Component: None
This course emphasizes the refinement of playing skills. Topics include continuing the development of fundamentals, learning advanced serves, and strokes and pace and strategies in singles and doubles play. Upon completion, students should be able to play competitive tennis. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 132 Racquetball-Beginning  00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamentals of racquetball. Emphasis is placed on rules, fundamentals, and strategies of beginning racquetball. Upon completion, students should be able to play recreational racquetball. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 133 Racquetball-Intermediate  00 02 00 01
Prerequisites: PED 132
Corequisites: None
Component: None
This course covers more advanced racquetball techniques. Emphasis is placed on refining basic skills, performing advanced shots, and playing strategies for singles and doubles. Upon completion, students should be able to play competitive racquetball. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 135 Fencing-Beginning  00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamentals of fencing. Emphasis is placed on grip, stance, and establishment of good techniques for attacks and parries. Upon completion, students should be able to perform elementary foil techniques and demonstrate the basic skills of fencing. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 136 Fencing-Intermediate  00 02 00 01
Prerequisites: PED 135
Corequisites: None
Component: None
This course covers more advanced fencing techniques. Topics include advanced foil techniques and elementary sabre techniques. Upon completion, students should be able to participate in competitive fencing. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 137 Badminton  00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course covers the fundamentals of badminton. Emphasis is placed on the basics of serving, clears, drops, drives, smashes, and the rules and strategies of singles and doubles. Upon completion, students should be able to apply these skills in playing situations. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
PED 138 Archery
Prerequisites: None
Corequisites: None
Component: None
This course introduces basic archery safety and skills. Topics include proper techniques of stance, bracing, drawing, and releasing as well as terminology and scoring. Upon completion, students should be able to participate safely in target archery. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 139 Bowling-Beginning
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamentals of bowling. Emphasis is placed on ball selection, grips, stance, and delivery along with rules and etiquette. Upon completion, students should be able to participate in recreational bowling. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 140 Bowling-Intermediate
Prerequisites: PED 139
Corequisites: None
Component: None
This course covers more advanced bowling techniques. Emphasis is placed on refining basic skills and performing advanced shots, spins, pace, and strategy. Upon completion, students should be able to participate in competitive bowling. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 141 Tumbling and Gymnastics
Prerequisites: None
Corequisites: None
Component: None
This course introduces basic tumbling and gymnastic techniques. Topics include the safe use of gymnastic apparatus such as uneven bars, parallel bars, pommel horse, and balance beam. Upon completion, students should be able to demonstrate skills on selected pieces of apparatus. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 142 Lifetime Sports
Prerequisites: None
Corequisites: None
Component: None
This course is designed to give an overview of a variety of sports activities. Emphasis is placed on the skills and rules necessary to participate in a variety of lifetime sports. Upon completion, students should be able to demonstrate an awareness of the importance of participating in lifetime sports activities. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 143 Volleyball-Beginning
Prerequisites: None
Corequisites: None
Component: None
This course covers the fundamentals of volleyball. Emphasis is placed on the basics of serving, passing, setting, spiking, blocking, and the rules and etiquette of volleyball. Upon completion, students should be able to participate in recreational volleyball. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 144 Volleyball-Intermediate
Prerequisites: PED 143
Corequisites: None
Component: None
This course covers more advanced volleyball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to participate in competitive volleyball. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 145 Basketball-Beginning
Prerequisites: None
Corequisites: None
Component: None
This course covers the fundamentals of basketball. Emphasis is placed on skill development, knowledge of the rules, and basic game strategy. Upon completion, students should be able to participate in recreational basketball. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 146 Basketball-Intermediate
Prerequisites: PED 145
Corequisites: None
Component: None
This course covers more advanced basketball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to play basketball at a competitive level. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 147 Soccer
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basics of soccer. Emphasis is placed on rules, strategies, and fundamental skills. Upon completion,
students should be able to participate in recreational soccer. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 148 Softball** 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamental skills and rules of softball. Emphasis is placed on proper techniques and strategies for playing softball. Upon completion, students should be able to participate in recreational softball. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 149 Flag Football** 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamentals and rules of flag football. Emphasis is placed on proper techniques and strategies for playing in game situations. Upon completion, students should be able to participate in recreational flag football. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 150 Baseball/Beginning** 00 03 00 01
Prerequisites: None
Corequisites: None
Component: None
This course covers the fundamentals of baseball. Emphasis is placed on skill development, knowledge of the rules, and basic game strategy. Upon completion, students should be able to participate in recreational baseball. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 151 Baseball/Intermediate** 00 03 00 01
Prerequisites: PED 150
Corequisites: None
Component: None
This course covers more advanced baseball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to play baseball at a competitive level. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 152 Swimming-Beginning** 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course is designed for non-swimmers and beginners. Emphasis is placed on developing confidence in the water, learning water safety, acquiring skills in floating, and learning elementary strokes. Upon completion, students should be able to demonstrate safety skills and be able to tread water, back float, and use the crawl stroke for 20 yards. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 153 Swimming-Intermediate** 00 02 00 01
Prerequisites: PED 152
Corequisites: None
Component: None
This course is designed for those who have mastered basic swimming skills. Emphasis is placed on refining basic skills and learning new swim strokes. Upon completion, students should be able to demonstrate the four basic strokes, the scissors kick, the underwater swim, and other related skills. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 154 Swimming for Fitness** 00 03 00 01
Prerequisites: PED 152
Corequisites: None
Component: None
This course introduces lap swimming, aqua exercise, water activities, and games. Emphasis is placed on increasing cardiovascular efficiency through aquatic exercise. Upon completion, students should be able to develop an individualized aquatic fitness program. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 155 Water Aerobics** 00 03 00 01
Prerequisites: None
Corequisites: None
Component: None
This course introduces rhythmic aerobics performed in water. Emphasis is placed on increasing cardiovascular fitness levels, muscular strength, muscular endurance, and flexibility. Upon completion, students should be able to participate in an individually-paced exercise program. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 156 Scuba Diving** 00 02 00 01
Prerequisites: PED 153
Corequisites: None
Component: None
This course provides basic instruction in fundamental skills and safety procedures for scuba diving. Emphasis is placed on the history, theory, and principles of diving; development of diving skills; safety; and care and maintenance of equipment. Upon completion, students should be able to demonstrate skills, knowledge, and techniques of scuba diving in preparation for diver certification.
**PED 158 Whitewater Rafting**  
**Prerequisites:** PED 152  
**Corequisites:** None  
**Component:** None  
This course covers the skills necessary to safely participate in whitewater rafting. Topics include raft guiding, paddling skills, scouting rapids, and rigging boats. Upon completion, students should be able to successfully complete a whitewater rafting experience. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 160 Canoeing-Basic**  
**Prerequisites:** PED 152  
**Corequisites:** None  
**Component:** None  
This course provides basic instruction for the beginning canoeist. Emphasis is placed on safe and correct handling of the canoe and rescue skills. Upon completion, students should be able to demonstrate basic canoeing, safe-handling, and self-rescue skills. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 161 Canoeing-Rivers**  
**Prerequisites:** PED 160  
**Corequisites:** None  
**Component:** None  
This course provides practice in the basic skills of river and white-water canoeing. Emphasis is placed on river running, safety, and care of equipment. Upon completion, students should be able to demonstrate navigation in a moving current, canoe safety, and self-rescue skills. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 163 Kayaking-Basic**  
**Prerequisites:** PED 152  
**Corequisites:** None  
**Component:** None  
This course is designed to teach the basic skills of kayaking. Topics include forward and reverse strokes, sweeps, Eskimo roll, and self-rescue skills. Upon completion, students should be able to maneuver and demonstrate safe kayaking practices. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 164 Kayaking-Whitewater**  
**Prerequisites:** PED 163  
**Corequisites:** None  
**Component:** None  
This course covers the skills necessary to safely negotiate Class II and some Class III rapids. Topics include execution of a river roll, maneuvering, rescuing and retrieving kayaker and equipment. Upon completion, students should be able to safely negotiate Class II and some Class III rapids and perform all rescue skills. Some Class III rapids and perform all rescue skills. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 165 Sport Science as a Career**  
**Prerequisites:** ENG 090 and RED 090  
**Corequisites:** None  
**Component:** None  
This course provides students with foundational knowledge about the study of physical activity and career opportunities within the discipline. Emphasis will be placed on the role of physical activity, the subdisciplines of the field, and possible career choices. Upon completion, students should have an understanding of the subdisciplines and employment opportunities within an Exercise and Sport Science Program. This course has been approved by the Transfer Advisory Committee to satisfy the Comprehensive Articulation Agreement for transferability as a pre-major and/or elective course requirement.

**PED 169 Orienteering**  
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course introduces the various types of orienteering and proper orienteering techniques. Emphasis is placed on defining various types of orienteering and recognizing and drawing topographic map symbols. Upon completion, students should be able to draw topographic map symbols and negotiate a 3-5 km cross-country orienteering course in a specified time period. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a pre-major and/or elective course requirement.

**PED 170 Backpacking**  
**Prerequisites:** None  
**Corequisites:** None  
**Component:** None  
This course covers the proper techniques for establishing a campsite, navigating in the wilderness, and planning for an overnight trip. Topics include planning for meals, proper use of maps and compass, and packing and dressing for extended periods in the outdoors. Upon completion, students should be able to identify quality backpacking equipment, identify the principles of no-trace camping, and successfully complete a backpacking experience. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.
PED 171 Nature Hiking 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course provides instruction on how to equip and care for oneself on the trail. Topics include clothing, hygiene, trail ethics, and necessary equipment. Upon completion, students should be able to successfully participate in nature trail hikes. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 172 Outdoor Living 01 02 00 02
Prerequisites: None
Corequisites: None
Component: None
This course is designed to acquaint the beginning camper with outdoor skills. Topics include camping techniques such as cooking and preserving food, safety, and setting up camp. Upon completion, students should be able to set up camp sites in field experiences using proper procedures. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 173 Rock Climbing 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course teaches the fundamental skills and safety of rock climbing. Topics include rock climbing, bouldering, rappelling, the correct method of belaying for climbing and rappelling, and knowledge of equipment. Upon completion, students should be able to demonstrate strong and skillful techniques in climbing and rappelling. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 175 Horseback Riding I 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course introduces beginning and non-riders to recreational horseback riding. Topics include riding skills, equipment, handling of horses, mounting, care of the horse, and coordinated horse-rider balance. Upon completion, students should be able to demonstrate riding, safety, and horse management skills. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 176 Horseback Riding II 00 02 00 01
Prerequisites: PED 175
Corequisites: None
Component: None
This course is designed to give advanced riding experiences in a variety of specialized situations. Emphasis is placed on the development of skills such as jumping, rodeo games, and trail riding. Upon completion, students should be able to demonstrate control and management of the horse and perform various riding techniques. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 181 Snow Skiing-Beginning 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamentals of snow skiing. Topics include basic techniques, safety, and equipment involved in snow skiing. Upon completion, students should be able to ski a down slope, enter and exit a ski lift, and perform basic maneuvers on skis. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 182 Snow Skiing Intermediate 00 02 00 01
Prerequisites: PED 181
Corequisites: None
Component: None
This course is designed to further develop snow skiing skills. Topics include selection and care of equipment, parallel skiing and turns, christies, advanced jumps, trail skiing, and slalom racing. Upon completion, students should be able to ski on varying terrains and snow conditions with control and safety. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 183 Folk Dancing 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course teaches the fundamental folk dance movements along with cultural traditions from various countries. Emphasis is placed on the history and traditions of the folk dance as well as the movements and the dances themselves. Upon completion, students should be able to demonstrate folk dances as well as knowledge of their origins and cultural traditions. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 184 Square Dancing I 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course introduces the terminology and skills necessary to perform square dancing. Topics include working from squared sets-squared circles to squared throughs, right and left throughs, and Dixie Chains. Upon completion, students should be able to perform square dance routines and recognize the calls made
for all formations. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 185 Square Dancing II 00 02 00 01
Prerequisites: PED 184
Corequisites: None
Component: None
This course includes additional variations and forms of square dancing. Topics include such routines as turns, grand swing, triple trades, wheel and deal, T-cup chain, and arky change. Upon completion, students should be able to demonstrate and perform country and western square dance routines. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 186 Dancing for Fitness 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course is designed to develop movement and recreational dance skills, safety, fitness, coordination, and techniques used to teach various groups. Emphasis is placed on participation and practice with adapting dances for ages and ability levels. Upon completion, students should be able to demonstrate knowledge of fitness through social, folk, and square dance participation and instruction. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 187 Social Dance-Beginning 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamentals of popular social dances. Emphasis is placed on basic social dance techniques, dances, and a brief history of social dance. Upon completion, students should be able to demonstrate specific dance skills and perform some dances. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 188 Social Dance-Intermediate 00 02 00 01
Prerequisites: PED 187
Corequisites: None
Component: None
This course covers advanced fundamentals of social dancing. Topics include rhythm, appearance, and routine sequence. Upon completion, students should be able to perform more difficult steps and types of dances. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 210 Team Sports 00 03 00 01
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamentals of popular American team sports. Emphasis is placed on rules, equipment, and motor skills used in various sports. Upon completion, students should be able to demonstrate knowledge of the sports covered. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 211 New Games 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course includes explanation, demonstration, and participation in games that provide an alternative to traditional sports. Emphasis is placed on playing for pleasure rather than for competitive purposes. Upon completion, students should be able to participate and lead others in participating in non-competitive games. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 217 Pilates I 00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course provides an introduction to the Pilates method of body conditioning exercise. Topics include instruction in beginning and intermediate Pilates exercises using a mat or equipment, history of the Pilates method, and relevant anatomy and physiology. Upon completion, students should be able to perform beginning and intermediate exercises, and possess an understanding of the benefits of conditioning the body’s core muscles. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a pre-major and/or elective course requirement.

