## Welcome to the Virtual College Center at FTCC.

### *Did You Know?*

The Virtual College Center is a global center of excellence focused on advanced visualization for learning, workforce and economic development:

- Graduating Simulation Modeling Technicians
- Simulation Based Learning
- Innovation for Telepresence in Education
- Innovation in Global Education

FTCC "physical" brick and mortar embodiment of "virtual" contains:

- Virtual eye-to-eye communication through our Telepresence Lab
- Virtual reality through our Immersive Learning Lab's CAVE Environment
- Virtual learning through Visual Learning Labs
- Virtual presentation technology at our Experience and Discovery Lab
- Virtual learning integrated with our Broadcast Studio & Lab