PED 218 Pilates II 00 02 00 01
Prerequisites: PED 217
Corequisites: None
Component: None
This course provides continued instruction in the Pilates method of body conditioning exercise. Topics include instruction in intermediate and advanced Pilates exercises using a mat or equipment, relevant anatomy and physiology, and further discussion of related concepts. Upon completion, students should be able to perform intermediate and advanced exercises, and possess the autonomy to maintain their own personal Pilates practice. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a pre-major and/or elective course requirement.
PED 220 Exercise for Physically Challenged
Prerequisites: None
Corequisites: None
Component: None
This course is designed to improve physical strength, endurance, and range of motion while focusing on individual needs. Emphasis is placed on exercises which are designed and adapted to serve those with special needs. Upon completion, students should be able to show improved physical fitness, body awareness, and an appreciation for their physical well-being. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 240 Advanced PE Skills
Prerequisites: None
Corequisites: None
Component: None
This course provides those who have mastered skills in a particular physical education area the opportunity to assist with instruction. Emphasis is placed on methods of instruction, class organization, and progressive skill development. Upon completion, students should be able to design, develop, and implement a unit lesson plan for a skill they have mastered. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 250 Officiating/Basketball/Volleyball
Prerequisites: None
Corequisites: None
Component: None
This course introduces the rules and techniques for sports officiating in basketball and volleyball. Emphasis is placed on officiating fundamentals and responsibilities. Upon completion, students should be able to demonstrate proper mechanics and knowledge of officiating procedures in basketball and volleyball. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 251 Officiating/Football/Soccer
Prerequisites: None
Corequisites: None
Component: None
This course introduces the rules and techniques for sports officiating in football and soccer. Emphasis is placed on officiating fundamentals and responsibilities. Upon completion, students should be able to demonstrate proper mechanics and knowledge of officiating procedures in football and soccer. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 252 Officiating/Baseball/Softball
Prerequisites: None
Corequisites: None
Component: None
This course introduces the rules and techniques for sports officiating in baseball and softball. Emphasis is placed on officiating fundamentals and responsibilities. Upon completion, students should be able to demonstrate proper mechanics and knowledge of officiating procedures in baseball and softball. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 254 Coaching Basketball
Prerequisites: None
Corequisites: None
Component: None
This course introduces the theory and methods of coaching basketball. Emphasis is placed on rules, game strategies, and selected techniques of coaching basketball. Upon completion, students should be able to demonstrate competent coaching skills in basketball. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 255 Coaching Football
Prerequisites: None
Corequisites: None
Component: None
This course introduces the theory and methods of coaching football. Emphasis is placed on rules, game strategies, and selected techniques of coaching football. Upon completion, students should be able to demonstrate competent coaching skills in football. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 256 Coaching Baseball
Prerequisites: None
Corequisites: None
Component: None
This course introduces the theory and methods of coaching baseball. Emphasis is placed on rules, game strategies, and selected techniques of coaching baseball. Upon completion, students should be able to demonstrate competent coaching skills in baseball. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PED 257 Coaching Soccer
Prerequisites: None
Corequisites: None
Component: None
This course introduces the theory and methods of coaching soccer. Emphasis is placed on rules, game strategies, and selected techniques of coaching soccer. Upon completion, students should be able to demonstrate competent coaching skills in soccer. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.
techniques of coaching soccer. Upon completion, students should be able to demonstrate competent coaching skills in soccer. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 259 Prevention & Care of Athletic Injuries**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides information on the prevention and care of athletic injuries. Topics include safety devices, taping, therapeutic techniques, and conditioning exercises. Upon completion, students should be able to demonstrate proper preventive measures and skills in caring for athletic injuries. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PED 260 Lifeguard Training**  
Prerequisites: PED 153  
Corequisites: None  
Component: None  
This course covers the skills, knowledge, and techniques of lifesaving and lifeguarding. Topics include identifying and minimizing aquatic hazards, recognizing and effectively rescuing people in distress, and developing safety skills. Upon completion, students should be able to demonstrate skills, knowledge, and techniques of lifesaving and lifeguarding to pass American Red Cross life-saving certification. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**PET 110 Introduction to PET**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the students to the Positron Emission Tomography profession. Topics include the history of the profession and the role of the PET technologist, medical ethics and legal issues, and department organizations. Upon completion, students should be able to demonstrate a basic understanding of the PET profession through computerized exams and projects.

**PET 112 PET Procedures**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course covers the procedures of Positron Emission Tomography. Topics include all relevant procedures related to PET imaging with an emphasis placed on oncology, neurology and cardiology. Upon completion, students should be able to demonstrate competence in PET procedures through computerized exams and projects.

limits of reason. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**PHI 230 Introduction to Logic**

*Prerequisites: ENG 111*  
*Corequisites: None*  
*Component: None*

This course introduces basic concepts and techniques for distinguishing between good and bad reasoning. Emphasis is placed on deduction, induction, validity, soundness, syllogisms, truth functions, predicate logic, analogical inference, common fallacies, and scientific methods. Upon completion, students should be able to analyze arguments, distinguish between deductive and inductive arguments, test validity, and appraise inductive reasoning. This course has been approved to satisfy the Comprehensive Articulation general education core requirement in humanities/ fine arts.

**PHI 240 Introduction to Ethics**

*Prerequisites: ENG 111*  
*Corequisites: None*  
*Component: None*

This course introduces theories about the nature and foundations of moral judgments and applications to contemporary moral issues. Emphasis is placed on utilitarianism, rule-based ethics, existentialism, relativism versus objectivism, and egoism. Upon completion, students should be able to apply various ethical theories to individual moral issues such as euthanasia, abortion, crime and punishment, and justice. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**PHM 110 Introduction to Pharmacy**

*Prerequisites: Departmental Approval*  
*Corequisites: None*  
*Component: None*

This course introduces pharmacy practice and the technician's role in a variety of pharmacy settings. Topics include medical terminology and abbreviations, drug delivery systems, law and ethics, prescription and medication orders, and the health care system. Upon completion, students should be able to explain the role of pharmacy technicians, read and interpret drug orders, describe quality assurance, and utilize pharmacy references.

**PHM 111 Pharmacy Practice I**

*Prerequisites: Departmental Approval*  
*Corequisites: PHM 110, PHM 115, and PHM 115A*  
*Component: None*

This course provides instruction in the technical procedures for preparing and dispensing drugs in the hospital and retail settings under supervision of a registered pharmacist. Topics include drug packaging and labeling, out-patient dispensing, hospital dispensing procedures, controlled substance procedures, inventory control, and non-sterile compounding. Upon completion, students should be able to perform basic supervised dispensing techniques in a variety of pharmacy settings.

**PHM 115 Pharmacy Calculations**

*Prerequisites: Departmental Approval*  
*Corequisites: None*  
*Component: None*

This course provides an introduction to the metric, avoirdupois, and apothecary systems of measurement and the calculations used in pharmacy practice. Topics include ratio and proportion, dosage determinations, percentage preparations, reducing and enlarging formulas, dilution and concentration, aliquots, specific gravity and density, and flow rates. Upon completion, students should be able to correctly perform calculations required to properly prepare a medication order.

**PHM 115A Pharmacy Calculations**

*Prerequisites: Department Approval*  
*Corequisites: None*  
*Component: None*

This course provides an opportunity to practice and perform calculations encountered in pharmacy practice. Emphasis is placed on ratio and proportion, dosage calculations, percentage, reduction/enlargement formulas, aliquots, flow rates, and specific gravity/density. Upon completion, students should be able to perform the calculations required to properly prepare a medication order.

**PHM 118 Sterile Products**

*Prerequisites: PHM 110, PHM 111, PHM 115, and PHM 115A*  
*Corequisites: PHM 120, PHM 136, and PHM 155*  
*Component: None*

This course provides an introduction to intravenous admixture preparation and other sterile products, including total parenteral nutrition and chemotherapy. Topics include aseptic techniques; facilities, equipment, and supplies utilized in admixture preparation; incompatibility and stability; laminar flow hoods; immunizations and irrigation solutions; and quality assurance. Upon completion, students should be able to describe and demonstrate the steps involved in preparation of intermittent and continuous infusions, total parenteral nutrition, and chemotherapy.

**PHM 120 Pharmacology I**

*Prerequisites: None*  
*Corequisites: None*  
*Component: None*

This course introduces the study of the properties, effects, and therapeutic value of the primary agents in the major drug categories. Topics include nutritional products, blood modifiers, hormones, diuretics, Cardiovascular agents, respiratory drugs, and gastrointestinal agents. Upon completion, students should be able to place major drugs into correct therapeutic categories and identify indications, side effects, and trade and generic names.
PHM 125 Pharmacology II
Prerequisites: PHM 120
Corequisites: None
Component: None
This course provides a continuation of the study of the properties, effects, and therapeutic value of the primary agents in the major drug categories. Topics include autonomic and central nervous system agents, anti-inflammatory agents, and anti-infective drugs. Upon completion, students should be able to place major drugs into correct therapeutic categories and identify indications, side effects, and trade and generic names.

PHM 132 Pharmacy Clinical
Prerequisites: PHM 136
Corequisites: PHM 125 and PHM 140
Component: None
This course provides an opportunity to work in pharmacy settings under a pharmacist’s supervision. Emphasis is placed on effective communication with personnel, developing proper employee attitude, and dispensing of medications. Upon completion, students should be able to demonstrate an understanding of pharmacy operations, utilize references, dispense medications, prepare patient charges, and efficiently operate computers.

PHM 136 Pharmacy Clinical
Prerequisites: PHM 110, PHM 111, PHM 115, and PHM 115A
Corequisites: PHM 118, PHM 120 and PHM 155
Component: None
This course provides an opportunity to work in pharmacy settings under a pharmacist’s supervision. Emphasis is placed on effective communication with personnel, developing proper employee attitude, and dispensing of medications. Upon completion, students should be able to demonstrate an understanding of pharmacy operations, utilize references, dispense medications, prepare patient charges, and efficiently operate computers.

PHM 140 Trends in Pharmacy
Prerequisites: PHM 136
Corequisites: PHM 125 and PHM 132
Component: None
This course covers the major issues, trends, and concepts in contemporary pharmacy practice. Topics include professional ethics, continuing education, job placement, and the latest developments in pharmacy technician practice. Upon completion, students should be able to demonstrate a basic knowledge of the topics discussed.

PHM 155 Community Pharmacy
Prerequisites: PHM 110, PHM 111, PHM 115, and PHM 115A
Corequisites: PHM 118, PHM 120, and PHM 136
Component: None
This course covers the operational procedures relating to retail pharmacy. Emphasis is placed on a general knowledge of over-the-counter products, prescription processing, business/inventory management, and specialty patient services. Upon completion, students should be able to provide technical assistance and support to the retail pharmacist.

PHM 165 Pharmacy Prof Practice
Prerequisites: None
Corequisites: None
Component: None
This course provides a general overview of all aspects of pharmacy technician practice. Emphasis is placed on pharmacy law, calculations, compounding, pharmacology, and pharmacy operations. Upon completion, students should be able to demonstrate competence in the areas required for the Pharmacy Technician Certification Examination.

PHS 110 Survey of Phys Science
Prerequisites: None
Corequisites: None
Component: None
This course introduces the physical environment with emphasis on the laws and physical concepts that impact the world and universe. Topics include astronomy, geology, meteorology, general chemistry, and general physics. Upon completion, students should be able to describe the forces and composition of the earth and universe. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PHS 121 Applied Physical Science I
Prerequisites: None
Corequisites: None
Component: None
This course introduces the general principles of physics and chemistry. Topics include measurement, motion, Newton’s laws of motion, momentum, energy, work, power, heat, thermodynamics, waves, sound, light, electricity, magnetism, and chemical principles. Upon completion, students should be able to demonstrate an understanding of the physical environment and be able to apply the scientific principles to observations experienced. approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PHS 122 Applied Physical Science II
Prerequisites: None
Corequisites: None
Component: None
This course introduces the principles of nuclear energy, modern physics, geology, oceanography, meteorology, and astronomy. Topics include nuclear chemistry, relativity, composition of the earth, geologic processes and time, ocean currents and tides, eroding beaches, climate, weather, atmospheric influences, and the solar system. Upon completion, students should be able to demonstrate an understanding of the physical environment and be able to apply the scientific principles to observations experienced. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Articulation Agreement pre-major and/or elective course requirement.

**PHS 130 Earth Science**

**Class:** 03  **Lab:** 02  **Clinic:** 00  **Credit:** 04

Prerequisites: None  
Corequisites: None  
Component: None

This course is a survey of the forces that impact the earth. Topics include geology, oceanography, and meteorology. Upon completion, students should be able to explain and identify the forces within, on, and around the earth as they influence the earth’s dynamics. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a pre-major and/or elective course requirement.

**PHS 140 Weather and Climate**

**Class:** 03  **Lab:** 00  **Clinic:** 00  **Credit:** 03

Prerequisites: None  
Corequisites: None  
Component: None

This course introduces the nature, origin, processes, and dynamics of the earth’s atmospheric environment. Topics include general weather patterns, climate, and ecological influences on the atmosphere. Upon completion, students should be able to demonstrate an understanding of weather formation, precipitation, storm patterns, and processes of atmospheric pollution. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PHY 110 Conceptual Physics**

**Class:** 03  **Lab:** 00  **Clinic:** 00  **Credit:** 03

Prerequisites: None  
Corequisites: None  
Component: None

This course provides a conceptually-based exposure to the fundamental principles and processes of the physical world. Topics include basic concepts of motion, forces, energy, heat, electricity, magnetism, and the structure of matter and the universe. Upon completion, students should be able to describe examples and applications of the principles studied. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**PHY 110A Conceptual Physics Lab**

**Class:** 00  **Lab:** 02  **Clinic:** 00  **Credit:** 01

Prerequisites: None  
Corequisites: PHY 110  
Component: None

This course is a laboratory for PHY 110. Emphasis is placed on laboratory experiences that enhance materials presented in PHY 110. Upon completion, students should be able to apply the laboratory experiences to the concepts presented in PHY 110. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**PHY 121 Applied Physics I**

**Class:** 03  **Lab:** 02  **Clinic:** 00  **Credit:** 04

Prerequisites: None  
Corequisites: None  
Component: None

This algebra-based course introduces fundamental physical concepts as applied to industrial and service technology fields. Topics include systems of units, problem-solving methods, graphical analyses, vectors, motion, forces, Newton’s laws of motion, work, energy, power, momentum, and properties of matter. Upon completion, students should be able to demonstrate an understanding of the principles studied as applied in industrial and service fields.

**PHY 122 Applied Physics II**

**Class:** 03  **Lab:** 02  **Clinic:** 00  **Credit:** 04

Prerequisites: None  
Corequisites: None  
Component: None

This algebra-based course introduces fundamental physical concepts as applied to industrial and service technology fields. Emphasis is placed on systems of units, problem-solving methods, graphical analysis, static electricity, AC and DC circuits, magnetism, transformers, AC and DC motors, and generators. Upon completion, students should be able to demonstrate an understanding of the principles studied as applied in industrial and service fields.

**PHY 125 Health Sciences Physics**

**Class:** 03  **Lab:** 02  **Clinic:** 00  **Credit:** 04

Prerequisites: None  
Corequisites: None  
Component: None

This course introduces fundamental physical principles as they apply to health technologies. Topics include motion, force, work, power, simple machines, and other topics as required by the students’ area of study. Upon completion, students should be able to demonstrate an understanding of the fundamental principles covered as they relate to practical applications in the health sciences.

**PHY 131 Physics-Mechanics**

**Class:** 03  **Lab:** 02  **Clinic:** 00  **Credit:** 04

Prerequisites: MAT 121, MAT 161, MAT 171 OR MAT 175  
Corequisites: None  
Component: None

This algebra/trigonometry-based course introduces fundamental physical concepts as applied to engineering technology fields. Topics include systems of units, problem-solving methods, graphical analysis, vectors, motion, forces, Newton’s laws of motion, work, energy, power, momentum, and properties of matter. Upon completion, students should be able to apply the principles studied to applications in engineering technology fields.

**PHY 132 Physics-Electricity & Magnetism**

**Class:** 03  **Lab:** 02  **Clinic:** 00  **Credit:** 04

Prerequisites: PHY 131  
Corequisites: None  
Component: None

This algebra/trigonometry-based course introduces fundamental physical concepts as applied to engineering technology fields. Topics include systems of units, problem-solving methods, graphical analysis, vectors, motion, forces, Newton’s laws of motion, work, energy, power, momentum, and properties of matter. Upon completion, students should be able to apply the principles studied to applications in engineering technology fields.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This algebra/trigonometry-based course is a study of fundamental physical concepts as applied to engineering technology fields. Topics include systems of units, problem-solving methods, graphical analysis, waves, electricity, magnetism, circuits, transformers, motors, and generators. Upon completion, students should be able to apply the principles studied to applications in engineering technology fields.

**PHY 151 College Physics I**

- Prerequisites: MAT 161, MAT 171 OR MAT 175
- Corequisites: None
- Component: None

This course uses algebra- and trigonometry-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include units and measurement, vectors, linear kinematics and dynamics, energy, power, momentum, fluid mechanics, and heat. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**PHY 152 College Physics II**

- Prerequisites: PHY 151
- Corequisites: None
- Component: None

This course uses algebra- and trigonometry-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include electrostatic forces, electric fields, electric potentials, direct-current circuits, magnetostatic forces, magnetic fields, electromagnetic induction, alternating-current circuits, and light. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**PHY 153 Modern Topics in Physics**

- Prerequisites: PHY 151
- Corequisites: None
- Component: None

This course uses algebra- and trigonometry-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include atomic structure, nuclear processes, natural and artificial radioactivity, basic quantum theory, and special relativity. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PHY 251 General Physics I**

- Prerequisites: MAT 271
- Corequisites: MAT 272
- Component: None

This course uses calculus-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include units and measurement, vector operations, linear kinematics and dynamics, energy, power, momentum, rotational mechanics, periodic motion, fluid mechanics, and heat. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**PHY 252 General Physics II**

- Prerequisites: MAT 272 and PHY 251
- Corequisites: None
- Component: None

This course uses calculus-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include electrostatic forces, electric fields, electric potentials, direct-current circuits, magnetostatic forces, magnetic fields, electromagnetic induction, alternating-current circuits, and light. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in natural sciences/mathematics.

**PHY 253 Modern Physics**

- Prerequisites: PHY 251
- Corequisites: None
- Component: None

This course uses calculus-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include atomic structure, nuclear processes, natural and artificial radioactivity, quantum theory, and special relativity. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a pre-major and/or elective course requirement. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PLU 110 Modern Plumbing**

- Prerequisites: None
- Corequisites: None
- Component: PLU 110AA, PLU 110BB

This course introduces the tools, equipment, and materials associated with the plumbing industry. Topics include safety, use and
care of tools, recognition and assembly of fittings and pipes, and other related topics. Upon completion, students should be able to safely assemble various pipes and fittings in accordance with state code requirements. Prerequisites.

PLU 120 Plumbing Applications 04 15 00 09
Prerequisites: None
Corequisites: None
Component: None
This course covers general plumbing layout, fixtures, and water heaters. Topics include drainage, waste and vent pipes, water service and distribution, fixture installation, water heaters, and other related topics. Upon completion, students should be able to safely install common fixtures and systems in compliance with state and local building codes.

PLU 130 Plumbing Systems 03 09 00 06
Prerequisites: None
Corequisites: None
Component: None
This course covers the maintenance and repair of plumbing lines and fixtures. Emphasis is placed on identifying and diagnosing problems related to water, drain and vent lines, water heaters, and plumbing fixtures. Upon completion, students should be able to identify and diagnose needed repairs to the plumbing system.

PLU 140 Introduction to Plumbing Codes 01 02 00 02
Prerequisites: None
Corequisites: None
Component: None
This course covers plumbing industry codes and regulations. Emphasis is placed on North Carolina regulations and the minimum requirements for plumbing materials and design. Upon completion, students should be able to research and interpret North Carolina plumbing codes.

PLU 150 Plumbing Diagrams 01 02 00 02
Prerequisites: PLU 110
Corequisites: None
Component: None
This course introduces sketching diagrams and interpretation of blueprints applicable to the plumbing trades. Emphasis is placed on plumbing plans for domestic and/or commercial buildings. Upon completion, students should be able to sketch plumbing diagrams applicable to the plumbing trades.

POL 110 Introduction to Political Science 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces basic political concepts used by governments and addresses a wide range of political issues. Topics include political theory, ideologies, legitimacy, and sovereignty in democratic and non-democratic systems. Upon completion, students should be able to discuss a variety of issues inherent in all political systems and draw logical conclusions in evaluating these systems. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

POL 120 American Government 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is a study of the origins, development, structure, and functions of American national government. Topics include the constitutional framework, federalism, the three branches of government including the bureaucracy, civil rights and liberties, political participation and behavior, and policy formation. Upon completion, students should be able to demonstrate an understanding of the basic concepts and participatory processes of the American political system. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

POL 130 State & Local Government 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course includes state and local political institutions and practices in the context of American federalism. Emphasis is placed on procedural and policy differences as well as political issues in state, regional, and local governments of North Carolina. Upon completion, students should be able to identify and discuss various problems associated with intergovernmental politics and their effect on the community and the individual. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

POL 210 Comparative Government 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides a cross-national perspective on the government and politics of contemporary nations such as Great Britain, France, Germany, and Russia. Topics include each country’s historical uniqueness, key institutions, attitudes and ideologies, patterns of interaction, and current political problems. Upon completion, students should be able to identify and compare various nations’ governmental structures, processes, ideologies, and capacity to resolve major problems. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

Refer to the FTCC website for the most current information. Go to www.faytechncc.edu and click on College Catalog.
POL 220 International Relations 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides a study of the effects of ideologies, trade, armaments, and alliances on relations among nation-states. Emphasis is placed on regional and global cooperation and conflict, economic development, trade, non-governmental organizations, and international institutions such as the World Court and UN. Upon completion, students should be able to identify and discuss major international relationships, institutions, and problems. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

POR 111 Elementary Portuguese I 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamental elements of the Portuguese language within a cultural context. Emphasis is placed on the development of basic listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written Portuguese and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

POR 112 Elementary Portuguese II 03 00 00 03
Prerequisites: POR 111
Corequisites: None
Component: None
This course is a continuation of POR 111 focusing on the fundamental elements of the Portuguese language within a cultural context. Emphasis is placed on the progressive development of listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written Portuguese and demonstrate further cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

POR 211 Intermediate Portuguese I 03 00 00 03
Prerequisites: POR 112
Corequisites: None
Component: None
This course provides a review and expansion of the essential skills of the Portuguese language. Emphasis is placed on the study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

POR 212 Intermediate Portuguese II 03 00 00 03
Prerequisites: POR 211
Corequisites: None
Component: None
This course provides a continuation of POR 211. Emphasis is placed on the continuing study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

POS 110 POS History & Organization 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the history and organization of the US Postal Service. Topics include postal service history, policies, philosophies, regulations, rules, and organization. Upon completion, students should be able to explain the history and organization of the US Postal Service.

POS 115 Processing and Distribution 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the steps involved in reviewing, processing, and dispatching all classes and types of mail. Topics include quality control, platform operation, dispatch discipline, automation and mechanization, mail flow, manual operations, mail preparation, and premium service. Upon completion, students should be able to explain the flow of mail from sender to receiver and the importance of service standards.

POS 120 Postal Operations Support 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers in-plant support and customer services operations program support. Topics include quality improvement, address management systems, transportation and networks, delivery services, mail processing, bar coding, and automation sort plans. Upon completion, students should be able to explain postal mechanization, machine distribution, operational planning, budgeting, and functional coordination with customer services.

POS 125 Postal Delivery/Collection 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is an in-depth study of delivery, collection, and Function-Four review. Topics include carrier responsibilities, de-
livery and collection rules, time keeping, equipment and supplies, mail count and route inspection, parcel post, and Function-Four review. Upon completion, students should be able to explain the duties and skills required in the carrier crafts, the management of delivery services, and staffing and scheduling audits.

**POS 130 POS Support & Finance** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers information and procedures necessary to administer financial control of post offices. Topics include protecting funds and accountable paper, recording receipts and disbursements, verifying accountability, postal service reports, and controlling receipts and receipt forms. Upon completion, students should be able to explain postal revenue receipt and control, budgeting, financial accounting/reporting, time keeping, travel regulations, and administrative services.

**POS 135 Officer-in-Charge Training** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course covers the duties of a window clerk. Topics include window services, image and customer relations, one-on-one selling, postage meters, mail classifications, claims and inquiry, and daily financial reporting. Upon completion, students should be able to explain effective customer relations, retailing postal products, professional window service operations, and the duties of customer service representatives.

**PSY 101 Applied Psychology** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic principles of psychology as they apply to daily life. Topics include perception, emotions, motivation, adjustment, behavior management, communication, and related topics that promote growth and development on the job and in one’s personal life. Upon completion, students should be able to apply the principles learned in this class to everyday living. This course is intended for certificate and diploma programs.

**PSY 110 Life Span Development** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides an introduction to the study of human growth and development. Emphasis is placed on the physical, cognitive, and psychosocial aspects of development from conception to death. Upon completion, students should be able to demonstrate knowledge of development across the life span and apply this knowledge to their specific field of study.

**PSY 118 Interpersonal Psychology**
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic principles of psychology as they relate to personal and professional development. Emphasis is placed on personality traits, communication/leadership styles, effective problem solving, and cultural diversity as they apply to personal and work environments. Upon completion, students should be able to demonstrate an understanding of these principles of psychology as they apply to personal and professional development.

**PSY 141 Psychology of Death and Dying** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course presents psychological perspectives on death and dying. Topics include the culturally diverse aspects of death and the grieving process, adjustment mechanisms, interventions, and the psychological and ethical dimensions of death and dying. Upon completion, students should be able to demonstrate an understanding of the psychosocial aspects of death and dying.

**PSY 150 General Psychology** 03 00 00 03
Prerequisites: ENG 090 and ENG 090A; RED 090 or Placement Test Credit Equivalent
Corequisites: None
Component: None
This course provides an overview of the scientific study of human behavior. Topics include history, methodology, biopsychology, sensation, perception, learning, motivation, cognition, abnormal behavior, personality theory, social psychology, and other relevant topics. Upon completion, students should be able to demonstrate a basic knowledge of the science of psychology. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

**PSY 211 Psychology of Adjustment** 03 00 00 03
Prerequisites: PSY 150
Corequisites: None
Component: None
This course introduces the study of the adjustment process focusing on contemporary challenges individuals must deal with in everyday life. Topics include theories of behavior, career choices, self-understanding, coping mechanisms, human relationships, intimacy, sociocultural factors influencing healthy personal adjustment, and other related topics. Upon completion, students should be able to demonstrate an awareness of the processes of adjustment. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
PSY 237 Social Psychology 03 00 00 03
Prerequisites: PSY 150 or SOC 210
Corequisites: None
Component: None
This course introduces the study of individual behavior within social contexts. Topics include affiliation, attitude formation and change, conformity, altruism, aggression, attribution, interpersonal attraction, and group behavior. Upon completion, students should be able to demonstrate an understanding of the basic principles of social influences on behavior. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

PSY 239 Psychology of Personality 03 00 00 03
Prerequisites: PSY 150
Corequisites: None
Component: None
This course covers major personality theories and personality research methods. Topics include psychoanalytic, behavioristic, social learning, cognitive, humanistic, and trait theories including supporting research. Upon completion, students should be able to compare and contrast traditional and contemporary approaches to the understanding of individual differences in human behavior. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

PSY 241 Developmental Psychology 03 00 00 03
Prerequisites: PSY 150
Corequisites: None
Component: None
This course is a study of human growth and development. Emphasis is placed on major theories and perspectives as they relate to the physical, cognitive, and psychosocial aspects of development from conception to death. Upon completion, students should be able to demonstrate knowledge of development across the life span. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

PSY 243 Child Psychology 03 00 00 03
Prerequisites: PSY 150
Corequisites: None
Component: None
This course provides an overview of physical, cognitive, and psychosocial development from conception through adolescence. Topics include theories and research, interaction of biological and environmental factors, language development, learning and cognitive processes, social relations, and moral development. Upon completion, students should be able to identify typical and atypical childhood behavior patterns as well as appropriate strategies for interacting with children. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PSY 246 Adolescent Psychology 03 00 00 03
Prerequisites: PSY 150
Corequisites: None
Component: None
This course provides an overview of the behavior patterns, life changes, and social issues that accompany the developmental stage of adolescence. Topics include developmental theories; physical, cognitive and psychosocial growth; transitions to young adulthood; and sociocultural factors that influence adolescent roles in home, school and community. Upon completion, students should be able to identify typical and atypical adolescent behavior patterns as well as appropriate strategies for interacting with adolescents. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PSY 247 Psychology of Adulthood 03 00 00 03
Prerequisites: PSY 150
Corequisites: None
Component: None
This course examines the major theories and patterns of adult development from young adulthood to late adulthood. Topics include physical, cognitive, and psychosocial changes with an emphasis on relationships, family patterns, work roles, community interactions, and the challenges of each stage of adulthood. Upon completion, students should be able to demonstrate a knowledge of adult development and an ability to apply this knowledge to their own lives. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PSY 249 Psychology of Aging 03 00 00 03
Prerequisites: PSY 150
Corequisites: None
Component: None
This course covers the particular needs and behaviors of the maturing adult. Emphasis is placed on psychosocial processes; biological and intellectual aspects of aging; adjustments to retirement, dying, bereavement; and the stereotypes and misconceptions concerning the elderly. Upon completion, students should be able to show an understanding of the psychological factors related to the aging process. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

PSY 255 Introduction to Exceptionality 03 00 00 03
Prerequisites: PSY 150
Corequisites: None
Component: None
This course introduces the psychology of the exceptional person. Topics include theoretical perspectives, terminology, and interventions pertaining to various handicapping conditions as well as

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
the resulting psychosocial adjustments. Upon completion, students should be able to demonstrate a basic understanding of the potentials and limitations of the exceptional person.

**PSY 259 Human Sexuality**

Prerequisites: PSY 150  
Corequisites: None  
Component: None  
This course provides the biological, psychological, and sociocultural aspects of human sexuality and related research. Topics include reproductive biology, sexual and psychosexual development, sexual orientation, contraception, sexually transmitted diseases, sexual disorders, theories of sexuality, and related issues. Upon completion, students should be able to demonstrate an overall knowledge and understanding of human sexuality. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PSY 263 Educational Psychology**

Prerequisites: PSY 150  
Corequisites: None  
Component: None  
This course examines the application of psychological theories and principles to the educational process and setting. Topics include learning and cognitive theories, achievement motivation, teaching and learning styles, teacher and learner roles, assessment, and developmental issues. Upon completion, students should be able to demonstrate an understanding of the application of psychological theory to educational practice. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PSY 265 Behavioral Modification**

Prerequisites: PSY 150  
Corequisites: None  
Component: None  
This course is an applied study of factors influencing human behavior and strategies for behavioral change. Emphasis is placed on cognitive-behavioral theory, behavioral assessment, practical applications of conditioning techniques, and maintenance of adaptive behavior patterns. Upon completion, students should be able to implement basic learning principles to effect behavioral changes in self and others.

**PSY 271 Sports Psychology**

Prerequisites: PSY 150  
Corequisites: None  
Component: None  
This course provides an overview of the field of sports and exercise psychology. Topics include concentration, goal setting, arousal level, exercise psychology, mental imagery, confidence, and other issues related to sport and exercise performance. Upon completion, students should be able to demonstrate a knowledge of psychological factors involved in sport and exercise. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PSY 275 Health Psychology**

Prerequisites: PSY 150  
Corequisites: None  
Component: None  
This course covers the biopsychosocial dynamics of stress and the maintenance of good health. Topics include enhancing health and well-being, stress management, lifestyle choices and attitudes, the mind-body relationship, nutrition, exercise, and fitness. Upon completion, students should be able to demonstrate an understanding of the psychological factors related to health and well-being. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**PSY 281 Abnormal Psychology**

Prerequisites: PSY 150  
Corequisites: None  
Component: None  
This course provides an examination of the various psychological disorders, as well as theoretical, clinical, and experimental perspectives of the study of psychopathology. Emphasis is placed on terminology, classification, etiology, assessment, and treatment of the major disorders. Upon completion, students should be able to distinguish between normal and abnormal behavior patterns as well as demonstrate knowledge of etiology, symptoms, and therapeutic techniques. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

**PTA 110 Introduction to Physical Therapy**

Prerequisites: Departmental Approval  
Corequisites: PHY 125 and PTA 130  
Component: None  
This course introduces the field of physical therapy including the history and standards of practice for the physical therapist assistant and basic treatment techniques. Emphasis is placed on ethical and legal considerations, universal precautions, vital signs, documentation, basic patient preparation and treatment skills, and architectural barrier screening. Upon completion, students should be able to explain the role of the physical therapist assistant and demonstrate competence in basic techniques of patient care.

**PTA 120 Functional Anatomy**

Prerequisites: PTA 110  
Corequisites: PTA 140 and PTA 150  
Component: None  
This course provides an organized study of anatomy and kinesiology. Emphasis is placed on the integration of structure and function of the skeletal, articular, muscular, nervous, and circulatory systems to include gait analysis. Upon completion, students should
should be able to describe the components and demonstrate function of these systems as applied to physical therapy.

**PTA 130 Physical Therapy Procedures I**

Corequisites: None
Component: PTA 180AA, PTA 180BB
This course introduces the physical therapy clinic in planned learning experiences and practice under supervision. Emphasis is placed on reinforcement of learned skills in direct patient care and communication. Upon completion, students should be able to demonstrate satisfactory performance in learned patient care skills, communication activities, and professional behaviors. PTA 180A must be completed satisfactorily before registering for PTA 180B.

**PTA 212 Health Care/Resources**

Prerequisites: Departmental Approval
Corequisites: All courses required: RAD 110 and RAD 111
Component: None

This course introduces patient management and basic radiographic procedures in the clinical setting. Emphasis is placed on mastering positioning of the chest and extremities, manipulating equipment, and applying principles of ALARA. Upon completion, students should be able to demonstrate successful completion of clinical objectives.
Course Descriptions

RAD 161 RAD Clinical Ed II  00 00 15 05
Prerequisites: All courses required: RAD 110, RAD 111 and RAD 151
Corequisites: RAD 112 and RAD 121
Component: None
This course provides additional experience in patient management and in more complex radiographic procedures. Emphasis is placed on mastering positioning of the spine, pelvis, head and neck, and thorax and adapting procedures to meet patient variations. Upon completion, students should be able to demonstrate successful completion of clinical objectives.

RAD 171 RAD Clinical Ed III  00 00 12 04
Prerequisites: All courses required: RAD 112, RAD 121 and RAD 161
Corequisites: RAD 122 and RAD 131
Component: None
This course provides experience in patient management specific to fluoroscopic and advanced radiographic procedures. Emphasis is placed on applying appropriate technical factors to all studies and mastering positioning of gastrointestinal and urological studies. Upon completion, students should be able to demonstrate successful completion of clinical objectives.

RAD 211 RAD Procedures III  02 03 00 03
Prerequisites: RAD 122
Corequisites: All courses required: RAD 121, RAD 231, RAD 241 and RAD 251
Component: None
This course provides the knowledge and skills necessary to perform standard and specialty radiographic procedures. Emphasis is placed on radiographic specialty procedures, pathology, and advanced imaging. Upon completion, students should be able to demonstrate competence in these areas.

RAD 231 Radiographic Physics II  01 03 00 02
Prerequisites: RAD 171 or RAD 131
Corequisites: None
Component: None
This course continues the study of physics that underlie diagnostic X-ray production and radiographic and fluoroscopic equipment. Topics include X-ray production, electromagnetic interactions with matter, X-ray devices, equipment circuitry, targets, filtration, and dosimetry. Upon completion, students should be able to demonstrate an understanding of the application of physical concepts as related to image production.

RAD 241 Radiation Protection  02 00 00 02
Prerequisites: All courses required: RAD 122, RAD 131 and RAD 171
Corequisites: All courses required: RAD 211, RAD 231 and RAD 251
Component: None
This course covers the principles of radiation protection and radio-biology. Topics include the effects of ionizing radiation on body tissues, protective measures for limiting exposure to the patient and personnel, and radiation monitoring devices. Upon completion, students should be able to demonstrate an understanding of the effects and uses of radiation in diagnostic radiology.

RAD 245 Radiographic Analysis  02 03 00 03
Prerequisites: RAD 211, RAD 231, RAD 241, and RAD 251
Corequisites: RAD 261
Component: None
This course provides an overview of imaging concepts and introduces methods of quality assurance. Topics include a systematic approach for image evaluation and analysis of imaging service and quality assurance. Upon completion, students should be able to establish and administer a quality assurance program and conduct a critical review of images.

RAD 251 RAD Clinical Ed IV  00 00 21 07
Prerequisites: All courses required: AD 122, RAD 131, RAD 171
Corequisites: All courses required: RAD 211, RAD 231, RAD 241
Component: None
This course provides the opportunity to continue mastering all basic radiographic procedures and to attain experience in advanced areas. Emphasis is placed on equipment operation, pathological recognition, pediatric and geriatric variations, and a further awareness of radiation protection requirements. Upon completion, students should be able to demonstrate successful completion of clinical objectives.

RAD 261 RAD Clinical Ed V  00 00 21 07
Prerequisites: RAD 251
Corequisites: All courses required: RAD 245, RAD 281
Component: None
This course is designed to enhance expertise in all radiographic procedures, patient management, radiation protection, and image production and evaluation. Emphasis is placed on developing an autonomous approach to the diversity of clinical situations and successfully adapting to those procedures. Upon completion, students should be able to demonstrate successful completion of clinical objectives.

RAD 271 Radiography Capstone  00 03 00 01
Prerequisites: RAD 211, RAD 231, RAD 241, RAD 251
Corequisites: RAD 245, RAD 261
Component: None
This course provides an opportunity to exhibit problem-solving skills required for certification. Emphasis is placed on critical thinking and integration of didactic and clinical components. Upon completion, students should be able to demonstrate the knowledge required of any entry-level radiographer.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
RAD 281 RAD Clinical Elective  
Prerequisites: Department Approval  
Corequisites: All courses required: RAD 245, RAD 261  
Component: None  
This course provides advanced knowledge of clinical applications. Emphasis is placed on enhancing clinical skills. Upon completion, students should be able to successfully complete the clinical course objectives.

RCP 110 Introduction to Respiratory Care  
Prerequisites: Departmental Approval  
Corequisites: None  
Component: None  
This course introduces the respiratory care profession. Topics include the role of the respiratory care practitioner, medical gas administration, basic patient assessment, infection control, and medical terminology. Upon completion, students should be able to demonstrate competence in concepts and procedures through written and laboratory evaluations.

RCP 111 Therapeutics/Diagnostics  
Prerequisites: RCP 110  
Corequisites: None  
Component: None  
This course is a continuation of RCP 110. Emphasis is placed on entry-level therapeutic and diagnostic procedures used in respiratory care. Upon completion, students should be able to demonstrate competence in concepts and procedures through written and laboratory evaluations.

RCP 113 RCP Pharmacology  
Prerequisites: None  
Corequisites: RCP 110  
Component: None  
This course covers the drugs used in the treatment of cardiopulmonary diseases. Emphasis is placed on the uses, actions, indications, administration, and hazards of pharmacological agents. Upon completion, students should be able to demonstrate competence though written evaluations.

RCP 114 C-P Anatomy & Physiology  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides a concentrated study of cardiopulmonary anatomy and physiology essential to the practice of respiratory care. Emphasis is placed on cardiovascular and pulmonary physiology, acid/base balance, and blood gas interpretation. Upon completion, students should be able to demonstrate competence in these concepts through written evaluation.

RCP 115 C-P Pathophysiology  
Prerequisites: BIO 163  
Corequisites: None  
Component: None  
This course includes advanced information gathering and decision making for the respiratory care professional. Topics include clinical applications.
advanced cardiac monitoring and special procedures. Upon completion, students should be able to evaluate, design, and recommend appropriate care plans through written and laboratory evaluations.

**RCP 214 Neonatal/Pediatric RC** 01 03 00 02
Prerequisites: RCP 111
Corequisites: None
Component: None
This course provides in-depth coverage of the concepts of neonatal and pediatric respiratory care. Emphasis is placed on neonatal and pediatric pathophysiology and on the special therapeutic needs of neonates and children. Upon completion, students should be able to demonstrate competence in these concepts through written and laboratory evaluations.

**RCP 215 Career Prep-Adv Level** 00 03 00 01
Prerequisites: None
Corequisites: None
Component: None
This course provides preparation for employment and the advanced-level practitioner credentialing exam. Emphasis is placed on review of the NBRC Advanced-Level Practitioner Exam and supervision and management. Upon completion, students should be able to successfully complete the appropriate self-assessment examinations and meet the requirements for employment.

**RCP 223 Special Practice Lab** 00 03 00 01
Prerequisites: RCP 111
Corequisites: None
Component: None
This course provides additional laboratory learning opportunities in respiratory care. Emphasis is placed on therapeutic procedures and equipment management. Upon completion, students should be able to demonstrate competence in concepts and procedures through laboratory evaluations. This course provides entry level skills in adult mechanical ventilation.

**RCP 236 RCP Clinical Practice IV** 00 00 18 06
Prerequisites: RCP 111
Corequisites: RCP 210
Component: None
This course provides advanced practitioner clinical experience. Emphasis is placed on therapeutic and diagnostic patient care. Upon completion, students should be able to demonstrate clinical competence in required performance evaluations.

**RED 080 Introduction to College Reading** 03 02 00 04
Prerequisites: RCP 210 or Placement Test Credit Equivalent
Corequisites: None
Component: None
This course introduces effective reading and inferential thinking skills in preparation for RED 090. Emphasis is placed on vocabulary, comprehension, and reading strategies. Upon completion, students should be able to determine main ideas and supporting details, recognize basic patterns of organization, draw conclusions, and understand vocabulary in context.

**REL 110 World Religions** 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the world’s major religious traditions. Topics include Primal religions, Hinduism, Buddhism, Islam, Judaism, and Christianity. Upon completion, students should be able to identify the origins, history, beliefs, and practices of the religions studied. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core competence in required performance evaluations.
REL 111 Eastern Religions
Prerequisites: None
Corequisites: None
Component: None
This course introduces the major Asian religious traditions. Topics include Hinduism, Buddhism, Taoism, Confucianism, and Shinto. Upon completion, students should be able to identify the origins, history, beliefs, and practices of the religions studied. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

REL 112 Western Religions
Prerequisites: None
Corequisites: None
Component: None
This course introduces the major western religious traditions. Topics include Zoroastrianism, Islam, Judaism, and Christianity. Upon completion, students should be able to identify the origins, history, beliefs, and practices of the religions studied. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

REL 211 Introduction to Old Testament
Prerequisites: None
Corequisites: None
Component: None
This course is a survey of the literature of the Hebrews with readings from the law, prophets, and other writings. Emphasis is placed on the use of literary, historical, archeological, and cultural analysis. Upon completion, students should be able to use the tools of critical analysis to read and understand Old Testament literature. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

REL 212 Introduction to New Testament
Prerequisites: None
Corequisites: None
Component: None
This course is a survey of the literature of first-century Christianity with readings from the gospels, Acts, and the Pauline and pastoral letters. Topics include the literary structure, audience, and religious perspective of the writings, as well as the historical and cultural context of the early Christian community. Upon completion, students should be able to use the tools of critical analysis to read and understand New Testament literature. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

REL 221 Religion in America
Prerequisites: None
Corequisites: None
Component: None
This course is an examination of religious beliefs and practice in the United States. Emphasis is placed on mainstream religious traditions and non-traditional religious movements from the Colonial period to the present. Upon completion, students should be able to recognize and appreciate the diversity of religious traditions in America. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

RUS 111 Elementary Russian I
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamental elements of the Russian language within a cultural context. Emphasis is placed on the development of basic listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written Russian and to demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

RUS 112 Elementary Russian II
Prerequisites: RUS 111
Corequisites: None
Component: None
This course is a continuation of RUS 111 focusing on the fundamental elements of the Russian language within a cultural context. Emphasis is placed on the progressive development of listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written Russian and to demonstrate further cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

RUS 181 Russian Lab 1
Prerequisites: None
Corequisites: None
Component: None
This course is a continuation of RUS 111 focusing on the fundamental elements of the Russian language within a cultural context. Emphasis is placed on the progressive development of listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written Russian and to demonstrate further cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
### Course Descriptions

**RUS 182 Russian Lab 2**

- **Prerequisites:** RUS 181
- **Corequisites:** None
- **Component:** None

This course provides an opportunity to enhance acquisition of the fundamental elements of the Russian language. Emphasis is placed on the progressive development of basic listening, speaking, reading, and writing skills through the use of various supplementary learning media and materials. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written Russian and to demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**RUS 211 Intermediate Russian I**

- **Prerequisites:** RUS 112
- **Corequisites:** None
- **Component:** None

This course provides a review and expansion of the essential skills of the Russian language. Emphasis is placed on the study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**RUS 212 Intermediate Russian II**

- **Prerequisites:** RUS 211
- **Corequisites:** None
- **Component:** None

This course provides a continuation of RUS 211. Emphasis is placed on the continuing study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**RUS 221 Russian Conversation**

- **Prerequisites:** RUS 212
- **Corequisites:** None
- **Component:** None

This course provides an opportunity for intensive communication in spoken Russian. Emphasis is placed on vocabulary acquisition and interactive communication through the discussion of media materials and authentic texts. Upon completion, students should be able to discuss selected topics, to express ideas and opinions clearly, and to engage in formal and informal conversations. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**SEC 110 Security Concepts**

- **Prerequisites:** None
- **Corequisites:** None
- **Component:** None

This course introduces the concepts and issues related to securing information systems and the development of policies to implement information security controls. Topics include the historical view of networking and security, security issues, trends, security resources, and the role of policy, people, and processes in information security. Upon completion, students should be able to identify information security risks, create an information security policy, and identify processes to implement and enforce policy.

**SEC 150 Secure Communications**

- **Prerequisites:** SEC 110 and NET 110 or NET 125
- **Corequisites:** None
- **Component:** None

This course provides an overview of current technologies used to provide secure transport of information across networks. Topics include data integrity through encryption, Virtual Private Networks, SSL, SSH, and IPSec. Upon completion, students should be able to implement secure data transmission technologies.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
SEC 160 Secure Admin I  02 02 00 03
Prerequisites: SEC 110 and NET 110 or NET 125
Corequisites: None
Component: None
This course provides an overview of security administration and fundamentals of designing security architectures. Topics include networking technologies, TCP/IP concepts, protocols, network traffic analysis, monitoring, and security best practices. Upon completion, students should be able to identify normal network traffic using network analysis tools and design basic security defenses.

SEC 210 Intrusion Detection  02 02 00 03
Prerequisites: SEC 160
Corequisites: None
Component: None
This course introduces the student to intrusion detection methods in use today. Topics include the types of intrusion detection products, traffic analysis, and planning and placement of intrusion detection solutions. Upon completion, students should be able to plan and implement intrusion detection solution for networks and host based systems.

SEC 220 Defense-In-Depth  02 02 00 03
Prerequisites: None
Corequisites: SEC 160
Component: None
This course introduces students to the concepts of defense in-depth, a security industry best practice. Topics include firewalls, backup systems, redundant systems, disaster recovery, and incident handling. Upon completion, students should be able to plan effective information security defenses, backup systems, and disaster recovery procedures. This course is restricted to the Information Systems Security, the Information Systems Security/Operating Systems, and the Information Systems Security/Security Hardware curriculums.

SEC 240 Wireless Security  02 02 00 03
Prerequisites: SEC 110 and NET 175
Corequisites: None
Component: None
This course introduces security principles and topics related to the wireless networking environment. Topics include network topologies, network protocols, security issues, and best practices for wireless environments. Upon completion, students should be able to design, setup, manage, and secure a wireless network.

SEC 289 Security Capstone Project  01 04 00 03
Prerequisites: SEC 220
Corequisites: None
Component: None
This course provides the student the opportunity to put into practice all the skills learned to this point. Emphasis is placed on security policy, process planning, procedure definition, business continuity, and systems security architecture. Upon completion, students should be able to design and implement comprehensive information security architecture from the planning and design phase through implementation. This course is restricted to the Information Systems Security, the Information Systems Security/Operating Systems, and the Information Systems Security/Security Hardware curriculums.

SEL 191 Selected Topics in Security  00 02 00 01
Prerequisites: None
Corequisites: None
Component: None
This course provides an opportunity to explore areas of current interest in specific program or discipline areas. Emphasis is placed on subject matter appropriate to the program or discipline. Upon completion, students should be able to demonstrate an understanding of the specific area of study.

SGD 111 Introduction to SGD  02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides students with an introduction to simulation and game development. Topics include setting, storytelling, narrative, character design, interface design, game play, internal economy, core mechanics, game genres, AI, the psychology of game design and professionalism. Upon completion, students should be able to demonstrate knowledge of the major aspects of simulation and game design and development.

SGD 112 SGD Design  02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamentals of simulation and game design. Topics include industry standards and design elements for simulations and games. Upon completion, students should be able to design simple simulations and/or games.

SGD 113 SGD Programming  02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the fundamentals of programming languages and tools employed in simulation and game development. Emphasis is placed on programming concepts used to create simulations and games. Upon completion, students should be able to program simple games and/or simulations.

SGD 114 3D Modeling  02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the tools required to create three dimensional (3D) models. Emphasis is placed on exploring tools used to create 3D models. Upon completion, students should be able to...
create and animate 3D models using 3D modeling tools.

SGD 125 SG Artificial Intellig 02 03 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the artificial intelligence concepts related to simulation and game development. Emphasis is placed on expert systems. Upon completion, students should be able to describe the basic concepts and procedures related to the development of artificial intelligence systems used in simulations and games.

SGD 158 SGD Business Management 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the business side of the interactive game industry. Emphasis will be placed on licenses, serious games, psychological profiling, publisher/developer relations, and contract negotiation skills. Upon completion, students should be able to understand how a game evolves from concept to the customer.

SGD 163 SG Documentation 02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the techniques and methods used to create simulation and game production and design documents. Emphasis is placed on the design document to include scheduling, production plans, marketing and budgeting. Upon completion, students should be able to create design and produce documents for any simulation or game.

SGD 172 Virtual SG Environments 02 03 00 03
Prerequisites: SGD 114
Corequisites: SGD 113
Component: None
This course covers the use of virtual reality tools and techniques in simulation and game development. Emphasis is placed on acquiring the skills necessary to create scalable virtual characters and environments for use in simulations and games. Upon completion, students should be able to create a simple game or simulation in a virtual environment.

SGD 193 Selected Topics in SGD 01 04 00 03
Prerequisites: None
Corequisites: None
Component: None
This course provides an opportunity to explore areas of current interest in specific program or discipline areas. Emphasis is placed on subject matter appropriate to the program or discipline. Upon completion, students should be able to demonstrate an understanding of the specific area of study. Capsule course where students working in teams will use the skills learned in the first four courses to build an interactive 3-D object.

SGD 212 SGD Design II 02 02 00 03
Prerequisites: SGD 112
Corequisites: None
Component: None
The course covers the advanced principles of simulation and game design. Topics include advanced design concepts in simulation and game development. Upon completion, students should be able to design an advanced simulation or game.

SGD 214 3D Modeling II 02 03 00 03
Prerequisites: SGD-114
Corequisites: None
Component: None
This course introduces the tools used to create and animate advanced 3 dimensional models. Emphasis is placed on identifying and utilizing the tools required to create and animate advanced 3D models. Upon completion, students should be able to create and animate advanced 3D models using 3D modeling tools.

SLP 111 Ethics and Standards for SLP’s 03 00 00 03
Prerequisites: Departmental Approval
Corequisites: None
Component: None
This course provides an overview of the theory, practice, and philosophy of speech-language pathology assisting. Topics include legal and ethical issues, scope of practice, multiculturalism, and diversity. Upon completion, students should be able to describe characteristics of the profession and identify components of safe and ethical practice.

SLP 112 SLP Anatomy & Physiology 03 00 00 03
Prerequisites: Departmental approval and a set of courses is required: BIO 163 or BIO 169
Corequisites: SLP 130 and SLP 140
Component: None
This course introduces the basic pathophysiology of the orofacial and thoracic structures of the human body. Emphasis is placed on the most commonly treated speech, language, and hearing disorders. Upon completion, students should be able to identify and describe basic pathophysiology related to the production of speech and hearing.

SLP 120 SLP Administrative Procedures and Management 02 00 00 02
Prerequisites: None
Corequisites: None
Component: None
This course covers organizational and functional skills appropriate to the speech-language pathology workplace. Emphasis is placed on scheduling, office etiquette, operation of office equipment, time management, and quality issues. Upon completion,
students should be able to demonstrate correct operation of office equipment and work cooperatively and effectively within the speech-language pathology professional environment.

**SLP 130 Phonetics/Speech Patterns** 02 02 00 03  
Prerequisites: Department Approval  
Corequisites: SLP 112 and SLP 140  
Component: None  
This course introduces the International Phonetic Alphabet and the categories of speech sounds, including voice, place, and manner of production. Emphasis is placed on the accurate transcription of normal and abnormal speech samples using the IPA and on the production of effective natural speech. Upon completion, students should be able to transcribe and categorize speech sounds and produce natural speech using appropriate breathing, articulation, and pronunciation.

**SLP 140 Normal Communication** 03 00 00 03  
Prerequisites: Departmental Approval  
Corequisites: None  
Component: None  
This course introduces normal verbal and non-verbal communications across the life span, including appropriate social interaction with diverse populations. Topics include normal speech, language, and hearing in a multicultural society and an introduction to screening for normality and abnormality. Upon completion, students should be able to identify normal speech, language, and hearing patterns.

**SLP 211 Developmental Disorders** 03 02 00 04  
Prerequisites: All courses required: SLP 111, SLP 130 and SLP 140  
Corequisites: All courses required: ASL 111, SLP 120 and SLP 212  
Component: None  
This course covers screening for speech, language, and hearing disorders; use of observational checklists; and administration of therapeutic protocols. Emphasis is placed on conditions commonly treated in speech-language pathology. Upon completion, students should be able to accurately administer screening tests and therapeutic protocols and identify characteristics of developmental speech, language, and hearing disorders.

**SLP 212 Acquired Disorders** 03 02 03 05  
Prerequisites: SLP 111, SLP 112, SLP 130, and SLP 140  
Corequisites: SLP 120 and ASL 111  
Component: None  
This course is a continuation of SLP 211 and includes an introduction to clinical settings. Emphasis is placed on acquired conditions commonly treated in speech-language pathology. Upon completion, students should be able to accurately administer screening tests and therapeutic protocols and identify characteristics of acquired speech, language, and hearing disorders.

**SLP 220 Assistive Technology** 01 02 00 02  
Prerequisites: All courses required: SLP 111, SLP 130 and SLP 140  
Corequisites: SLP 211 and SLP 212  
Component: None  
This course introduces the preparation, use, and maintenance of selected communication equipment in the treatment of respective disorders. Emphasis is placed on the collaborative use of assistive equipment for speech, language, and hearing disorders. Upon completion, students should be able to instruct the patient and caregiver in the use and maintenance of assistive communication equipment.

**SLP 230 SLP Fieldwork** 00 00 12 04  
Prerequisites: SLP 211 and SLP 212  
Corequisites: SLP 231  
Component: None  
This course provides supervised fieldwork experience in speech-language pathology assisting in a minimum of two diverse sites. Emphasis is placed on the use of written protocols in providing patient care. Upon completion, students should be able to integrate ethical concepts into safe and effective clinical practice.

**SLP 231 SLP Fieldwork Seminar** 03 00 00 03  
Prerequisites: SLP 211 and SLP 212  
Corequisites: SLP 230  
Component: None  
This course provides an opportunity to discuss fieldwork experiences with peers and faculty. Emphasis is placed on management of clinical problems, conflict resolution, and job seeking and retention skills. Upon completion, students should be able to meet entry-level requirements for speech-language pathology assistants.

**SOC 210 Introduction to Sociology** 03 00 00 03  
Prerequisites: ENG 090, RED 090 or Placement Test Credit Equivalent  
Corequisites: None  
Component: None  
This course introduces the scientific study of human society, culture, and social interactions. Topics include socialization, research methods, diversity and inequality, cooperation and conflict, social change, social institutions, and organizations. Upon completion, students should be able to demonstrate knowledge of sociological concepts as they apply to the interplay among individuals, groups, and societies. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

**SOC 213 Sociology of the Family** 03 00 00 03  
Prerequisites: ENG 090, RED 090 or Placement Test Credit Equivalent  
Corequisites: None  
Component: None

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course covers the institution of the family and other intimate relationships. Emphasis is placed on mate selection, gender roles, sexuality, communication, power and conflict, parenthood, diverse lifestyles, divorce and remarriage, and economic issues. Upon completion, students should be able to analyze the family as a social institution and the social forces which influence its development and change. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

**SOC 220 Social Problems** 03 00 00 03
Prerequisites: ENG 090, RED 090 or Placement Test Credit Equivalent
Corequisites: None
Component: None
This course provides an in-depth study of current social problems. Emphasis is placed on causes, consequences, and possible solutions to problems associated with families, schools, workplaces, communities, and the environment. Upon completion, students should be able to recognize, define, analyze, and propose solutions to these problems. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences. This course is also available through the Virtual Learning Community (VLC).

**SOC 225 Social Diversity** 03 00 00 03
Prerequisites: ENG 090, RED 090 or Placement Test Credit Equivalent
Corequisites: None
Component: None
This course provides a comparison of diverse roles, interests, opportunities, contributions, and experiences in social life. Topics include race, ethnicity, gender, sexual orientation, class, and religion. Upon completion, students should be able to analyze how cultural and ethnic differences evolve and how they affect personality development, values, and tolerance. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

**SOC 230 Race and Ethnic Relations** 03 00 00 03
Prerequisites: ENG 090, RED 090 or Placement Test Credit Equivalent
Corequisites: None
Component: None
This course includes an examination of the various aspects of race and ethnicity and how these lead to different experiences, opportunities, problems, and contributions. Topics include prejudice, discrimination, perceptions, myths, stereotypes, and intergroup relationships. Upon completion, students should be able to identify and analyze relationships among racial and ethnic groups within the larger society. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

**SOC 232 Social Context of Aging** 03 00 00 03
Prerequisites: ENG 090, RED 090 or Placement Test Credit Equivalent
Corequisites: None
Component: None
This course provides an overview of the social implications of the aging process. Emphasis is placed on the roles of older adults within families, work and economics, politics, religion, education, and health care. Upon completion, students should be able to identify and analyze changing perceptions, diverse lifestyles, and social and cultural realities of older adults. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**SOC 240 Social Psychology** 03 00 00 03
Prerequisites: ENG 090, RED 090 or Placement Test Credit Equivalent
Corequisites: None
Component: None
This course examines the influence of culture and social groups on individual behavior and personality. Emphasis is placed on the process of socialization, communication, conformity, deviance, interpersonal attraction, intimacy, race and ethnicity, small group experiences, and social movements. Upon completion, students should be able to identify and analyze cultural and social forces that influence the individual in a society. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in social/behavioral sciences.

**SOC 244 Sociology of Death & Dying** 03 00 00 03
Prerequisites: ENG 090, RED 090 or Placement Test Credit Equivalent
Corequisites: None
Component: None
This course presents sociological perspectives on death and dying. Emphasis is placed on analyzing the different death rates among various groups, races, and societies, as well as various types of death. Upon completion, students should be able to discuss the rituals of death, both cultural and religious, and examine current issues relating to death and dying. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**SOC 250 Sociology of Religion** 03 00 00 03
Prerequisites: ENG 090, RED 090 or Placement Test Credit Equivalent
Corequisites: None
Component: None
This course examines religion from a sociological perspective as part and product of human society. Topics include the origins, development, and functions of belief systems; religious organizations; conversion; and interactions with politics, the economy, science, and the class system. Upon completion, students should be able to describe and analyze religious systems. This course

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
This course introduces the fundamental elements of the Spanish language within a cultural context. Emphasis is placed on the progressive development of basic listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written Spanish and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**SPA 111 Elementary Spanish I**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course introduces the fundamental elements of the Spanish language within a cultural context. Emphasis is placed on the development of basic listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written Spanish and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**SPA 112 Elementary Spanish II**  
Prerequisites: SPA 111  
Corequisites: None  
Component: None  
This course introduces the fundamental elements of the Spanish language within a cultural context. Emphasis is placed on the development of basic listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written Spanish and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

**SPA 120 Spanish for the Workplace**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course offers applied Spanish for the workplace to facilitate basic communication with people whose native language is Spanish. Emphasis is placed on oral communication and careerspecific vocabulary that targets health, business, and/or public service professions. Upon completion, students should be able to communicate at a functional level with native speakers and demonstrate cultural sensitivity.

**SPA 141 Culture and Civilization**  
Prerequisites: None  
Corequisites: None  
Component: None  
This course provides an opportunity to explore issues related to the Hispanic world. Topics include historical and current events, geography, and customs. Upon completion, students should be able to identify and discuss selected topics and cultural differences related to the Hispanic world. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**SPA 161 Cultural Immersion**  
Prerequisites: SPA 111  
Corequisites: None  
Component: None  
This course explores Hispanic culture through intensive study on campus and field experience in a host country or area. Topics include an overview of linguistic, historical, geographical, sociopolitical, economic, and/or artistic concerns of the area visited. Upon completion, students should be able to exhibit first-hand knowledge of issues pertinent to the host area and demonstrate understanding of cultural differences. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a premajor and/or elective course requirement.

**SPA 181 Spanish Lab 1**  
Prerequisites: SPA 111  
Corequisites: None  
Component: None  
This course provides an opportunity to enhance acquisition of the fundamental elements of the Spanish language. Emphasis is placed on the progressive development of basic listening, speaking, reading, and writing skills through the use of various supplementary learning media and materials. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written Spanish and demonstrate cultural awareness. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

**SPA 182 Spanish Lab 2**  
Prerequisites: SPA 181  
Corequisites: None  
Component: None  
This course provides an opportunity to enhance acquisition of the fundamental elements of the Spanish language. Emphasis is placed on the progressive development of basic listening, speaking, reading, and writing skills through the use of various supplementary learning media and materials. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written Spanish and demonstrate cultural awareness.
SPA 211 Intermediate Spanish I 03 00 00 03
Prerequisites: SPA 112
Corequisites: None
Component: None
This course provides a review and expansion of the essential skills of the Spanish language. Emphasis is placed on the study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

SPA 212 Intermediate Spanish II 03 00 00 03
Prerequisites: SPA 211
Corequisites: None
Component: None
This course provides a continuation of SPA 211. Emphasis is placed on the continuing study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication. This course has been approved to satisfy the Comprehensive Articulation Agreement general education core requirement in humanities/fine arts.

SPA 215 Spanish Phonetics/Structu 03 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is designed to improve the understanding of Spanish phonetics and the structure of the Spanish language. Topics include the structure of the Spanish language, phonology, morphology, and syntax. Upon completion, students should have an understanding of the phonetics and structure of the Spanish language and be able to contrast the structure of the Spanish and English languages.

SPA 221 Spanish Conversation 03 00 00 03
Prerequisites: SPA 212
Corequisites: None
Component: None
This course provides an opportunity for intensive communication in spoken Spanish. Emphasis is placed on vocabulary acquisition and interactive communication through the discussion of media materials and authentic texts. Upon completion, students should be able to discuss selected topics, express ideas and opinions clearly, and engage in formal and informal conversations. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

SPA 231 Reading and Composition 03 00 00 03
Prerequisites: SPA 212
Corequisites: None
Component: None
This course provides an opportunity for intensive reading and composition in Spanish. Emphasis is placed on the use of literary and cultural materials to enhance and expand reading and writing skills. Upon completion, students should be able to demonstrate in writing an in-depth understanding of assigned readings. This course has been approved to satisfy the Comprehensive Articulation Agreement for transferability as a pre-major and/or elective course requirement.

SPA 281 Spanish Lab 3 00 02 00 01
Prerequisites: SPA 182
Corequisites: None
Component: None
This course provides an opportunity to enhance the review and expansion of the essential skills of the Spanish language. Emphasis is placed on the study of authentic and representative literary and cultural texts through the use of various supplementary learning media and materials. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

SPA 282 Spanish Lab 4 00 02 00 01
Prerequisites: SPA 281
Corequisites: None
Component: None
This course provides an opportunity to enhance the review and expansion of the essential skills of the Spanish language. Emphasis is placed on the continuing study of authentic and representative literary and cultural texts through the use of various supplementary learning media and materials. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication. This course has been approved to satisfy the Comprehensive Articulation Agreement pre-major and/or elective course requirement.

SPI 113 Intro. to Spanish Inter. 03 00 00 03
Prerequisites: SPA-211 and ENG-111
Corequisites: None
Component: None
This course introduces the field of interpreting, interpretation models, cognitive processes associated with interpretation, professional ethical standards, employment opportunities, and working conditions. Topics include specialized jargon, code of ethics, interpreter assessments/qualifications, and protocol associated with various settings. Upon completion, students should be able to explain the rationale for placement of interpreters and apply ethical standards to a variety of working situations.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
SPI 114 Ana Skills Spanish Inter.  03 00 00 03  
Prerequisites:  SPA 211, SPI 113, AND COM 231 or ENG 115  
Corequisites:  None  
Component:  None  
This course is designed to improve cognitive processes associated with interpreting, listening, short-term memory, semantic equivalence, visual/auditory processing, thought organization and logic. Emphasis is placed on developing skills necessary to generate equivalent messages between Spanish and English. Upon completion, students should be able to consecutively interpret non-technical, interactive messages between Spanish and English.

SPI 213 Review of Grammar  03 00 00 03  
Prerequisites:  SPA 211  
Corequisites:  None  
Component:  None  
This course is designed to review the common elements of Spanish grammar in oral and written form. Emphasis is placed on the fundamental grammatical concepts of the Spanish language. Upon completion, students should be able to demonstrate comprehension and correct usage of specified grammatical concepts in both oral and written form.

SPI 214 Intro to Translation  03 00 00 03  
Prerequisites:  SPI 213 AND ENG 113 pr ENG 114  
Corequisites:  None  
Component:  None  
This course is designed to improve the quality of Spanish to English and English to Spanish translation. Emphasis is placed on the practice of Spanish to English and English to Spanish translation in a variety of prose styles. Upon completion, students should be able to demonstrate the usage and understanding of the processes involved in translating.

SRV 110 Surveying I  02 06 00 04  
Prerequisites:  EGR 115 and MAT 121, MAT 161, MAT 171 OR MAT 175  
Corequisites:  None  
Component:  None  
This course introduces the theory and practice of plane surveying. Topics include measuring distances and angles, differential and profile leveling, compass applications, topography, and mapping. Upon completion, students should be able to use/care for surveying instruments, demonstrate field note techniques, and apply the theory and practice of plane surveying.

SRV 111 Surveying II  02 06 00 04  
Prerequisites:  SRV 110  
Corequisites:  None  
Component:  None  
This course introduces route surveying and roadway planning and layout. Topics include simple, compound, reverse, spiral, and vertical curves; geometric design and layout; planning of cross-section and grade line; drainage; earthwork calculations; and mass diagrams. Upon completion, students should be able to calculate and lay out highway curves; prepare roadway plans, profiles, and sections; and perform slope staking.

SRV 210 Surveying III  02 06 00 04  
Prerequisites:  SRV 110  
Corequisites:  None  
Component:  None  
This course introduces boundary surveying, land partitioning, and calculations of areas. Topics include advanced traverses and adjustments, preparation of survey documents, and other related topics. Upon completion, students should be able to research, survey, and map a boundary.

SRV 220 Surveying Law  02 02 00 03  
Prerequisites:  SRV 110  
Corequisites:  None  
Component:  None  
This course introduces the law as related to the practice of surveying. Topics include surveyors’ responsibilities, deed descriptions, title searches, eminent domain, easements, weight of evidence, riparian rights, and other related topics. Upon completion, students should be able to identify and apply the basic legal aspects associated with the practice of land surveying.

SRV 230 Subdivision Planning  01 06 00 03  
Prerequisites:  All courses required: CIV 211, SRV 111 and SRV 210  
Corequisites:  None  
Component:  None  
This course covers the planning aspects of residential subdivisions from analysis of owner and municipal requirements to plat layout and design. Topics include municipal codes, lot sizing, roads, incidental drainage, esthetic considerations, and other related topics. Upon completion, students should be able to prepare a set of subdivision plans.

SRV 240 Topo/Site Surveying  02 06 00 04  
Prerequisites:  SRV 110  
Corequisites:  None  
Component:  None  
This course covers topographic, site, and construction surveying. Topics include topographic mapping, earthwork, site planning, construction staking, and other related topics. Upon completion, students should be able to prepare topographic maps and site plans and locate and stake out construction projects.

STP 101 Intro Sterile Processing  05 02 00 06  
Prerequisites:  None  
Corequisites:  STP 102 and STP 103  
Component:  None  
This course is designed to introduce the primary responsibilities of a central sterile technician. Emphasis is placed on preparation, storage, and distribution of instruments, supplies and equipment, quality assurance, and inventory management. Upon completion, students should be able to demonstrate competence in sterile pro-
Sterile processing techniques.

**STP 102 STP Clinical Practice** 00 00 09 03
Prerequisites: None
Corequisites: STP 101 and STP 103
Component: None
This course provides supervised experience in sterile processing techniques in a clinical facility. Emphasis is placed on preparation, storage, and distribution of instruments, supplies and equipment, quality assurance, and inventory management. Upon completion, students should be able to demonstrate competence in sterile processing techniques.

**STP 103 Prof Success Prep** 01 00 00 01
Prerequisites: None
Corequisites: STP 101 and STP 102
Component: None
This course provides job-seeking skills and an overview of theoretical knowledge in preparation for certification. Topics include test taking strategies, résumé preparation, and interviewing techniques. Upon completion, students should be able to prepare a résumé, demonstrate appropriate interview techniques, and identify strengths and weaknesses in preparation for certification. This is a diploma-level course.

**SUR 110 Introduction to Surgical Technology** 03 00 00 03
Prerequisites: Departmental Approval
Corequisites: SUR 111
Component: None
This course provides a comprehensive study of the operative environment, professional roles, moral/legal/ethical responsibilities, and medical communications used in surgical technology. Topics include: professional behaviors, medical terminology, interdepartmental/peer/relationships, operating room environment/safety, pharmacology, anesthesia, incision sites, physiology of wound healing, and biomedical sciences. Upon completion, students should be able to apply theoretical knowledge of the course topics to the operative environment.

**SUR 111 Periop Patient Care** 05 06 00 07
Prerequisites: Department Approval
Corequisites: SUR 110
Component: None
This course provides theoretical knowledge for the application of essential operative skills during the perioperative phase. Topics include surgical asepsis, sterilization/disinfection, and perioperative patient care. Upon completion, students should be able to demonstrate the principles and practices of aseptic technique, sterile attire, basic case preparation, and other relevant skills.

**SUR 122 Surgical Procedures I** 05 03 00 06
Prerequisites: SUR 110 and SUR 111
Corequisites: SUR 123 or STP 101
Component: None
This course provides an introduction to selected basic and intermediate surgical specialties that students are exposed to the first clinical rotation. Emphasis is placed on related surgical anatomy, pathology, and procedures that enhance theoretical knowledge of patient care, instrumentation, supplies, and equipment. Upon completion, students should be able to correlate, integrate, and apply theoretical knowledge of the course topics to the clinical operative environment.

**SUR 123 SUR Clinical Practice I** 00 00 21 07
Prerequisites: All courses required: SUR 110, SUR 111
Corequisites: SUR 122
Component: None
This course provides clinical experience with a variety of perioperative assignments to build upon skills learned in SUR 111. Emphasis is placed on the scrub and circulating roles of the surgical technologist including aseptic technique and basic case preparation for selected surgical procedures. Upon completion, students should be able to prepare, assist with, and dismantle basic surgical cases in both the scrub and circulating roles.

**SUR 134 Surgical Procedures II** 05 00 00 05
Prerequisites: SUR 123 or STP 101
Corequisites: None
Component: None
This course provides a comprehensive study of intermediate and advanced surgical specialties that students are exposed to in the second clinical rotation. Emphasis is placed on related surgical anatomy, pathology, and procedures that enhance theoretical knowledge of patient care, instrumentation, supplies, and equipment. Upon completion, students should be able to correlate, integrate, and apply theoretical knowledge of the course topics to the clinical operative environment.

**SUR 135 SUR Clinical Practice II** 00 00 12 04
Prerequisites: SUR 123
Corequisites: SUR 134 and SUR 137
Component: None
This course provides clinical experience with a variety of perioperative assignments to build skills required for complex perioperative patient care. Emphasis is placed on greater technical skills, critical thinking, speed, efficiency, and autonomy in the operative setting. Upon completion, students should be able to function in the role of an entry-level surgical technologist.

**SUR 137 Prof Success Preparation** 01 00 00 01
Prerequisites: SUR 123
Corequisites: SUR 134 and SUR 135
Component: None
This course provides job-seeking skills and an overview of theoretical knowledge in preparation for certification. Topics include test-taking strategies, résumé preparation, and interviewing techniques. Upon completion, students should be able to prepare a résumé, demonstrate appropriate interview techniques, and identify strengths and weaknesses in preparation for certification.

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
strengths and weaknesses in preparation for certification.

SUR 210 Advanced SUR Clinical Practice  00 00 06 02
Prerequisites: SUR 137 and Departmental Approval
Corequisites: SUR 211
Component: None
This course is designed to provide individualized experience in advanced practice, education, circulating, and managerial skills. Emphasis is placed on developing and demonstrating proficiency in skills necessary for advanced practice. Upon completion, students should be able to assume leadership roles in a chosen specialty area.

SUR 211 Advanced Theoretical Concepts  02 00 00 02
Prerequisites: SUR 137 and Departmental Approval
Corequisites: SUR 210
Component: None
This course covers theoretical knowledge required for extension of the surgical technologist role. Emphasis is placed on advanced practice in complex surgical specialties, educational methodologies, and managerial skills. Upon completion, students should be able to assume leadership roles in a chosen specialty area.

TRF 110 Intro Turfgrass Cult & ID  03 02 00 04
Prerequisites: None
Corequisites: None
Component: None
This course provides an in-depth study of turfgrass. Topics include principles of reproduction, growth development, species characteristics, establishment and maintenance of golf courses and sports fields, and lawn applications. Upon completion, students should be able to identify turfgrass species through characteristics and reproductive stages and develop an establishment and maintenance plan for high quality turf areas.

WEB 110 Internet/Web Fundamentals  02 00 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces World Wide Web Consortium (W3C) standard markup language and services of the Internet. Topics include creating web pages, search engines, FTP, and other related topics. Upon completion, students should be able to deploy a hand-coded website created with mark-up language, and effectively use and understand the function of search engines. This course is also available through the Virtual Learning Community (VLC).

WEB 111 Intro to Web Graphics  02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This course is the first of two courses covering the creation of web graphics, addressing problems peculiar to WWW display using appropriate software. Topics include web graphics file types, type conversion, RGB color, the browser-safe palette, elementary special effects, image maps, and other related topics. Upon completion, students should be able to create graphics such as banners buttons, backgrounds, and other graphics for Web pages.

WEB 115 Web Markup and Scripting  02 02 00 03
Prerequisites: WEB-110
Corequisites: None
Component: None
This course introduces Worldwide Web Consortium (W3C) standard client-side Internet programming using industry-established practices. Topics include JavaScript, mark-up elements, stylesheets, validation, accessibility, standards, and browsers. Upon completion, students should be able to develop hand-coded web pages using current markup standards. This course is also available through the Virtual Learning Community (VLC).

WEB 120 Intro Internet Multimedia  02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This is the first of two courses covering the creation of Internet Multimedia. Topics include Internet multimedia file types, file type conversion, acquisition of digital audio/video, streaming audio/video and graphics animation plug-in programs and other related topics. Upon completion, students should be able to create Internet multimedia presentations utilizing a variety of methods and applications.

WEB 140 Web Development Tools  02 02 00 03
Prerequisites: WEB-120
Corequisites: None
Component: None
This course provides an introduction to web development software suites. Topics include the creation of web sites and applets using web development software. Upon completion, students should be able to create entire web sites and supporting applets.

WEB 180 Active Server Pages  02 02 00 03
Prerequisites: CIS 115
Corequisites: None
Component: None
This course introduces active server programming. Topics include HTML forms processing and other issues related to developing active web applications. Upon completion, students should be able to create and maintain a dynamic website.

WEB 182 PHP Programming  02 02 00 03
Prerequisites: CIS 115 and WEB 120
Corequisites: None

Component: None

This course introduces students to the server-side, HTML-embedded scripting language PHP. Emphasis is placed on programming techniques required to create dynamic web pages using PHP scripting language features. Upon completion, students should be able to design, code, test, debug, and create a dynamic web site using the PHP scripting language.

WEB 240 Internet Security | 02 02 00 03 | None | None | None

Component: None

This course covers website and web server architecture. Topics include installation, configuration, administration, and security of web servers, services and sites. Upon completion, students should be able to effectively manage the web services deployment lifecycle according to industry standards.

WEB 250 Database Driven Websites | 02 02 00 03 | None | None | None

Component: None

This course covers security issues related to Internet services. Topics include the operating system and the Internet service security mechanisms. Upon completion, students should be able to implement security procedures for operating system level and server level alerts.

WEB 110 Cutting Processes | 01 03 00 02 | None | None | None

Component: None

This course introduces oxy-fuel and plasma-arc cutting systems. Topics include safety, proper equipment setup, and operation of oxy-fuel and plasma-arc cutting equipment with emphasis on straight line, curve and bevel cutting. Upon completion, students should be able to oxy-fuel and plasma-arc cut metals of varying thickness.

WEB 112 Basic Welding Processes | 01 03 00 02 | None | None | None

Component: None

This course introduces basic welding and cutting. Emphasis is placed on beads applied with gases, mild steel fillers, and electrodes and the capillary action of solder. Upon completion, students should be able to set up welding and oxy-fuel equipment and perform welding, brazing, and soldering processes.

WEB 115 SMAW (Stick) Plate | 02 09 00 05 | None | None | None

Component: None

This course introduces students to the server-side, HTML-embedded scripting language PHP. Emphasis is placed on programming techniques required to create dynamic web pages using PHP scripting language features. Upon completion, students should be able to design, code, test, debug, and create a dynamic web site using the PHP scripting language.

**Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.**
Component: None
This course introduces the shielded metal arc (stick) welding process. Emphasis is placed on padding, fillet, and groove welds in various positions with SMAW electrodes. Upon completion, students should be able to perform SMAW fillet and groove welds on carbon plate with prescribed electrodes.

WLD 116 SMAW (Stick) Plate/Pipe 01 09 00 04
Prerequisites: WLD 115
Corequisites: None
Component: None
This course is designed to enhance skills with the shielded metal arc (stick) welding process. Emphasis is placed on advancing manipulative skills with SMAW electrodes on varying joint geometry. Upon completion, students should be able to perform groove welds on carbon steel with prescribed electrodes in the flat, horizontal, vertical, and overhead positions.

WLD 121 GMAW (MIG) FCAW/Plate 02 06 00 04
Prerequisites: None
Corequisites: None
Component: None
This course introduces metal arc welding and flux core arc welding processes. Topics include equipment setup and fillet and groove welds with emphasis on application of GMAW and FCAW electrodes on carbon steel plate. Upon completion, students should be able to perform fillet welds on carbon steel with prescribed electrodes in the flat, horizontal, and overhead positions.

WLD 131 GTAW (TIG) Plate 02 06 00 04
Prerequisites: None
Corequisites: None
Component: None
This course introduces the gas tungsten arc (TIG) welding process. Topics include correct selection of tungsten, polarity, gas, and proper filler rod with emphasis placed on safety, equipment setup, and welding techniques. Upon completion, students should be able to perform GTAW fillet and groove welds with various electrodes and filler materials.

WLD 141 Symbols & Specifications 02 02 00 03
Prerequisites: None
Corequisites: None
Component: None
This course introduces the basic symbols and specifications used in welding. Emphasis is placed on interpretation of lines, notes, welding symbols, and specifications. Upon completion, students should be able to read and interpret symbols and specifications commonly used in welding.

WLD 143 Welding Metallurgy 01 02 00 02
Prerequisites: None
Corequisites: WLD 115

Component: None
This course introduces the concepts of welding metallurgy. Emphasis is placed on basic metallurgy, effects of welding on various metals, and metal classification and identification. Upon completion, students should be able to understand basic metallurgy, materials designation, and classification systems used in welding.

WLD 261 Certification Practices 01 03 00 02
Prerequisites: All courses required: WLD 115, WLD 121 and WLD 131
Corequisites: None
Component: None
This course covers certification requirements for industrial welding processes. Topics include techniques and certification requirements for prequalified joint geometry. Upon completion, students should be able to perform welds on carbon steel plate and/or pipe according to applicable codes.

WLD 262 Inspection & Testing 02 02 00 03
Prerequisites: All courses required: WLD 115, WLD 121 and WLD 131
Corequisites: WLD 261
Component: None
This course introduces destructive and non-destructive testing methods. Emphasis is placed on safety, types and methods of testing, and the use of testing equipment and materials. Upon completion, students should be able to understand and/or perform a variety of destructive and non-destructive testing processes.
FULL-TIME FACULTY
WITH DEGREES

Dina Adams, Department Chair, Pharmacy Technology
Pharm.D., Campbell University

Saresa Aiken, Basic Skills Instructor
B.S., Fayetteville State University
M.S., Central Michigan University

Myra Allen-McGrew, Department Chair, Healthcare Management Technology
B.S., University of North Carolina, Greensboro
M.A., Pfeiffer University, Health Education
M.B.A., Pfeiffer University

Frank Arnold, Industry Training Instructor
Diploma, Fayetteville Technical Community College
A.A., University of Maryland
B.A., University of Maryland

William Atkins, Physics Instructor
B.S., North Carolina State University
M.S., North Carolina State University
M.B.A., University of Phoenix
Ph.D., North Carolina State University

Lisa Bailey, Department Chair, Office Administration
A.A.S., Fayetteville Technical Community College
B.S., Fayetteville State University
M.S., East Carolina State University

Joyce Bain, Basic Skills Instructor
B.S., North Carolina Central University

Ginger Barber, English Instructor
B.A., University of North Carolina at Pembroke
M.A., University of North Carolina at Pembroke

Iris Barbour, English Instructor
B.A., University of Florida
M.Ed., University of North Carolina at Pembroke
M.A., North Carolina State University

Carol Barker, Biology Instructor
B.S., North Carolina State University
M.A., University of Georgia

Edward Barnes, Chemistry Instructor
B.A., Indiana University
M.S., University of Kentucky

Linda Beaudreau, Certified Nursing Assistant Instructor, Continuing Education
Diploma, Fayetteville Technical Community College
A.A.S., Fayetteville Technical Community College

Phyllis Bell, Department Chair, Architectural Technology
Diploma, Fayetteville Technical Community College
A.A.S., Fayetteville Technical Community College
B.S., Charter Oak State College

Jessie Bellflowers, Business Administration Instructor
B.S., University of Maryland
M.B.A., Webster University

Anne Benenhaley, English Instructor
B.A., Methodist College
M.A., University of North Carolina at Greensboro

Georgia Betcher, Spanish Instructor
B.A., Lewis & Clark College
M.A., Monterey Institute of International

Beymer Bevill, Division Chair, Engineering Technologies
B.S., Armstrong Atlantic State University
B. of Elec., Engineering, Georgia Institute of Technology
M.S., North Carolina State University

Elizabeth Black, Music Instructor
B.A., Meredith College
B.M., Meredith College
M.M., Converse College

James Black, Department Chair, General Occupational Technology
B.S., U.S. Military Academy
M.A., Webster University
M.B.A., Campbell University

Alvina Blanks, Mathematics Instructor
B.A., Pembroke State University
M.A., Pembroke State University

Jennifer Bledsole, Psychology Instructor
B.S., Fayetteville State University
M.A., Fayetteville State University

Mary Boudreau, Dental Hygiene Instructor
A.A.S., Fayetteville Technical Community College
B.S., Old Dominion University
M. Ed., Campbell University

Walter Boyle, Business Admin/Economics/Banking & Finance Instructor
B.A., University of Cincinnati
M.S., South Dakota State University
M.B.A., Fayetteville State University

Julian Boyles, Automotive System Technology Instructor
A.A.S., Fayetteville Technical Community College

Olga Butorina-Langdon, Biology Instructor  
B.S., Kazan V.I. Lenin State University-Russia  
Ph.D., Ulyanov-Lenin State University  

Anthony Cameron, Computer Programming Instructor  
A.A.S., Fayetteville Technical Community College  
B.S., University of North Carolina at Chapel Hill  
M.S., East Carolina University  

Cheryl Campbell, Program Coordinator, Business Administration/Public Administration  
B.S., University of North Carolina at Pembroke  
M.B.A., Fayetteville State University  

Donald Carter, Department Chair, Carpentry/Building Construction Technology  
Diploma, Fayetteville Technical Community College  
A.A.S., Fayetteville Technical Community College  

Marie Cash, Mathematics Instructor  
B.S., Methodist College  
M.Ed., Campbell University  

Donald Chavis, Department Chair, Automotive/Heating & Refrigeration Technology  
Diploma, Fayetteville Technical Community College  
A.A.S., Fayetteville Technical Community College  

Kathryn Chavis, Biology Instructor  
B.S., Pembroke State University  
M.A., University of North Carolina at Pembroke  

Peter Chiodo, English Instructor  
B.A., Edinboro University  
M.A., Slippery Rock University  

Tere Chipman, Criminal Justice Technology Instructor  
B.A., Eastern Kentucky University  
M.A., Webster University  

Leslie Corpening, Speech Communication Instructor  
M.A., University of North Carolina at Greensboro  

Aaron Cox, Department Chair, Criminal Justice Technology Instructor  
A.A.S., Bladen Community College  
B.S., Mount Olive College  
M.S., Central Missouri State University  

Walter Craver, History Instructor  
B.S., Appalachian State University  
M.A., Appalachian State University  

Melinda Creech, Dental Hygiene Instructor  
A.A.S., Fayetteville Technical Community College  
B.S., University of North Carolina at Chapel Hill  

David Creeden, Accounting Instructor  
M.Accounting, University of North Carolina at Chapel Hill  

Richard Criste, Department Chair, Emergency Medical Science  
B.H.S., Campbell University  

Sandra Crosmun, Chemistry Instructor  
B.S., Appalachian State University  
Ph.D., The University of Tennessee

Jose Cruz, Department Chair, Humanities/Foreign Language  
B.A., Queens College City of NY  
M.A., Queens College City of NY  

Jaime Cruz Figueroa, Electrical/Electronics Technology Instructor  
Diploma, Fayetteville Technical Community College  
A.A., Campbell University  
A.A.S., Fayetteville Technical Community College  
B.B.A., Campbell University  

Danny Cunningham, Department Chair, Biology  
B.S., University of North Carolina at Chapel Hill  
M.A., Fayetteville State University  

Lisa Daniels, Sociology Instructor  
B.A., University of Colorado  
M.A., University of Colorado  

David Dauria, A/C, Heating & Refrigeration Instructor  
A.A.S., Fayetteville Technical Community College  

Denise Dedeaux, Department Chair, Medical Office Administration  
A.A.S., Tomlinson College  
B.S., Barton College  
M.B.A., Campbell University  

Rachelle Denney, Associate Degree Nursing Instructor  
B.S., Linfield College  

Donna Marie DeVault, Business Administration Instructor  
B.S., Methodist College  
M.B.A., Fayetteville State University  

Socorro Diaz, Success Center Facilitator/Instructor  
A.A., Taylor Business Institute  
B.S., American University of Puerto Rico  

Jane Dickerhoff, Practical Nursing Instructor  
B.S.N., University of Maryland  
M.S., Central Michigan University  

Carol Dickey, Paralegal Technology Instructor  
B.A., University of North Carolina at Chapel Hill  
J.D., University of North Carolina at Chapel Hill  

Robert Diggs, Extension Education Instructor, Fort Bragg ARMY  
Mary Dillon, Basic Skills Instructor  
B.S., West Virginia State University  

Christos Diorietes, Division Chair, Mathematics  
B.S., Campbell University  
M.Ed., University of North Carolina at Pembroke  

Stewart Ditch, Department Chair, Plumbing  
Diploma, Fayetteville Technical Community College  
A.A.S., Fayetteville Technical Community College  

David Dominie, Autobody Instructor  
Diploma, Fayetteville Technical Community College  
A.A., Fayetteville Technical Community College  
B.A., Fayetteville State University  
M.A., Fayetteville State University  

Janis Donaldson, English Instructor  
M.Ed., University of Maryland  
M.F.A., University of North Carolina at Wilmington  

Shahpour Dowlatshahi, Bus Adm/Economics/Banking & Finance Instructor  
B.A., Kingston Poly  
M.S., University of Surrey  

Sarah Dunham, English Instructor  
B.A., University of North Carolina at Greensboro  
M.Ed., Georgia State University  

Rita Eads, Mathematics Instructor  
B.S., University of North Carolina at Pembroke  
M.A. Ed., University of North Carolina at Pembroke  

William Eanes, Physical Education Instructor  
B.S., Appalachian State University  
M.A.E., East Carolina University  

Elaine Eckel, Department Chair, Physical Therapist Assistant  
B.S., University of Pennsylvania  
M.A., University of North Carolina at Chapel Hill  

John Edwards, Speech Communication Instructor  
B.A., University of North Carolina at Charlotte  
M.A., Murray State University  

John Ellinwood, Basic Law Enforcement Training Instructor  
A.A., Methodist College  
B.S., Methodist College  
M.C.J., Boston University  

Janice Elliott, Associate Degree Nursing Instructor  
Diploma, Fayetteville Technical Institute  
A.A.S., Johnston Community College  
B.S., Fayetteville State University  
M.S.N., University of Phoenix  

Renee Ellis, Practical Nursing Instructor  
B.S.N., Hampton University  
M.S.N., East Carolina University  

Sharon Ellis, Nursing Lab Instructor  
B.S.N., East Carolina University  
M.S.N., East Carolina University
Susan Ellis, Department Chair, Dental Hygiene
B.S., University of North Carolina at Chapel Hill
M.A., University of Phoenix

Karen Elsom, Accounting Instructor
A.A.S., Fayetteville Technical Community College
B.S., University of North Carolina at Chapel Hill
M.A., University of North Carolina at Chapel Hill

Stephen Emery, Chemistry Instructor
B.S., Clemson University
M.S., Clemson University
Ph.D., Clemson University

William Ewert, Industry Training Instructor
B.S.B.A.-E., Colorado Technical University

Moira Fescina, Mathematics Instructor
B.A., Ladycliff College
M.A., Campbell University

Garrett Flagg, English/Communications Instructor
A.A., Pima Community College
B.A., De La Salle College
M.A., University of Arizona
M.A., University of Florida

Victor Forrester, Advertising & Graphic Design & Support Instructor
A.C.A., Chowan College
B.F.A., East Carolina University

Daisy Foxx, Program Coordinator, Business Admin/Economics/Banking & Finance
B.S., University of North Carolina at Greensboro
M.B.A., University of North Carolina at Greensboro

Joyce Fuller, Division Chair, Bus Ser. and Dept. Chair, Adv & Graphics Design
B.A., Concord College
M.A., Savannah College of Art & Design

Robert Fulton, Automotive System Technology Instructor
A.A.S., Community College of the Air Force
A.A.S., Fayetteville Technical Community College
B.A.S., Campbell University
M.Ed., AIU - Hoffman Estates

Deanna Gabrielson, English Instructor
B.A., Roanoke College
M.A., North Carolina State University

Frank Galluccio, Advertising & Graphic Design Instructor
A.A., Broodkdale Community College
B.S., Utah State University
M.Ed., Utah State University

Laura Galvan, Computer Information Technology Instructor
A.A.S., Del Mar Junior College
B.S., Corpus Christi State University
M.B.A., Liberty University

Heather Gardner, Program Coordinator, Health/Physical Education Instructor
B.S., Troy University
M.S., Troy University

Mike Gaster, Industry Training Instructor

Terry Gause, Department Chair, Horticulture Technology/Management
B.S., North Carolina State University
M.Ed., North Carolina State University

Kay Gilbert, Department Chair, Culinary Technology
B.S., East Carolina University
M.Ed., University of North Carolina at Greensboro

Glenn Godwin, Biology Instructor
B.S., East Carolina College
M.A., East Carolina University

Arthur Goodman, Unit Movement Course Instructor
B.S., Methodist University
M.A., Webster University

Paul Goodrum, Landscape Gardening Instructor
A.A.S., Sandhills Community College
B.A., Furman University

Judy Graham, Cosmetology Instructor
Diploma, Fayetteville Technical Community College
A.A.S., Fayetteville Technical Community College

Collins Gray, Biology Instructor
B.A., University of North Carolina at Wilmington
M.A., East Carolina University

Anne Greene, Program Coordinator, Psychology & Sociology
B.A., Methodist College
M.A., Fayetteville State University

Lonnie Griffin, Sociology Instructor
A.A., Florida Community College
B.A., University of North Florida
M.A., University of South Florida

Joan Griswold, Basic Skills Instructor, Spring Lake
B.A., Fayetteville State University

Veronica Guions, Department Chair/Instructor, Cosmetology
B.A., Winston-Salem State University

Frank Guzman, Electrical / Electronics Instructor  
Diploma, Fayetteville Technical Community College  
A.A., Saint Leo College  
A.A.S., Fayetteville Technical Community College  

Arthur Hall, Department Chair, Autobody Repair  
A.A.S., Fayetteville Technical Community College  
B.S., Fayetteville State University  

Beverly Hall, Program Coordinator, Developmental Mathematics  
B.S., Texas A & M University  
M.Ed., Campbell University  

Milton Hall, Department Chair, Funeral Service Education Instructor  
A.A.S., Fayetteville Technical Community College  
B.A.S., Methodist College  
B.A., Methodist College  
M.A., Webster University  

Melissa Harmon, Biology Instructor  
B.S., University of South Carolina  
M.S., Georgia Southern University  

Michael Hawkins, Criminal Justice Technology Instructor  
B.S., Mountain State University  
M.P.A., University of North Carolina at Pembroke  

Susan Hawkins, Business Administration Instructor  
M.S., University of Maryland  
M.B.A., University of Maryland  

Belva Hawley Demendoza, Interim Department Chair, Early Childhood Associate Instructor  
B.S., Fayetteville State University  
M.A., Fayetteville State University  

Joanne Hayes, Basic Skills Instructor  
B.A., North Carolina State University  
M.Ed., North Carolina State University  

Tony Hayes, Program Coordinator, Surveying Technology  
B.S.I.T., East Tennessee State University  
B.S.C.E., University of Tennessee  

Jo Ann Helmer, ACA Program Coordinator  
A.A., Fayetteville Technical Community College  
B.S., University of North Carolina at Pembroke  

Jeanette Herring, Dental Hygiene Instructor  
A.A.S., Fayetteville Technical Community College  
B.S., East Carolina University  

Terry Herring, Department Chair, Surgical Technology  
Diploma, Fayetteville Technical Community College  
A.A.S., Fayetteville Technical Community College  
B.S., Fayetteville State University  
M.S., California College for Health Science  

Robert Hill, Electronic Engineering Technology Instructor  
A.A.S., Fayetteville Technical Community College  
B.E.T., University of North Carolina at Chapel Hill  

Barbara Hill-Jones, Accounting Instructor  
B.S., North Carolina A & T University  
M.B.A., University of Miami  

James Hinkle, Early Childhood Associate Instructor  
B.S., Fayetteville State University  
M.A., Fayetteville State University  

Stephanie Hodges, Associate Degree Nursing Instructor  
B.S.N., Barton College  
M.S., Walden University  

Cara Hogeland, Mathematics Instructor  
A. B., University of North Carolina at Chapel Hill  
M. A., University of North Carolina at Pembroke  

Stanley Holgate, Psychology Instructor  
B.A., Texas Tech University  
Ph.D., Texas Tech University  

John Holloman, Department Chair, Respiratory Therapy  
A.A.S., Pitt Community College  
B.S., East Carolina University  

Michelle Holmes, Department Chair, Speech Language Pathology Assistant Program  
M.S., Western Carolina University  

Jenneth Honeycutt, Department Chair, Computer Programming  
A.A.S., Fayetteville Technical Community College  
B.S., University of North Carolina at Wilmington  
M.S., East Carolina University  

Robin Horner, Physics/Chemistry Instructor  
B.S., Methodist College  
M.A., East Carolina University  

Annette Hornsby, Success Center Facilitator/Instructor  
B.A., Methodist College  
Manton Horton, ULLS-S4 Automated Software Instructor (DAK Contract)  

Jennifer Hubbard, Computer Information Technology Instructor  
B.S., Methodist College  
M.S., East Carolina University

Anthony Hubert, Psychology Instructor  
B.A., North Carolina State University  
M.A., East Carolina University  
Ph.D., Virginia Commonwealth University  

Donald Hughes, Industry Training Instructor  

Steve Hunter, Computer Information Technology Instructor  
A.A.S., Fayetteville Technical Community College  
B.M. University of North Carolina at Greensboro  
M.M., University of North Carolina at Greensboro  

Anthony Hubert, Psychology Instructor  
B.A., North Carolina State University  
M.A., East Carolina University  
Ph.D., Virginia Commonwealth University  

Donald Hughes, Industry Training Instructor  

Steve Hunter, Computer Information Technology Instructor  
A.A.S., Fayetteville Technical Community College  
B.M. University of North Carolina at Greensboro  
M.M., University of North Carolina at Greensboro  

Tamitha Inks, Radiography Instructor  
A.A.S., Central Virginia Community College  

Gerald Ittenbach, Physics/Chemistry Instructor  
B.S., North Carolina State University  
M.Ed., East Carolina University  

Sandra Ivarsson, Computer Information Technology Instructor  
B.A., Methodist College  
M.B.A., Campbell University  

Douglas Jarboe, Department Chair, Networking Technology  
A.A.S., Central Texas College  
B.S.B.A., University of Tennessee  
M.S., Murray State University  

Janet Jarrell, English Instructor  
B.A., Kent State University  
M.A., University of North Carolina at Pembroke  

Danette Johnson, History Instructor  
B.S., Methodist College  
M.A., California State University  

Dennis Johnson, Fine Arts Instructor  
M.A., Texas A & M University  

Doty Johnson, Art Instructor  
B.A., Purdue University  
M.S., Illinois Institute of Technology  

Lisa Johnson, Dental Hygiene Instructor  
A.A.S., Midlands Technical College  
B.S., North Carolina State University  

Valerie Johnson, Computer Programming Instructor  
B.S., Georgia Institute of Technology  
M.S., Central Michigan University  

Renie Johnston, Biology Instructor  
B.S., Fayetteville State University  
M.Ed., Fayetteville State University  

Robert Kallmeyer, Web Technologies Instructor  
A.A.S., Fayetteville Technical Community College  

Leslie Keenan, Funeral Service Education Instructor  
A.A.S., Fayetteville Technical Community College  
B.S., South Carolina State College  
M.Ed., University of South Carolina  

Katherine Kelley, Success Center Facilitator/Instructor  
B.S., Appalachian State University  

Dianne Kenney, Mathematics Instructor  
B.S., Longwood College  
M.S., Fayetteville State University  

Lori Kiel, Mathematics Instructor  
B.S., Meredith College  
M.S., University of North Carolina at Chapel Hill  

Mary Kilgore, Early Childhood Associate Instructor  
B.S., University of Montevallo  
M.Ed., Columbus State University  

Karis King, English Instructor  
A.A., Arizona Western College  
B.A., Fayetteville State University  
M.A., Fayetteville State University  

Stella King, Basic Skills Instructor  
B.S., Fayetteville State University  

William Kirchman, Program Coordinator, Business Admin/E-Commerce  
B.S., VA Polytechnical Institute  
M.A., Webster University  

Kenneth Kleiner, Department Chair, Web Technologies  
A.A.S., Fayetteville Technical Community College  
B.A., Fayetteville State University  

Lynne Kreiser, Basic Skills Instructor  
B.A., University of Wales  

Richard Kugelmann, Culinary Technology Instructor  
A.A.S., Central Piedmont Community College  
B.A., Methodist College  

Rose Kulich, Division Chair, English/Communications  
B.A., St. Bernard College  
M.Ed., Georgia State University  

Mariann Lamoreux, Mathematics Instructor  
B.S., Lebanon Valley College  
M.A., Temple University  

Michael Landon, Funeral Service Education Instructor  
B.S., Lock Haven College  
M.A., Fayetteville State University  

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Lindsay Lee, Mathematics Instructor  
B.S., Campbell University  
M.Ed., Campbell University  

David Leonard, Mathematics Instructor  
B.P.A., Embry-Riddle Aeronautical University  
M.S., Fayetteville State University  
M.S., Navel Postgraduate School  

Ronald Liggins, Basic Skills Instructor  
B.S., Methodist College  

Gerald Lininger, Computer Information Technology Instructor  
A.A.S., Fayetteville Technical Community College  
B.S., The Citadel  
M.B.A., Campbell University  

Ralph Lipscomb, Extension Education Instructor, Ft. Bragg  
A.A.S., Fayetteville Technical Community College  

Mary Long, Basic Skills Instructor  
B.S., A & T College of North Carolina  

Marcia MacKethan, Program Coordinator, English College  
Transfer  
B.A., University of North Carolina at Charlotte  
M.A., Fayetteville State University  

Lucinda Mains, EMS Instructor (CE), Spring Lake  

Betty Major, Mathematics Instructor  
A.S., Chesterfield-Marlboro College  
B.S., University of North Carolina at Charlotte  
M.S., Radford University  

Sharlene Malloy, Mathematics Instructor  
B.S., North Carolina State University  
M.S., Fayetteville State University  

David Martin, Mathematics Instructor  
B.S., Fayetteville State University  
M.S., Fayetteville State University  

Jeffrey Martin, Biology Instructor  
B.S., University of North Carolina at Charlotte  
M.S., University of North Carolina at Charlotte  

Judith Maynard, Associate Degree Nursing Instructor  
B.S.N., University of North Carolina at Greensboro  
M.S.N., University of Phoenix  

Boni Mays, Extension Education Instructor, Spring Lake  

Brenda McArthur-Strong, Medical Office Technology Instructor  
B.A., Fayetteville State University  
M.S., Central Michigan University  

Robin McCarty, Basic Skills Instructor, Ft. Bragg  
B.A., Carson-Newman College  

Karen McClain, Speech Communication Instructor  
B.S., South Carolina State College  
M.S., Murray State University  

Kenjuana McCray, Sociology Instructor  
B.A., Fayetteville State University  
M.A., Fayetteville State University  

Sean McDaniel, Department Chair, Associate in Fine Arts  
B.S., University of Maryland  
M.F.A., University of North Carolina at Greensboro  

Jo McEwan, English Instructor  
B.A., Fayetteville State University  
M.A., University of North Carolina at Chapel Hill  

Angela McIntosh, Early Childhood Education Instructor  
B.A., University of North Carolina at Chapel Hill  
M.Ed., University of North Carolina at Greensboro  

Laura McIntosh, Office Administration Instructor  
A.A.S., Fayetteville Technical Community College  

John McKenzie, Industry Training Instructor, Spring Lake  
A.A.S., Central Texas College  

Anita McKnight, Department Chair, Radiography  
A.A.S., Fayetteville Technical Community College  
B.H.S., Campbell University  

Kathleen McLaurin, Emergency & Protective Services Instructor  
RN Diploma, St. Louis Municipal School of Nursing  
A.A.S., Fayetteville Technical Community College  

Gwendolyn McNeill, Human Resource Development Program Instructor  
B.S., Fayetteville State University  
M.S., Troy University  

Mary Mendez, Basic Skills Instructor  
B.S., Claflin College  
M.A., Webster University  

James Messenger, EMS Instructor (CE), Spring Lake  

David Miller, English Instructor  
B.S., United States Military Academy  
M.A., University of Pennsylvania  
M.B.A., Fairleigh Dickinson University  

James Moisley, Accounting Instructor  
B.S., Fayetteville State University  
M.B.A., Liberty University  

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Loretta Monk, Mathematics Instructor
B.S., Fayetteville State University
M.M., Utah State University

Sandra Monroe, Department Chair, Practical Nursing
B.S.N., Hampton University
M.S.N., University of Phoenix

James Morley, Philosophy Instructor
B.A., University of Maryland
M.A., University of Maryland
Ph.D., University of Tennessee

Rebecca Moyer, Early Childhood Associate Instructor
B.S., Fayetteville State University
M.A., Fayetteville State University

Linda Mullins, Basic Skills Instructor
B.A., University of Minnesota

Margie Mullis, Office Administration Instructor
B.S.B.E., East Carolina University

Midori Murray, Mathematics Instructor
M.S., Fayetteville State University

Robert Nelms, History Instructor
A.A., University of Maryland
B.A., University of Maryland
M.A., University of North Carolina at Pembroke

Michelle Nettle, English Instructor
B.A., University of North Carolina at Chapel Hill
M.A., University of North Carolina at Wilmington

Debra Nowak, Associate Degree Nursing Instructor
A.A.S., Central Texas College
B.S.N., University of North Carolina at Pembroke

Warren O’Brien, Department Chair, Accounting
B.A., Elon College
M.B.A., Monmouth College

Margo Ogg, Certified Nursing Assistant Instructor
A.A., Sandhills Community College
B.A., Methodist College

Brian Oldham, Department Chair, Automotive Systems Technology
A.A.S., Fayetteville Technical Community College

Shelly Oliver, Early Childhood Associate Instructor
B.S., University of North Carolina at Pembroke
M.A., University of North Carolina at Pembroke

Ronald Orban, Mathematics Instructor
B.A., Pfeiffer College
M.S., Stephen F. Austin University

Sonja Osborne, Program Coordinator, Communication & Developmental
B.S., University of the West Indies
M.A., Austin Peay State University

Patricia Ostlund, Biology Instructor
B.S., University of North Carolina at Pembroke
M.Ed., Fayetteville State University

Terry Packer, Industry Training Instructor, Spring Lake

Rudy Pait, Computer Information Technology Instructor
A.A.S., Bladen Community College
B.A., University of North Carolina at Pembroke
M.A., Webster University

John Parker, Chemistry Instructor
A.B., Elon University
D.D.S., Loyola University Chicago

Denise Pate, Nursing Assistant Instructor, Huskins Program
A.A.S., Robeson Community College

Roni Paul, Practical Nursing Instructor
B.S., Winston-Salem State University

Ilona Pelerin, Mathematics Instructor
B.S., Fayetteville State University
M.S., Fayetteville State University

Judy Peniston, Associate Degree Nursing Instructor
B.S.N., Tuskegee Institute
M.S.N., Virginia Commonwealth University

Timothy Peppers, Architectural Technology Instructor
A.A.S., Fayetteville Technical Community College

Cheryl Perkins, Basic Skills Instructor
B.S., Fayetteville State University

Beata Peterson, English Instructor
M.A., East Carolina University

Joyce Pettengill, Emergency Services Instructor (Paramedic), Spring Lake

Bridget Petzold, Program Coordinator, Business Administration/Operations Management
B.A., Virginia Tech
M.B.A., University of Colorado

John Philligin, Division Chair, Building Trades Technologies
A.A.S., Fayetteville Technical Community College

Mary Pines, Physical Education Instructor/Fitness Center Coordinator
A.A.S., Fayetteville Technical Community College
B.S., Mt. Olive College

Refer to the FTCC website for the most current information. Go to www.faytechcc.edu and click on College Catalog.
Mary Plott, Mathematics Instructor  
B.S., Western Carolina University  
M.S., University of North Carolina at Chapel Hill

William Powers, Division Chair, Dental Programs  
B.S., St. Bonaventure University  
M.A., Webster University  
D.D.S., West Virginia University

Jewel Prevatte, Department Chair, Information Systems Security  
B.S., University of North Carolina at Wilmington  
M.B.A., Campbell University

Shelly Pruitt, Mathematics Instructor  
B.S., East Carolina University  
M.A., East Carolina University

Phillip Pugh, Program Coordinator, Humanities, History & Political Science  
B.S., North Carolina State University  
M.A., Abilene Christian University

Torie Quismundo, Computer Programming Instructor  
B.S., East Carolina University  
M.A., Webster University

Bala Raman, Mathematics Instructor  
B.S., C.K.N. College, Cuddalore  
M.S., Fayetteville State University

Lori Reckler, Basic Skills Instructor  
B.S., Fayetteville State University

Mark Regensburger, Digital Training Management System Instructor - CE  
B.A., Alma College  
M.B.A., Lake Forest Graduate School of Management

Andrea Richard, Basic Skills Instructor  
B.A., East Carolina University

Bridget Richard, Basic Skills Instructor  
B.A., Fayetteville State University

William Rinehart, Industry Training Instructor  
A.A.S., Stark State College of Technology

Susan Ritter, Mathematics Instructor  
B.S., University of North Carolina at Greensboro  
M.A., University of North Carolina at Greensboro

James Robinson, Social Science Instructor  
B.A., North Carolina A & T University  
M.S., University of Georgia

Michelle Robinson, Mathematics Instructor  
B.S., Fayetteville State University  
M.S., Fayetteville State University

Joannis Rodgers, Mathematics Instructor  
B.S., Appalachian State University  
M.Ed., Fayetteville State University

Lea Rosenberry, Mathematics Instructor  
B.A., University of Colorado  
B.S., Austin Peay State University  
M.A.E., Austin Peay State University

Christina Royal, Program Coordinator, Huskins and ASL & HEA Instructor  
B.S., North Carolina State University  
M.A.Ed., Fayetteville State University

Beverly Sanders, Basic Skills Instructor  
B.S., Shaw University

Linda Sanders, Program Coordinator, Business Admin/Human Resources Mgt  
B.S., Fayetteville State University  
M.B.A., Fayetteville State University

William Sanders, Carpentry Instructor  
Diploma, Fayetteville Technical Community College

Sybil Sasaki, Basic Skills Instructor (FAST), Ft. Bragg  
B.A., University of Iowa

Carol Scheib, Basic Skills Instructor  
B.S., Penn State University

Steven Scott, Welding Instructor  
Diploma, Fayetteville Technical Community College

Sharon Seaford, Program Coordinator, Business Admin/Marketing & Retailing  
B.A., Methodist College  
B.A., Lenior-Rhyne College  
M.B.A., Campbell University

Vincent Sei, Mathematics Instructor  
B.A., Plattsburgh State University  
M.A., University of Albany

Brenda Shepherd Powell, Success Center Facilitator/Instructor  
B.S., Fayetteville State University

Dennis Sheridan, Program Coordinator, Postal Service Technology  
B.A., Saint Peter’s College  
M.B.A., Syracuse University
